A taxpayer, other than a tax-exempt taxpayer, who carries on a business in Canada, who has entered into a university research contract with an eligible university entity or into an eligible research contract with an eligible public research centre or an eligible research consortium, or for the benefit of whom a prescribed linkage agency has entered into such a contract in accordance with an agreement entered into between the taxpayer and the prescribed linkage agency, and who encloses the prescribed form containing the prescribed information with the fiscal return the taxpayer is required to file under section 1000, or would be required to file if tax were payable under this Part by the taxpayer, for the taxation year in which scientific research and experimental development related to a business of the taxpayer was undertaken under the contract by the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, is deemed, subject to the second paragraph, to have paid to the Minister, on the taxpayer's balance-due day for that year, on account of the taxpayer's tax payable for that year under this Part, an amount equal to 14%

(a) where, at the time the contract was entered into, the taxpayer was related to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, of the total or partial amount of a qualified expenditure he has paid to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, that may reasonably be attributed to expenditures made for scientific research and experimental development by the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, in Québec under the contract during the year; or

(b) where, at the time the contract was entered into, the taxpayer was not related to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, of 80% of an amount representing the total or partial amount of a qualified expenditure he has paid to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, that may reasonably be attributable to expenditures made for scientific research and experimental development by the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, in Québec under the contract during the year.

For the purpose of computing the payments that a taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of the amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

1029.8.6.1. *(Repealed).*

1989, c. 5, s. 209; 1995, c. 63, s. 132.

1029.8.6.2. Where the taxpayer to which section 1029.8.6 applies is a corporation that has been, throughout the taxation year referred to in that section, a corporation that is not controlled, directly or indirectly in any manner whatever, by one or more persons not resident in Canada and the assets shown in its financial statements submitted to the shareholders or, if such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown had such financial statements been prepared in accordance with generally accepted accounting principles, for its preceding taxation year or, if the corporation is in its first fiscal period, at the beginning of its first fiscal period, were less than $75,000,000, the percentage of 14% mentioned in the first paragraph of that section is to be replaced by the percentage determined by the following formula, to the extent that it is applied to any of the amounts described in the first paragraph of section 1029.8.6 which does not exceed the expenditure limit of the corporation for the year:

30% - {[(A - $50,000,000) × 16%]/$25,000,000}.

In the formula in the first paragraph, A is the greater of $50,000,000 and the assets of the corporation determined as provided in this division.

Where the corporation referred to in the first paragraph is a cooperative, the first paragraph is to be read as if "submitted to the shareholders" were replaced by "submitted to the members".

2015, c. 36, s. 84.

1029.8.6.3. For the purposes of section 1029.8.6.2, in computing the assets of a corporation, the amount representing the surplus reassessment of its property and the amount of its incorporeal assets are to be subtracted, to the extent that the amount shown in their respect exceeds the expenditure made in their respect.

For the purposes of the first paragraph, where all or part of an expenditure made in respect of incorporeal assets consists of shares of the corporation's or cooperative's capital stock, all or the part of the expenditure, as the case may be, is deemed to be nil.

2015, c. 36, s. 84.

1029.8.6.4. For the purposes of section 1029.8.6.2, the assets of a corporation that is associated in a taxation year with one or more other corporations are equal to the amount by which the aggregate of the assets of the corporation and those of each corporation associated with it, determined in accordance with sections 1029.8.6.2 and 1029.8.6.3, exceeds the aggregate of the amount of investments the corporations own in each other and the balance of accounts between the corporations.

2015, c. 36, s. 84.

1029.8.6.5. For the purposes of sections 1029.8.6.2 to 1029.8.6.4, where a corporation or a corporation with which it is associated reduces its assets by any transaction in a taxation year and, but for that reduction, section 1029.8.6.2 would not apply to the corporation, the assets are deemed not to have been so reduced unless the Minister decides otherwise.

2015, c. 36, s. 84.

1029.8.6.6. For the purposes of section 1029.8.6.2, the expenditure limit of a particular corporation for a taxation year equals $3,000,000, unless the particular corporation is associated in the year with one or more other corporations that are not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada, in which case, subject to sections 1029.8.6.7 to 1029.8.6.9, its expenditure limit for the year is nil.

2015, c. 36, s. 84.

1029.8.6.7. Where all of the corporations that are associated with each other in a taxation year and to which section 1029.8.6.6 applies have filed with the Minister, in the prescribed form, an agreement whereby, for the purposes of section 1029.8.6.2, they allocate an amount to one or more of them for the taxation year and the amount or the aggregate of the amounts so allocated, as the case may be, equals $3,000,000, the expenditure limit for the year of each of the corporations is equal to the amount so allocated to it.

2015, c. 36, s. 84.

1029.8.6.8. Where any of the corporations that are associated with each other in a taxation year and to which section 1029.8.6.6 applies fails to file with the Minister the agreement referred to in section 1029.8.6.7 within 30 days after notice in writing by the Minister is forwarded to any of them that such an agreement is required in determining the amount deemed to have been paid to the Minister on account of the corporation's tax payable for the year under this Part, the Minister shall, for the purposes of section 1029.8.6.2, allocate an amount to one or more of them for the year, which amount or the aggregate of which amounts, as the case may be, must be equal to $3,000,000, and in any such case the expenditure limit for the year of each of the corporations equals the amount so allocated to it.

2015, c. 36, s. 84.

1029.8.6.9. Despite any other provision of this division, the following rules apply:

(a) where a corporation that is not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada (in this section referred to as "the first corporation") has more than one taxation year ending in the same calendar year and it is associated in two or more of those taxation years with another such corporation that has a taxation year ending in that calendar year, the expenditure limit of the first corporation for each taxation year in which it is associated with the other corporation ending in that calendar year is, subject to paragraph *b*, an amount equal to its expenditure limit for the first such taxation year determined without reference to paragraph *b*; and

(b) where a corporation that is not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada has a taxation year that is less than 51 weeks, its expenditure limit for the year is equal to that proportion of its expenditure limit for the year determined without reference to this paragraph that the number of days in the year is of 365.

2015, c. 36, s. 84.

1029.8.7. Where a partnership carries on a business in Canada and has entered into a university research contract with an eligible university entity or into an eligible research contract with an eligible public research centre or eligible research consortium, or where such a contract has been entered into by a prescribed linkage agency for the benefit of the partnership in accordance with an agreement entered into between the partnership and the prescribed linkage agency, each taxpayer, other than a tax-exempt taxpayer, who is a member of the partnership at the end of a fiscal period of the partnership in which scientific research and experimental development related to a business of the partnership was undertaken under the contract by the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, who is not a specified member of the partnership in that fiscal period and who encloses the prescribed form containing the prescribed information with the fiscal return the taxpayer is required to file under section 1000, or would be required to file if tax were payable under this Part by the taxpayer, for the taxpayer's taxation year in which the fiscal period ends, is deemed, subject to the second paragraph, to have paid to the Minister, on the taxpayer's balance-due day for that year, on account of the taxpayer's tax payable for that year under this Part, an amount equal to 14% of the taxpayer's share

(a) where, at the time the contract was entered into, a member of the partnership was related to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, of the total or partial amount of a qualified expenditure the partnership has paid to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, that can reasonably be attributed to expenditures in respect of scientific research and experimental development made in Québec by the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, under the contract during the fiscal period; or

(b) where, at the time the contract was entered into, no member of the partnership was related to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, of 80% of an amount representing the total or partial amount of a qualified expenditure the partnership has paid to the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, that can reasonably be attributed to expenditures in respect of scientific research and experimental development made in Québec by the eligible university entity, the eligible public research centre or the eligible research consortium, as the case may be, under the contract during the fiscal period.

For the purpose of computing the payments that a taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of the amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

For the purposes of the first paragraph, a taxpayer's share of an amount is equal to the agreed proportion of the amount in respect of the taxpayer for the partnership's fiscal period that ends in the taxpayer's taxation year.

§ 2. — *Credit*

1993, c. 19, s. 103.

1029.8.9.0.3. A taxpayer, other than a tax-exempt taxpayer, who carries on a business in Canada and who encloses with the fiscal return the taxpayer is required to file for a taxation year under section 1000, or would be required to file if tax were payable under this Part by the taxpayer, the prescribed form containing the prescribed information, is deemed, subject to the second paragraph, to have paid to the Minister on the taxpayer's balance-due day for the year, on account of the taxpayer's tax payable for that year under this Part, an amount equal to 14% of the total of the aggregate of all amounts each of which is the taxpayer's eligible fee for the year relating to an eligible research consortium and the aggregate of all amounts each of which is, where the taxpayer is a member of an eligible research consortium at the end of the fiscal period of the eligible research consortium ending in the year, the taxpayer's eligible fee balance for the year relating to that consortium.

For the purpose of computing the payments that a taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

1029.8.9.0.3.1. Where the taxpayer to which section 1029.8.9.0.3 applies is a corporation that has been, throughout the taxation year referred to in that section, a corporation that is not controlled, directly or indirectly in any manner whatever, by one or more persons not resident in Canada and the assets shown in its financial statements submitted to the shareholders or, if such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown had such financial statements been prepared in accordance with generally accepted accounting principles, for its preceding taxation year or, if the corporation is in its first fiscal period, at the beginning of its first fiscal period, were less than $75,000,000, the percentage of 14% mentioned in the first paragraph of that section is to be replaced by the percentage determined by the following formula, to the extent that it is applied to the total of the amounts described in the first paragraph of section 1029.8.9.0.3 which does not exceed the expenditure limit of the corporation for the year:

30% - {[(A - $50,000,000) × 16%]/$25,000,000}.

In the formula in the first paragraph, A is the greater of $50,000,000 and the assets of the corporation determined as provided in this division.

Where the corporation referred to in the first paragraph is a cooperative, the first paragraph is to be read as if "submitted to the shareholders" were replaced by "submitted to the members".

2015, c. 36, s. 88.

1029.8.9.0.3.2. For the purposes of section 1029.8.9.0.3.1, in computing the assets of a corporation, the amount representing the surplus reassessment of its property and the amount of its incorporeal assets are to be subtracted, to the extent that the amount shown in their respect exceeds the expenditure made in their respect.

For the purposes of the first paragraph, where all or part of an expenditure made in respect of incorporeal assets consists of shares of the corporation's or cooperative's capital stock, all or the part of the expenditure, as the case may be, is deemed to be nil.

2015, c. 36, s. 88.

1029.8.9.0.3.3. For the purposes of section 1029.8.9.0.3.1, the assets of a corporation that is associated in a taxation year with one or more other corporations are equal to the amount by which the aggregate of the assets of the corporation and those of each corporation associated with it, determined in accordance with sections 1029.8.9.0.3.1 and 1029.8.9.0.3.2, exceeds the aggregate of the amount of investments the corporations own in each other and the balance of accounts between the corporations.

2015, c. 36, s. 88.

1029.8.9.0.3.4. For the purposes of sections 1029.8.9.0.3.1 to 1029.8.9.0.3.3, where a corporation or a corporation with which it is associated reduces its assets by any transaction in a taxation year and, but for that reduction, section 1029.8.9.0.3.1 would not apply to the corporation, the assets are deemed not to have been so reduced unless the Minister decides otherwise.

2015, c. 36, s. 88.

1029.8.9.0.3.5. For the purposes of section 1029.8.9.0.3.1, the expenditure limit of a particular corporation for a taxation year equals $3,000,000, unless the particular corporation is associated in the year with one or more other corporations that are not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada, in which case, subject to sections 1029.8.9.0.3.6 to 1029.8.9.0.3.8, its expenditure limit for the year is nil.

2015, c. 36, s. 88.

1029.8.9.0.3.6. Where all of the corporations that are associated with each other in a taxation year and to which section 1029.8.9.0.3.5 applies have filed with the Minister, in the prescribed form, an agreement whereby, for the purposes of section 1029.8.9.0.3.1, they allocate an amount to one or more of them for the taxation year and the amount or the aggregate of the amounts so allocated, as the case may be, equals $3,000,000, the expenditure limit for the year of each of the corporations is equal to the amount so allocated to it.

2015, c. 36, s. 88.

1029.8.9.0.3.7. Where any of the corporations that are associated with each other in a taxation year and to which section 1029.8.9.0.3.5 applies fails to file with the Minister the agreement referred to in section 1029.8.9.0.3.6 within 30 days after notice in writing by the Minister is forwarded to any of them that such an agreement is required in determining the amount deemed to have been paid to the Minister on account of the corporation's tax payable for the year under this Part, the Minister shall, for the purposes of section 1029.8.9.0.3.1, allocate an amount to one or more of them for the year, which amount or the aggregate of which amounts, as the case may be, must be equal to $3,000,000, and in any such case the expenditure limit for the year of each of the corporations equals the amount so allocated to it.

2015, c. 36, s. 88.

1029.8.9.0.3.8. Despite any other provision of this division, the following rules apply:

(a) where a corporation that is not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada (in this section referred to as "the first corporation") has more than one taxation year ending in the same calendar year and it is associated in two or more of those taxation years with another such corporation that has a taxation year ending in that calendar year, the expenditure limit of the first corporation for each taxation year in which it is associated with the other corporation ending in that calendar year is, subject to paragraph *b*, an amount equal to its expenditure limit for the first such taxation year determined without reference to paragraph *b*; and

(b) where a corporation that is not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada has a taxation year that is less than 51 weeks, its expenditure limit for the year is equal to that proportion of its expenditure limit for the year determined without reference to this paragraph that the number of days in the year is of 365.

2015, c. 36, s. 88.

1029.8.9.0.4. Where a partnership carries on a business in Canada, every taxpayer, other than a tax-exempt taxpayer, who is a member of the partnership at the end of a fiscal period of the partnership in which the partnership paid an eligible fee to an eligible research consortium, who is not a specified member of the partnership in that fiscal period and who encloses with the fiscal return the taxpayer is required to file under section 1000, or would be required to file if tax were payable under this Part by the taxpayer, for the taxpayer's taxation year in which the fiscal period ends, the prescribed form containing the prescribed information, is deemed, subject to the second paragraph, to have paid to the Minister on the taxpayer's balance-due day for that year, on account of the taxpayer's tax payable for that year under this Part, an amount equal to 14% of the taxpayer's share of the total of the aggregate of all amounts each of which is, for the fiscal period of the partnership ending in the year, an eligible fee of the partnership relating to an eligible research consortium and the aggregate of all amounts each of which is, where the partnership is a member of an eligible research consortium at the end of the fiscal period of the eligible research consortium ending in the fiscal period of the partnership, the partnership's eligible fee balance for the fiscal period relating to the eligible research consortium.

For the purpose of computing the payments that a taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the

year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of the amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

For the purposes of the first paragraph, a taxpayer's share of an amount is equal to the agreed proportion of the amount in respect of the taxpayer for the partnership's fiscal period that ends in the taxpayer's taxation year.

(a) all or part of a qualified expenditure that the taxpayer has made in Québec, that can reasonably be attributed to such research and development directly undertaken by the taxpayer in that year and that the taxpayer has paid;

(b) all or part of a qualified expenditure that the taxpayer has made in Québec under a contract entered into with a person or partnership with which the taxpayer was not dealing at arm's length at the time the contract was entered into, that can reasonably be attributed to such research and development directly undertaken by the person or partnership on behalf of the taxpayer in that year and that the taxpayer has paid; and

(c) 80% of an amount representing all or part of a qualified expenditure that the taxpayer has made in Québec under a contract entered into with a person or partnership with which the taxpayer was dealing at arm's length at the time the contract was entered into, that can reasonably be attributed to such research and development directly undertaken by the person or partnership on behalf of the taxpayer in that year and that the taxpayer has paid.

For the purpose of computing the payments that a taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The conditions to which the first paragraph refers in respect of the parties to the agreement referred to in that paragraph are as follows:

(a) the agreement must include at least two parties who are not public partners;

(b) a copy of the valid qualification certificate issued to the taxpayer by the Minister of Economy and Innovation for the purposes of this division.

2007, c. 12, s. 122; 2009, c. 15, s. 210; 2013, c. 28, s. 141; 2015, c. 21, s. 398; 2015, c. 36, s. 90; 2019, c. 14, s. 307; 2019, c. 29, s. 88.

1029.8.16.1.4.1. Where the taxpayer to which section 1029.8.16.1.4 applies is a corporation that has been, throughout the taxation year referred to in that section, a corporation that is not controlled, directly or indirectly in any manner whatever, by one or more persons not resident in Canada and the assets shown in its financial statements submitted to the shareholders or, if such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown had such financial statements been prepared in accordance with generally accepted accounting principles, for its preceding taxation year or, if the corporation is in its first fiscal period, at the beginning of its first fiscal period, were less than $75,000,000, the percentage of 14% mentioned in the first paragraph of that section is to be replaced by the percentage determined by the following formula, to the extent that it is applied to the aggregate determined under the first paragraph of section 1029.8.16.1.4 which does not exceed the expenditure limit of the corporation for the year:

30% - {[(A - $50,000,000) × 16%]/$25,000,000}.

In the formula in the first paragraph, A is the greater of $50,000,000 and the assets of the corporation determined as provided in this division.

Where the corporation referred to in the first paragraph is a cooperative, the first paragraph is to be read as if "submitted to the shareholders" were replaced by "submitted to the members".

2015, c. 36, s. 91.

1029.8.16.1.4.2. For the purposes of section 1029.8.16.1.4.1, in computing the assets of a corporation, the amount representing the surplus reassessment of its property and the amount of its incorporeal assets are

to be subtracted, to the extent that the amount shown in their respect exceeds the expenditure made in their respect.

For the purposes of the first paragraph, where all or part of an expenditure made in respect of incorporeal assets consists of shares of the corporation's or cooperative's capital stock, all or the part of the expenditure, as the case may be, is deemed to be nil.

2015, c. 36, s. 91.

1029.8.16.1.4.3. For the purposes of section 1029.8.16.1.4.1, the assets of a corporation that is associated in a taxation year with one or more other corporations are equal to the amount by which the aggregate of the assets of the corporation and those of each corporation associated with it, determined in accordance with sections 1029.8.16.1.4.1 and 1029.8.16.1.4.2, exceeds the aggregate of the amount of investments the corporations own in each other and the balance of accounts between the corporations.

2015, c. 36, s. 91.

1029.8.16.1.4.4. For the purposes of sections 1029.8.16.1.4.1 to 1029.8.16.1.4.3, where a corporation or a corporation with which it is associated reduces its assets by any transaction in a taxation year and, but for that reduction, section 1029.8.16.1.4.1 would not apply to the corporation, the assets are deemed not to have been so reduced unless the Minister decides otherwise.

2015, c. 36, s. 91.

1029.8.16.1.4.5. For the purposes of section 1029.8.16.1.4.1, the expenditure limit of a particular corporation for a taxation year equals $3,000,000, unless the particular corporation is associated in the year with one or more other corporations that are not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada, in which case, subject to sections 1029.8.16.1.4.6 to 1029.8.16.1.4.8, its expenditure limit for the year is nil.

2015, c. 36, s. 91.

1029.8.16.1.4.6. Where all of the corporations that are associated with each other in a taxation year and to which section 1029.8.16.1.4.5 applies have filed with the Minister, in the prescribed form, an agreement whereby, for the purposes of section 1029.8.16.1.4.1, they allocate an amount to one or more of them for the taxation year and the amount or the aggregate of the amounts so allocated, as the case may be, equals $3,000,000, the expenditure limit for the year of each of the corporations is equal to the amount so allocated to it.

2015, c. 36, s. 91.

1029.8.16.1.4.7. Where any of the corporations that are associated with each other in a taxation year and to which section 1029.8.16.1.4.5 applies fails to file with the Minister the agreement referred to in section 1029.8.16.1.4.6 within 30 days after notice in writing by the Minister is forwarded to any of them that such an agreement is required in determining the amount deemed to have been paid to the Minister on account of the corporation's tax payable for the year under this Part, the Minister shall, for the purposes of section 1029.8.16.1.4.1, allocate an amount to one or more of them for the year, which amount or the aggregate of which amounts, as the case may be, must be equal to $3,000,000, and in any such case the expenditure limit for the year of each of the corporations equals the amount so allocated to it.

2015, c. 36, s. 91.

1029.8.16.1.4.8. Despite any other provision of this division, the following rules apply:

(a) where a corporation that is not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada (in this section referred to as "the first corporation") has more than one taxation year ending in the same calendar year and it is associated in two or more of those taxation years with another such corporation that has a taxation year ending in that calendar year, the expenditure limit of the first

corporation for each taxation year in which it is associated with the other corporation ending in that calendar year is, subject to paragraph *b*, an amount equal to its expenditure limit for the first such taxation year determined without reference to paragraph *b*; and

(b) where a corporation that is not controlled, directly or indirectly, in any manner whatever by one or more persons not resident in Canada has a taxation year that is less than 51 weeks, its expenditure limit for the year is equal to that proportion of its expenditure limit for the year determined without reference to this paragraph that the number of days in the year is of 365.

2015, c. 36, s. 91.

1029.8.16.1.5. If a particular partnership carries on a business in Canada and has entered into an agreement under which the parties agree to undertake scientific research and experimental development related to a business of the particular partnership, in Québec, or cause such research and development to be undertaken in Québec on their behalf as part of a contract, other than an excluded contract, each taxpayer who is a member of the particular partnership at the end of a fiscal period of the particular partnership in which the research and development was undertaken and who is not a public partner, a tax-exempt taxpayer within the meaning of paragraph *b*.1 of section 1029.8.1 or a specified member of the particular partnership in that fiscal period, is deemed, subject to the second paragraph, to have paid to the Minister, on the taxpayer's balance-due day for the taxpayer's taxation year in which that fiscal period ends, on account of the taxpayer's tax payable for that year under this Part, if the conditions set out in the third paragraph are satisfied in respect of the parties to the agreement and if the taxpayer encloses the documents described in the fourth paragraph with the fiscal return the taxpayer is required to file under section 1000 for that year, or would be required to file if tax were payable under this Part by the taxpayer, 14% of the taxpayer's share of an amount equal to the aggregate of

(a) all or part of a qualified expenditure that the particular partnership has made in Québec, that can reasonably be attributed to such research and development directly undertaken by the particular partnership in that fiscal period and that the particular partnership has paid;

(b) all or part of a qualified expenditure that the particular partnership has made in Québec under a contract entered into with a person or another partnership with which a member of the particular partnership was not dealing at arm's length at the time the contract was entered into, that can reasonably be attributed to such research and development directly undertaken by the person or the other partnership on behalf of the particular partnership in that fiscal period and that the particular partnership has paid; and

(c) 80% of an amount representing all or part of a qualified expenditure that the particular partnership has made in Québec under a contract entered into with a person or another partnership with which all the members of the particular partnership were dealing at arm's length at the time the contract was entered into, that can reasonably be attributed to such research and development directly undertaken by the person or the other partnership on behalf of the particular partnership in that fiscal period and that the particular partnership has paid.

For the purpose of computing the payments that a taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that can reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The conditions to which the first paragraph refers in respect of the parties to the agreement referred to in that paragraph are as follows:

(a) the agreement must include at least two parties who are not public partners;

(b) at least two parties who are not public partners were dealing with each other at arm's length throughout a fiscal period referred to in the first paragraph that ended after 13 March 2008; and

(c) no party who is not a public partner is related to a public partner throughout a fiscal period referred to in the first paragraph that ended after 13 March 2008.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of the valid qualification certificate issued by the Minister of Economy and Innovation for the purposes of this division.

(a) an expenditure of a current nature incurred by or on behalf of a taxpayer or partnership in respect of the general administration or management of a business, including

1029.8.19.2. A contribution to which the first paragraph refers in respect of a scientific research and experimental development project or in respect of the carrying out of such a project, or to which the second paragraph refers in respect of a contract for work relating to scientific research and experimental development or in respect of the performance of the contract, means

(a) except for the purpose of determining the amount that a taxpayer is deemed to have paid to the Minister, on account of the taxpayer's tax payable for a taxation year under section 1029.7 or 1029.8 in respect of a portion of a consideration referred to in any of subparagraphs *c*, *e*, *g* and *i* of the first paragraph of those sections, a contribution whether in the form of a payment in currency, a transfer of ownership of a property, an assignment of the use or of a right to use a property or in any other form or manner, other than a property resulting from scientific research and experimental development undertaken as part of the project or arising from the work relating to scientific research and experimental development carried out as part of the contract, as the case may be;

(b) a former, present or future right in the proceeds of disposition of part or all of the intellectual property arising from the project or contract, as the case may be;

(c) property designated by the Minister as being a contribution.

Notwithstanding the third paragraph, where a university foundation, within the meaning of paragraph *f*.1 of section 1029.8.1, becomes surety for a corporation in respect of the payment of amounts used for the financing of scientific research and experimental development provided for in a university research contract, within the meaning of paragraph *b* of section 1029.8.1, entered into before 1 January 1998 between the corporation and an eligible university entity, within the meaning of paragraph *f* of section 1029.8.1, the amount furnished under the suretyship is deemed not to be a contribution referred to in that third paragraph if

(a) the corporation carries on an eligible business throughout its taxation year in which the contract is entered into and the three preceding taxation years;

(b) the assets of the corporation shown in its financial statements submitted to the shareholders or, where such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown if such financial statements had been prepared in accordance with generally accepted accounting principles, for its taxation year that precedes the taxation year in which the contract is entered into, were less than $5,000,000;

(c) the amount under the suretyship does not exceed 40% of the portion of the cost of the contract that is attributable to such scientific research and experimental development; and

(d) the term of the contract does not exceed 36 months and its cost does not exceed the proportion of $4,500,000 that the number of months in the term of the contract is of 36.

For the purposes of subparagraph *b* of the fourth paragraph, sections 1029.7.3 to 1029.7.6 apply, with the necessary modifications, for the purpose of determining the assets of a corporation.

For the purposes of subparagraphs *c* and *d* of the fourth paragraph, the cost of the contract referred to in that paragraph is equal to the portion of the consideration that the corporation undertakes to pay in accordance with the contract and that is attributable to scientific research and experimental development described in the contract, less the amount of any government assistance and non-government assistance that is attributable to the portion of that consideration, that the corporation has received, is entitled to receive or may reasonably expect to receive in respect of the scientific research and experimental development project or in respect of the carrying out of the project.

Despite the third paragraph, if an expenditure for scientific research and experimental development is incurred or borne by an eligible public research centre, an eligible research consortium or an eligible university entity, within the meaning of any of paragraphs *a*.1, *a*.1.1 and *f* of section 1029.8.1, in respect of scientific research and experimental development work undertaken by the centre, consortium or entity as part of a contract referred to in any of sections 1029.8.6, 1029.8.7, 1029.8.16.1.4 and 1029.8.16.1.5 entered into between a taxpayer or partnership and the centre, consortium or entity, the expenditure is deemed not to be a contribution referred to in the third paragraph.

Notwithstanding the third paragraph, where, in relation to a university research contract or an eligible research contract, part of the scientific research and experimental development provided for in the contract is carried out by a person other than the eligible university entity, eligible public research centre or eligible research consortium, that is a party to the contract, in this paragraph referred to as the "recognized body", the part of the scientific research and experimental development is not deemed to be carried out by the recognized body, in accordance with section 1029.8.1.1.2, and the recognized body does not directly take part in the financing of the scientific research and experimental development project by making or bearing expenditures to carry out the part of the scientific research and experimental development, the amount of that part of the scientific research and experimental development, to the extent that it would have been a contribution referred to in that third paragraph, but for this paragraph, is deemed not to be a contribution referred to in that third paragraph.

Notwithstanding section 1029.8.19.2, a taxpayer may be deemed to have paid an amount to the Minister under section 1029.7 or 1029.8, in respect of the portion of a consideration referred to in subparagraph *e* or *i* of the first paragraph of each of those sections, under a contract referred to in the second paragraph of that

section 1029.8.19.2 in which the work relating to scientific research and experimental development is undertaken, in whole or in part, on behalf of the taxpayer or the partnership of which the taxpayer is a member, by another person or partnership if, were it not for section 1029.8.19.2, an amount would have been deemed to have been paid to the Minister under section 1029.7 or 1029.8, in respect of the portion of a consideration referred to in subparagraph *e* or *i* of the first paragraph of that section and if each contribution referred to in the second paragraph of that section 1029.8.19.2, in respect of the contract or the performance of the contract, constitutes an expenditure made by the other person or partnership or, where subparagraph i of the first paragraph of section 1029.7 or 1029.8 applies, by the other person or partnership referred to in that subparagraph, to undertake, in whole or in part, that work.

Notwithstanding sections 1029.7 and 1029.8, in respect of wages or the portion of a consideration referred to in any of subparagraphs *a*, *b*, *b*.1, *f* and *f*.1 of the first paragraph of those sections, where, in respect of a scientific research and experimental development project contemplated in either of those sections or in respect of the carrying out of such a project, a taxpayer, a partnership, a member of that partnership, a person not dealing at arm's length with the taxpayer, the partnership or any member thereof, or any other person designated by the Minister, has obtained, is entitled to obtain or can reasonably be expected to obtain, or, upon a determination by the Minister to that effect, is deemed to have obtained or to be entitled to obtain, from a person or a partnership who or that is a party to the project, from a person or a partnership not dealing at arm's length with that person or partnership, or from any other person or partnership designated by the Minister, a contribution, the taxpayer or any taxpayer who is a member of the partnership, as the case may be, is deemed not to be deemed to have paid to the Minister an amount under either of those sections, in respect of wages or the portion of a consideration referred to in any of subparagraphs *a*, *b*, *b*.1, *f* and *f*.1 of the first paragraph of those sections, in respect of such a project.

Notwithstanding sections 1029.7 and 1029.8, in respect of the portion of a consideration referred to in any of subparagraphs *d*, *d*.1, *h* and *h*.1 of the first paragraph of each of those sections, where, in respect of a contract for work relating to scientific research and experimental development referred to in either of those subparagraphs or in respect of the performance of the contract, a taxpayer, a partnership, a member of that partnership, a person not dealing at arm's length with the taxpayer, the partnership or any member thereof, or any other person designated by the Minister, has obtained, is entitled to obtain or may reasonably expect to obtain a contribution or, upon a determination by the Minister to that effect, is deemed to have obtained or to be entitled to obtain a contribution, from a person or a partnership who or that is a party to the work, from a person or a partnership not dealing at arm's length with that person or partnership, or from any other person or partnership designated by the Minister, the taxpayer or any taxpayer who is a member of the partnership, as the case may be, is deemed not to be deemed to have paid to the Minister an amount under either of those

sections, in respect of the portion of a consideration referred to in any of subparagraphs *d*, *d*.1, *h* and *h*.1 of the first paragraph of each of those sections, in respect of that contract.

A contribution to which the first paragraph refers in respect of a scientific research and experimental development project or in respect of the carrying out of such a project, or to which the second paragraph refers in respect of a contract for work relating to scientific research and experimental development or in respect of the performance of the contract, means

(a) the contribution results from the acquisition of a property or the provision of a service following a transaction occurring in the ordinary course of a business carried on by the taxpayer, the partnership, the member or a person referred to in the first or second paragraph of section 1029.8.19.2;

(b) the property or the provision of the service that is the subject of the transaction is acquired or supplied for an amount not exceeding its fair market value if the person or the partnership making the contribution is the purchaser of the property or of the provision of the service and for an amount that is not less than its fair market value if the person or the partnership making the contribution is the person or partnership disposing of the property or supplying the provision of the service; and

(c) the contribution is not in the form of an expenditure made to undertake the scientific research and experimental development referred to in the first paragraph of section 1029.8.19.3 or the work relating to scientific research and experimental development referred to in the second paragraph of section 1029.8.19.3, or to cause such scientific research and experimental development or such work relating to scientific research and experimental development to be undertaken.

§ 5. — *Expenditure exclusion threshold*

2015, c. 36, s. 99.

1029.8.19.8. In this subdivision,

"exclusion threshold" applicable to a taxpayer for a taxation year or to a partnership for a fiscal period means the amount determined under section 1029.8.19.9 in respect of the taxpayer for the year or of the partnership for the fiscal period, as the case may be;

"reducible expenditures" of a taxpayer for a taxation year that begins after 2 December 2014 or of a partnership for a fiscal period that begins after that date means the aggregate of all amounts each of which is an expenditure incurred by the taxpayer or the partnership that is attributable to the year or the fiscal period, as the case may be, and that is

(a) wages referred to in subparagraph *a* of the first paragraph of section 1029.7 or 1029.8 or a portion of a consideration referred to in any of subparagraphs *b* to *i* of the first paragraph of either of those sections;

(b) an expenditure referred to in paragraph *d*.1 of section 1029.8.1;

(c) an eligible fee or an eligible fee balance within the meaning assigned to those expressions by section 1029.8.9.0.2; or

(d) a qualified expenditure within the meaning assigned to that expression by the first paragraph of section 1029.8.16.1.1.

For the purposes of the definition of "reducible expenditures" in the first paragraph, an expenditure incurred after 2 December 2014 under a contract or agreement entered into on or before that date in respect of scientific research and experimental development does not constitute an expenditure described in the definition of that expression.

2015, c. 36, s. 99.

1029.8.19.9. The amount to which the definition of "exclusion threshold" in the first paragraph of section 1029.8.19.8 refers in respect of a taxpayer for a taxation year or of a partnership for a fiscal period is equal to the amount determined by the formula

$$\$50{,}000 + [\$175{,}000 \times (A - \$50{,}000{,}000)/\$25{,}000{,}000].$$

In the formula in the first paragraph, A is the lesser of $75,000,000 and the taxpayer's or the partnership's assets, as the case may be, shown in the taxpayer's or partnership's financial statements submitted, if the taxpayer is a corporation, to the shareholders or, if the taxpayer is a partnership, to the partnership's members, or, if such financial statements have not been prepared or have not been prepared in accordance with generally accepted accounting principles, that would be shown had such financial statements been prepared in accordance with generally accepted accounting principles, for the taxpayer's preceding taxation year or the partnership's preceding fiscal period, as the case may be, or, if the taxpayer or the partnership is in its first fiscal period, at the beginning of its fiscal period.

Where the taxpayer referred to in the second paragraph is a cooperative, the second paragraph is to be read as if "to the shareholders" were replaced by "to the members".

For the purposes of the second paragraph, if the assets of a taxpayer for a taxation year or of a partnership for a fiscal period is less than $50,000,000, they are deemed to be equal to $50,000,000.

2015, c. 36, s. 99.

1029.8.19.10. In computing a taxpayer's or a partnership's assets, for the purposes of section 1029.8.19.9, the amount of the surplus reassessment of its property and the amount of its incorporeal assets are to be subtracted, to the extent that the amount designated in their respect exceeds the expenditure made in their respect.

For the purposes of the first paragraph, all or part of an expenditure made in respect of a taxpayer's or a partnership's incorporeal assets is deemed to be nil if all or part of that expenditure consists

(a) in the case of a taxpayer that is a corporation or a cooperative, as applicable, of a share of the taxpayer's capital stock; or

(b) in the case of a partnership, of an interest in the partnership.

2015, c. 36, s. 99.

1029.8.19.11. For the purposes of section 1029.8.19.9, where a taxpayer or a partnership reduces its assets by any transaction and, but for that reduction, the exclusion threshold applicable to the taxpayer for a taxation year or to the partnership for a fiscal period would be greater, the assets are deemed not to have been so reduced unless the Minister decides otherwise.

2015, c. 36, s. 99.

1029.8.19.12. If a taxation year of a taxpayer or a fiscal period of a partnership has fewer than 51 weeks, the amount determined under section 1029.8.19.9 in respect of the taxpayer for the year or of the partnership for the fiscal period, as the case may be, is to be replaced by the proportion of that amount that the number of days in the year or the fiscal period, as the case may be, is of 365.

2015, c. 36, s. 99.

1029.8.19.13. For the purpose of computing the amount that a taxpayer is deemed to have paid to the Minister for a taxation year that begins after 2 December 2014 but before 11 March 2020, under any of sections 1029.7, 1029.8.6, 1029.8.9.0.3 and 1029.8.16.1.4 (in this section referred to as a "particular provision"), the following rules apply:

(a) the aggregate of all amounts each of which is the amount of wages that are, or of a portion of a consideration that is, referred to in any of subparagraphs *a* to *i* of the first paragraph of section 1029.7 and that is included in the taxpayer's reducible expenditures for the year, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the exclusion threshold applicable to the taxpayer for the year and the aggregate of those amounts for the year;

(b) the aggregate of all amounts each of which is the amount of an expenditure that is referred to in subparagraph *a* or *b* of the first paragraph of section 1029.8.6 and that is included in the taxpayer's reducible expenditures for the year, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the exclusion threshold applicable to the taxpayer for the year and the aggregate of those amounts for the year;

(c) the aggregate of all amounts each of which is the amount of an eligible fee or eligible fee balance, within the meaning assigned to those expressions by section 1029.8.9.0.2, that is included in the taxpayer's reducible expenditures for the year, determined with reference to subdivisions 2, 4 and 6, is to be reduced by

the lesser of the exclusion threshold applicable to the taxpayer for the year and the aggregate of those amounts for the year;

(d) the aggregate of all amounts each of which is the amount of an expenditure that is referred to in any of subparagraphs *a* to *c* of the first paragraph of section 1029.8.16.1.4 and that is included in the taxpayer's reducible expenditures for the year, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the exclusion threshold applicable to the taxpayer for the year and the aggregate of those amounts for the year; and

(e) where the taxpayer is a corporation, the taxpayer's expenditure limit for the year, determined for the purposes of any of sections 1029.7.2, 1029.8.6.2, 1029.8.9.0.3.1 and 1029.8.16.1.4.1, is to be reduced by the amount of the reduction, determined for the year in respect of the taxpayer under any of subparagraphs *a* to *d*, that relates to that expenditure limit.

For the purposes of the first paragraph, where the amount of a taxpayer's reducible expenditures for a taxation year is greater than the exclusion threshold applicable to the taxpayer for the year and the taxpayer may be deemed, but for this subdivision, to have paid an amount to the Minister for the year under more than one particular provision, the exclusion threshold applicable to the taxpayer for the year is deemed to be equal, in relation to each particular provision, to the amount determined by the formula

$$A \times B/C.$$

In the formula in the second paragraph,

(a) A is the exclusion threshold that would otherwise be applicable to the taxpayer for the year;

(b) B is the aggregate of all amounts each of which is an expenditure–referred to in any of paragraphs *a* to *d* of the definition of "reducible expenditures" in the first paragraph of section 1029.8.19.8–of the taxpayer for the year in relation to the particular provision; and

(c) C is the taxpayer's reducible expenditures for the year.

2015, c. 36, s. 99; 2021, c. 14, s. 126.

1029.8.19.13.1. For the purpose of computing the amount that a taxpayer is deemed to have paid to the Minister for a taxation year that begins after 10 March 2020, under section 1029.7 or 1029.8.9.0.3 (each of which is referred to in this section as the "particular provision"), the following rules apply:

(a) the aggregate of all amounts each of which is the amount of wages that are, or of a portion of a consideration that is, referred to in any of subparagraphs *a* to *i* of the first paragraph of section 1029.7 and that is included in the taxpayer's reducible expenditures for the year, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the exclusion threshold applicable to the taxpayer for the year and the aggregate of those amounts for the year;

(b) the aggregate of all amounts each of which is the amount of an eligible fee or eligible fee balance, within the meaning assigned to those expressions by section 1029.8.9.0.2, that may reasonably be considered to be attributable to expenditures made by an eligible research consortium for scientific research and experimental development related to a business of the taxpayer that are undertaken by the eligible research consortium in Québec, before 11 March 2020, in its fiscal period ending in the taxpayer's taxation year and that is included in the taxpayer's reducible expenditures for the year, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the exclusion threshold applicable to the taxpayer for the year and the aggregate of those amounts for the year; and

(c) where the taxpayer is a corporation, the taxpayer's expenditure limit for the year, determined for the purposes of section 1029.7.2 or 1029.8.9.0.3.1, is to be reduced by the amount of the reduction, determined for the year in respect of the taxpayer under subparagraph *a* or *b*, that relates to that expenditure limit.

Where the amount of a taxpayer's reducible expenditures for a taxation year is greater than the exclusion threshold applicable to the taxpayer for the year and the taxpayer may be deemed, but for this subdivision, to have paid two or more amounts to the Minister for the year under sections 1029.7, 1029.8.6, 1029.8.9.0.3 and 1029.8.16.1.4, the exclusion threshold applicable to the taxpayer for the year is deemed, for the purposes of subparagraphs *a* and *b* of the first paragraph, to be equal to the amount determined, in relation to each particular provision, by the formula

$$A \times B/C.$$

In the formula in the second paragraph,

(a) A is the exclusion threshold that would otherwise be applicable to the taxpayer for the year;

(b) B is the aggregate of all amounts each of which is an amount included in the taxpayer's reducible expenditures for the year under paragraph *a* of the definition of "reducible expenditures" in the first paragraph of section 1029.8.19.8, where the particular provision is section 1029.7, or under paragraph *c* of that definition, where the particular provision is section 1029.8.9.0.3; and

(c) C is the taxpayer's reducible expenditures for the year.

2021, c. 14, s. 127; 2021, c. 36, s. 107.

1029.8.19.14. For the purpose of computing the amount that a taxpayer that is a member of a partnership is deemed to have paid to the Minister for a taxation year in which a fiscal period of the partnership that begins after 2 December 2014 but before 11 March 2020 ends, under any of sections 1029.8, 1029.8.7, 1029.8.9.0.4 and 1029.8.16.1.5 (in this section referred to as a "particular provision"), the following rules apply:

(a) the aggregate of all amounts each of which is the amount of the taxpayer's share of wages that are, or of a portion of a consideration that is, referred to in any of subparagraphs *a* to *i* of the first paragraph of section 1029.8 and that is included in the partnership's reducible expenditures for the fiscal period, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period and the aggregate of those amounts for the fiscal period;

(b) the aggregate of all amounts each of which is the amount of the taxpayer's share of an expenditure that is referred to in subparagraph *a* or *b* of the first paragraph of section 1029.8.7 and that is included in the partnership's reducible expenditures for the fiscal period, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period and the aggregate of those amounts for the fiscal period;

(c) the aggregate of all amounts each of which is the amount of the taxpayer's share of an eligible fee or eligible fee balance, within the meaning assigned to those expressions by section 1029.8.9.0.2, that is included in the partnership's reducible expenditures for the fiscal period, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period and the aggregate of those amounts for the fiscal period; and

(d) the aggregate of all amounts each of which is the amount of the taxpayer's share of an expenditure that is referred to in any of subparagraphs *a* to *c* of the first paragraph of section 1029.8.16.1.5 and that is

included in the partnership's reducible expenditures for the fiscal period, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period and the aggregate of those amounts for the fiscal period.

For the purposes of the first paragraph, where the amount of a partnership's reducible expenditures for a fiscal period is greater than the exclusion threshold applicable to the partnership for the fiscal period and a taxpayer that is a member of the partnership may be deemed, but for this subdivision, to have paid an amount to the Minister for the taxation year in which that fiscal period ends under more than one particular provision in relation to the partnership, the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period that ends in the year is deemed to be equal, in relation to each particular provision, to the amount determined by the formula

$$A \times B/C.$$

In the formula in the second paragraph,

(a) A is the exclusion threshold applicable to the partnership for the fiscal period that ends in the year;

(b) B is the aggregate of all amounts each of which is the taxpayer's share of an expenditure–referred to in any of paragraphs *a* to *d* of the definition of "reducible expenditures" in the first paragraph of section 1029.8.19.8–of the partnership for the fiscal period that ends in the year in relation to the particular provision; and

(c) C is the partnership's reducible expenditures for the fiscal period that ends in the year.

For the purposes of this section, the taxpayer's share of an amount is equal to the agreed proportion of the amount in respect of the taxpayer for the partnership's fiscal period that ends in the taxpayer's taxation year.

2015, c. 36, s. 99; 2021, c. 14, s. 128.

1029.8.19.14.1. For the purpose of computing the amount that a taxpayer who is a member of a partnership is deemed to have paid to the Minister for a taxation year in which a fiscal period of the partnership that begins after 10 March 2020 ends, under section 1029.8 or 1029.8.9.0.4 (each of which is referred to in this section as the "particular provision"), the following rules apply:

(a) the aggregate of all amounts each of which is the amount of the taxpayer's share of wages that are, or of a portion of a consideration that is, referred to in any of subparagraphs *a* to *i* of the first paragraph of section 1029.8 and that is included in the partnership's reducible expenditures for the fiscal period, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period and the aggregate of those amounts for the fiscal period; and

(b) the aggregate of all amounts each of which is the amount of the taxpayer's share of an eligible fee or eligible fee balance, within the meaning assigned to those expressions by section 1029.8.9.0.2, that may reasonably be considered to be attributable to expenditures made by an eligible research consortium for scientific research and experimental development related to a business of the partnership that are undertaken by the eligible research consortium in Québec, before 11 March 2020, in its fiscal period ending in the partnership's fiscal period and that is included in the partnership's reducible expenditures for the fiscal period, determined with reference to subdivisions 2, 4 and 6, is to be reduced by the lesser of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period and the aggregate of those amounts for the fiscal period.

Where the amount of a partnership's reducible expenditures for a fiscal period is greater than the exclusion threshold applicable to the partnership for the fiscal period and a taxpayer who is a member of the partnership may be deemed, but for this subdivision, to have paid two or more amounts to the Minister for the taxation year in which that fiscal period ends under sections 1029.8, 1029.8.7, 1029.8.9.0.4 and 1029.8.16.1.5 in relation to the partnership, the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period that ends in the year is deemed, for the purposes of subparagraphs *a* and *b* of the first paragraph, to be equal to the amount determined, in relation to each particular provision, by the formula

A × B/C.

In the formula in the second paragraph,

(a) A is the exclusion threshold applicable to the partnership for the fiscal period that ends in the year;

(b) B is the aggregate of all amounts each of which is the taxpayer's share of an amount included in the partnership's reducible expenditures for the fiscal period that ends in the year under paragraph *a* of the definition of "reducible expenditures" in the first paragraph of section 1029.8.19.8, where the particular provision is section 1029.8, or under paragraph *c* of that definition, where the particular provision is section 1029.8.9.0.4; and

(c) C is the partnership's reducible expenditures for the fiscal period that ends in the year.

For the purposes of this section, the taxpayer's share of an amount is equal to the agreed proportion of the amount in respect of the taxpayer for the partnership's fiscal period that ends in the taxpayer's taxation year.

2021, c. 14, s. 129; 2021, c. 36, s. 108.

1029.8.19.15. For the purposes of sections 1029.8.19.13 to 1029.8.19.14.1, where the amount that reduces an aggregate described in any of subparagraphs *a* to *d* of the first paragraph of section 1029.8.19.13 or 1029.8.19.14 or in subparagraph *a* or *b* of the first paragraph of section 1029.8.19.13.1 or 1029.8.19.14.1 is equal to the exclusion threshold applicable to the taxpayer for a taxation year or to the taxpayer's share of a partnership's exclusion threshold for a fiscal period that ends in a taxation year, as the case may be, the taxpayer may designate which of the taxpayer's expenditures or of the taxpayer's share of the expenditures included in that aggregate is to be reduced by all or part of the taxpayer's exclusion threshold for the year or of the taxpayer's share of the exclusion threshold applicable to the partnership for the fiscal period that ends in the year, as the case may be.

1029.8.20. Where a taxpayer carries on a business in Canada in a taxation year by reason of an arrangement, a transaction or an event, or of a series of arrangements, transactions or events, and it may reasonably be considered that one of the purposes of the arrangement, transaction or event or of the series of arrangements, transactions or events is to cause the taxpayer to carry on the business so as to allow the taxpayer to be deemed to have paid an amount to the Minister for that taxation year under any of sections 1029.7, 1029.8.6 and 1029.8.9.0.3, the taxpayer is, for the purposes of those sections, deemed not to carry on the business in that year by reason of the arrangement, transaction or event or of the series of arrangements, transactions or events unless the taxpayer is, by reason of the arrangement, transaction or event or of the

series of arrangements, transactions or events, a member of a partnership other than a specified member of that partnership.

For the purposes of subparagraphs *a* to *c* of the first paragraph, where within the framework of one or more qualified training periods, an eligible supervisor devotes an hour or part of an hour to supervising several eligible trainees simultaneously, the time the eligible supervisor devotes to each such eligible trainee is deemed to be such proportion of that hour or part of an hour as 1 is of the number of such eligible trainees.

If, before 1 January 2018, a partnership pays, in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.33.11.5, a corporation's share of an eligible training expenditure of the partnership for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.33.11.4, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.33.11.4 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.33.11.5; and

the second paragraph were taken into account, to have paid to the Minister under section 1029.8.33.11.4 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.33.11.4 for its taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.33.11.13 for the particular taxation year in respect of the eligible training expenditure; and

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.33.11.14 for its taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

The rate to which the first paragraph refers for a taxation year of the eligible employer is

(a) where the eligible employer's total payroll for the year does not exceed $5,000,000, 30%; and

(b) where the eligible employer's total payroll for the year exceeds $5,000,000 and is less than $7,000,000, the amount by which 30% exceeds the rate determined by the formula

30% [(A – $5,000,000)/$2,000,000].

In the formula in the second paragraph, A is the eligible employer's total payroll for the year.

For the purpose of computing the payments that an eligible employer referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the employer is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to the product obtained by multiplying the corporation's share of the eligible training fees, to the extent that those fees have been paid, by the rate determined in respect of the eligible employer for the fiscal period in accordance with the second paragraph.

The rate to which the first paragraph refers for a fiscal period of the eligible employer is

(a) where the eligible employer's total payroll for the fiscal period does not exceed $5,000,000, 30%; and

(b) where the eligible employer's total payroll for the fiscal period exceeds $5,000,000 and is less than $7,000,000, the amount by which 30% exceeds the rate determined by the formula

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

ii. by the amount of any government assistance or non-government assistance, attributable to the salary or wages, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period.

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.33.11.22 for the particular taxation year in respect of the eligible training fees; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance.

i. to be equal to the amount that, were it not for that assistance, would have been deemed to have been paid to the Minister by the taxpayer under section 1029.8.33.14 in respect of the portion of the taxpayer's share of the particular qualified expenditure corresponding to the assistance so repaid, and

iv. the aggregate of all amounts each of which is equal to 65% of the portion of the remuneration paid to a corporation that has an establishment in Québec, that is a party to a subcontract arising from the particular contract and that, at the time that portion of the remuneration is incurred, is an excluded corporation, for services rendered as part of the production of the property, and

v. the aggregate of all amounts each of which is equal to 65% of the portion of the remuneration paid to a corporation that has an establishment in Québec, that is a party to a subcontract arising from the particular contract and that, at the time that portion of the remuneration is incurred, is not dealing at arm's length with a corporation that is an excluded corporation, for services rendered at a stage of production of the property that is not the post-production stage;

(c.2) a corporation that has entered into a contract (in this subparagraph referred to as an "initial contract") with a first-tier subcontractor for the provision of services as part of the production of a property may not, in computing its labour expenditure for a taxation year in respect of the property under paragraph *b* or *b*.1 of that definition, include an amount in relation to the portion of the remuneration that the corporation pays under the initial contract to the first-tier subcontractor and to the portion of any remuneration the first-tier subcontractor pays to a second-tier subcontractor for services rendered as part of the production of the property if, in relation to the portion of the remuneration the corporation pays under the initial contract to the first-tier subcontractor, it includes an amount in computing its labour expenditure for any taxation year in respect of the property under paragraph *b*.2 of that definition;

(d) (subparagraph repealed);

(d.1) (subparagraph repealed);

(d.2) (subparagraph repealed);

(e) the amount of the labour expenditure of a corporation for a taxation year in respect of a property is to be reduced, if applicable, by the aggregate of all amounts each of which is the lesser of the particular amount that corresponds to the salaries or wages described in paragraph *a* of that definition, or to the amount referred to in any of subparagraphs i to v of paragraph *b* and i to iv of paragraphs *b*.1 and *b*.2 of that definition, that are included in that labour expenditure of the corporation for the year, and the aggregate of

i. the amount of any government assistance and non-government assistance attributable to the particular amount that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year,

ii. the amount of any benefit or advantage attributable to the particular amount that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for that year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, and

iii. if the particular amount corresponds to the amount referred to in any of subparagraphs i to v of paragraph *b* and i to iv of paragraphs *b*.1 and *b*.2 of that definition, the amount of any government assistance and non-government assistance that a person or partnership with whom the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year, that is attributable to services rendered by an individual or to the wages of the eligible employees of the person or partnership referred to in that subparagraph; and

(f) where, for a taxation year, a corporation is not a qualified corporation, its labour expenditure for the year in respect of a property is deemed nil.

For the purposes of subparagraph 2 of subparagraph i of paragraph *a* of the definitions of "qualified computer-aided special effects and animation expenditure", "qualified expenditure for services rendered outside the Montréal area" and "qualified labour expenditure" in the first paragraph, an amount of assistance received by a corporation, another person or a partnership, as the case may be, is deemed to be repaid by the corporation, the other person or the partnership in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, for the purpose of computing an amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.35,

i. a qualified computer-aided special effects and animation expenditure of the corporation, because of subparagraph ii of paragraph *a* of the definition of "qualified computer-aided special effects and animation expenditure" in the first paragraph,

i.1. a qualified expenditure for services rendered outside the Montréal area of the corporation, because of subparagraph ii of paragraph *a* of the definition of "qualified expenditure for services rendered outside the Montréal area" in the first paragraph,

i.2. an expenditure for services rendered outside the Montréal area of the corporation, because of paragraph *b* of the definition of "expenditure for services rendered outside the Montréal area" in the first paragraph,

ii. a labour expenditure of the corporation, because of subparagraph *e* of the second paragraph,

iii. a qualified labour expenditure of the corporation, because of subparagraph ii of paragraph *a* of the definition of "qualified labour expenditure" in the first paragraph, or

iv. a computer-aided special effects and animation expenditure of the corporation, because of paragraph *b* of the definition of "computer-aided special effects and animation expenditure" in the first paragraph;

(b) was not received by the corporation, the other person or the partnership; and

(c) ceased in the taxation year to be an amount that the corporation, the other person or the partnership may reasonably expect to receive.

For the purposes of paragraph *b* of the definitions of "qualified computer-aided special effects and animation expenditure", "qualified expenditure for services rendered outside the Montréal area" and "qualified labour expenditure" in the first paragraph, the following rules apply:

(a) (paragraph repealed);

(b) production costs directly attributable to the production of property that is a Québec film production include the portion of the cost of acquisition of a particular property, owned by the corporation and used by it as part of the production of the property, that is the portion of the depreciation of that particular property, for a taxation year, determined in accordance with the generally accepted accounting principles, relating to the use of that particular property by the corporation in the year, as part of the production of the property; and

(c) the amount of an advantage attributable to production costs includes the portion of the proceeds of disposition for a corporation of a particular property used by it as part of the production of property that is a Québec film production that relates to the portion of the cost of acquisition of that particular property that is already included in the production costs of the property up to the amount of the portion of the cost of acquisition of the particular property that is already included in the production costs of the property.

For the purposes of the definitions of "labour expenditure", "qualified computer-aided special effects and animation expenditure", "qualified expenditure for services rendered outside the Montréal area" and "qualified labour expenditure" in the first paragraph, the following rules apply:

(a) the date to which those definitions refer is the date that is 18 months after the end of the corporation's fiscal period that includes the date of recording of the first trial composite of the property or, in the case of a series, the date of recording of the last first trial composite of an episode or broadcast that is part of the series; and

(b) an expenditure that would, but for this subparagraph, be a labour expenditure of a corporation for a particular taxation year in respect of a property that is a Québec film production or would constitute production costs directly attributable to the production of such a property, such expenditure being otherwise incurred in the particular year, and that is outstanding at the particular time the corporation first files with the Minister the prescribed form containing prescribed information provided for in the first paragraph of section 1029.8.35 for that particular year, in respect of the property, or, in the absence of such filing with the Minister, on the corporation's filing-due date for that particular year, is deemed not to be incurred in the particular year and to be incurred in a subsequent taxation year if that expenditure is paid in that subsequent year and after the particular time or after that filing-due date, as the case may be, or in the taxation year that immediately

follows that subsequent year and before the time the corporation first files with the Minister that prescribed form for that subsequent year, in respect of the property.

For the purposes of the definitions of "qualified expenditure for services rendered outside the Montréal area" and "expenditure for services rendered outside the Montréal area" in the first paragraph, the Montréal area means the portion of the territory of Québec that is situated within 25 kilometres, by the shortest normally used road suitable for motor vehicles, from any point of the circumference of a circle having a radius of 25 kilometres the centre of which is the Papineau subway station.

For the purposes of paragraph *b* of the definition of "computer-aided special effects and animation expenditure" in the first paragraph, subparagraph i of paragraph *b* of the definition of "labour expenditure" in that first paragraph is to be read as if "if the individual is resident in Québec at any time in the calendar year in which the individual rendered those services" was inserted after "individual personally".

For the purposes of subparagraph *b* of the second paragraph, remuneration based on the profits and revenues derived from the operation of a property that is a Québec film production does not include remuneration included in the production cost, cost or capital cost, as the case may be, of the property to a corporation if that remuneration

(a) is determined in particular on the basis of the area contemplated for the distribution or broadcasting of the property; and

(b) (subparagraph repealed);

(c) may not be reimbursed if the property is not operated as first anticipated.

For the purpose of determining the qualified expenditure for services rendered outside the Montréal area of a corporation in respect of a property for a taxation year, the conversion factor applicable to the property is the factor determined by the formula

1 / A.

For the purpose of determining the qualified computer-aided special effects and animation expenditure of a corporation in respect of a property for a taxation year, the conversion factor applicable to the property is the factor determined by the formula

1 / B.

For the purpose of determining the qualified labour expenditure of a corporation for a taxation year that ends after 31 December 2008 in respect of a property for which an application for an advance ruling or, in the absence of such an application, an application for a qualification certificate is filed with the Société de développement des entreprises culturelles on or before 4 June 2014 or, if the Société de développement des entreprises culturelles considers that the work on the property was sufficiently advanced on that date, on or before 31 August 2014, the amount of a labour expenditure incurred by the corporation in respect of the property before 1 January 2009 is to be multiplied by

(a) 39.375/45, if subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.35 applies in respect of the property; and

(b) 29.1667/35, if subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.35 applies in respect of the property.

For the purpose of determining the qualified labour expenditure of a corporation in respect of a property for a taxation year, the conversion factor applicable to the property is the factor determined by the formula

1 / (C + D).

In the formulas in the ninth, tenth and twelfth paragraphs,

(a) A is the percentage applicable to the amount of the qualified expenditure for services rendered outside the Montréal area for a taxation year in respect of the property that was used to determine the amount deemed to be paid in respect of the property for that year under subparagraph *a*.1 of the first paragraph of section 1029.8.35;

(b) B is the percentage applicable to the amount of the qualified computer-aided special effects and animation expenditure for a taxation year in respect of the property that was used to determine the amount deemed to be paid in respect of the property for that year under subparagraph *b* of the first paragraph of section 1029.8.35;

(c) C is the percentage applicable to the amount of the qualified labour expenditure for a taxation year in respect of the property that was used to determine the amount deemed to be paid in respect of the property for that year under subparagraph *a* of the first paragraph of section 1029.8.35; and

(d) D is the percentage applicable to the amount of the qualified labour expenditure for a taxation year in respect of the property that was used to determine the amount deemed to be paid in respect of the property for that year under subparagraph *c* of the first paragraph of section 1029.8.35.

1029.8.34.1. Despite Chapter IV of Title II of Book I, where, at any time in a taxation year that ends before 1 March 2014 or begins after 26 March 2015, a particular corporation would, but for this paragraph, be related to another corporation that is described in paragraph *a*.2 or *a*.4 of the definition of "qualified corporation" in the first paragraph of section 1029.8.34 (in this section and section 1029.8.34.2 referred to as the "excluded corporation") as a consequence of the particular corporation and the excluded corporation being controlled at that time by a specified entity, within the meaning of section 1029.8.34.3, no right referred to in paragraph *b* of section 20 that is held by the specified entity in relation to shares of the capital stock of the particular corporation and the excluded corporation is to be taken into account at that time, for the purpose of determining whether the particular corporation is, at that time, not dealing at arm's length with the excluded corporation for the purposes of the following provisions:

(a) subparagraphs ii and iii of paragraphs *b* to *b*.2 of the definition of "labour expenditure" in the first paragraph of section 1029.8.34;

(b) paragraphs *a*.3 and *a*.5 of the definition of "qualified corporation" in the first paragraph of section 1029.8.34; and

(c) subparagraph 4 of subparagraph i of subparagraph *c*.1 of the second paragraph of section 1029.8.34.

Despite Chapter IV of Title II of Book I, where, at any time, a particular corporation would, but for this paragraph, be deemed to be related to an excluded corporation under subsection 2 of section 19 as a consequence of the particular corporation and the excluded corporation being related at that time to the same corporation (in this paragraph referred to as the "third corporation"), no right referred to in paragraph *b* of section 20 that is held by a specified entity in relation to shares of the capital stock of the particular corporation, the excluded corporation and the third corporation is to be taken into account at that time, for the purpose of determining whether the particular corporation is, at that time, not dealing at arm's length with the excluded corporation for the purposes of the provisions referred to in subparagraphs *a* to *c* of the first paragraph.

2015, c. 21, s. 413; 2015, c. 36, s. 102; 2019, c. 14, s. 319.

1029.8.34.2. Despite Chapter IV of Title II of Book I, where, at any time in a taxation year that ends before 1 March 2014 or begins after 26 March 2015, a particular corporation would, but for this paragraph, be related to an excluded corporation as a consequence of the particular corporation and the excluded corporation being controlled at that time by the same group of persons that includes one or more specified entities, within the meaning of section 1029.8.34.3, neither the shares of the capital stock of the particular corporation and the excluded corporation owned by any specified entity that is a member of that group, nor any right referred to in paragraph *b* of section 20 that is held by any specified entity that is a member of that group in relation to shares of the capital stock of the particular corporation and the excluded corporation is to be taken into account at that time, for the purpose of determining whether the particular corporation is, at that time, not dealing at arm's length with the excluded corporation for the purposes of the following provisions:

(a) subparagraphs ii and iii of paragraphs *b* to *b*.2 of the definition of "labour expenditure" in the first paragraph of section 1029.8.34;

(b) paragraphs *a*.3 and *a*.5 of the definition of "qualified corporation" in the first paragraph of section 1029.8.34; and

(c) subparagraph 4 of subparagraph i of subparagraph *c*.1 of the second paragraph of section 1029.8.34.

However, the first paragraph does not apply where a specified entity is a member at a particular time of a group of persons that controls several corporations, including the particular corporation and the excluded corporation, and where, at that time, the specified entity acts in concert with one or more members of that group to control those corporations.

2015, c. 21, s. 413; 2015, c. 36, s. 103; 2019, c. 14, s. 320.

1029.8.34.3. In sections 1029.8.34.1 and 1029.8.34.2, "specified entity" means

(a) the Caisse de dépôt et placement du Québec;

(b) Capital régional et coopératif Desjardins;

(c) the Financière des entreprises culturelles;

(d) Fondaction, le Fonds de développement de la Confédération des syndicats nationaux pour la coopération et l'emploi;

(e) the Fonds Capital Culture Québec;

(f) the Fonds de solidarité des travailleurs et des travailleuses du Québec (FTQ);

(g) the Fonds d'investissement de la culture et des communications;

(h) Investissement Québec;

(i) the Société de développement des entreprises culturelles; or

(j) a corporation all the issued capital stock of which, except directors' qualifying shares, belongs to one or more entities described in any of paragraphs *a* to *i* or in this paragraph.

§ 2. — *Credit*

1992, c. 1, s. 177.

A corporation that encloses with the fiscal return it is required to file for a taxation year under section 1000 the prescribed form containing prescribed information, a copy of the favourable advance ruling given or certificate issued by the Société de développement des entreprises culturelles in respect of a property that is a Québec film production and a copy of the qualification certificate referred to in paragraph *a*.3 of the definition of "qualified corporation" in the first paragraph of section 1029.8.34, if applicable, is deemed, subject to the second paragraph and sections 1029.8.35.1 to 1029.8.35.3, where the application for an advance ruling has been filed or, in the absence of such an application, where the application for a certificate has been filed in respect of the property with the Société de développement des entreprises culturelles before the end of the year, to have paid to the Minister on the corporation's balance-due day for the year, on account of its tax payable for that year under this Part, an amount equal to the aggregate of

(a) the amount obtained by multiplying,

i. where the property is a property in respect of which the Société de développement des entreprises culturelles has issued a certificate for the purposes of this division to the effect that the property qualifies for the increase applicable to certain French-language productions or to giant-screen films, the amount of the corporation's qualified labour expenditure for the year in respect of the property by,

ii. where an application for an advance ruling or, in the absence of such an application, an application for a certificate is filed with the Société de développement des entreprises culturelles in respect of the property before 29 March 2017 and after 31 August 2014 or, if the Société de développement des entreprises culturelles considers that the work on the property was not sufficiently advanced on 4 June 2014, after that date, 8%, or

$16\% \times [(32\% - A)/32\%]$, or

ii. where an application for an advance ruling or, in the absence of such an application, an application for a certificate is filed with the Société de développement des entreprises culturelles in respect of the property before 29 March 2017, and where the corporation encloses with the fiscal return it is required to file for the year a copy of the valid certificate issued to it by the Société de développement des entreprises culturelles in respect of the property certifying that the property qualifies for the tax credit enhancement applicable to certain productions that do not receive an amount of financial assistance granted by a public body and that none of the amounts of assistance referred to in subparagraphs ii to viii.8 of subparagraph *c* of the second paragraph of section 1029.6.0.0.1 is granted for the production of the property,

(2) in any other case, 10% of the portion of its qualified labour expenditure for the year in respect of the property that may reasonably be considered to be attributable to a labour expenditure incurred after 31 December 2008 in respect of the property.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

However, this section does not apply

(a) in respect of a property, where, as a consequence of agreements entered into as part of the financing of the production of the property or as a consequence of a series of transactions or events related to such financing, an individual resident in Québec at the end of a taxation year or a partnership any member of which, at the end of its fiscal period ending in a taxation year, is such an individual at the end of that year or such a partnership, may deduct, under section 130 or 130.1, an amount in respect of the property or any part thereof in computing his or its income from a business or property for such a taxation year or fiscal period, as the case may be; or

(b) in respect of a qualified expenditure for services rendered outside the Montréal area, a qualified computer-aided special effects and animation expenditure or a qualified labour expenditure of a corporation for a particular taxation year or a subsequent taxation year in respect of a property all or any part of which, in circumstances other than those described in subparagraph *a* and on or before the earlier of the first day on which the property is used for commercial purposes and the first anniversary of the day on which the main filming or taping was completed, was acquired by an individual resident in Québec at the end of any taxation year of that individual or by a partnership any member of which, at the end of any of the partnership's fiscal periods, is such an individual at the end of the individual's taxation year in which the fiscal period ends or such a partnership, where,

For the purposes of the definition of "film dubbing expenditure" in the first paragraph, the following rules apply:

(a) for the purposes of paragraph *b* of that definition, the portion of the consideration paid by the corporation to a person or partnership with whom or with which the corporation was not dealing at arm's length at the time the person or partnership undertook to provide eligible dubbing services as part of the production of the property shall not exceed the fair market value of the eligible dubbing services rendered in Québec by the person or partnership as part of the production of the property;

iii. if the particular amount corresponds to the consideration or the portion of the consideration described in paragraph *b* of that definition, the amount of any government assistance and non-government assistance that a person or partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable to eligible dubbing services rendered in Québec by that person or partnership referred to in that paragraph; and

For the purposes of subparagraph 2 of subparagraph i of paragraph *a* of the definition of "qualified film dubbing expenditure" in the first paragraph, an amount of assistance received by a corporation, another person or a partnership, as the case may be, is deemed, in respect of the production of a property that is a qualified production, to be repaid by the corporation, the other person or the partnership in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, for the purpose of computing the amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.0.2, in respect of the production of the property,

(b) the consideration paid for the performance of a dubbing contract to the qualified corporation shall not include the portion of that consideration that is the Québec sales tax or the goods and services tax in respect of that contract.

For the purposes of the definition of "qualified film dubbing expenditure" in the first paragraph, the following rules apply:

taxation year that immediately follows that subsequent year and before the time the corporation first files with the Minister that prescribed form for that subsequent year, in respect of the production of the property.

(h) (subparagraph repealed);

(i) the production costs to a corporation for a taxation year in respect of a property must not include an amount that is not included in the production cost of the property or that relates to advertising, marketing, promotion or market research, or an amount related in any way to another property; and

(j) where, for a taxation year, a corporation is not a qualified corporation, its production costs for the year in respect of a property are deemed to be nil.

The amount to which the definition of "qualified labour cost attributable to computer-aided special effects and animation" in the first paragraph refers for the purpose of determining a corporation's qualified labour cost attributable to computer-aided special effects and animation for a taxation year, in respect of a property that is a qualified production, is equal to the aggregate of

(a) the amount of any government assistance and non-government assistance that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable to the corporation's labour cost attributable to computer-aided special effects and animation for a taxation year preceding the year in respect of the property, to the extent that that amount has not, pursuant to subparagraph i of paragraph *b* of the definition of "labour cost attributable to computer-aided special effects and animation" in the first paragraph, reduced the amount of the cost for that preceding year;

(b) the amount of any benefit or advantage that a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the year, that is attributable to the labour cost attributable to computer-aided special effects and animation for a taxation year preceding the year in respect of the property, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property or in any other form or manner, to the extent that that amount has not, pursuant to subparagraph ii of paragraph *b* of the definition of "labour cost attributable to computer-aided special effects and animation" in the first paragraph, reduced the amount of the cost for that preceding year; and

(c) the amount of any government assistance and non-government assistance that another person or a partnership with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable to services rendered in Québec by the other person or the partnership as part of the production of the property under a contract referred to in paragraph *c* of the definition of "production costs" in the first paragraph and relating to the corporation's labour cost attributable to computer-aided special effects and animation for a taxation year preceding the year in respect of the property, to the extent that that amount has not, pursuant to subparagraph iii of paragraph *b* of the definition of "labour cost attributable to computer-aided special effects and animation" in the first paragraph, reduced the amount of the cost for that preceding year.

The amount to which the definition of "eligible production costs" in the first paragraph refers for the purpose of determining the amount of those costs to a corporation for a taxation year, in respect of a property that is a qualified production, is equal to the aggregate of

(a) the amount of any government assistance and non-government assistance that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable to production costs to the corporation for a taxation year preceding the year in respect of the property, to the extent that that amount has not, pursuant to subparagraph i of paragraph *b* of the definition of "production costs" in the first paragraph, reduced the amount of those costs for that preceding year;

(b) the amount of any benefit or advantage that a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the year, that is attributable to the corporation's production costs for a taxation year preceding the year in respect of the property, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property or in any other form or manner, to the extent that that amount has not, pursuant to subparagraph ii of paragraph *b* of the definition of "production costs" in the first paragraph, reduced the amount of those costs for that preceding year; and

(c) the amount of any government assistance and non-government assistance that another person or a partnership with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable

to services rendered in Québec as part of the production of the property by the other person or the partnership under a contract referred to in paragraph *c* of the definition of "production costs" in the first paragraph and relating to the corporation's production costs for a taxation year preceding the year in respect of the property, to the extent that that amount has not, pursuant to subparagraph iii of paragraph *b* of that definition, reduced the amount of those costs for that preceding year.

For the purposes of this division, an expenditure that would, but for this paragraph, qualify as a corporation's "production costs" for a particular taxation year in respect of the production of a property, such expenditure being otherwise incurred in the particular year, and that is outstanding at the particular time the corporation first files with the Minister the prescribed form containing prescribed information provided for in the first paragraph of section 1029.8.36.0.0.5 for that particular year, in respect of the property, or, in the absence of such filing with the Minister, on the corporation's filing-due date for that particular year, is deemed not to be incurred in the particular year and to be incurred in a subsequent taxation year if that expenditure is paid in that subsequent year and after the particular time or after that filing-due date, as the case may be, or in the taxation year that immediately follows that subsequent year and before the time the corporation first files with the Minister that prescribed form for that subsequent year, in respect of the property.

For the purposes of subparagraph ii of paragraph *a* of the definitions of "qualified computer-aided special effects and animation expenditure" and "qualified labour expenditure" in the first paragraph and for the purposes of paragraph *b* of the definitions of "eligible production costs" and "qualified labour cost attributable to computer-aided special effects and animation" in that paragraph, an amount of assistance received by a corporation, another person or a partnership, as the case may be, is deemed, in respect of a property that is a qualified production or a qualified low-budget production, to be repaid by the corporation, the other person or the partnership in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, for the purpose of computing the amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.0.5, in respect of the property,

i. because of paragraph *b* of the definition of "qualified computer-aided special effects and animation expenditure" in the first paragraph, a qualified computer-aided special effects and animation expenditure of the corporation,

ii. because of subparagraph *d* of the second paragraph, a labour expenditure of the corporation in respect of the production of the property,

iii. because of paragraph *b* of the definition of "qualified labour expenditure" in the first paragraph, a qualified labour expenditure of the corporation in respect of the property,

iv. because of paragraph *b* of the definition of "computer-aided special effects and animation expenditure" in the first paragraph, a computer-aided special effects and animation expenditure of the corporation,

v. because of paragraph *b* of the definition of "qualified labour cost attributable to computer-aided special effects and animation" in the first paragraph, the corporation's qualified labour cost attributable to computer-aided special effects and animation in respect of the property,

vi. because of paragraph *b* of the definition of "labour cost attributable to computer-aided special effects and animation" in the first paragraph, the corporation's labour cost attributable to computer-aided special effects and animation in respect of the property,

vii. because of paragraph *b* of the definition of "eligible production costs" in the first paragraph, eligible production costs to the corporation in respect of the property, or

viii. because of subparagraph *c* of the third paragraph, production costs to the corporation in respect of the property;

(b) was not received by the corporation, the other person or the partnership; and

(c) ceased in the taxation year to be an amount that the corporation, the other person or the partnership may reasonably expect to receive.

For the purposes of paragraph *c* of the definition of "excluded corporation" in the first paragraph, a corporation whose mission is cultural does not include a corporation whose mandate consists in making investments.

For the purposes of subparagraph *b* of the second and third paragraphs, remuneration based on the profits and revenues derived from the operation of a property that is a qualified production does not include remuneration that

(a) is determined in particular on the basis of the area contemplated for the distribution or broadcasting of the property;

(b) is incurred totally in connection with the stages of production of the property referred to in paragraph *a* of the definition of "labour expenditure" in the first paragraph; and

(c) may not be reimbursed if the property is not operated as first anticipated.

For the purposes of subparagraph ii of subparagraph *c* of the third paragraph and the fifth paragraph, the amount of an advantage attributable to production costs includes the portion of the proceeds of disposition for a corporation of a particular property used by it as part of the production of a property that is a qualified production that relates to the portion of the cost of acquisition of the particular property that is already included in the production costs of the property up to the portion of the cost of acquisition of the particular property that is already included in the production costs of the property.

For the purpose of determining, for a taxation year, the qualified labour cost attributable to computer-aided special effects and animation, the qualified computer-aided special effects and animation expenditure and the eligible production costs of a corporation in respect of a property for which an application for an approval certificate is filed with the Société de développement des entreprises culturelles on or before 4 June 2014 or, if the Société de développement des entreprises culturelles considers that the work on the property was sufficiently advanced on or before 31 August 2014, the following rules apply:

(a) the definitions of "qualified labour cost attributable to computer-aided special effects and animation" and "qualified computer-aided special effects and animation expenditure" in the first paragraph are to be read, in respect of the property, as if "625%" were replaced by "500%"; and

(b) the definition of "eligible production costs" in the first paragraph is to be read, in respect of the property, as if "500%" were replaced by "400%".

1029.8.36.0.0.4.1. Despite Chapter IV of Title II of Book I, if, at any time in a taxation year that ends before 1 March 2014 or begins after 26 March 2015, a particular corporation would, but for this paragraph, be related to another corporation holding a broadcasting licence issued by the Canadian Radio-television and Telecommunications Commission (in this section and section 1029.8.36.0.0.4.2 referred to as the "television broadcaster") as a consequence of the particular corporation and the television broadcaster being controlled at that time by a specified entity, within the meaning of section 1029.8.36.0.0.4.3, no right referred to in paragraph *b* of section 20 that is held by the specified entity in relation to shares of the capital stock of the particular corporation and the television broadcaster is to be taken into account at that time, for the purpose of determining whether the particular corporation

(a) is, at that time, not dealing at arm's length with the television broadcaster for the purposes of subparagraph ii of paragraph *b* of the definition of "labour expenditure" in the first paragraph of section 1029.8.36.0.0.4 and subparagraphs i and ii of subparagraph *e* of the third paragraph of that section; or

(b) is, at that time, related to the television broadcaster for the purposes of paragraph *f* of the definition of "excluded corporation" in the first paragraph of section 1029.8.36.0.0.4.

Despite Chapter IV of Title II of Book I, if, at any time, a particular corporation would, but for this paragraph, be deemed to be related to a television broadcaster under subsection 2 of section 19 as a consequence of the particular corporation and the television broadcaster being related at that time to the same corporation (in this paragraph referred to as the "third corporation"), no right referred to in paragraph *b* of section 20 that is held by a specified entity in relation to shares of the capital stock of the particular corporation, the television broadcaster and the third corporation is to be taken into account at that time, for the purpose of determining whether the particular corporation is, at that time, not dealing at arm's length with the television broadcaster for the purposes of the provisions referred to in subparagraph *a* of the first paragraph, or is, at that time, related to the television broadcaster for the purposes of the provision referred to in subparagraph *b* of the first paragraph.

2015, c. 21, s. 419; 2015, c. 36, s. 109.

1029.8.36.0.0.4.2. Despite Chapter IV of Title II of Book I, if, at any time in a taxation year that ends before 1 March 2014 or begins after 26 March 2015, a particular corporation would, but for this paragraph, be related to a television broadcaster as a consequence of the particular corporation and the television broadcaster being controlled at that time by the same group of persons that includes one or more specified entities, within the meaning of section 1029.8.36.0.0.4.3, neither the shares of the capital stock of the particular corporation and the television broadcaster owned by any specified entity that is a member of that group, nor any right referred to in paragraph *b* of section 20 that is held by any specified entity that is a member of that group in relation to shares of the capital stock of the particular corporation and the television broadcaster is to be taken into account at that time, for the purpose of determining whether the particular corporation

(a) is, at that time, not dealing at arm's length with the television broadcaster for the purposes of subparagraph ii of paragraph *b* of the definition of "labour expenditure" in the first paragraph of section 1029.8.36.0.0.4 and subparagraphs i and ii of subparagraph *e* of the third paragraph of section 1029.8.36.0.0.4; or

(b) is, at that time, related to the television broadcaster for the purposes of paragraph *f* of the definition of "excluded corporation" in the first paragraph of section 1029.8.36.0.0.4.

However, the first paragraph does not apply if a specified entity is a member at a particular time of a group of persons that controls several corporations, including the particular corporation and the television broadcaster, and if, at that time, the specified entity acts in concert with one or more members of that group to control those corporations.

(3) the amount by which the aggregate of all amounts each of which is, for a taxation year preceding the year and in respect of the property, the labour expenditure of the corporation or an amount determined under subparagraph 2, exceeds the amount by which the aggregate of all amounts each of which is the qualified labour expenditure of the corporation in respect of the property, for a taxation year preceding the year, exceeds 20/7 of the aggregate of all amounts each of which is tax that the corporation is required to pay under Part III.1.0.3 for a year preceding the year by reason of subparagraph i of subparagraph *b* of the first paragraph of section 1129.4.0.10, in relation to assistance referred to in subparagraph ii, exceeds

ii. the aggregate of

(1) the amount of any government assistance and non-government assistance that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable to a labour expenditure of the corporation for a taxation year preceding the year in respect of the property, to the extent that the amount has not, under subparagraph i of subparagraph *c* of the second paragraph, reduced the labour expenditure of the corporation for that preceding year,

(2) the amount of any benefit or advantage that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the year, that is attributable to a labour expenditure of the corporation for a taxation year preceding the year in respect of the property, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property or in any other form or manner, to the extent that that amount has not, under subparagraph ii of subparagraph *c* of the second paragraph, reduced the amount of that labour expenditure of the corporation for that preceding year, and

(3) the amount of any government assistance and non-government assistance that an eligible individual, another corporation or a partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that, for a taxation year preceding the year in respect of the property, is attributable to services rendered by an eligible individual or to the wages of the eligible employees of the eligible individual, the other corporation or the partnership, as the case may be, that are referred to in any of subparagraphs i to iv of paragraph *b* of the definition of "labour expenditure", to the extent that the amount has not, under subparagraph iii of subparagraph *c* of the second paragraph, reduced the labour expenditure of the corporation for that preceding year in respect of the property; and

(b) the amount by which

i. 65% of the amount by which the production costs directly attributable to the production of the property that are incurred by the corporation before the end of the year in respect of the property until the completion date of the master of the property or within a period that is reasonable to the Minister but that must not extend beyond the date provided for in subparagraph *a* of the third paragraph or, in the case of production costs directly attributable to the stage of pressing the property, until the date that is 18 months after the release of the property, and that are paid by the corporation, exceeds the aggregate of

(1) the amount of any government assistance and non-government assistance attributable to those costs that the corporation or a person or partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, and that the corporation, person or partnership, as the case may be, has not repaid at that time pursuant to a legal obligation, and

ii. the amount by which the aggregate of all amounts each of which is the qualified labour expenditure of the corporation in respect of the production of the property for a taxation year preceding the year exceeds 20/7 of the aggregate of all amounts each of which is tax that the corporation is required to pay under Part III.1.0.3 for a taxation year preceding the year in respect of the production of the property;

"qualified property" means a qualified sound recording, a qualified digital audiovisual recording or a qualified clip;

"qualified sound recording" of a corporation for a taxation year means a property that is a sound recording in respect of which the corporation holds for the year a favourable advance ruling given or a certificate issued, as the case may be, by the Société de développement des entreprises culturelles for the purposes of this division;

"salary or wages" means the income computed pursuant to Chapters I and II of Title II of Book III.

For the purposes of the definition of "labour expenditure" in the first paragraph, the following rules apply:

(a) for the purposes of paragraph *a* of that definition, the salaries or wages directly attributable to the production of a property that is a qualified property are, where an eligible employee directly undertakes, supervises or supports the production of the property, the portion of the salaries or wages paid to or on behalf of the employee that may reasonably be considered to relate to the production of the property;

(b) remuneration, including a salary or wages, does not include remuneration by reference to the profits or revenues derived from the operation of a property or an expenditure as remuneration that is, or may reasonably be considered to be, incurred by a corporation, as a mandatary, on behalf of another person;

(c) the amount of the labour expenditure of a corporation for a taxation year in respect of a property is to be reduced, where applicable, by the aggregate of all amounts each of which is the lesser of the particular amount that corresponds either to the salaries or wages described in paragraph *a* of that definition or to the portion of the remuneration described in any of subparagraphs i to iv of paragraph *b* of that definition, that are included in that labour expenditure of the corporation for the year, and the aggregate of

i. the amount of any government assistance and non-government assistance attributable to the particular amount that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year,

ii. the amount of any benefit or advantage attributable to the particular amount that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for that year, whether in the form of a reimbursement, compensation or

guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, and

iii. if the particular amount corresponds to the portion of the remuneration described in any of subparagraphs i to iv of paragraph *b* of that definition, the amount of any government assistance and non-government assistance that an eligible individual, another corporation or a partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that is attributable to services rendered by an eligible individual or to the wages of the eligible employees of the eligible individual, the other corporation or the partnership, as the case may be, that are referred to in that subparagraph; and

(d) where, for a taxation year, a corporation is not a qualified corporation, its labour expenditure for the year in respect of a property is deemed to be nil;

(e) (subparagraph repealed).

For the purposes of the definitions of "labour expenditure" and "qualified labour expenditure" in the first paragraph, the following rules apply:

(a) the date to which those definitions refer is the date that is 18 months after the end of the corporation's fiscal period that includes the completion date of the master of the property;

(b) an expenditure that would, but for this subparagraph, be a labour expenditure of a corporation for a particular taxation year in respect of a property that is a qualified property or would constitute production costs directly attributable to the production of such a property, such expenditure being otherwise incurred in the particular year, and that is outstanding at the particular time the corporation first files with the Minister the prescribed form containing prescribed information provided for in the first paragraph of section 1029.8.36.0.0.8 for that particular year, in respect of the property, or, in the absence of such filing with the Minister, on the corporation's filing-due date for that particular year, is deemed not to be incurred in the particular year and to be incurred in a subsequent taxation year if that expenditure is paid in that subsequent year and after the particular time or after that filing-due date, as the case may be, or in the taxation year that immediately follows that subsequent year and before the time the corporation first files with the Minister that prescribed form for that subsequent year, in respect of the property; and

(c) no expenditure may be taken into consideration in computing a labour expenditure of a corporation for a taxation year in respect of a property that is a qualified property, or production costs directly attributable to the production of such a property incurred before the end of the year, if the expenditure has been taken into consideration in computing such a labour expenditure or such costs in respect of another property that is a qualified property.

For the purposes of subparagraph i of paragraph *b* of the definition of "qualified labour expenditure" in the first paragraph, the following rules apply:

(a) the production costs directly attributable to the production of a property that is a qualified property are

i. the portion of the production costs, other than the production fees and administration costs, to the extent that they are included in the production cost, cost or capital cost, as the case may be, of the property to the corporation, and

ii. the production fees and administration costs;

(b) the production costs directly attributable to the production of a property that is a qualified property include the portion of the cost of acquisition of a particular property, owned by the corporation and used by it as part of the production of the property, which corresponds to the portion of the depreciation of the particular property, for a taxation year, determined in accordance with the generally accepted accounting principles, relating to the use of the particular property by the corporation in the year, as part of the production of the property;

(c) the amount of a benefit attributable to production costs includes the portion of the proceeds of disposition by a corporation of a particular property used by it as part of the production of a property that is a qualified property that relates to the portion of the cost of acquisition of the particular property that has already been included in the production costs of the property up to the amount of the portion of the acquisition cost of the particular property that has already been so included in the production costs of the property; and

(d) where that subparagraph i applies in respect of a property for which an application for an advance ruling or, in the absence of such an application, an application for a certificate is filed with the Société de développement des entreprises culturelles before 11 March 2020, the portion of that subparagraph before subparagraph 1 is to be read as if "65%" were replaced by "50%".

For the purposes of subparagraph 2 of subparagraph i of paragraph *a* of the definition of "qualified labour expenditure" in the first paragraph, an amount of assistance received by a corporation, another person or a partnership, as the case may be, is deemed, in respect of a property that is a qualified property, to be repaid by the corporation, the other person or the partnership in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, for the purpose of computing the amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.0.8, in respect of the property,

i. because of subparagraph *c* of the second paragraph, a labour expenditure of the corporation in respect of the property,

ii. because of subparagraph ii of paragraph *a* of the definition of "qualified labour expenditure" in the first paragraph, a qualified labour expenditure of the corporation in respect of the property, or

iii. *(subparagraph repealed)*;

(b) was not received by the corporation, the other person or the partnership; and

(c) ceased in the taxation year to be an amount that the corporation, the other person or the partnership may reasonably expect to receive.

For the purposes of paragraph *c* of the definition of "excluded corporation" in the first paragraph, a corporation whose mission is cultural does not include a corporation whose mandate consists in making investments.

Where the definition of "qualified labour expenditure" in the first paragraph applies in respect of a property (other than a property described in subparagraph ii of any of subparagraphs *a* to *a*.2 of the first paragraph of section 1029.8.36.0.0.8), it is to be read in respect of the property as if "20/7" were replaced wherever it appears by

(a) "100/29.1667", if the property is a property to which subparagraph i of any of subparagraphs *a* to *a*.2 of the first paragraph of section 1029.8.36.0.0.8 applies;

(b) "25/7", if the property is a property to which subparagraph iii of any of subparagraphs *a* to *a*.2 of the first paragraph of section 1029.8.36.0.0.8 applies; or

(c) "300%", if the property is a property to which subparagraph b of the first paragraph of section 1029.8.36.0.0.8 applies.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

Subject to the sixth paragraph, the amount that a corporation is deemed to have paid to the Minister, under the first paragraph, on account of its tax payable for a taxation year under this Part in respect of a property that is a qualified property must not exceed the amount by which, where the property is co-produced by the corporation and one or more other qualified corporations, the amount obtained by applying to $50,000 the corporation's share, expressed as a percentage, of the production costs in relation to the production of the property that is specified in the favourable advance ruling given or the certificate issued, as the case may be, by the Société de développement des entreprises culturelles in respect of the property or, in any other case, $50,000, exceeds the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under that paragraph in respect of the property for a preceding taxation year exceeds the aggregate of all amounts each of which is an amount that the corporation is required to pay under section 1129.4.0.10 in respect of the property for a preceding taxation year.

In the case of a property referred to in subparagraph i of subparagraph *a* or *a*.1 of the first paragraph, the third paragraph shall be read, in respect of that property, with "$50,000", wherever it appears, replaced by "$43,750".

In the case of a property referred to in subparagraph i of subparagraph *a*.2 of the first paragraph, the third paragraph is to be read as if, in respect of that property, "$50,000" was replaced wherever it appears by "$21,875".

The third paragraph does not apply for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under the first paragraph on account of its tax payable for a taxation year in respect of a qualified property, if the property is referred to in subparagraph ii or iii of any of subparagraphs *a* to *a*.2 of the first paragraph.

(3) the amount of any government assistance and non-government assistance that an eligible individual, another corporation or a partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, that, for a taxation year preceding the year in respect of the property, is attributable to services rendered by an eligible individual or to the wages of the eligible employees of the eligible individual, the other corporation or the partnership, as the case may be, that are referred to in any of subparagraphs i to iv of paragraph *b* of the definition of "labour expenditure", to the extent that the amount has not, under subparagraph iii of subparagraph *d* of the second paragraph, reduced the labour expenditure of the corporation for that preceding year in respect of the property; and

(b) the amount by which

i. 65% of the amount by which the production costs directly attributable to the production of the property that are incurred by the corporation before the end of the year in respect of the property until the performance of the property before an audience or within a period that is reasonable to the Minister but that must not extend beyond the date provided for in subparagraph *a* of the third paragraph, and that are paid by the corporation, exceeds the aggregate of

(1) the amount of any government assistance and non-government assistance attributable to those costs that the corporation or a person or partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year, and that the corporation, person or partnership, as the case may be, has not repaid at that time pursuant to a legal obligation, and

(2) the amount of any benefit or advantage attributable to those costs, that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of

disposition of a property which exceed the fair market value of the property or in any other form or manner, exceeds

ii. the amount by which the aggregate of all amounts each of which is the qualified labour expenditure of the corporation in respect of the production of the property for a taxation year preceding the year exceeds 20/7 of the aggregate of all amounts each of which is tax that the corporation is required to pay under Part III.1.0.4 for a taxation year preceding the year in respect of the production of the property;

"qualified performance" of a corporation means a property that is a performance in respect of which the corporation holds, for one of the following periods, a favourable advance ruling given or a certificate issued, as the case may be, by the Société de développement des entreprises culturelles for the purposes of this division:

(a) the period covering the stage of pre-production of the property through the end of the first full year after the first performance of the property before an audience;

(b) the period covering the second full year after the first performance of the property before an audience; or

(c) the period covering the third full year after the first performance of the property before an audience;

"salary or wages" means the income computed pursuant to Chapters I and II of Title II of Book III.

For the purposes of the definition of "labour expenditure" in the first paragraph, the following rules apply:

(a) for the purposes of paragraph *a* of that definition, the salaries or wages directly attributable to the production of a property that is a qualified performance are, where an eligible employee directly undertakes, supervises or supports the production of the property, the portion of the salaries or wages paid to or on behalf of the employee that may reasonably be considered to relate to the production of the property;

(b) remuneration, including a salary or wages, does not include remuneration by reference to the profits or revenues derived from the operation of the property, except such remuneration paid to a performing artist, or an expenditure as remuneration that is, or may reasonably be considered to be, incurred by a corporation, as a mandatary, on behalf of another person;

(b.1) despite subparagraph *a*, in relation to a property that is a circus show, an aquatic show or an ice show in respect of which any of the periods specified in paragraphs *a* to *c* of the definition of "qualified performance" in the first paragraph began before 14 March 2008 and had not ended on 13 March 2008, a salary or wages or another remuneration does not include an expenditure that the corporation incurs in respect of the property before

i. 14 March 2008, or

ii. if it is later, the date included in a period for which a favourable advance ruling has been given or a certificate has been issued by the Société de développement des entreprises culturelles in respect of the property, that is the date from which the Société de développement des entreprises culturelles recognizes the performance as qualifying for the purposes of this division;

(c) the amount referred to in paragraph *a* or b of that definition shall be determined by considering, where the salary or wages, or remuneration, as the case may be, relates to the performance of the property before an audience, only the performances that occur in the three years after the first performance of the property before an audience;

(d) the amount of the labour expenditure of a corporation for a taxation year in respect of a property is to be reduced, where applicable, by the aggregate of all amounts each of which is the lesser of the particular amount that corresponds either to the salaries or wages described in paragraph *a* of that definition or to the portion of the remuneration described in any of subparagraphs i to iv of paragraph *b* of that definition, that are included in that labour expenditure of the corporation for the year, and the aggregate of

i. the amount of any government assistance and non-government assistance attributable to the particular amount that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year,

ii. the amount of any benefit or advantage attributable to the particular amount that a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for that year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, and

iii. if the particular amount corresponds to the portion of the remuneration described in any of subparagraphs i to iv of paragraph *b* of that definition, the amount of any government assistance and non-government assistance that an eligible individual, another corporation or a partnership with whom or with which the corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year, that is attributable to services rendered by an eligible individual or to the wages of the eligible employees of the eligible individual, the other corporation or the partnership, as the case may be, that are referred to in that subparagraph; and

(e) where, for a taxation year, a corporation is not a qualified corporation, its labour expenditure for the year in respect of a property is deemed to be nil.

For the purposes of the definitions of "labour expenditure" and "qualified labour expenditure" in the first paragraph, the following rules apply:

(a) the date to which those definitions refer is the date that is 18 months after the end of the corporation's fiscal period that includes the date on which any of the three periods in respect of which an amount is deemed to have been paid by the corporation under section 1029.8.36.0.0.11 is completed; and

(b) an expenditure that would, but for this subparagraph, be a labour expenditure of a corporation for a particular taxation year in respect of a property that is a qualified performance or would constitute production costs directly attributable to the production of such a property, such expenditure being otherwise incurred in the particular year, and that is outstanding at the particular time the corporation first files with the Minister the prescribed form containing prescribed information provided for in the first paragraph of section 1029.8.36.0.0.11 for that particular year, in respect of the property, or, in the absence of such filing with the Minister, on the corporation's filing-due date for that particular year, is deemed not to be incurred in the particular year and to be incurred in a subsequent taxation year if that expenditure is paid in that subsequent year and after the particular time or after that filing-due date, as the case may be, or in the taxation year that immediately follows that subsequent year and before the time the corporation first files with the Minister that prescribed form for that subsequent year, in respect of the property.

For the purposes of subparagraph i of paragraph *b* of the definition of "qualified labour expenditure" in the first paragraph, the following rules apply:

(a) the production costs directly attributable to the production of a property that is a qualified performance are the following amounts, but do not include however the costs incurred for the broadcasting or promotion of the property:

i. the portion of the production costs, other than the production fees and administration costs, to the extent that they are included in the production cost, cost or capital cost, as the case may be, of the property to the corporation, and

ii. the production fees and administration costs;

(b) the production costs directly attributable to the production of a property that is a qualified performance include the portion of the cost of acquisition of a particular property, owned by the corporation and used by it as part of the production of the property, which corresponds to the portion of the depreciation of the particular property, for a taxation year, determined in accordance with the generally accepted

accounting principles, relating to the use of the particular property by the corporation in the year, as part of the production of the property;

(b.1) despite subparagraphs *a* and *b*, the production costs directly attributable to the production of a property that is a circus show, an aquatic show or an ice show referred to in subparagraph *b*.1 of the second paragraph do not include an expenditure that the corporation incurred in respect of the property before the date determined in accordance with that subparagraph *b*.1 and the portion of the cost of acquisition of a particular property referred to in subparagraph *b* is determined without taking into account the use of the particular property by the corporation before that date;

(c) the amount of a benefit attributable to production costs includes the portion of the proceeds of disposition by a corporation of a particular property used by it as part of the production of a property that is a qualified performance that relates to the portion of the cost of acquisition of the particular property that has already been included in the production costs of the property up to the amount of the portion of the cost of acquisition of the particular property that has already been so included in the production costs of the property; and

(d) where that subparagraph i applies in respect of a property for which an application for an advance ruling or, in the absence of such an application, an application for a certificate is filed with the Société de développement des entreprises culturelles before 11 March 2020, the portion of that subparagraph before subparagraph 1 is to be read as if "65%" were replaced by "50%".

For the purposes of subparagraph 2 of subparagraph i of paragraph *a* of the definition of "qualified labour expenditure" in the first paragraph, an amount of assistance received by a corporation, another person or a partnership, as the case may be, is deemed, in respect of a property that is a qualified performance, to be repaid by the corporation, the other person or the partnership in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, for the purpose of computing the amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.0.11, in respect of the property,

i. because of subparagraph *d* of the second paragraph, a labour expenditure of the corporation in respect of the property,

ii. because of subparagraph ii of paragraph *a* of the definition of "qualified labour expenditure" in the first paragraph, a qualified labour expenditure of the corporation in respect of the property, or

iii. *(subparagraph repealed)*;

(b) was not received by the corporation, the other person or the partnership; and

(c) ceased in the taxation year to be an amount that the corporation, the other person or the partnership may reasonably expect to receive.

For the purposes of paragraph *c* of the definition of "qualified corporation" in the first paragraph, a corporation whose mission is cultural does not include a corporation whose mandate consists in making investments.

Where the amount deemed to have been paid to the Minister by a corporation on account of its tax payable for a taxation year under section 1029.8.36.0.0.11 is determined,

(a) in relation to the portion of a qualified labour expenditure referred to in subparagraph i of subparagraph *a* of the first paragraph of that section, the definition of "qualified labour expenditure" in the first paragraph is to be read as if "20/7" were replaced wherever it appears by "100/29.1667"; and

(b) in relation to the portion of a qualified labour expenditure referred to in subparagraph *b* of the first paragraph of that section, the definition of "qualified labour expenditure" in the first paragraph is to be read as if "20/7" were replaced wherever it appears by "25/7".

For the purposes of this division, the Minister may extend, by not more than one year, the period described in paragraph *c* of the definition of "qualified performance" in the first paragraph in respect of a property of a corporation, where the corporation establishes, to the Minister's satisfaction, that it reduced the number of performances of the property before an audience or ceased the performance of the property and that the reduction or cessation, as the case may be, is directly attributable to the measures put in place to mitigate the effects of the COVID-19 pandemic. In such a case, the period for which the favourable advance ruling was given or for which the certificate was issued in respect of the corporation is deemed to correspond to the period so extended.

(a) where the application for an advance ruling or, in the absence of such an application, the application for a certificate, in respect of the property for the period described in paragraph *a* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10, has been filed with the Société de développement des entreprises culturelles on or before 4 June 2014 or, if the Société de développement des entreprises culturelles considers that the work on the property was sufficiently advanced on that date, on or before 31 August 2014, an amount equal to

i. 29.1667% of the portion of its qualified labour expenditure for the year in respect of the property, relating to a labour expenditure incurred in respect of the property and to which subparagraph ii does not apply, or

ii. 35% of the portion of its qualified labour expenditure for the year in respect of the property, relating to a labour expenditure incurred in respect of the property that relates to

(1) a period described in any of paragraphs *a* to *c* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 that begins after 19 March 2009, or

(2) the period described in paragraph *a* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 that begins before 20 March 2009, if the first performance before an audience, in relation to that period, occurs after 19 March 2009;

(b) 28% of the portion of its qualified labour expenditure for the year in respect of the property, relating to a labour expenditure incurred in respect of the property that relates to a period described in any of paragraphs *a* to *c* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 that began before 27 March 2015 and that is not described in subparagraph *a*; or

(c) where the application for an advance ruling or, in the absence of such an application, the application for a certificate, in respect of the property for a period described in any of paragraphs *a* to *c* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 that begins after 26 March 2015

is filed with the Société de développement des entreprises culturelles after that date, 35% of the portion of its qualified labour expenditure for the year in respect of the property, relating to a labour expenditure incurred in respect of the property that relates to that period and to which subparagraph ii of subparagraph *a* does not apply.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The amount that a corporation is deemed to have paid to the Minister, under the first paragraph, on account of its tax payable for a taxation year under this Part in respect of a property that is a qualified performance must not exceed,

(a) if the Société de développement des entreprises culturelles specifies, in the favourable advance ruling given or the certificate issued, as the case may be, to the corporation, that the property is a musical comedy for which any of the periods referred to in the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 has not ended on 20 March 2012, the amount by which $1,250,000 exceeds the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under the first paragraph in respect of the property for a preceding taxation year exceeds the aggregate of all amounts each of which is an amount that the corporation is required to pay under section 1129.4.0.14 in respect of the property for a preceding taxation year;

(a.1) where the Société de développement des entreprises culturelles specifies in the favourable advance ruling given or the certificate issued, as the case may be, to the corporation that the property is a comedy show for which the application for an advance ruling or, in the absence of such an application, the application for a certificate for the period described in paragraph *a* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 is filed with the Société de développement des entreprises culturelles after 30 June 2015 or, if the Société de développement des entreprises culturelles considers that the work on the property was not sufficiently advanced on 26 March 2015, after that date, the amount by which $350,000 exceeds the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under the first paragraph in respect of the property for a preceding taxation year exceeds the aggregate of all amounts each of which is an amount that the corporation is required to pay under section 1129.4.0.14 in respect of the property for a preceding taxation year; or

(b) in all other cases, the amount by which $750,000 exceeds the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under the first paragraph in respect of the property for a preceding taxation year exceeds the aggregate of all amounts each of which is an amount that the corporation is required to pay under section 1129.4.0.14 in respect of the property for a preceding taxation year.

If a property is a qualified performance that is co-produced by the corporation and one or more other qualified corporations, the following rules apply:

(a) in the case of a property referred to in subparagraph *a* of the third paragraph, that subparagraph *a* is to be read as if "$1,250,000" were replaced by the amount obtained by applying to $1,250,000 the corporation's share, expressed as a percentage, of the production costs in relation to the property that is specified in the favourable advance ruling given or the certificate issued, as the case may be, by the Société de développement des entreprises culturelles in respect of the property;

(a.1) in the case of a property referred to in subparagraph *a*.1 of the third paragraph, that subparagraph *a*.1 is to be read as if "$350,000" were replaced by the amount obtained by applying to $350,000 the corporation's share, expressed as a percentage, of the production costs in relation to the property that is specified in the favourable advance ruling given or the certificate issued, as the case may be, by the Société de développement des entreprises culturelles in respect of the property; and

(b) in the case of a property referred to in subparagraph *b* of the third paragraph, that subparagraph *b* is to be read as if "$750,000" were replaced by the amount obtained by applying to $750,000 the corporation's share, expressed as a percentage, of the production costs in relation to the property that is specified in the favourable advance ruling given or the certificate issued, as the case may be, by the Société de développement des entreprises culturelles in respect of the property.

For the purposes of subparagraph *c* of the first paragraph, the portion of a labour expenditure of a corporation for a taxation year in respect of a property that relates to a period described in paragraph *a* or *b* of the definition of "qualified performance" in the first paragraph of section 1029.8.36.0.0.10 that began before 27 March 2015 is deemed to relate to a subsequent period described in that definition if

(a) it cannot be included in the qualified labour expenditure of the corporation for the year in respect of the property because of the application of paragraph *b* of the definition of "qualified labour expenditure" in the first paragraph of section 1029.8.36.0.0.10; and

(b) it is included in the qualified labour expenditure of the corporation for a subsequent taxation year included in the subsequent period.

(c) an expenditure may not be taken into consideration in computing a qualified labour expenditure of a corporation for a taxation year in respect of a property that is a qualified production, or production costs directly attributable to the production of such a property incurred before the end of the year if it has been taken into consideration in computing such a labour expenditure or such costs in respect of another property that is a qualified production.

For the purposes of subparagraph 2 of subparagraph i of paragraph *a* of the definition of "qualified labour expenditure" in the first paragraph, an amount of assistance received by a corporation, another person or a partnership, as the case may be, is deemed, in respect of a property that is a qualified production, to be repaid by the corporation, the other person or the partnership in a taxation year, pursuant to a legal obligation, if that amount

(c) the amount of a benefit attributable to production costs of a property that is described in paragraph *a* of the definition of "qualified production" in the first paragraph includes the portion of the proceeds of disposition for a corporation of a particular property used by it as part of the production of the property that relates to the portion of the cost of acquisition of the particular property that has already been included in the production costs of the property up to the amount of the portion of the cost of acquisition of the particular property that has already been so included in the production costs of the property; and

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The amount that a corporation is deemed to have paid to the Minister, under the first paragraph, on account of its tax payable for a taxation year under this Part in respect of a property that is a qualified production for which an application for an advance ruling or, in the absence of such an application, an application for a qualification certificate is filed with the Société de développement des entreprises culturelles before 28 March 2018, must not exceed the amount by which, where the property is co-produced by the corporation and one or more other qualified corporations, the amount obtained by applying to $350,000 the corporation's share, expressed as a percentage, of the production costs in relation to the production of the property that is specified in the favourable advance ruling given or the qualification certificate issued, as the case may be, by the Société de développement des entreprises culturelles in respect of the property or, in any other case, $350,000, exceeds the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under that paragraph in respect of the property for a preceding taxation year exceeds the aggregate of all amounts each of which is an amount that the corporation is required to pay under section 1129.4.0.16.2 in respect of the property for a preceding taxation year.

In the case of a property referred to in subparagraph *a* of the first paragraph, the third paragraph is to be read as if "$350,000" were replaced wherever it appears by "$280,000".

i. an amount equal to 40% of its qualified labour expenditure attributable to preparation costs and digital version publishing costs for the year in respect of that property, and

ii. an amount equal to 30% of its qualified labour expenditure attributable to printing and reprinting costs for the year in respect of that property.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The amount that a corporation is deemed to have paid to the Minister, under the first paragraph, on account of its tax payable for a taxation year under this Part in respect of a property that is an eligible work or an eligible group of works must not exceed the amount by which, if the property is coedited by the corporation and one or more other eligible corporations, the amount obtained by applying to the amount determined under the fourth paragraph the corporation's share, expressed as a percentage, of the publishing costs in relation to

the preparation and printing of the property that is specified in the favourable advance ruling given or certificate issued by the Société de développement des entreprises culturelles in respect of the property or, in any other case, the amount determined under the fourth paragraph, exceeds the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under that paragraph in respect of the property for a preceding taxation year exceeds the aggregate of all amounts each of which is an amount that the corporation is required to pay under section 1129.4.0.18 in respect of the property for a preceding taxation year.

The amount to which the third paragraph refers is equal to,

(a) in the case of an eligible work, $437,500; and

(b) in the case of an eligible group of works, the amount obtained by multiplying $437,500 by the number of works that form that group.

However, where the fourth paragraph applies in respect of a property (other than a property described in any of subparagraphs *a*, *a*.1 and *a*.3 of the first paragraph), it is to be read, in respect of the property, as if "$437,500" were replaced wherever it appears by

(a) "$350,000", if the property is referred to in subparagraph *a*.2 of the first paragraph; and

(b) "$500,000", if the property is referred to in subparagraph *b* of the first paragraph.

person or partnership incurred and paid in respect of the person's or partnership's eligible employees, or that could be so attributed if that person or partnership had such employees; and

(c) the aggregate of all amounts each of which is one-half of the portion of the consideration paid by the corporation, under the terms of a contract, for eligible production work relating to the property, to a person or partnership with whom or which the corporation is dealing at arm's length at the time the contract is entered into, that may reasonably be attributed to the eligible production work carried out in Québec, in the year and on its behalf, by the employees of that person or partnership, or that could be so attributed if that person or partnership had employees;

1029.8.36.0.3.9. A corporation that, for a taxation year, is a qualified corporation and encloses with the fiscal return it is required to file for the year under section 1000 the documents described in the fourth paragraph, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to the amount obtained by applying the appropriate percentage, determined in the third paragraph in relation to a property that is a multimedia title for the year, to the corporation's qualified labour expenditure for the year in respect of the property.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The percentage to which the first paragraph refers in relation to a property that is a multimedia title for a taxation year is, as the case may be,

(a) if an application for a qualification certificate in respect of the property is filed before 21 March 2012, or after 20 March 2012 but in respect of a taxation year that ended before 21 March 2012, the percentage that corresponds to

i. 37.5%, where it is certified that the property is produced without having been ordered, is to be commercialized and is available in a French version,

ii. 30%, where it is certified that the property is produced without having been ordered, is to be commercialized and is not available in a French version, and

iii. 26.25%, in any other case; or

(b) if an application for a qualification certificate in respect of the property is filed after 20 March 2012 in respect of a taxation year that ends after that date, the percentage that corresponds, subject to the fifth paragraph, to

i. 37.5%, where it is certified that the property is to be commercialized and is available in a French version, and is not a vocational training title,

ii. 30%, where it is certified that the property is to be commercialized and is not available in a French version, and is not a vocational training title, and

iii. 26.25%, in any other case.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing the prescribed information; and

(b) a copy of the qualification certificate issued to the corporation by Investissement Québec, for the year and for the purposes of this division, in respect of a property that is a multimedia title.

Where this section applies in respect of all or part of a qualified labour expenditure that consists of salaries or wages incurred after 4 June 2014 and before 27 March 2015 or of amounts each of which is a portion of the consideration or one-half of a portion of the consideration that is paid under a contract entered into after 3 June 2014 and before 27 March 2015, the percentages of 37.5%, 30% and 26.25% in subparagraph *b* of the third paragraph are to be replaced by the percentages of 30%, 24% and 21%, respectively, in respect of all or part of the qualified labour expenditure.

For the purposes of the first paragraph, the amount, determined after the application of sections 1029.8.36.0.3.10.1 and 1029.8.36.0.3.13, of a salary or wages referred to in paragraph *a* or *b* of the definition of "qualified labour expenditure" in the first paragraph of section 1029.8.36.0.3.8, incurred and paid in respect of an eligible employee, may not exceed the amount obtained by multiplying $100,000 by the proportion that the number of days in the corporation's taxation year during which the employee is an eligible employee is of 365.

The sixth paragraph does not apply in respect of a salary or wages paid in consideration of services rendered by an eligible employee as part of the production of a property if

(a) the corporation makes an election in the prescribed form containing prescribed information in respect of a group of employees to which the employee belongs and the number of employees concerned by the election does not exceed 20% of the total number of eligible employees whose salaries or wages are taken into consideration in computing the corporation's qualified labour expenditure for the year in respect of the property; or

(b) where subparagraph *a* does not apply, the employee belongs to the group consisting of 20% of the total number of eligible employees whose salaries or wages taken into consideration in computing the corporation's qualified labour expenditure for the year in respect of the property are the highest.

For the purposes of the seventh paragraph, if the result obtained after having applied the percentage of 20% to the total number of eligible employees is not a whole number, it must be rounded to the nearest whole number and, if it is equidistant from two consecutive whole numbers, it must be rounded to the higher of those two numbers.

1029.8.36.0.3.10.1. For the purpose of computing the amount that a qualified corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.3.9, the following rules apply:

(a) the amount of the salaries or wages incurred or of a portion of the consideration paid, included in the qualified labour expenditure of the corporation for the year, in respect of a property that is a multimedia title, is to be reduced, where applicable, by the amount of any government assistance or non-government assistance attributable to the salaries or wages or to the portion of the consideration, as the case may be, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year; and

(b) the amount of a portion of the consideration paid that is referred to in paragraph *b* of the definition of "qualified labour expenditure" in the first paragraph of section 1029.8.36.0.3.8 and included in the qualified labour expenditure referred to in paragraph *a*, is to be reduced, where applicable, by the amount of any government assistance or non-government assistance that is attributable to the salaries or wages incurred and paid in respect of the eligible employees of an establishment of a person or partnership situated in Québec that are referred to in that paragraph *b*, or that would be so attributable if the person or partnership had such employees, and that the person or partnership has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year.

2006, c. 13, s. 119; 2007, c. 12, s. 164.

1029.8.36.0.3.11. If, in a taxation year, in this section referred to as the "repayment year", a person or partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that the person or partnership received and that reduced, in accordance with section 1029.8.36.0.3.10.1, the qualified labour expenditure of a corporation, for a particular taxation year, in respect of a property that is a multimedia title for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.0.3.9, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for that particular year under section 1029.8.36.0.3.9, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in section 1029.8.36.0.3.10.1, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.9 for that particular year; and

(b) any amount that the corporation is deemed to have paid to the Minister for a year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

1029.8.36.0.3.12. For the purposes of section 1029.8.36.0.3.11, an amount of assistance received by a person or partnership is deemed, in respect of a property that is a multimedia title, to be repaid by the person or partnership in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.0.3.10.1, a qualified labour expenditure of a qualified corporation for the purpose of computing the amount it is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.3.9;

(b) was not received by the person or partnership; and

1029.8.36.0.3.13. If, in respect of eligible production work in relation to a property that is a multimedia title, a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the carrying out of the eligible production work, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, or a person or partnership is deemed to have obtained or to be entitled to obtain such a benefit or advantage on a determination of the Minister to that effect, the amount of the salaries or wages incurred or of a portion of a consideration paid, included in the qualified labour expenditure of a qualified corporation, for a taxation year, in respect of the property, is, for the purpose of computing the amount that is deemed to have been paid to the Minister for the year by the corporation under section 1029.8.36.0.3.9, to be reduced, where applicable, by the amount of the benefit or advantage attributable to the salaries or wages or to the portion of a consideration, as the case may be, that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, or is deemed to have obtained or to be entitled to obtain, on or before the corporation's filing-due date for that year.

1029.8.36.0.3.14. Notwithstanding section 1029.8.36.0.3.9, where a corporation, under the terms of a contract, causes eligible production work to be carried out on its behalf in relation to a property that is a multimedia title, and the consideration payable or paid by the corporation for such work does not consist in whole of currency, the corporation shall not be deemed to have paid to the Minister an amount under that section in respect of all or any part of the consideration that may reasonably be considered to be payable or paid in currency.

1999, c. 83, s. 198.

DIVISION II.6.0.1.3

CREDIT FOR CORPORATIONS SPECIALIZED IN THE PRODUCTION OF MULTIMEDIA TITLES

1999, c. 83, s. 198.

1029.8.36.0.3.18. In this division,

"eligible employee", for a taxation year, means an individual in respect of whom the following conditions are met:

(a) the individual's name is specified in the qualification certificate issued by Investissement Québec, for the year and for the purposes of this division, to a corporation in respect of eligible multimedia titles; and

(b) throughout the period in the year during which the individual carries out eligible production work, relating to those titles, the individual is an employee who reports for work at an establishment of the employer situated in Québec;

"eligible multimedia title" of a corporation means a title that is not identified as being an excluded title on the qualification certificate issued to the corporation by Investissement Québec, for the year and for the purposes of this division, in respect of its activities;

"eligible production work", for a taxation year, relating to eligible multimedia titles, means the work specified in the qualification certificate issued by Investissement Québec, for the year and for the purposes of this division, to a corporation in respect of those titles and that is carried out, in whole or in part, by an eligible employee of the corporation or, as part of a contract, by a person or partnership whose name is specified in the qualification certificate;

"qualified corporation", for a taxation year, means a corporation that, in the year, has an establishment in Québec, carries on a qualified business in Québec and holds a qualification certificate issued to it by Investissement Québec, for the year and for the purposes of this division, in respect of its activities, but does not include

(a) a corporation that is exempt from tax for the year under Book VIII;

(b) a corporation that would be exempt from tax for the year under section 985, but for section 192; or

(c) (subparagraph repealed);

(d) a corporation that holds a qualification certificate in respect of a large investment project, within the meaning of the first paragraph of section 737.18.17.14, or a corporation that is a member of a partnership that holds such a qualification certificate, where the year is included in whole or in part in the period that begins on the date of issue of the initial qualification certificate and ends on the last day of the tax-free period, within the meaning of that first paragraph, in relation to the large investment project;

"qualified labour expenditure" of a corporation for a taxation year means, subject to the second paragraph, the aggregate of

(a) the salaries or wages attributable to eligible multimedia titles that were incurred by the corporation in the year and paid, in respect of its eligible employees, for eligible production work relating to such titles;

(b) the aggregate of all amounts each of which is the portion of the consideration paid by the corporation, under the terms of a contract, for eligible production work that was carried out on its behalf in the year in relation to eligible multimedia titles, to a person or partnership who or which carried out all or a part of the eligible production work and with whom or with which the corporation is not dealing at arm's length at the time the contract is entered into, that may reasonably be attributed to the salaries or wages attributable to the titles that the person or partnership incurred or paid in respect of its eligible employees, or that could be so attributed if that person or partnership had such employees; and

(c) the aggregate of all amounts each of which is one-half of the portion of the consideration paid by the corporation, under the terms of a contract, for eligible production work relating to eligible multimedia titles, to a person or partnership with whom or which the corporation is dealing at arm's length at the time the contract is entered into, that may reasonably be attributed to the eligible production work carried out in Québec, in the year and on its behalf by the employees of that person or partnership, or that could be so attributed if that person or partnership had such employees;

"salary or wages" means the income computed pursuant to Chapters I and II of Title II of Book III.

For the purposes of the definition of "qualified labour expenditure" in the first paragraph, an amount incurred in a taxation year that relates to work to be carried out in a subsequent taxation year is deemed not to have been incurred in that year, but to have been incurred in the subsequent year during which the work to which the amount refers is carried out.

For the purposes of the definition of "eligible employee" in the first paragraph, the following rules apply:

(a) where, during a period of a taxation year, an employee reports for work at an establishment of an employer situated in Québec and at an establishment of the employer situated outside Québec, the employee is deemed, for that period,

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the employer situated outside Québec; and

(b) where, during a period of a taxation year, an employee is not required to report for work at an establishment of an employer and the employee's wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.

1029.8.36.0.3.19. A corporation that, for a taxation year, is a qualified corporation and encloses with the fiscal return it is required to file for the year under section 1000 the documents described in the fourth paragraph is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for the year under this Part, an amount equal to the amount obtained by applying the appropriate percentage determined in the third paragraph in its respect for the year to its qualified labour expenditure for the year.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The percentage to which the first paragraph refers for a taxation year is, as the case may be,

(a) if an application for a qualification certificate is filed for the year before 21 March 2012, or after 20 March 2012 but in respect of a taxation year that ended before 21 March 2012, the percentage that corresponds to

i. 37.5%, where the valid qualification certificate issued to the corporation for the year certifies that at least 75% of the eligible multimedia titles produced by the corporation in the year are produced without having been ordered, are to be commercialized and are available in a French version, or that at least 75% of its gross revenue for the year is derived from such eligible multimedia titles,

ii. 30%, where subparagraph i does not apply and the valid qualification certificate issued to the corporation for the year certifies that at least 75% of the eligible multimedia titles produced by the corporation in the year are produced without having been ordered and are to be commercialized, or that at least 75% of its gross revenue for the year is derived from such eligible multimedia titles, and

iii. 26.25%, in any other case; or

(b) if an application for a qualification certificate in respect of the corporation's activities is filed after 20 March 2012 in respect of a taxation year that ends after that date, the percentage that corresponds, subject to the fifth paragraph, to

i. 37.5%, where the qualification certificate issued to the corporation for the year in respect of its activities certifies that at least 75% of the eligible multimedia titles produced by the corporation in the year are to be commercialized, are available in a French version and are not vocational training titles, or that at least 75% of its gross revenue for the year is derived from such eligible multimedia titles,

ii. 30%, where subparagraph i does not apply and the qualification certificate issued to the corporation for the year in respect of its activities certifies that at least 75% of the eligible multimedia titles produced by the corporation in the year are to be commercialized and are not vocational training titles, or that at least 75% of its gross revenue for the year is derived from such eligible multimedia titles, and

iii. 26.25%, in any other case.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing the prescribed information;

(b) a copy of the qualification certificate issued to the corporation by Investissement Québec, for the year and for the purposes of this division, in respect of its activities; and

(c) a copy of the qualification certificate issued to the corporation by Investissement Québec, for the year and for the purposes of this division, in respect of eligible multimedia titles.

Where this section applies in respect of all or part of a qualified labour expenditure that consists of salaries or wages incurred after 4 June 2014 and before 27 March 2015 or of amounts each of which is a portion of the consideration or one-half of a portion of the consideration that is paid under a contract entered into after 3 June 2014 and before 27 March 2015, the percentages of 37.5%, 30% and 26.25% in subparagraph *b* of the third paragraph are to be replaced by the percentages of 30%, 24% and 21%, respectively, in respect of all or part of the qualified labour expenditure.

For the purposes of the first paragraph, the amount, determined after the application of sections 1029.8.36.0.3.21 and 1029.8.36.0.3.24, of a salary or wages referred to in paragraph *a* or *b* of the definition of "qualified labour expenditure" in the first paragraph of section 1029.8.36.0.3.18, incurred and paid in respect of an eligible employee, may not exceed the amount obtained by multiplying $100,000 by the proportion that the number of days in the corporation's taxation year during which the employee is an eligible employee is of 365.

The sixth paragraph does not apply in respect of a salary or wages paid in consideration of services rendered by an eligible employee if

(a) the corporation makes an election in the prescribed form containing prescribed information in respect of a group of employees to which the employee belongs and the number of employees concerned by the election does not exceed 20% of the total number of eligible employees whose salaries or wages are taken into consideration in computing the corporation's qualified labour expenditure for the year; or

(b) where subparagraph *a* does not apply, the employee belongs to the group consisting of 20% of the total number of eligible employees whose salaries or wages taken into consideration in computing the corporation's qualified labour expenditure for the year are the highest.

For the purposes of the seventh paragraph, if the result obtained after having applied the percentage of 20% to the total number of eligible employees is not a whole number, it must be rounded to the nearest whole number and, if it is equidistant from two consecutive whole numbers, it must be rounded to the higher of those two numbers.

1029.8.36.0.3.21. For the purpose of computing the amount that a qualified corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.3.19, the following rules apply:

(a) the amount of the salaries or wages incurred or of a portion of the consideration paid, included in the qualified labour expenditure of the corporation for the year, is to be reduced, where applicable, by the amount of any government assistance or non-government assistance that is attributable to the salaries or wages or to the portion of the consideration, as the case may be, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year; and

(b) the amount of a portion of the consideration paid that is referred to in paragraph *b* of the definition of "qualified labour expenditure" in the first paragraph of section 1029.8.36.0.3.18 and included in the qualified labour expenditure referred to in paragraph *a*, is to be reduced, where applicable, by the amount of any government assistance or non-government assistance that is attributable to the salaries or wages incurred and paid in respect of the eligible employees of an establishment of a person or partnership situated in Québec that are referred to in that paragraph *b*, or that would be so attributable if the person or partnership had such employees, and that the person or partnership has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year.

1999, c. 83, s. 198; 2007, c. 12, s. 171.

1029.8.36.0.3.22. If, in a taxation year, in this section referred to as the "repayment year", a person or partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that the person or partnership received and that reduced, in accordance with section 1029.8.36.0.3.21, the qualified labour expenditure of a corporation for a particular taxation year for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.0.3.19, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for that particular year under section 1029.8.36.0.3.19, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in section 1029.8.36.0.3.21, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.19 for that particular year; and

(b) any amount that the corporation is deemed to have paid to the Minister for a year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

1029.8.36.0.3.23. For the purposes of section 1029.8.36.0.3.22, an amount of assistance received by a person or partnership is deemed to be repaid by the person or partnership in a particular taxation year, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.0.3.21, the qualified labour expenditure of a corporation for a taxation year for the purpose of computing the amount it is deemed to have paid to the Minister under section 1029.8.36.0.3.19;

(b) was not received by the person or partnership; and

(c) ceased in the particular taxation year to be an amount that the person or partnership may reasonably expect to receive.

1999, c. 83, s. 198; 2001, c. 7, s. 169; 2007, c. 12, s. 173.

1029.8.36.0.3.24. If, in respect of eligible production work relating to eligible multimedia titles, a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the carrying out of the eligible production work, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, or a person or partnership is deemed to have obtained or to be entitled to obtain such a benefit or advantage on a determination by the Minister to that effect, the amount of the salaries or wages incurred or of a portion of a consideration paid, included in the qualified labour expenditure of a qualified corporation for a taxation year, is, for the purpose of computing the amount that is deemed to have been paid to the Minister for the year by the corporation under section 1029.8.36.0.3.19, to be reduced, where applicable, by the amount of the benefit or advantage attributable to the salaries or wages or to the portion of a consideration, as the case may be, that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, or is deemed to have obtained or to be entitled to obtain, on or before the corporation's filing-due date for that year.

1029.8.36.0.3.25. Notwithstanding section 1029.8.36.0.3.19, where a qualified corporation, under the terms of a contract, causes eligible production work to be carried out on its behalf in relation to eligible multimedia titles, and the consideration payable or paid by the corporation for such work does not consist in whole of currency, the corporation shall not be deemed to have paid to the Minister an amount under that section in respect of all or any part of the consideration that cannot reasonably be considered to be payable or paid in currency.

1999, c. 83, s. 198.

1029.8.36.0.3.26. For the purposes of this division, a qualified labour expenditure of a qualified corporation shall be reduced by the amount of the consideration payable or paid, under the terms of a contract entered into for the carrying out of eligible production work, in relation to the disposition of property or the providing of a service to the corporation or to a person with whom the corporation is not dealing at arm's length, except to the extent that the consideration may reasonably be considered to relate to property resulting from the eligible production work or to services relating to the property, or to property or part of a property consumed in connection with the work or the services.

CREDIT FOR MAJOR EMPLOYMENT-GENERATING PROJECTS

2006, c. 13, s. 129.

§ 1. — *Interpretation and general*

2006, c. 13, s. 129.

1029.8.36.0.3.72. In this division,

"eligible contract" of a corporation means a contract in respect of which a qualification certificate is issued to the corporation by Investissement Québec, for the purposes of this division;

"eligible employee" of a corporation for all or part of a taxation year, in relation to an eligible contract, means an employee of the corporation, other than an excluded employee at any time in that year, who, in that year or part of the year, reports at an establishment of the corporation situated in Québec and in respect of whom a qualification certificate is issued to the corporation by Investissement Québec for the purposes of this division, in respect of all or part of the year, in relation to the eligible contract;

"excluded corporation" for a taxation year means a corporation that

(a) is exempt from tax under Book VIII for the year;

(b) would be exempt from tax under section 985 for the year, but for section 192; or

(c) has made an election under the fourth or fifth paragraph of section 1029.8.36.0.3.80 for the year or a preceding taxation year;

"excluded employee" of a corporation at a particular time means an employee who, at that time, is a specified shareholder of the corporation or, if the corporation is a cooperative, a specified member of that corporation;

"qualified corporation" for a taxation year means a corporation in respect of which a qualification certificate valid for the year is issued by Investissement Québec for the purposes of this division;

"qualified wages" incurred by a qualified corporation in a taxation year in respect of an eligible employee for all or part of the taxation year means the lesser of

(a) the amount obtained by multiplying $60,000 by the proportion that the number of days in the corporation's taxation year during which the employee qualifies as an eligible employee of the corporation is of 365; and

(b) the amount by which the amount of the wages incurred by the qualified corporation in respect of the employee in the year, while the employee qualified as an eligible employee of the qualified corporation, to the extent that that amount is paid, exceeds the aggregate of

i. the aggregate of all amounts each of which is an amount of government assistance or non-government assistance attributable to such wages, that the qualified corporation has received, is entitled to receive or may reasonably expect to receive, on or before the qualified corporation's filing-due date for that taxation year, and

ii. the aggregate of all amounts each of which is the amount of a benefit or advantage in respect of such wages, other than a benefit or advantage that may reasonably be attributed to the work carried out by the eligible employee under an eligible contract of the qualified corporation for the taxation year, that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the qualified corporation's filing-due date for that taxation year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner;

"specified member" of a corporation that is a cooperative, in a taxation year, means a member having, directly or indirectly, at any time in the year, at least 10% of the votes at a meeting of the members of the cooperative;

For the purposes of the definition of "eligible employee" in the first paragraph,

(a) if, during all or part of a taxation year, an employee reports for work at an establishment of a qualified corporation situated in Québec and at an establishment of the qualified corporation situated outside Québec, the employee is, for that period, deemed

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the qualified corporation situated outside Québec; and

(b) if, during all or part of a taxation year, an employee is not required to report for work at an establishment of a qualified corporation and the employee's salary or wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.

§ 2. — *Credit*

2006, c. 13, s. 129.

1029.8.36.0.3.73. A qualified corporation for a taxation year that, in the year, has an establishment in Québec and carries on an eligible business in Québec, other than an excluded corporation for the year, and that encloses the documents referred to in the fifth paragraph with the fiscal return it is required to file for the year under section 1000, is deemed, subject to the fourth paragraph, to have paid to the Minister on the qualified corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 20% of the aggregate of all amounts each of which is the qualified wages incurred by the qualified corporation after 31 December 2004 and in the year, but before 1 January 2017, in respect of an eligible employee, in relation to an eligible contract, for all or part of that year.

Despite the first paragraph and subject to the third paragraph, no corporation may be deemed to have paid an amount to the Minister for a taxation year, for the purposes of this division, in respect of more than 2,000 eligible employees.

If the corporation referred to in the first paragraph is associated in a taxation year with at least one other qualified corporation for the year, the reference to "2,000" in the second paragraph is to be replaced by the number of employees attributed to the corporation, in respect of the taxation year, in accordance with the agreement described in section 1029.8.36.0.3.74.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under this division, to have been paid to the Minister on that date, for the purpose of computing that payment.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the following documents:

i. the valid qualification certificate issued in respect of the corporation by Investissement Québec for the purposes of this division,

ii. any valid qualification certificate issued to the corporation, for the purposes of this division, in respect of an eligible contract, and

iii. any valid qualification certificate issued to the corporation for the year in relation to an eligible employee in respect of whom the corporation is deemed to have paid an amount for the year to the Minister under the first paragraph; and

(c) if the third paragraph applies, the agreement described in section 1029.8.36.0.3.74 filed in prescribed form.

2006, c. 13, s. 129; 2006, c. 36, s. 135; 2015, c. 21, s. 433.

1029.8.36.0.3.74. The agreement to which the third paragraph of section 1029.8.36.0.3.73 refers in respect of a taxation year means an agreement under which all of the qualified corporations for the year that are associated with each other in the year, hereinafter called the "group of associated corporations", attribute to each corporation, for the purposes of that third paragraph, a maximum number of eligible employees in respect of whom a qualified corporation is deemed to have paid an amount to the Minister for the purposes of this division; the total of the numbers so attributed to corporations that are members of the group of associated corporations for the taxation year is not to exceed 2,000.

If the total of the numbers attributed in the agreement described in the first paragraph, in respect of a taxation year, exceeds 2,000, the maximum number of eligible employees attributed to each corporation that is a member of the group of associated corporations for the year is deemed, for the purposes of the first paragraph, to be equal to the proportion of 2,000 that the number attributed for the year in the agreement to that corporation is of the total of the numbers attributed for the year in the agreement.

2006, c. 13, s. 129; 2012, c. 8, s. 202.

§ 3. — *Government assistance, non-government assistance and other particulars*

2006, c. 13, s. 129.

1029.8.36.0.3.76. If, before 1 January 2018, a corporation pays in a taxation year, in this section referred to as the "repayment year", pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that has been taken into account for the purpose of computing qualified wages incurred in a particular taxation year by the corporation in respect of an eligible employee in respect of whom the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.73 for the particular taxation year, the corporation is deemed, if it encloses the prescribed form containing the prescribed information with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the

repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year under section 1029.8.36.0.3.73 in respect of the qualified wages, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount determined under subparagraph i of paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.72, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.0.3.73 in respect of the qualified wages; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

2006, c. 13, s. 129; 2006, c. 36, s. 137.

1029.8.36.0.3.77. For the purposes of section 1029.8.36.0.3.76, an amount of assistance is deemed to be repaid by a corporation in a taxation year, pursuant to a legal obligation, if that amount

(a) reduced, because of subparagraph i of paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.72, the amount of the wages referred to in that paragraph *b*, for the purpose of computing qualified wages in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.73;

(b) was not received by the corporation; and

(c) ceased in the taxation year to be an amount that the corporation may reasonably expect to receive.

2006, c. 13, s. 129; 2006, c. 36, s. 138.

1029.8.36.0.3.78. If it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause the maximum number of eligible employees set out in the second paragraph of section 1029.8.36.0.3.73, in respect of whom a corporation is deemed to have paid an amount to the Minister for a taxation year, not to be replaced by a smaller number in accordance with the third paragraph of section 1029.8.36.0.3.73 and section 1029.8.36.0.3.74, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.

Where the aggregate of the amounts attributed, in respect of a taxation year or fiscal period, pursuant to an agreement described in the first paragraph and entered into by the qualified corporations and qualified partnerships that are members of an associated group in the year or fiscal period exceeds $20,000,000, the amount determined under subparagraph i of paragraph *b* of section 1029.8.36.0.3.89 in respect of each of those corporations or partnerships for the taxation year or fiscal period, as the case may be, is deemed, for the purposes of this division, to be equal to the amount obtained by multiplying $20,000,000 by the proportion that the amount that was attributed to the corporation or partnership in the agreement, in respect of the year or fiscal period, is of the aggregate of the amounts that were so attributed.

2019, c. 14, s. 332.

1029.8.36.0.3.91. Where qualified corporations or qualified partnerships are part, in a taxation year or fiscal period, of an associated group and where a corporation (other than an excluded corporation) that is a member of that group or of any of those qualified partnerships fails to file with the Minister the agreement to which subparagraph i of paragraph *b* of section 1029.8.36.0.3.89 refers within 30 days after notice in writing by the Minister has been sent to such a corporation that such an agreement is required for the purposes of any assessment of tax under this Part or for the determination of another amount, the Minister shall, for the purposes of this division, attribute an amount to one or more of those qualified corporations or qualified partnerships for the taxation year or fiscal period, which amount or the aggregate of which amounts, as the case may be, must be equal to $20,000,000, and in such a case, despite subparagraph ii of that paragraph *b*, the digital conversion costs limit of each of those qualified corporations or qualified partnerships that are members of that group, for the year or fiscal period, is equal to the amount so attributed to it.

2019, c. 14, s. 332.

1029.8.36.0.3.92. Despite sections 1029.8.36.0.3.89 to 1029.8.36.0.3.91, the following rules apply:

(a) where a corporation or partnership that is a member of an associated group (in this paragraph referred to as the "first entity") has more than one taxation year or fiscal period, as the case may be, ending in the same calendar year and is associated in at least two of those taxation years or fiscal periods with another corporation or partnership that is a member of the group and that has a taxation year or fiscal period, as the case may be, ending in that calendar year, the digital conversion costs limit of the first entity for each particular taxation year or particular fiscal period that ends in the calendar year in which it is associated with the other corporation or partnership and after the first taxation year or fiscal period ending in that calendar year and after 27 March 2018 is, subject to paragraph *b*, an amount equal to the lesser of

i. its digital conversion costs limit for that first taxation year or fiscal period, determined without reference to this section, and

ii. its digital conversion costs limit for the particular taxation year or particular fiscal period, determined without reference to this section;

(b) where the taxation year of a corporation or the fiscal period of a partnership has fewer than 51 weeks and paragraph *c* does not apply, the digital conversion costs limit of the corporation or partnership for the year or fiscal period, as the case may be, is equal to the amount obtained by multiplying its digital conversion costs limit for the year or fiscal period, determined without reference to this paragraph, by the proportion that the number of days in the year or fiscal period is of 365; and

(c) where only a part of the taxation year of a corporation or of the fiscal period of a partnership is included in the eligibility period, the digital conversion costs limit of the corporation for the year, or of the partnership for the fiscal period, is equal to the amount obtained by multiplying its digital conversion costs

limit for the year or fiscal period, determined without reference to this paragraph, by the proportion that the number of days in the part of the year or fiscal period is of the number of days in the year or fiscal period.

2019, c. 14, s. 332.

1029.8.36.0.3.93. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations or partnerships in a taxation year or fiscal period, as the case may be, is to cause a qualified corporation or a corporation that is a member of a qualified partnership to be deemed to have paid an amount to the Minister under this division for that year or for the taxation year in which the fiscal period ends or to increase an amount that such a corporation is deemed to have paid to the Minister under this division for such a year, those corporations or partnerships are deemed, for the purposes of this division, to be associated with each other in the year or fiscal period, as the case may be.

2019, c. 14, s. 332.

1029.8.36.0.3.94. For the purposes of sections 1029.8.36.0.3.89 to 1029.8.36.0.3.92, "associated group" in a taxation year or a fiscal period means all the qualified corporations and qualified partnerships that are associated with each other in the year or fiscal period, as the case may be.

2019, c. 14, s. 332.

1029.8.36.0.3.95. For the purposes of this division, a corporation's share of an amount, in relation to a partnership of which the corporation is a member at the end of a fiscal period, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

1029.8.36.0.3.96. A qualified corporation for a taxation year that encloses the documents described in the third paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the second paragraph, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to 35% of the lesser of

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date for the purpose of computing that payment.

1029.8.36.0.3.97. A corporation (other than an excluded corporation) that is a member of a qualified partnership at the end of a fiscal period of the qualified partnership that ends in a taxation year and that encloses the documents described in the third paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to 35% of the lesser of

(a) its share of the partnership's eligible digital conversion costs for the fiscal period; and

(b) its share of the partnership's digital conversion costs limit for the fiscal period.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1159.7, 1175 and 1175.19 where those sections refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

2019, c. 14, s. 332.

1029.8.36.0.3.98. Despite section 1029.8.36.0.3.96, no amount may be deemed to have been paid to the Minister by a qualified corporation for a taxation year in respect of the portion of its eligible digital conversion costs for the year that corresponds to the portion of a qualified expenditure of the corporation that relates to the acquisition costs of a qualified property that the corporation incurred, where, at any time on or before the date described in the second paragraph, the property ceases, otherwise than by reason of its loss, the involuntary destruction of the property by fire, theft or water, a major breakdown of the property or its obsolescence, to be used exclusively or almost exclusively by the corporation, on the one hand, to carry out eligible digital conversion activities that relate, in whole or in part, to an eligible media of the corporation and, on the other hand, in an establishment of the corporation situated in Québec in which the eligible media is produced or from which it is disseminated.

The date to which the first paragraph refers is the earlier of

(a) the 730th day of the period that begins on the date of the acquisition of the property by the corporation; and

(b) the corporation's filing-due date for the year.

For the purposes of the first paragraph, where, at any time, a corporation disposes of a qualified property for proceeds of disposition equal to or greater than 10% of the cost of acquiring it, the corporation is deemed not to have ceased to use, at that time, the property by reason of its obsolescence.

In this section, a print media is deemed to be an eligible media for a particular period that follows the last day of the eligibility period, if the conditions of section 18.4 of Schedule A to the Act respecting the sectoral parameters of certain fiscal measures (chapter P-5.1) are met in its respect for that period.

2019, c. 14, s. 332.

1029.8.36.0.3.99. Despite section 1029.8.36.0.3.97, no amount may be deemed to have been paid to the Minister by a corporation for the taxation year in which a fiscal period of a partnership of which the corporation is a member ends, in respect of the portion of the partnership's eligible digital conversion costs for the fiscal period that corresponds to the portion of a qualified expenditure of the partnership that relates to the acquisition costs of a qualified property that the partnership incurred, where, at any time on or before the date described in the second paragraph, the property ceases, otherwise than by reason of its loss, the involuntary destruction of the property by fire, theft or water, a major breakdown of the property or its obsolescence, to be used exclusively or almost exclusively by the partnership, on the one hand, to carry out eligible digital conversion activities that relate, in whole or in part, to an eligible media of the partnership and, on the other hand, in an establishment of the partnership situated in Québec in which the eligible media is produced or from which it is disseminated.

The date to which the first paragraph refers is the earlier of

(a) the 730th day of the period that begins on the date of the acquisition of the property by the partnership; and

(b) the corporation's filing-due date for the year.

For the purposes of the first paragraph, where, at any time, a partnership disposes of a qualified property for proceeds of disposition equal to or greater than 10% of the cost of acquiring it, the partnership is deemed not to have ceased to use, at that time, the property by reason of its obsolescence.

In this section, a print media is deemed to be an eligible media for a particular period that follows the last day of the eligibility period, if the conditions of section 18.4 of Schedule A to the Act respecting the sectoral parameters of certain fiscal measures (chapter P-5.1) are met in its respect for that period.

§ 3. — *Government assistance, non-government assistance and other particulars*

2019, c. 14, s. 332.

1029.8.36.0.3.100. For the purpose of computing the amount that a qualified corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.3.96, in respect of its eligible digital conversion costs for the year, the following rules apply:

(a) the amount of the qualified wages incurred by the corporation in the year in respect of an eligible employee, included in those eligible digital conversion costs, is to be reduced, where applicable, by the aggregate of all amounts each of which is an amount of government assistance or non-government assistance, attributable to those wages, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year; and

(b) the amount of the corporation's qualified expenditure for the year, in respect of an eligible digital conversion contract, included in those eligible digital conversion costs, is to be determined by reducing, where applicable, the costs that were taken into consideration in computing the qualified expenditure and that were incurred by the corporation for the acquisition or lease of a qualified property, the supply of eligible services or the attribution of an eligible right of use, as the case may be, by the aggregate of all amounts each of which is an amount of government assistance or non-government assistance, attributable to those costs, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the year.

2019, c. 14, s. 332.

1029.8.36.0.3.101. For the purpose of computing the amount that a corporation that is a member of a qualified partnership is deemed to have paid to the Minister under section 1029.8.36.0.3.97 for the taxation year in which a fiscal period of the partnership ends, in respect of the partnership's eligible digital conversion costs for that fiscal period, the following rules apply:

(a) the amount of the qualified wages incurred by the partnership in the fiscal period in respect of an eligible employee, included in those eligible digital conversion costs, is to be reduced, where applicable, by the total of

i. the aggregate of all amounts each of which is an amount of government assistance or non-government assistance, attributable to those wages, that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of that fiscal period, and

ii. the aggregate of all amounts each of which is the product obtained by multiplying an amount of government assistance or non-government assistance, attributable to those wages, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the partnership's fiscal period, by the reciprocal of the agreed proportion in respect of the corporation for that fiscal period; and

(b) the amount of the partnership's qualified expenditure for the fiscal period, in respect of an eligible digital conversion contract, included in those eligible digital conversion costs, is to be determined by reducing, where applicable, the costs that were taken into consideration in computing the qualified

expenditure and that were incurred by the partnership for the acquisition or lease of a qualified property, the supply of eligible services or the attribution of an eligible right of use, as the case may be, by the total of

i. the aggregate of all amounts each of which is an amount of government assistance or non-government assistance, attributable to those costs, that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of that fiscal period, and

ii. the aggregate of all amounts each of which is the product obtained by multiplying an amount of government assistance or non-government assistance, attributable to those costs, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the partnership's fiscal period, by the reciprocal of the agreed proportion in respect of the corporation for that fiscal period.

2019, c. 14, s. 332.

1029.8.36.0.3.102. Where, before 1 January 2027, a corporation pays in a taxation year (in this section referred to as the "repayment year"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of section 1029.8.36.0.3.100, the corporation's eligible digital conversion costs for a particular taxation year, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.96 for the particular year, the corporation is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on its balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister under section 1029.8.36.0.3.96 for the particular year if any amount of assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the aggregate of the amounts of assistance described in paragraph *a* or *b* of section 1029.8.36.0.3.100 to which it relates, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.96 for the particular year; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year, in respect of an amount of repayment of such assistance.

2019, c. 14, s. 332; 2021, c. 14, s. 137; 2024, c. 11, s. 114.

1029.8.36.0.3.103. Where, before 1 January 2027, a partnership pays in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of paragraph *a* or *b* of section 1029.8.36.0.3.101, the partnership's eligible digital conversion costs for a particular fiscal period, for the purpose of computing the amount that a corporation that is a member of the partnership is deemed to have paid to the Minister under section 1029.8.36.0.3.97, in respect of its share of those costs, for its taxation year in which the particular fiscal period ended (in this section referred to as the "particular year"), the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.0.3.97 for the particular year, in respect of its share of those costs, exceeds the total of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.0.3.97 for the particular year, in respect of its share of the partnership's eligible digital conversion costs for the particular fiscal period, if the agreed proportion in respect of the corporation for that fiscal period were the same as that for the fiscal period of repayment; and

(b) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister under this section, for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of such assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of such assistance repaid by the partnership at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the aggregate of the amounts of assistance described in subparagraph i of paragraph *a* or *b* of section 1029.8.36.0.3.101 to which it relates; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2019, c. 14, s. 332; 2021, c. 14, s. 138; 2024, c. 11, s. 115.

1029.8.36.0.3.104. Where, before 1 January 2027, a corporation that is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") pays, in that fiscal period, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, in the manner described in subparagraph ii of paragraph *a* or *b* of section 1029.8.36.0.3.101, the partnership's eligible digital conversion costs for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.97, in respect of its share of those costs, for its taxation year in which the particular fiscal period ended (in this section referred to as the "particular year"), the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.0.3.97 for the particular year, in respect of its share of those costs, exceeds the total of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.0.3.97 for the particular year, in respect of its share of the partnership's eligible digital conversion costs for the particular fiscal period, if the agreed proportion in respect of the corporation for that fiscal period were the same as that for the fiscal period of repayment; and

(b) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister under this section, for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of such assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount obtained by multiplying the reciprocal of the agreed proportion, in respect of the corporation for the fiscal period of repayment, by an amount of such assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the aggregate described in subparagraph ii of paragraph *a* or *b* of section 1029.8.36.0.3.101 to which it relates; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2019, c. 14, s. 332; 2021, c. 14, s. 139; 2024, c. 11, s. 116.

(a) reduced, because of section 1029.8.36.0.3.100 or 1029.8.36.0.3.101, the amount of qualified wages included in the eligible digital conversion costs in respect of which the corporation or a corporation that is a member of the partnership is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.96 or 1029.8.36.0.3.97, as the case may be, or costs that are used to determine the amount of a qualified expenditure included in those eligible digital conversion costs;

(b) was not received by the corporation or the partnership; and

(c) ceased at the particular time to be an amount that the corporation or the partnership may reasonably expect to receive.

2019, c. 14, s. 332.

1029.8.36.0.3.106. In determining, for the purposes of sections 1029.8.36.0.3.96 and 1029.8.36.0.3.97, the amount of a qualified expenditure of a corporation or a partnership for a taxation year or a fiscal period, as the case may be, that is included in the eligible digital conversion costs of the corporation or partnership for that year or fiscal period, the costs that were taken into consideration in computing the expenditure must be reduced by the amount of the consideration for the disposition or lease of a property, or for the supply of services, to the corporation or a person with whom the corporation does not deal at arm's length, or to the partnership, one of its members or a person with whom one of its members does not deal at arm's length, except to the extent that the consideration may reasonably be considered to relate to the acquisition, lease or installation of a qualified property, the acquisition of a property resulting from eligible digital conversion activities or of a property consumed in connection with the carrying out of such activities, the supply of eligible services or the attribution of an eligible right of use.

2019, c. 14, s. 332.

i. the amount of the benefit or advantage that a partnership or a person other than a person referred to in subparagraph ii has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the particular fiscal period, or

ii. the product obtained by multiplying the amount of the benefit or advantage that the corporation or a person with whom the corporation is not dealing at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the particular fiscal period, by the reciprocal of the agreed proportion in respect of the corporation for that fiscal period.

2019, c. 14, s. 332.

(a) for the purpose of computing the amount that the qualified corporation is deemed to have paid to the Minister for a particular taxation year under section 1029.8.36.0.3.96 in respect of its eligible digital conversion costs for that year, the amount of the corporation's qualified expenditure for the particular year in relation to the contract that is included in those eligible digital conversion costs is to be reduced by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the particular year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.0.3.97, by a corporation that is a member of the qualified partnership at the end of the partnership's particular fiscal period ending in the year, in respect of the partnership's eligible digital conversion costs for that fiscal period, the amount of the partnership's qualified expenditure for that fiscal period in relation to the contract that is included in those eligible digital conversion costs is to be reduced by

"qualified wages" incurred by a corporation in a taxation year, or by a partnership in a fiscal period, in respect of an eligible employee of the corporation or partnership, means the lesser of

(a) the amount obtained by multiplying $75,000 by the proportion that the number of days in the taxation year or fiscal period that follow 31 December 2018 and during which the individual is recognized as an eligible employee of the corporation or partnership, as the case may be, is of 365; and

(b) the amount by which the amount of the wages incurred by the corporation or partnership in respect of the individual, after 31 December 2018 and in the part of the taxation year or fiscal period during which the individual is recognized as an eligible employee of the corporation or partnership, to the extent that that amount is paid, exceeds the aggregate of all amounts each of which is an amount of government assistance or non-government assistance attributable to such wages that the corporation or partnership has received, is entitled to receive or may reasonably expect to receive on or before, in the case of the corporation, the corporation's filing-due date for the taxation year or, in the case of the partnership, the last day of the six-month period following the end of the fiscal period;

"recognized activity" means an information technology activity that is related to the production or dissemination of original information content intended for publication in an eligible media;

"specified member" of a corporation that is a cooperative in a taxation year means either a member of the cooperative that has, directly or indirectly, at any time in the year, at least 10% of the votes that could be cast at a meeting of the members of the cooperative or a person that does not deal at arm's length with such a member;

"transitional period" means the calendar year 2019;

"wages" means the income computed under Chapters I and II of Title II of Book III;

"wholly-owned subsidiary" of a corporation or a partnership, for a taxation year of the corporation or a fiscal period of the partnership, means another corporation (other than an excluded subsidiary for that year or fiscal period) all of whose issued shares of each class of shares of its capital stock are owned by the corporation or partnership throughout that year or fiscal period.

In computing, for the purposes of the definition of "qualified expenditure" of a corporation or partnership for a taxation year or fiscal period of the corporation or partnership, the portion of the consideration referred to in that definition that is paid by the corporation or partnership to its wholly-owned subsidiary, the following rules apply:

(a) the wages of an eligible employee of the wholly-owned subsidiary that are taken into account in that computation may not exceed the amount obtained by multiplying $75,000 by the proportion that the number of days in the taxation year or fiscal period that follow 31 December 2018 but precede 1 January 2020, and during which the individual is recognized as an eligible employee of the wholly-owned subsidiary is of 365; and

(b) the portion of the consideration is to be reduced by the aggregate of all amounts each of which is an amount of government assistance or non-government assistance that is attributable to the portion of the wages, incurred and paid by the wholly-owned subsidiary in respect of its eligible employees, which is taken into account in computing that portion of the consideration and that the corporation or partnership has received, is entitled to receive or may reasonably expect to receive on or before, in the case of the corporation, the corporation's filing-due date for the year or, in the case of the partnership, the last day of the six-month period following the end of the fiscal period.

For the purposes of subparagraph *b* of the second paragraph, an amount of government assistance or non-government assistance that is, at a particular time, received or receivable by the wholly-owned subsidiary of a

corporation or partnership and that is attributable to the wages of its eligible employees is deemed to be received at that time by the corporation or partnership, as the case may be.

In determining, for the purposes of this division, whether an individual is an eligible employee of a corporation that is a wholly-owned subsidiary of another corporation or of a partnership for, as the case may be, a taxation year or a fiscal period of the corporation or partnership that includes all or part of the transitional period, the following rules apply:

(a) the definition of "eligible employee" in the first paragraph is to be read

i. as if "of a corporation or a partnership for all or part of a taxation year or fiscal period, as the case may be," in the portion before paragraph *a* were replaced by "of a wholly-owned subsidiary of a corporation or partnership for all or part of a taxation year or fiscal period, as the case may be, of the corporation or partnership" and without reference to ", subject to the fourth paragraph,",

ii. as if "employee of the corporation or partnership" and "of the corporation or partnership situated either in Québec or, where the condition in the fifth paragraph is met, elsewhere in Canada" in paragraph *a* were replaced by "employee of the wholly-owned subsidiary" and "of the wholly-owned subsidiary situated in Québec", respectively, and

iii. as if "of the corporation or partnership" in paragraph *b* were replaced by "of the wholly-owned subsidiary"; and

(b) the definition of "excluded employee" in the first paragraph is to be read

i. without reference to ", subject to the fourth paragraph," in the portion before paragraph *a*,

ii. as if "where the employer is a corporation" in paragraph *a* were replaced by "where the employer is a wholly-owned subsidiary of the corporation", and

iii. as if "where the employer is a partnership" in paragraph *b* were replaced by "where the employer is a wholly-owned subsidiary of the partnership".

An individual who reports for work at an establishment of a qualified corporation or qualified partnership situated in Canada outside Québec is an eligible employee of the corporation or partnership only if all of the corporation's or partnership's eligible employees who report for work at one of the corporation's or partnership's establishments situated in Québec represent at least 75% of all the individuals who are or would be, but for this paragraph, the corporation's or partnership's eligible employees.

For the purposes of the definition of "eligible employee" in the first paragraph, the following rules are taken into account:

(a) where, during all or part of a taxation year or fiscal period, an employee reports for work at an establishment of a corporation or partnership situated in Québec and at an establishment of the corporation or partnership situated outside Québec, the employee is deemed, for that period,

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the corporation or partnership situated outside Québec; and

(b) where, during all or part of a taxation year or fiscal period, an employee is not required to report for work at an establishment of a corporation or partnership and the employee's wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.

To determine whether, during all or part of a taxation year or fiscal period, an employee reports for work at an establishment of a corporation or partnership situated in Canada outside Québec, the sixth paragraph applies, subject to the following rules:

(a) where, during that period, the employee reports for work at an establishment of the corporation or partnership situated in Canada outside Québec and at an establishment of the corporation or partnership situated outside Canada, subparagraph *a* of the sixth paragraph is to be read as if all occurrences of "in Québec" and "outside Québec" were replaced by "in Canada outside Québec" and "outside Canada", respectively; and

(b) where, during that period, the employee is not required to report for work at an establishment of the corporation or partnership and the employee's wages in relation to that period are paid from such an establishment situated in Canada outside Québec, subparagraph *b* of the sixth paragraph is to be read as if "situated in Québec" and "mainly in Québec" were replaced by "situated in Canada outside Québec" and "mainly in the province where it is situated", respectively.

1029.8.36.0.3.110. For the purposes of this division, a corporation's share of an amount, in relation to a partnership of which the corporation is a member at the end of a fiscal period, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2021, c. 14, s. 140.

§ 2. — *Credits*

2021, c. 14, s. 140.

1029.8.36.0.3.111. A qualified corporation for a taxation year that encloses the documents described in the third paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the second paragraph, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to 35% of the aggregate of all amounts each of which is the qualified wages incurred by the qualified corporation in the year in respect of an eligible employee for all or part of the year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1159.7, 1175 and 1175.19 where those sections refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date for the purpose of computing that payment.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of

i. any certificate issued to the corporation for the year in respect of a media business for the purposes of this division, and

ii. any certificate issued to the corporation for the year in respect of an individual for the purposes of this division.

Where the qualified corporation's taxation year includes all or part of the transitional period and where, in the transitional period or part of that period, the corporation's wholly-owned subsidiary carries out work on its behalf in relation to recognized activities, the amount that the corporation is deemed to have paid to the Minister for the year under the first paragraph is determined by adding the corporation's qualified expenditure for the year to the aggregate described in that first paragraph.

2021, c. 14, s. 140.

1029.8.36.0.3.112. A corporation (other than an excluded corporation) that is a member of a qualified partnership at the end of a fiscal period of the qualified partnership that ends in a taxation year and that encloses the documents described in the third paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to 35% of its share of the aggregate of all amounts each of which is the qualified wages incurred by the qualified partnership in the fiscal period in respect of an eligible employee for all or part of the fiscal period.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1159.7, 1175 and 1175.19 where those sections refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date for the purpose of computing that payment.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of

i. any certificate issued to the partnership for the fiscal period in respect of a media business for the purposes of this division, and

ii. any certificate issued to the partnership for the fiscal period in respect of an individual for the purposes of this division.

Where the qualified partnership's fiscal period includes all or part of the transitional period and where, in the transitional period or part of that period, the partnership's wholly-owned subsidiary carries out work on its behalf in relation to recognized activities, the amount that a corporation that is a member of the partnership is deemed to have paid to the Minister under the first paragraph for a taxation year that ends in the fiscal period

is determined by adding the partnership's qualified expenditure for the fiscal period to the aggregate described in that first paragraph.

2021, c. 14, s. 140.

1029.8.36.0.3.113. Despite the expiry of the time limit provided for in the first paragraph of section 1029.6.0.1.2 for filing the documents described in the third paragraph of section 1029.8.36.0.3.111 or 1029.8.36.0.3.112, a corporation may be deemed to have paid an amount to the Minister on account of the corporation's tax payable for a taxation year under that section, if it files such documents in accordance with that third paragraph before 17 December 2020.

2021, c. 14, s. 140.

§ 3. — *Assistance, repayment of assistance and other particulars*

2021, c. 14, s. 140.

1029.8.36.0.3.114. Where a corporation (other than an excluded corporation) that is a member of a qualified partnership at the end of a fiscal period of the qualified partnership has received, is entitled to receive or may reasonably expect to receive, on or before the last day of the six-month period following the end of the fiscal period, an amount of government assistance or non-government assistance in respect of wages included in computing the qualified wages incurred by the partnership in that fiscal period, in respect of an eligible employee for all or part of that fiscal period, such qualified wages are, for the purpose of computing the amount deemed to have been paid to the Minister by the corporation under section 1029.8.36.0.3.112 for the taxation year in which the fiscal period ends, to be determined as if

(a) the amount of assistance had been received by the partnership in the fiscal period; and

(b) the amount of assistance were equal to the product obtained by multiplying the amount of assistance otherwise determined by the reciprocal of the agreed proportion in respect of the corporation for that fiscal period.

Where a qualified partnership's fiscal period includes all or part of the transitional period and where, in the transitional period or part of that period, the qualified partnership's wholly-owned subsidiary carried out work on the qualified partnership's behalf in relation to recognized activities, the first paragraph applies in respect of an amount of government assistance or non-government assistance that is received or receivable by a corporation referred to in that paragraph and that is attributable to the wages that were incurred and paid by the wholly-owned subsidiary, in respect of the wholly-owned subsidiary's eligible employees, for the carrying out of the work, but the portion of the first paragraph before subparagraph *a* is to be read as follows:

"Where a corporation (other than an excluded corporation) that is a member of a qualified partnership at the end of a fiscal period of the qualified partnership has received, is entitled to receive or may reasonably expect to receive, on or before the last day of the six-month period following the end of the fiscal period, an amount of government assistance or non-government assistance that is attributable to the wages that were incurred and paid in respect of the eligible employees of the partnership's wholly-owned subsidiary and that were taken into account in computing the partnership's qualified expenditure for that fiscal period, such qualified expenditure is, for the purpose of computing the amount deemed to have been paid to the Minister by the corporation under section 1029.8.36.0.3.112 for the taxation year in which the fiscal period ends, to be determined as if".

2021, c. 14, s. 140.

1029.8.36.0.3.115. Where a corporation pays in a taxation year (in this section referred to as the "repayment year"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance, referred to in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109, that was taken into account for the purpose of computing the qualified wages incurred by the corporation in a particular taxation year, in relation

to an eligible employee, and in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.111 for the particular year, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the repayment year under section 1000, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister under section 1029.8.36.0.3.111 for the particular year, in respect of the qualified wages, if any amount of assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the aggregate determined under that paragraph *b*, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.111 for the particular year, in respect of the qualified wages; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year, in respect of an amount of repayment of such assistance.

Where a corporation's particular taxation year includes all or part of the transitional period and where, in the transitional period or part of that period, the corporation's wholly-owned subsidiary for the particular year carried out work on the corporation's behalf in relation to recognized activities, the first paragraph applies in respect of an amount that may reasonably be considered to be a repayment by the corporation of government assistance or non-government assistance attributable to the wages of that subsidiary's eligible employees, but is to be read

(a) as if ", referred to in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109, that was taken into account for the purpose of computing the qualified wages incurred by the corporation in a particular taxation year, in relation to an eligible employee, and in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.111" in the portion before subparagraph *a* were replaced by "that reduced, because of subparagraph *b* of the second paragraph of section 1029.8.36.0.3.109, the corporation's qualified expenditure for a particular taxation year, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.111, in respect of such expenditure,"; and

(b) as if "in respect of the qualified wages" wherever it appears in the portion before subparagraph *b* were replaced by "in respect of the qualified expenditure".

For the purposes of this section, an amount of government assistance or non-government assistance referred to in the third paragraph of section 1029.8.36.0.3.109 is deemed to be repaid by the corporation, pursuant to a legal obligation, at the time it is so repaid by another corporation that was the corporation's wholly-owned subsidiary for the particular taxation year.

2021, c. 14, s. 140.

1029.8.36.0.3.116. Where a partnership pays in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance, referred to in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109, that was taken into account for the purpose of computing the qualified wages incurred by the partnership, in relation to an eligible employee, in a particular fiscal period ending in a particular taxation year and in respect of which a corporation that is a member of the partnership at the end of the particular fiscal period is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.112 for the particular taxation year, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.0.3.112 for the particular year, in respect of the qualified wages, exceeds the total of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.0.3.112 for the particular year, in respect of the qualified wages, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister under this section, for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of such assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of such assistance repaid by the partnership at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the aggregate determined under paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

Where a partnership's particular fiscal period includes all or part of the transitional period and where, in the transitional period or part of that period, the partnership's wholly-owned subsidiary for the fiscal period carried out work on the partnership's behalf in relation to recognized activities, the first and second paragraphs apply in respect of an amount that may reasonably be considered to be a repayment by the partnership of government assistance or non-government assistance attributable to the wages of that subsidiary's eligible employees, but are to be read

(a) as if ", referred to in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109, that was taken into account for the purpose of computing the qualified wages incurred by the partnership, in relation to an eligible employee, in a particular fiscal period ending in a particular taxation year and in respect of which a corporation that is a member of the partnership at the end of the particular fiscal period is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.112" in the portion before subparagraph *a* of the first paragraph were replaced by "that reduced, because of subparagraph *b* of the second paragraph of section 1029.8.36.0.3.109, the partnership's qualified expenditure for a particular fiscal period ending in a particular taxation year, for the purpose of computing the amount that a corporation that is a member of the partnership at the end of the particular fiscal period is deemed to have paid to the Minister under section 1029.8.36.0.3.112, in respect of such expenditure,";

(b) as if "in respect of the qualified wages" wherever it appears in the portion before subparagraph *b* of the first paragraph were replaced by "in respect of the qualified expenditure"; and

(c) as if "paragraph *b* of the definition of "qualified wages" in the first paragraph" in subparagraph *a* of the second paragraph were replaced by "subparagraph *b* of the second paragraph".

For the purposes of this section, an amount of government assistance or non-government assistance referred to in the third paragraph of section 1029.8.36.0.3.109 is deemed to be repaid by the partnership, pursuant to a legal obligation, at the time it is so repaid by a corporation that was the partnership's wholly-owned subsidiary for the particular fiscal period.

2021, c. 14, s. 140.

1029.8.36.0.3.117. Where a corporation that is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") pays, in that fiscal period, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance, in respect of wages included in computing the qualified wages incurred by the partnership in relation to an eligible employee, in a particular fiscal period, that is referred to in the portion of the first paragraph of section 1029.8.36.0.3.114 before subparagraph *a* and that reduced, in the manner provided for in that section, the qualified wages for the purpose of computing the amount that the

corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.112, in respect of the qualified wages, for its taxation year in which the particular fiscal period ends (in this section referred to as the "particular year"), the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.0.3.112 for the particular year, in respect of the qualified wages, exceeds the total of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.0.3.112 for the particular year, in respect of the qualified wages, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister under this section, for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of such assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) the aggregate described in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109 were reduced, for the particular fiscal period, by the amount obtained by multiplying the reciprocal of the agreed proportion, in respect of the corporation for the fiscal period of repayment, by an amount of such assistance repaid at or before the end of the fiscal period of repayment; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

Where a partnership's particular fiscal period includes all or part of the transitional period and where, in the transitional period or part of that period, the partnership's wholly-owned subsidiary for the fiscal period carried out work on the partnership's behalf in relation to recognized activities, the first and second paragraphs apply in respect of an amount that may reasonably be considered to be a repayment, by a corporation that is a member of the partnership at the end of the fiscal period of repayment, of government assistance or non-government assistance attributable to the wages of that subsidiary's eligible employees, but are to be read

(a) as if ", in respect of wages included in computing the qualified wages incurred by the partnership in relation to an eligible employee, in a particular fiscal period, that is referred to in the portion of the first paragraph of section 1029.8.36.0.3.114 before subparagraph *a* and that reduced, in the manner provided for in that section, the qualified wages" in the portion before subparagraph *a* of the first paragraph were replaced by "attributable to the wages taken into account in computing the qualified expenditure of the partnership for a particular fiscal period that is referred to in the portion of the first paragraph of section 1029.8.36.0.3.114 before subparagraph *a* and that reduced, in the manner provided for in that section, because of subparagraph *b* of the second paragraph of section 1029.8.36.0.3.109, the qualified expenditure";

(b) as if "in respect of the qualified wages" wherever it appears in the portion before subparagraph *b* of the first paragraph were replaced by "in respect of the qualified expenditure"; and

(c) as if "paragraph *b* of the definition of "qualified wages" in the first paragraph" in subparagraph *a* of the second paragraph were replaced by "subparagraph *b* of the second paragraph".

2021, c. 14, s. 140.

1029.8.36.0.3.118. For the purposes of sections 1029.8.36.0.3.115 to 1029.8.36.0.3.117, an amount of assistance is deemed to be repaid at a particular time by a corporation or a partnership, as the case may be, pursuant to a legal obligation, if that amount

(a) reduced, because of paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109 or because of section 1029.8.36.0.3.114, the amount of the wages referred to in that paragraph *b*, for the purpose of computing qualified wages in respect of which the corporation or a corporation that is a member of the partnership is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.111 or 1029.8.36.0.3.112, as the case may be;

(b) was not received by the corporation or the partnership; and

(c) ceased at the particular time to be an amount that the corporation or the partnership may reasonably expect to receive.

Where the repayment of assistance is in respect of assistance attributable to the wages of the eligible employees of the corporation's or partnership's wholly-owned subsidiary, the first paragraph applies in its respect, but subject to the following rules:

(a) subparagraph *a* is to be read as if "paragraph *b* of the definition of "qualified wages" in the first paragraph" and "of the wages referred to in that paragraph *b*, for the purpose of computing qualified wages in respect of which" were replaced by "subparagraph *b* of the second paragraph" and "of the corporation's or partnership's qualified expenditure in respect of which", respectively; and

(b) where the amount was receivable by the corporation's or partnership's wholly-owned subsidiary,

i. the portion before subparagraph *a* is to be read as if "1029.8.36.0.3.115 to 1029.8.36.0.3.117" and "a corporation or a partnership" were replaced by "1029.8.36.0.3.115 and 1029.8.36.0.3.116" and "the wholly-owned subsidiary of a corporation or a partnership", and

ii. both subparagraphs *b* and *c* are to be read as if "the corporation or the partnership" were replaced by "the wholly-owned subsidiary".

2021, c. 14, s. 140.

1029.8.36.0.3.119. Where, in respect of the employment of an individual with a qualified corporation or a qualified partnership as an eligible employee, a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the employment, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply:

(a) for the purpose of computing the amount that the qualified corporation is deemed to have paid to the Minister for a particular taxation year under section 1029.8.36.0.3.111, the qualified wages incurred by the corporation, in relation to the individual's employment, in the particular year are to be determined by increasing the aggregate described in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109 by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the particular year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.0.3.112, by a corporation that is a member of the qualified partnership at the end of the partnership's particular fiscal period ending in the year, the qualified wages incurred by the partnership, in relation to the individual's employment, in the particular fiscal period are to be determined by increasing the aggregate described in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.109 by

(a) as if "the employment of an individual with a qualified corporation or a qualified partnership as an eligible employee" and "to the employment" in the portion before subparagraph *a* were replaced by "the work carried out on behalf of a qualified corporation or a qualified partnership by the qualified corporation's or qualified partnership's wholly-owned subsidiary in relation to recognized activities" and "to the work", respectively;

(b) as if "the qualified wages incurred by the corporation, in relation to the individual's employment, in the particular year are to be determined" and "paragraph *b* of the definition of "qualified wages" in the first paragraph" in subparagraph *a* were replaced by " the corporation's qualified expenditure for the particular year is to be determined" and "subparagraph *b* of the second paragraph", respectively; and

(c) as if "the qualified wages incurred by the partnership, in relation to the individual's employment, in the particular fiscal period are to be determined" and "paragraph *b* of the definition of "qualified wages" in the first paragraph" in the portion of subparagraph *b* before subparagraph i were replaced by "the partnership's qualified expenditure for the particular fiscal period is to be determined" and "subparagraph *b* of the second paragraph", respectively.

(a) where the corporation is, throughout the year, a specified corporation in respect of the designated site, on

i. 31 December 2010, if the effective date of the certificate referred to in paragraph *c* of the definition of "specified corporation" that was issued to the corporation for its first taxation year in which the corporation carried on or could carry on its business in any designated site is before 1 January 2001, or the last day of the 10-year period that begins on that effective date if that date is before 1 January 2004 but after 31 December 2000, or

ii. 31 December 2013, in any other case; and

(b) where the corporation ceases in the year to be a specified corporation in respect of the designated site, the earlier of the day preceding the day on which the corporation so ceases and the date that would be determined pursuant to paragraph *a* if that paragraph applied to the corporation for that year;

"specified wages" incurred by a corporation in a taxation year in respect of a specified employee of a designated site means the lesser of

(a) the proportion of the amount established for the year pursuant to the second paragraph of section 1029.8.36.0.18 in relation to the specified employee that the working time spent by that employee on a specified activity of the corporation in relation to the designated site in the year is of the aggregate of the employee's working time for the year as a specified employee of the corporation; and

(b) the amount by which the amount of the wages incurred by the corporation in respect of the employee in the specified period of the corporation for the year in respect of the designated site, while the employee qualified as a specified employee of the corporation, to the extent that that amount is paid and that it may reasonably be considered to relate to the carrying out in the year of a specified activity in relation to the designated site having regard to the time spent thereon by the employee, exceeds the aggregate of

i. the aggregate of all amounts each of which is an amount of government assistance or non-government assistance, attributable to such wages, that the corporation has received, is entitled to receive or may reasonably expect to receive, on or before the corporation's filing-due date for the taxation year, and

ii. the aggregate of all amounts each of which is the amount of a benefit or advantage in respect of such wages, other than a benefit or advantage that may reasonably be attributed to work carried out by the specified employee in connection with the carrying out of the specified activity of the corporation for the year, that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the corporation's filing-due date for that taxation year, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner;

"wages" means the income computed under Chapters I and II of Title II of Book III.

For the purposes of the definition of "specified activity" in the first paragraph, a corporation is deemed to carry out a specified activity in a designated site in the part of a taxation year for which it is authorized by Investissement Québec to carry on its business outside that site, if the activity is carried out in Québec in that part of the year.

For the purposes of paragraph *a* of the definition of "qualified property" in the first paragraph, where a corporation acquires depreciable property from a person, the property acquired by the corporation is deemed not to have been used for any purpose whatever before its acquisition by the corporation nor to have been acquired, before that acquisition, for use for a purpose other than lease to an exempt corporation, if the corporation continues the carrying out of a project of the person and

(a) the person did not acquire the property before the reference date of the corporation;

(b) the property has not been used, or acquired for use or lease, for any purpose whatever before being acquired by the person; and

(c) the person used the property only in connection with the project the carrying out of which is continued by the corporation.

For the purposes of paragraph *d* of the definition of "qualified property" in the first paragraph, where, at any time that is not before the corporation's reference date, a corporation has acquired or leased property that is used by the corporation in the course of carrying on a business and that would be qualified property of the corporation if the definition of "qualified property" were read without reference to paragraph *d* thereof, the corporation is deemed to use the property principally in a qualified centre and, exclusively or almost exclusively, to earn income from a business it carries on in that centre, throughout the period that begins at that time and that ends on the day on which Investissement Québec issues a certificate referred to in paragraph *a* of section 771.12 to the corporation.

Despite paragraphs *b* and *c* of the definition of "eligibility period" in the first paragraph, the eligibility period of a corporation that is a specified corporation in respect of a biotechnology development centre for a taxation year does not include the part of any taxation year that begins at the time the corporation ceases to be a specified corporation in respect of that centre for that year.

Despite the definition of "eligibility period" in the first paragraph, the eligibility period of a corporation that is an exempt corporation does not include the part of a taxation year that is described in the fourth paragraph of section 771.1.

For the purpose of applying the definition of "specified period" in the first paragraph to a corporation that is a member of an associated group in its first taxation year in which the corporation carries on or may carry on its business in a particular designated site, the effective date of the certificate that was issued to the corporation for its first taxation year in which the corporation carried on or could carry on its business in any designated site to which subparagraph i of paragraph *a* of that definition refers is deemed to be the earliest of

all the dates each of which is the effective date of the certificate that was issued to a member of that associated group for the member's first taxation year in which the member carried on or could carry on business in such a site.

If any corporation that has been an exempt corporation for a taxation year subsequently becomes a specified corporation, the date of coming into force of the certificate, referred to in paragraph *a* of section 771.12, that was issued in respect of that corporation is deemed, for the purposes of the definition of "specified period" in the first paragraph and of the seventh paragraph, to be the date of coming into force of the certificate referred to in paragraph *c* of the definition of "specified corporation" in the first paragraph that was issued to that corporation for its first taxation year in which it carried on or could carry on its business in any designated site.

For the purposes of the definition of "specified wages" in the first paragraph, a specified employee who spends 90% or more of working time on a specified activity is deemed to spend all working time thereon.

Subparagraph iv of paragraph *b* of the definition of "specified corporation" in the first paragraph does not apply for a taxation year to a corporation that carries on or may carry on its business in a biotechnology development centre if, after 30 March 2004, Investissement Québec has issued to the corporation a certificate, referred to in paragraph *c* of that definition, for the year.

1029.8.36.0.18. The amount to which paragraph *a* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.17 refers for a taxation year of a corporation in relation to an eligible employee is equal,

(a) where the corporation carries on or may carry on its business in a new economy centre and its taxation year ends before 16 June 1999, to the amount obtained by multiplying $41,667 by the proportion that the number of days in the taxation year that are within the eligibility period of the corporation during which the employee qualifies as an eligible employee of the corporation is of 365;

(b) where the corporation carries on or may carry on its business in a new economy centre and its taxation year includes 16 June 1999, to the aggregate of

i. the amount obtained by multiplying $41,667 by the proportion that the number of days in the taxation year before 16 June 1999 that are within the eligibility period of the corporation during which the employee qualifies as an eligible employee of the corporation is of 365, and

ii. the amount obtained by multiplying $37,500 by the proportion that the number of days in the taxation year after 15 June 1999 that are within the eligibility period of the corporation during which the employee qualifies as an eligible employee of the corporation is of 365; and

(c) in any other case, to the amount obtained by multiplying $37,500 by the proportion that the number of days in the taxation year that are within the eligibility period of the corporation during which the employee qualifies as an eligible employee of the corporation is of 365.

The amount to which paragraph *a* of the definition of "specified wages" in the first paragraph of section 1029.8.36.0.17 refers for a taxation year of a corporation in relation to a specified employee of a designated site is equal to the amount obtained by multiplying $37,500 by the proportion that the number of days in the specified period of the corporation for the year in respect of the designated site during which the employee qualifies as a specified employee of the corporation is of 365.

2000, c. 39, s. 176; 2003, c. 9, s. 222.

1029.8.36.0.18.1. For the purposes of sections 1029.8.36.0.19 and 1029.8.36.0.20, a corporation is deemed to be an exempt corporation for the taxation year in which it ceases to be an exempt corporation.

2003, c. 9, s. 223.

1029.8.36.0.18.2. If, following an acquisition of control referred to in subparagraph *f* of the first paragraph of section 771.13 or an election made under subparagraph *g* of that paragraph, a corporation ceases to be an exempt corporation at the beginning of the taxation year that follows the taxation year in which the acquisition of control occurs or the election becomes effective, the following rules apply, as the case may be:

(a) for the purposes of subparagraph iv of paragraph *b* of the definition of "specified corporation" in the first paragraph of section 1029.8.36.0.17, the corporation is deemed to be a specified corporation at the time of the acquisition of control;

(b) if the definition of "specified corporation" in the first paragraph of section 1029.8.36.0.17 applies to the corporation for the taxation year in which the acquisition of control occurs or the election becomes effective, it is to be read without reference to its subparagraph iii of paragraph *b*;

(c) for the purposes of paragraph *a* of the definition of "eligibility period" in the first paragraph of section 1029.8.36.0.17, the day on which the acquisition of control occurs or the election becomes effective is deemed to be the day on which the corporation ceases to be an exempt corporation; and

(d) if the acquisition of control occurs or the election becomes effective before the end of the five-year period described in paragraph *b* of the definition of "eligibility period" in the first paragraph of section 1029.8.36.0.17, or before the end of the three-year period described in paragraph *c* of that definition, the eligibility period ends immediately before the acquisition of control occurs or on the day before that on which the election becomes effective, as the case may be.

If, after 30 March 2004, Investissement Québec issues a certificate, referred to in paragraph *c* of the definition of "specified corporation" in the first paragraph of section 1029.8.36.0.17, for a taxation year, to a corporation that carries on or may carry on its business in a biotechnology development centre, no reference is to be made to subparagraph *d* of the first paragraph in computing the amount that the corporation is deemed to have paid to the Minister for that taxation year under section 1029.8.36.0.25 or 1029.8.36.0.25.1.

1029.8.36.0.20. A corporation that is an exempt corporation for a taxation year is deemed, subject to the fourth paragraph, where that year is the first year during which the corporation so qualifies and the corporation encloses the documents referred to in the second paragraph with the fiscal return it is required to file for the year under section 1000, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to the aggregate of all amounts each of which is the amount by which 40% of the qualified wages paid by the corporation in a preceding taxation year to an eligible employee exceeds the amount established under section 1029.8.36.0.23 in relation to the qualified wages.

The documents to which the first paragraph refers are the following:

(a) the corporation carries on or may carry on its business in an information technology development centre; and

(b) the preceding taxation year began before 21 December 2001.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

1029.8.36.0.21. Where a corporation carries on or may carry on its business in a new economy centre and a taxation year of the corporation is, in whole or in part, within a particular period that is between 9 March 1999 and 16 June 1999, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister, in accordance with section 1029.8.36.0.19 or 1029.8.36.0.20, in respect of the qualified wages paid by the corporation to an eligible employee in that taxation year, each of the rates of 40% referred to in the first paragraph of section 1029.8.36.0.19 or 1029.8.36.0.20, as the case may be, and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23, shall be replaced by a rate of 60% in respect of the portion of the qualified wages that may reasonably be considered to be attributable to wages paid to the eligible employee in the portion of that taxation year within the particular period.

Notwithstanding the first paragraph, where the qualified wages paid by the corporation to an eligible employee, in a taxation year of the corporation all or part of which is within the particular period, are an amount established in accordance with subparagraph *a* or *b* of the first paragraph of section 1029.8.36.0.18, the following rules apply for the purpose of determining the amount that the corporation is deemed to have paid to the Minister, in accordance with section 1029.8.36.0.19 or 1029.8.36.0.20, in respect of the qualified wages:

(a) each of the rates of 40% referred to in the first paragraph of section 1029.8.36.0.19 or 1029.8.36.0.20, as the case may be, and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23, is replaced by a rate of 60% in respect of the lesser of the qualified wages paid by the corporation to the eligible employee in the taxation year and the portion of the qualified wages that could reasonably be considered to be attributable to wages paid to the eligible employee in the portion of that taxation year within the particular period, if the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.17 were read without reference to "the lesser of" in the portion before paragraph *a* and to paragraph *a*; and

(b) each of the rates of 40% referred to in the first paragraph of section 1029.8.36.0.19 or 1029.8.36.0.20, as the case may be, and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23, applies only in respect of the amount by which the qualified wages paid by the corporation to the eligible employee in the taxation year exceed the amount established in accordance with subparagraph *a* in respect of the qualified wages.

2000, c. 39, s. 176; 2003, c. 9, s. 226.

1029.8.36.0.21.1. Where a corporation carries on or may carry on its business in an information technology development centre and a taxation year of the corporation is, in whole or in part, within a particular period that is between 15 June 1998 and 16 June 1999, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister, in accordance with section 1029.8.36.0.20, in respect of the qualified wages paid by the corporation to an eligible employee in that taxation year, each of the rates of 40% referred to in the first paragraph of section 1029.8.36.0.20 and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23 shall be replaced by a rate of 60% in respect of the portion of the qualified wages that may reasonably be considered to be attributable to wages paid to the eligible employee in the portion of that taxation year within the particular period.

Notwithstanding the first paragraph, where the qualified wages paid by the corporation to an eligible employee, in a taxation year of the corporation all or part of which is within the particular period, are an amount established in accordance with any of subparagraphs *a* to *d* of the second paragraph of section 1029.8.36.0.4, as it read for that taxation year, the following rules apply for the purpose of determining the amount that the corporation is deemed to have paid to the Minister, in accordance with section 1029.8.36.0.20, in respect of the qualified wages:

(a) each of the rates of 40% referred to in the first paragraph of section 1029.8.36.0.20 and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23 is replaced by a rate of 60% in respect of the

lesser of the qualified wages paid by the corporation to the eligible employee in the taxation year and the portion of the qualified wages that could reasonably be considered to be attributable to wages paid to the eligible employee in the portion of that taxation year within the particular period, if the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.4 were read for that taxation year without reference to "the lesser of" in the portion before paragraph *a* and to paragraph *a*; and

(b) each of the rates of 40% referred to in the first paragraph of section 1029.8.36.0.20 and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23 applies only in respect of the amount by which the qualified wages paid by the corporation to the eligible employee in the taxation year exceed the amount determined in accordance with subparagraph *a* in respect of the qualified wages.

For the purposes of this section and notwithstanding the first paragraph of section 1029.8.36.0.17, "eligible employee" and "qualified wages" have the meaning assigned by section 1029.8.36.0.4, as it read for the taxation year.

2003, c. 9, s. 227.

1029.8.36.0.21.2. For the purpose of determining the amount that a corporation that carries on or may carry on its business in a biotechnology development centre is deemed to have paid to the Minister, on account of its tax payable for a taxation year, in accordance with section 1029.8.36.0.19 or 1029.8.36.0.20, each of the rates of 40% referred to in the first paragraph of that section and in subparagraph *a* of the first paragraph of section 1029.8.36.0.23 is replaced by a rate of 30% if

(a) the certificate referred to in paragraph *a* of section 771.12 that is held by the corporation provides for the application of that reduced rate; or

(b) control of the corporation was acquired at the beginning of the year or of a preceding taxation year, but after 11 June 2003, by a person or a group of persons.

However, the condition set out in subparagraph *b* of the first paragraph is deemed not to be met if the acquisition of control

(a) occurs before 1 July 2004 and Investissement Québec certifies that it results from a transaction that was sufficiently advanced on 11 June 2003 and was binding on the parties on that date;

(b) is by an exempt corporation, by a person or group of persons that controls an exempt corporation, or by a group of persons each member of which is an exempt corporation or a person who, alone or together with other members of the group, controls such a corporation;

(d) derives from the performance after 11 June 2003 of one or more obligations described in the third paragraph of section 21.3.5 that were contracted before 12 June 2003.

2005, c. 23, s. 168; 2006, c. 13, s. 131.

1029.8.36.0.22. A corporation that is a specified corporation in respect of a designated site for a taxation year and that encloses the documents referred to in the third paragraph with the fiscal return it is required to file for the year under section 1000, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for the year under this Part, an amount equal to the amount by which 40% of the specified wages incurred by the corporation in the year in respect of a specified employee of the site exceeds the amount established for the year under section 1029.8.36.0.24 in relation to the specified wages.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175

and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing the prescribed information;

(d) the corporation ceased to be a specified corporation at the beginning of a preceding taxation year by reason of the application of subparagraph iv of paragraph *b* of the definition of "specified corporation" in the first paragraph of section 1029.8.36.0.17.

The condition set out in subparagraph *b* of the first paragraph is deemed not to be met if the acquisition of control

(a) occurs before 1 July 2005 and Investissement Québec certifies that it results from a transaction that was sufficiently advanced on 30 March 2004 and was binding on the parties on that date;

(b) is by an exempt corporation or a specified corporation, by a person or group of persons that controls such a corporation, or by a group of persons each member of which is such a corporation or a person who, alone or together with other members of the group, controls such a corporation;

The amount to which the first paragraph refers in relation to the qualified wages paid in the taxation year by the corporation to the eligible employee is equal to the lesser of

A corporation that is an exempt corporation, or a specified corporation in respect of a biotechnology development centre, for a taxation year is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the aggregate of all amounts each of which is equal to 40% of the acquisition costs incurred by the corporation in the year or a preceding taxation year in respect of the acquisition of qualified property during the year or a preceding taxation year and during its eligibility period, or of the rental expenses paid by the corporation in the year or a preceding taxation year and during its eligibility period, in respect of qualified property of the corporation, exceeds the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister in respect of the qualified property for a preceding taxation year under this section or section 1029.8.36.0.6, as it read for that preceding taxation year, if the corporation encloses with the fiscal return it is required to file for the year under section 1000,

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued to it by Investissement Québec in respect of the qualified property for the purposes of this division or Division II.6.0.2, as it read before being repealed; and

(c) if the corporation is a specified corporation in respect of a biotechnology development centre,

i. a copy of the certificate referred to in paragraph *c* of the definition of "specified corporation" in the first paragraph of section 1029.8.36.0.17 that Investissement Québec issued to the corporation for the year and for the purposes of this division, and

ii. a copy of the certificate that Investissement Québec issued to the corporation for the year and for the purposes of this division in respect of a specified activity, in relation to the biotechnology development centre, that is an activity for the carrying out of which the corporation uses the qualified property.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

1029.8.36.0.25.0.1. Despite section 1029.8.36.0.25, no amount may, in relation to a qualified property, be deemed to have been paid to the Minister by a corporation for a particular taxation year, in respect of acquisition costs incurred by the corporation in that year in respect of the property if, at any given time before the corporation's filing-due date for the particular year, the property ceases, otherwise than by reason of its loss, of its involuntary destruction by fire, theft or water, of a major breakdown of the property or of its obsolescence, to be used by the corporation, mainly in a qualified centre or exclusively or almost exclusively to earn income from,

(a) if the corporation is an exempt corporation and the particular year is not the particular year referred to in subparagraph *c*, a business carried on by the corporation in that centre;

(b) if the corporation is a specified corporation, the qualified centre is a biotechnology development centre and the particular year is not the particular year referred to in subparagraph *c*, the part of a business carried on by the corporation in that centre that may reasonably be attributed to the carrying out of a specified activity; or

(c) if, following an acquisition of control referred to in subparagraph *f* of the first paragraph of section 771.13 that occurs in the particular year or an election made under subparagraph *g* of that paragraph to become a specified corporation from a particular day in that year, the corporation ceases to be an exempt corporation at the beginning of the taxation year that follows the particular year and, as the case may be,

i. the qualified centre is a biotechnology development centre,

(1) a business carried on by the corporation in that centre, if the given time occurs before the acquisition of control or the particular day, or

(2) the part of a business carried on by the corporation in that centre that may reasonably be attributed to the carrying out of a specified activity, in any other case, or

ii. the qualified centre is not a biotechnology development centre and the given time occurs before the acquisition of control or the particular day, a business carried on by the corporation in that centre.

For the purposes of the first paragraph, where, at any time, a corporation disposes of qualified property for proceeds of disposition equal to or greater than 10% of the cost of acquiring it, the corporation is deemed not to have ceased to use, at that time, the property by reason of its obsolescence; in that respect, where the parties to the sale are not dealing with each other at arm's length, the proceeds of disposition of the property are deemed to be equal to its fair market value.

2004, c. 21, s. 339; 2005, c. 23, s. 173; 2007, c. 12, s. 177.

1029.8.36.0.25.1. A corporation that is, for a taxation year, an exempt corporation that carries on or may carry on its business in a biotechnology development centre, or a specified corporation in respect of such a centre, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the aggregate of all amounts each of which is equal to 40% of the eligible rental expenses incurred by the corporation in the year or a preceding taxation year and during its eligibility period, in respect of an eligible facility of a person in relation to the biotechnology development centre, to the extent that those expenses are paid, exceeds the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under this section in respect of the eligible facility for a preceding taxation year, if the corporation encloses, with the fiscal return it is required to file for the year under section 1000, the following documents:

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued to the person by Investissement Québec in respect of the eligible facility for the purposes of this division;

(c) a copy of the last lease rate schedule for the eligible facility that the person submitted to Investissement Québec; and

(d) if the corporation is a specified corporation,

i. a copy of the certificate referred to in paragraph *c* of the definition of "specified corporation" in the first paragraph of section 1029.8.36.0.17 that Investissement Québec issued to the corporation for the year and for the purposes of this division, and

ii. a copy of the certificate that Investissement Québec issued to the corporation for the year and for the purposes of this division in respect of a specified activity, in relation to the biotechnology development centre, that is an activity for the carrying out of which the corporation rented the eligible facility.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2003, c. 9, s. 230; 2005, c. 23, s. 174; 2012, c. 8, s. 209.

1029.8.36.0.25.2. For the purpose of determining the amount that a corporation that carries on or may carry on its business in a biotechnology development centre is deemed to have paid to the Minister, on account of its tax payable for a particular taxation year, in accordance with section 1029.8.36.0.25 or 1029.8.36.0.25.1, the rate of 40% that is applied to acquisition costs or rental expenses that are incurred or paid in any given taxation year, or to eligible rental expenses that are incurred in any given taxation year is replaced by a rate of 30% if

(a) the certificate referred to in paragraph *a* of section 771.12 that is held by the corporation provides for the application of that reduced rate;

(b) subject to the second paragraph, the corporation is an exempt corporation for the given taxation year the control of which was acquired at the beginning of the given year or of a preceding taxation year, but after 11 June 2003, by a person or a group of persons; or

(c) the corporation is a specified corporation for the given taxation year.

The condition set out in subparagraph *b* of the first paragraph is deemed not to be met if the acquisition of control

(a) occurs before 1 July 2004 and Investissement Québec certifies that it results from a transaction that was sufficiently advanced on 11 June 2003 and was binding on the parties on that date;

(b) is by an exempt corporation, by a person or group of persons that controls an exempt corporation, or by a group of persons each member of which is an exempt corporation or a person who, alone or together with other members of the group, controls such a corporation;

(c) derives from the exercise after 11 June 2003 of one or more rights described in paragraph *b* of section 20 that were acquired before 12 June 2003; or

(d) derives from the performance after 11 June 2003 of one or more obligations described in the third paragraph of section 21.3.5 that were contracted before 12 June 2003.

1029.8.36.0.27. Notwithstanding any other provision of this chapter, a corporation that is an exempt corporation for a taxation year shall not be deemed to have paid an amount to the Minister for the year under a provision of this chapter, other than a provision of this division and Divisions II and II.1, where that year is in whole or in part within its eligibility period.

In addition, the corporation shall not be deemed to have paid an amount to the Minister for a taxation year that is in whole or in part within the corporation's eligibility period, in respect of a particular amount, under

(a) a provision of Division II, if the particular amount is included in the wages that are taken into account in computing the qualified wages paid in the year by the corporation to an eligible employee and in respect of which an amount is deemed to have been paid by the corporation, for the year, under section 1029.8.36.0.19; or

(b) section 1029.8.36.0.20, if the particular amount is qualified wages paid in a preceding taxation year by the corporation to an eligible employee and an amount is deemed to have been paid by the corporation for that preceding year under a provision of Division II, in respect of an amount included in the wages that are taken into account in computing the particular amount.

For the purposes of the first and second paragraphs and notwithstanding the first paragraph of section 1029.8.36.0.17, "eligibility period" of a corporation means the period of three years that begins on the later of the day of coming into force of the certificate referred to in paragraph *a* of section 771.12 that was issued in its respect and the corporation's reference date.

1029.8.36.0.28. No amount shall be deemed to have been paid to the Minister by a corporation for any taxation year under any of sections 1029.8.36.0.19, 1029.8.36.0.20 and 1029.8.36.0.22 in respect of all or any part of particular wages, if an amount is deemed to have been paid to the Minister by the corporation for a taxation year under another of those sections in respect of the particular wages.

§ 3. — *Government assistance, non-government assistance, contract payments and other particulars*

2000, c. 39, s. 176.

1029.8.36.0.29. For the purpose of computing the amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.25, the amount of the acquisition costs or rental expenses that the corporation incurred or paid in respect of a qualified property shall be reduced, where applicable, by the amount of any contract payment, government assistance or non-government assistance,

attributable to those costs or expenses, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year.

2000, c. 39, s. 176; 2003, c. 9, s. 233; 2007, c. 12, s. 178.

1029.8.36.0.29.1. For the purpose of computing the amount that a corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.25.1, the amount of the eligible rental expenses that the corporation incurred in respect of an eligible facility shall be reduced, where applicable, by the amount of any contract payment, government assistance or non-government assistance, attributable to those expenses, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for that year.

2003, c. 9, s. 234; 2007, c. 12, s. 179.

1029.8.36.0.30. Where, in a taxation year, in this section referred to as the "repayment year", a corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be repayment of government assistance or non-government assistance that was taken into account for the purpose of computing qualified wages paid by the corporation to an eligible employee in a taxation year, in this section referred to as the "payment year", and in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.19 or 1029.8.36.0.20 for a particular taxation year, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year, in respect of the qualified wages, under section 1029.8.36.0.19 or 1029.8.36.0.20, as the case may be, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the payment year, the amount of any government assistance or non-government assistance referred to in paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.17, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.0.19 or 1029.8.36.0.20, as the case may be, in respect of the qualified wages; and

(b) any amount that the corporation is deemed to have paid to the Minister for a year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

However, if the payment year begins before 21 December 2001 and the corporation carried on or could carry on its business in an information technology development centre in the particular taxation year, the reference to section 1029.8.36.0.17 in the portion of the first paragraph before subparagraph *a* shall be read as a reference to section 1029.8.36.0.4, as it read for the payment year.

In addition, if a corporation carried on or could carry on its business in an information technology development centre in a particular taxation year that begins before 21 December 2001 for which the corporation is deemed to have paid an amount to the Minister in respect of qualified wages under section 1029.8.36.0.5 or 1029.8.36.0.5.1, as it read for the particular year, the first paragraph applies, in respect of an amount that may reasonably be considered to be repayment of assistance that was taken into account for the purpose of computing the qualified wages, having regard to the following rules:

(a) the references to sections 1029.8.36.0.17, 1029.8.36.0.19 and 1029.8.36.0.20, wherever they appear in the portion of the first paragraph before subparagraph *b*, shall be read respectively as references to sections 1029.8.36.0.4, 1029.8.36.0.5 and 1029.8.36.0.5.1, as they formerly read for the particular year; and

(b) subparagraph *b* of the first paragraph shall be read as follows:

"(*b*) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance, under this section or section 1029.8.36.0.10, as it read for that preceding taxation year."

Where the second or third paragraph applies, "eligible employee" and "qualified wages" have, in this section and notwithstanding the first paragraph of section 1029.8.36.0.17, the meaning assigned by section 1029.8.36.0.4, as it read for the payment year.

2000, c. 39, s. 176; 2002, c. 40, s. 147; 2003, c. 9, s. 235.

1029.8.36.0.31. Where, before 1 January 2015, a corporation pays, in a taxation year, in this section referred to as the "repayment year", pursuant to a legal obligation, an amount that may reasonably be considered to be repayment of government assistance or non-government assistance that was taken into account for the purpose of computing specified wages incurred by the corporation in respect of a specified employee in a particular taxation year and in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.22 for the particular taxation year, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year, in respect of the specified wages, under section 1029.8.36.0.22, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the aggregate established under subparagraph i of paragraph *b* of the definition of "specified wages" in the first paragraph of section 1029.8.36.0.17, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.0.22 in respect of the specified wages; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

In addition, if a corporation carried on or could carry on its business in the Cité du multimédia or the Centre national des nouvelles technologies de Québec in a particular taxation year that begins before 21 December 2001 for which the corporation is deemed to have paid an amount to the Minister in respect of qualified wages under section 1029.8.36.0.3.30 or 1029.8.36.0.3.40, as the case may be, as it read for the particular year, the first paragraph applies, in respect of an amount that may reasonably be considered to be repayment of assistance that was taken into account for the purpose of computing the qualified wages, having regard to the following rules:

(a) the references to sections 1029.8.36.0.17 and 1029.8.36.0.22, wherever they appear in the portion of the first paragraph before subparagraph *b*, shall be read respectively as references to

i. sections 1029.8.36.0.3.28 and 1029.8.36.0.3.30, as they formerly read for the particular year, where the corporation carried on or could carry on its business in the Cité du multimédia in the particular year, or

ii. sections 1029.8.36.0.3.38 and 1029.8.36.0.3.40, as they formerly read for the particular year, where the corporation carried on or could carry on its business in the Centre national des nouvelles technologies de Québec in the particular year;

(b) the expressions "specified wages" and "specified employee", wherever they appear in the portion of the first paragraph before subparagraph *b*, shall be read respectively as "qualified wages" and "eligible employee", having the meaning assigned by

i. section 1029.8.36.0.3.28, as it read for the particular year, where the corporation carried on or could carry on its business in the Cité du multimédia in the particular year, or

ii. section 1029.8.36.0.3.38, as it read for the particular year, where the corporation carried on or could carry on its business in the Centre national des nouvelles technologies de Québec in the particular year; and

(c) subparagraph *b* of the first paragraph shall be read as follows:

"(*b*) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance, under this section or under section 1029.8.36.0.3.35 or 1029.8.36.0.3.43, as it read for that preceding taxation year."

Notwithstanding the first paragraph of section 1029.8.36.0.17, the expression "qualified wages" in the portion of the second paragraph before subparagraph *a* has the meaning assigned by section 1029.8.36.0.3.28 or 1029.8.36.0.3.38, as it read for the particular year, according to whether the corporation carried on or could carry on its business in the particular year in the Cité du multimédia or in the Centre national des nouvelles technologies de Québec.

2000, c. 39, s. 176; 2002, c. 40, s. 148; 2003, c. 9, s. 236.

1029.8.36.0.32. Where, in a taxation year, in this section referred to as the "repayment year", a corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be repayment of government assistance or non-government assistance that reduced, pursuant to section 1029.8.36.0.29, acquisition costs to, or rental expenses of, the corporation for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for a particular taxation year under section 1029.8.36.0.25, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year under section 1029.8.36.0.25, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in section 1029.8.36.0.29, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.25 for the particular year; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

In addition, if a corporation carried on or could carry on its business in an information technology development centre in a particular taxation year that begins before 21 December 2001 for which the corporation is deemed to have paid an amount to the Minister in respect of acquisition costs or rental expenses under section 1029.8.36.0.6, as it read for the particular year, the first paragraph applies, in respect of an amount that may reasonably be considered to be repayment of assistance that reduced those costs or expenses for the purpose of computing that amount deemed to be paid, having regard to the following rules:

(a) the references to sections 1029.8.36.0.25 and 1029.8.36.0.29, wherever they appear in the portion of the first paragraph before subparagraph *b*, shall be read respectively as references to sections 1029.8.36.0.6 and 1029.8.36.0.9, as they formerly read for the particular year; and

(b) subparagraph *b* of the first paragraph shall be read as follows:

"(*b*) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance, under this section or section 1029.8.36.0.11, as it read for that preceding taxation year."

2000, c. 39, s. 176; 2002, c. 40, s. 149; 2003, c. 9, s. 237.

1029.8.36.0.32.1. Where, in a taxation year, in this section referred to as the "repayment year", a corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, pursuant to section 1029.8.36.0.29.1, eligible rental expenses of the corporation for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for a particular taxation year under section 1029.8.36.0.25.1, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's

balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year under section 1029.8.36.0.25.1, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in section 1029.8.36.0.29.1, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.25.1 for the particular year; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

2003, c. 9, s. 238.

1029.8.36.0.33. For the purposes of section 1029.8.36.0.30 or 1029.8.36.0.31, an amount of assistance is deemed to be repaid by a corporation in a taxation year, pursuant to a legal obligation, where that amount

(a) reduced, because of paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.17 or because of subparagraph i of paragraph *b* of the definition of "specified wages" in that first paragraph, the amount of the wages referred to in that paragraph *b* for the purpose of computing qualified wages or specified wages, as the case may be, in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.19 or 1029.8.36.0.20, or under section 1029.8.36.0.22;

(b) was not received by the corporation; and

(c) ceased in the taxation year to be an amount that the corporation may reasonably expect to receive.

In addition, if wages were paid or incurred in a particular taxation year that begins before 21 December 2001 by a corporation that, in the particular year, carried on or could carry on its business in an eligible facility, or in a designated site, other than a new economy centre or a biotechnology development centre, the first paragraph applies, in respect of an amount that reduced the wages, taking into account that,

(a) where the corporation carried on or could carry on its business in the Cité du multimédia in the particular year, the portion of the first paragraph before subparagraph *b* shall be read as follows:

"**1029.8.36.0.33.** For the purposes of section 1029.8.36.0.31, an amount of assistance is deemed to be repaid by a corporation in a taxation year, pursuant to a legal obligation, where that amount

2000, c. 39, s. 176; 2003, c. 9, s. 239.

1029.8.36.0.34. For the purposes of section 1029.8.36.0.32 or 1029.8.36.0.32.1, an amount of assistance is deemed to be repaid by a corporation in a taxation year, pursuant to a legal obligation, where that amount

(a) reduced, as the case may be, acquisition costs or rental expenses of the corporation, because of section 1029.8.36.0.29, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.25, or eligible rental expenses of the corporation, because of section 1029.8.36.0.29.1, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.25.1;

(b) was not received by the corporation; and

(c) ceased in the taxation year to be an amount that the corporation may reasonably expect to receive.

In addition, if a corporation carried on or could carry on its business in an information technology development centre in a particular taxation year that begins before 21 December 2001 for which the corporation is deemed to have paid an amount to the Minister in respect of acquisition costs or rental expenses under section 1029.8.36.0.6, as it read for the particular year, the first paragraph applies, in respect of an amount that reduced those costs or expenses for the purpose of computing the amount deemed to have been paid, by replacing the portion of the first paragraph before subparagraph *b* by the following:

"**1029.8.36.0.34.** For the purposes of section 1029.8.36.0.32, an amount of assistance is deemed to be repaid by a corporation in a taxation year, pursuant to a legal obligation, where that amount

(*a*) reduced acquisition costs or rental expenses of the corporation for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for a particular taxation year under section 1029.8.36.0.6, as it read for the particular year, because of section 1029.8.36.0.9, as it read for the particular year;".

2000, c. 39, s. 176; 2003, c. 9, s. 240.

1029.8.36.0.35. For the purposes of this division, the acquisition costs to, or rental expenses of, a corporation in respect of a qualified property shall be reduced by the amount of the consideration for the provision of services to the corporation or to a person with whom the corporation does not deal at arm's length, or the amount of the consideration for the disposition or lease of other property either to the corporation or to such a person, except if the consideration may reasonably be considered to relate to the acquisition, the lease or the installation of the qualified property or the acquisition of property resulting from work related to the installation of the qualified property or of property consumed in connection with such work.

2000, c. 39, s. 176.

1029.8.36.0.35.1. For the purposes of this division, the eligible rental expenses of a corporation in respect of an eligible facility shall be reduced by the amount of the consideration for the provision of services to the corporation or to a person with whom the corporation does not deal at arm's length, or by the amount of the consideration for the disposition or lease of other property either to the corporation or to such a person, except if the consideration may reasonably be considered to relate to the lease of the eligible facility.

2003, c. 9, s. 241.

1029.8.36.0.36. If, in respect of the acquisition or lease of a qualified property, a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the supply or installation of the qualified property, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the amount of the acquisition costs or rental expenses that a corporation has incurred or paid in respect of the qualified property is, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister, for a taxation year, under section 1029.8.36.0.25, to be reduced by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for that year.

2000, c. 39, s. 176; 2007, c. 12, s. 180.

1029.8.36.0.36.1. If, in respect of the lease of an eligible facility, a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the supply or setting up of the eligible facility, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the amount of the eligible rental expenses that a corporation has incurred in respect of the eligible facility is, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister, for a taxation year, under section 1029.8.36.0.25.1, to be reduced by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for that year.

DIVISION II.6.0.8

CREDIT FOR THE PRODUCTION OF ETHANOL IN QUÉBEC

2006, c. 36, s. 147.

§ 1. — *Interpretation*

2006, c. 36, s. 147.

1029.8.36.0.94. In this division,

"associated group" in a taxation year means all the corporations that meet the following conditions:

(a) the corporations are associated with each other in the taxation year; and

(b) each corporation is a qualified corporation for the taxation year;

"eligible cellulosic ethanol" has the meaning assigned by section 1029.8.36.0.103;

"eligible ethanol" means the ethyl alcohol with the chemical formula C_2H_5OH (other than eligible cellulosic ethanol) produced from renewable materials to be sold as a product to be blended directly with gasoline or for use as an input in the reformulation of gasoline or the production of ethyl tertiary-butyl ether;

"eligible production of ethanol" of a qualified corporation for a particular month means the total number of litres of ethanol that corresponds to all of the qualified corporation's shipments of eligible ethanol for the particular month;

"ethanol production unit" of a qualified corporation means all the property the qualified corporation uses in producing eligible ethanol or eligible cellulosic ethanol in Québec;

"month" means, in the case where a taxation year begins on a day in a calendar month other than the first day of that month, any period that begins on that day in a calendar month within the taxation year, other than the month in which the year ends, and that ends on the day immediately preceding that day in the calendar month that follows that month or, for the month in which the taxation year ends, on the day on which that year ends, and if there is no such immediately preceding day in the following month, on the last day of that month;

"qualified corporation" for a taxation year means a corporation that, in the year, has an establishment in Québec where it carries on a business engaged in the production of eligible ethanol, other than a corporation

(a) that is exempt from tax for the year under Book VIII; or

(b) that would be exempt from tax for the year under section 985, but for section 192;

"shipment of eligible ethanol" of a qualified corporation in respect of a particular month means a shipment consisting of a number of litres of eligible ethanol that the qualified corporation produces in Québec after 17 March 2011 and before 1 April 2023, that is sold in Québec, in that period, to the holder of a collection officer's permit issued under the Fuel Tax Act (chapter T-1) (in subparagraph *b* of the second paragraph referred to as the "purchaser") who takes possession of the ethanol in the particular month and before 1 April 2023, and that is intended for Québec.

For the purposes of the definition of "shipment of eligible ethanol" in the first paragraph, a shipment of ethanol is destined for Québec only if

(a) where the shipment is delivered by the qualified corporation, the shipment is delivered and possession is taken in Québec; or

(b) where subparagraph *a* does not apply, the manifest issued to the purchaser on taking possession of the shipment shows the shipment was delivered in Québec.

2006, c. 36, s. 147; 2011, c. 34, s. 79; 2017, c. 29, s. 181; 2019, c. 14, s. 333.

1029.8.36.0.94.1. If, after 17 March 2011, a qualified corporation produces eligible ethanol in Québec and stores it in a reservoir with another type of ethanol it produced or with ethanol that it acquired from a person or partnership and that constitutes another source of supply for the reservoir, each shipment of ethanol the qualified corporation draws from that reservoir for a particular month (in this section referred to as a "shipment of mixed ethanol") is deemed to consist of distinct shipments derived from each of the qualified corporation's ethanol production units or each of the other sources of supply, as the case may be, that feeds the reservoir and in respect of which the number of litres is equal to the amount obtained by multiplying the number of litres making up the shipment of mixed ethanol by the proportion determined in respect of each production unit or each of the other sources of supply by the formula

$(A + B)/(B + C + D)$.

In the formula in the first paragraph,

(a) A is the portion of the stock of mixed ethanol in the reservoir that is attributable to the qualified corporation's ethanol production unit or the other source of supply, as the case may be, at the beginning of the particular month;

(b) B is the number of litres of ethanol derived from the qualified corporation's ethanol production unit or the other source of supply, as the case may be, that is added to the reservoir during the particular month;

(c) C is the number of litres of ethanol that is added to the reservoir during the particular month and that is not derived from the qualified corporation's ethanol production unit or the other source of supply, as the case may be; and

(d) D is the number of litres of ethanol that corresponds to the total stock of mixed ethanol in the reservoir at the beginning of the particular month.

For the purposes of subparagraph *a* of the second paragraph, the portion of the stock of mixed ethanol in the reservoir that is attributable to the qualified corporation's ethanol production unit or the other source of supply, as the case may be, at the beginning of the particular month is equal to the number of litres of ethanol obtained by multiplying the number of litres of ethanol that corresponds to the total stock of mixed ethanol in the reservoir at the beginning of the particular month by the proportion referred to in the first paragraph that applied for the month that precedes the particular month in respect of the qualified corporation's ethanol production unit or the other source of supply, as the case may be.

For the purposes of this division, the portion of a shipment of mixed ethanol for a particular month that, under the first paragraph, is deemed to be a distinct shipment derived from an ethanol production unit of a qualified corporation is deemed to be a shipment of eligible ethanol of the qualified corporation for the particular month only if the qualified corporation's facilities allow for the precise measurement of the number of litres of ethanol derived from each of the qualified corporation's ethanol production units and from each of the other sources of supply that feeds the reservoir before the ethanol is added.

For the purposes of this division, if, after 17 March 2011, a qualified corporation produces eligible ethanol in Québec and stores it in a reservoir with ethanol that it produced before 18 March 2011 or that it acquired before that date (in this paragraph referred to as the "previous stock"), the following rules apply:

(a) despite the first paragraph, a particular shipment of ethanol drawn from the reservoir is deemed to be a shipment drawn from the previous stock up to the number of litres that corresponds to the previous stock immediately before the particular shipment; and

(b) the number of litres of ethanol that corresponds to the total stock of mixed ethanol in the reservoir at the beginning of the particular month must be determined without taking the previous stock into account.

2011, c. 34, s. 80.

§ 2. — *Credit*

2006, c. 36, s. 147.

1029.8.36.0.95. A corporation that, for a taxation year, is a qualified corporation and that encloses the documents referred to in the third paragraph with the fiscal return the corporation is required to file under section 1000 for the taxation year is deemed, subject to the fourth paragraph, to have paid to the Minister on the corporation's balance-due day for the taxation year, on account of its tax payable for the taxation year under this Part, an amount equal to the amount by which the amount determined under section 1029.8.36.0.99 is exceeded by the aggregate of all amounts each of which is an amount determined, for a particular month of the taxation year, by the formula

$A \times \$0.03$

In the formula in the first paragraph, A, expressed as a number of litres, is the lesser of

(a) the qualified corporation's eligible production of ethanol for the particular month; and

(b) the qualified corporation's monthly ceiling on the production of ethanol for the particular month.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing the prescribed information;

(b) a copy of a report specifying, in respect of each month of the taxation year, the qualified corporation's eligible production of ethanol; and

(c) if applicable, a copy of the agreement described in section 1029.8.36.0.96.

For the purpose of computing the payments that a qualified corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, that corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the taxation year under this Part and of its tax payable for the taxation year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the taxation year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2006, c. 36, s. 147; 2011, c. 34, s. 81; 2019, c. 14, s. 334.

1029.8.36.0.96. For the purposes of subparagraph *b* of the second paragraph of section 1029.8.36.0.95, the monthly ceiling on the production of ethanol of a qualified corporation, for a particular month of a taxation year, is,

(a) if the qualified corporation is a member of an associated group in the year, the number of litres attributed for the particular month to the qualified corporation pursuant to the agreement described in the second paragraph or, in the absence of such an agreement, zero or the number of litres, determined with reference to the rules set out in the second paragraph, attributed to the qualified corporation by the Minister, if applicable, for the particular month; or

(b) if subparagraph *a* does not apply, the number of litres obtained by multiplying 821,917 by the number of days in the particular month.

The agreement to which subparagraph *a* of the first paragraph refers is the agreement under which all of the qualified corporations that are members of the associated group in the year attribute to one or more of their number, for the purposes of this section, a number of litres; for that purpose, the total number of litres so attributed for the particular month must not exceed the number of litres determined under subparagraph *b* of the first paragraph for the particular month.

For the purposes of this section, where the particular month of a taxation year includes 31 March 2023 and does not end on that date, subparagraph *b* of the first paragraph is to be read as if "that precede 1 April 2023" were inserted at the end.

2006, c. 36, s. 147; 2011, c. 34, s. 82; 2019, c. 14, s. 335.

1029.8.36.0.96.1. No corporation may be deemed to have paid an amount to the Minister under section 1029.8.36.0.95 on account of its tax payable for a taxation year in relation to all or part of its eligible production of ethanol for a particular month of that year where the production results from eligible activities of the corporation, within the meaning of section 737.18.17.1, in relation to a large investment project, within the meaning of that section, in respect of which the corporation either filed, after 27 March 2018, an application for a qualification certificate referred to in the first paragraph of section 8.3 of Schedule E to the Act respecting the sectoral parameters of certain fiscal measures (chapter P-5.1) or obtained a qualification certificate that was issued to it in accordance with subparagraph 4 of the first paragraph of section 8.4 of Schedule E to that Act and that came into force after that date.

§ 3. — *Government assistance, non-government assistance and other particulars*

2006, c. 36, s. 147.

1029.8.36.0.99. The amount to which the first paragraph of section 1029.8.36.0.95 refers is equal to the aggregate of all amounts each of which is

(a) the amount of any government assistance or non-government assistance that may reasonably be attributed to the portion, determined under the second paragraph of that section, of a qualified corporation's eligible production of ethanol for a particular month of the taxation year and that the qualified corporation has received, is entitled to receive or may reasonably expect to receive, on or before its filing-due date for the taxation year; or

(b) the amount of any benefit or advantage that may reasonably be attributed to the portion, determined under the second paragraph of that section, of a qualified corporation's eligible production of ethanol for a particular month of the taxation year, that is not a benefit or advantage that may reasonably be attributed to the carrying on of that activity, and that is a benefit or advantage that a person or partnership has obtained, is entitled to obtain, or may reasonably expect to obtain, on or before the qualified corporation's filing-due date for the taxation year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner.

1029.8.36.0.101. A corporation that is deemed to have paid an amount to the Minister, under section 1029.8.36.0.95, on account of its tax payable for a particular taxation year under this Part in relation to its eligible production of ethanol for a particular month of that year is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for a

subsequent taxation year (in this section referred to as the "year concerned") in which any of the following events occurs, to have paid to the Minister on its balance-due day for the year concerned, on account of its tax payable for that year under this Part, an amount equal to the amount determined under the second paragraph:

(a) the corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be the repayment of an amount included, because of paragraph *a* of section 1029.8.36.0.99, in the aggregate determined in respect of the corporation for the particular taxation year under that section;

(b) a person or partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be the repayment of an amount included, because of paragraph *b* of section 1029.8.36.0.99, in the aggregate determined in respect of the corporation for the particular taxation year under that section; and

(c) a portion of the corporation's eligible production of ethanol, for a particular month of the particular taxation year, that was carried out before 18 March 2011, is sold to a person or partnership who is not the holder of a collection officer's permit issued under the Fuel Tax Act (chapter T-1) or ceases to be reasonably considered to be expected to be sold subsequently to such a holder.

The amount to which the first paragraph refers is equal to the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under this section or section 1029.8.36.0.95 for a taxation year preceding the year concerned in relation to its eligible production of ethanol for a particular month of the particular taxation year, is exceeded by the total of

(a) the amount that the corporation would be deemed to have paid to the Minister for the particular taxation year under section 1029.8.36.0.95 if any of the events described in any of subparagraphs *a* to *c* of the first paragraph or in subparagraph *a* or *b* of the first paragraph of section 1129.45.3.37, that occurred in the year concerned or a preceding taxation year in relation to its eligible production of ethanol for a particular month of the particular taxation year, occurred in the particular taxation year; and

(b) the aggregate of all amounts each of which is an amount that the corporation is required to pay to the Minister under section 1129.45.3.37 for a taxation year preceding the year concerned in relation to its eligible production of ethanol for a particular month of the particular taxation year.

For the purposes of this section, the corporation is deemed to be selling its eligible production of ethanol in the order in which it carried out the production.

Section 1029.6.0.1.9 applies, with the necessary modifications, to the totality of the amount that the corporation is deemed, under this section, to have paid to the Minister on the corporation's balance-due day for the year concerned.

1029.8.36.0.102. For the purposes of section 1029.8.36.0.101, an amount is deemed to be an amount paid by a corporation, person or partnership, as the case may be, in a particular taxation year as a repayment of an amount included in the aggregate determined for a preceding taxation year in respect of the corporation under section 1029.8.36.0.99, pursuant to a legal obligation, if that amount

(a) has been included in that aggregate;

(b) in the case of an amount referred to in paragraph *a* of section 1029.8.36.0.99, has not been received by the corporation;

(c) in the case of an amount referred to in paragraph *b* of section 1029.8.36.0.99, has not been obtained by the person or partnership; and

(d) has ceased in the particular taxation year to be an amount that the corporation, person or partnership may reasonably expect to receive or obtain.

(d) urban household waste; and

(e) a combination of inputs referred to in paragraphs *a* to *d*;

"ethanol production unit" of a qualified corporation means all the property the qualified corporation uses in producing eligible cellulosic ethanol or another type of ethanol in Québec;

"month" means, in the case where a taxation year begins on a day in a calendar month other than the first day of that month, any period that begins on that day in a calendar month within the taxation year, other than the month in which the year ends, and that ends on the day immediately preceding that day in the calendar month that follows that month or, for the month in which the taxation year ends, on the day on which that year ends, and if there is no such immediately preceding day in the following month, on the last day of that month;

"qualified corporation" for a taxation year means a corporation that, in the year, has an establishment in Québec where it carries on a business engaged in the production of eligible cellulosic ethanol, other than a corporation

(a) that is exempt from tax for the year under Book VIII; or

(b) that would be exempt from tax for the year under section 985, but for section 192;

"shipment of eligible cellulosic ethanol" of a qualified corporation in respect of a particular month means a shipment consisting of a number of litres of eligible cellulosic ethanol that the qualified corporation produces

in Québec, that is sold in Québec to the holder of a collection officer's permit issued under the Fuel Tax Act (chapter T-1) (in the second paragraph referred to as the "purchaser") who takes possession of the cellulosic ethanol in the particular month and before 1 April 2023, and that is intended for Québec.

For the purposes of the definition of "shipment of eligible cellulosic ethanol" in the first paragraph, a shipment of cellulosic ethanol is destined for Québec only if

(a) where the shipment is delivered by the qualified corporation, the shipment is delivered and possession is taken in Québec; or

(b) where subparagraph *a* does not apply, the manifest issued to the purchaser on taking possession of the shipment shows the shipment was delivered in Québec.

For the purposes of the definition of "eligible cellulosic ethanol" in the first paragraph, the following rules apply:

(a) ethanol produced by means of a production process that includes a fermentation process is not eligible cellulosic ethanol;

(b) ethanol produced in whole or in part from grain corn is not eligible cellulosic ethanol; and

(c) ethanol is considered to be produced mainly from inputs referred to in paragraphs *a* to *e* of the definition of "eligible renewable materials" in the first paragraph if those inputs represent more than half the weight or volume of all the inputs used in producing the ethanol.

2011, c. 34, s. 87; 2019, c. 14, s. 339.

1029.8.36.0.104. If a qualified corporation produces eligible cellulosic ethanol in Québec and stores it in a reservoir with another type of ethanol it produced or with ethanol that it acquired from a person or partnership and that constitutes another source of supply for the reservoir, each shipment of ethanol the qualified corporation draws from that reservoir for a particular month (in this section referred to as a "shipment of mixed ethanol") is deemed to consist of distinct shipments derived from each of the qualified corporation's ethanol production units or each of the other sources of supply, as the case may be, that feeds the reservoir and in respect of which the number of litres is equal to the amount obtained by multiplying the number of litres making up the shipment of mixed ethanol by the proportion determined in respect of each production unit or each of the other sources of supply by the formula

$$(A + B)/(B + C + D).$$

In the formula in the first paragraph,

(a) A is the portion of the stock of mixed ethanol in the reservoir that is attributable to the qualified corporation's ethanol production unit or the other source of supply, as the case may be, at the beginning of the particular month;

(b) B is the number of litres of ethanol derived from the qualified corporation's ethanol production unit or the other source of supply, as the case may be, that is added to the reservoir during the particular month;

(c) C is the number of litres of ethanol that is added to the reservoir during the particular month and that is not derived from the qualified corporation's ethanol production unit or the other source of supply, as the case may be; and

(d) D is the number of litres of ethanol that corresponds to the total stock of mixed ethanol in the reservoir at the beginning of the particular month.

For the purposes of subparagraph *a* of the second paragraph, the portion of the stock of mixed ethanol in the reservoir that is attributable to the qualified corporation's ethanol production unit or the other source of supply, as the case may be, at the beginning of the particular month is equal to the number of litres of ethanol obtained by multiplying the number of litres of ethanol that corresponds to the total stock of mixed ethanol in the reservoir at the beginning of the particular month by the proportion referred to in the first paragraph that applied for the month that precedes the particular month in respect of the qualified corporation's ethanol production unit or the other source of supply, as the case may be.

For the purposes of this division, the portion of a shipment of mixed ethanol for a particular month that, under the first paragraph, is deemed to be a distinct shipment derived from a cellulosic ethanol production unit of a qualified corporation is deemed to be a shipment of eligible cellulosic ethanol of the qualified corporation for the particular month only if the qualified corporation's facilities allow for the precise measurement of the number of litres of ethanol derived from each of the qualified corporation's ethanol production units and from each of the other sources of supply that feeds the reservoir before the ethanol is added.

For the purposes of this division, if a qualified corporation produces eligible cellulosic ethanol in Québec and stores it in a reservoir with ethanol that it produced before 18 March 2011 or that it acquired before that date (in this paragraph referred to as the "previous stock"), the following rules apply:

(a) despite the first paragraph, a particular shipment of ethanol drawn from the reservoir is deemed to be a shipment drawn from the previous stock up to the number of litres that corresponds to the previous stock immediately before the particular shipment; and

(b) the number of litres of ethanol that corresponds to the total stock of mixed ethanol in the reservoir at the beginning of the particular month must be determined without taking the previous stock into account.

§ 2. — *Credit*

2011, c. 34, s. 87.

1029.8.36.0.105. A corporation that, for a taxation year, is a qualified corporation and that encloses the documents referred to in the third paragraph with the fiscal return the corporation is required to file under section 1000 for the year is deemed, subject to the fourth paragraph, to have paid to the Minister on the corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is an amount determined, for a particular month of the year, by the formula

A × $0.16

In the formula in the first paragraph, A, expressed as a number of litres, is the lesser of

(a) the qualified corporation's eligible production of cellulosic ethanol for the particular month; and

(b) the qualified corporation's monthly ceiling on the production of cellulosic ethanol for the particular month.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information;

(b) a copy of a report specifying, in respect of each month included in the taxation year, the qualified corporation's eligible production of cellulosic ethanol; and

(c) if applicable, a copy of the agreement described in section 1029.8.36.0.106.

For the purpose of computing the payments that a qualified corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, that corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2011, c. 34, s. 87; 2019, c. 14, s. 340.

1029.8.36.0.106. For the purposes of subparagraph *b* of the second paragraph of section 1029.8.36.0.105, the monthly ceiling on the production of cellulosic ethanol of a qualified corporation, for a particular month included in a taxation year, is,

(a) if the qualified corporation is a member of an associated group in the year, the number of litres attributed for the particular month to the qualified corporation pursuant to the agreement described in the second paragraph or, in the absence of such an agreement, zero or the number of litres, determined with reference to the rules set out in the second paragraph, attributed to the qualified corporation by the Minister, if applicable, for the particular month; or

(b) if subparagraph *a* does not apply, the number of litres obtained by multiplying 821,917 by the number of days in the particular month.

The agreement to which subparagraph *a* of the first paragraph refers is the agreement under which all of the qualified corporations that are members of the associated group in the year attribute to one or more of their number, for the purposes of this section, a number of litres; for that purpose, the total number of litres so attributed for the particular month must not exceed the number of litres determined under subparagraph *b* of the first paragraph for the particular month.

For the purposes of this section, where the particular month of a taxation year includes 31 March 2023 and does not end on that date, subparagraph *b* of the first paragraph is to be read as if "that precede 1 April 2023" were inserted at the end.

2011, c. 34, s. 87; 2019, c. 14, s. 341.

1029.8.36.0.106.0.1. No corporation may be deemed to have paid an amount to the Minister under section 1029.8.36.0.105 on account of its tax payable for a taxation year in relation to all or part of its eligible production of cellulosic ethanol for a particular month of that year where the production results from eligible activities of the corporation, within the meaning of section 737.18.17.1, in relation to a large investment project, within the meaning of that section, in respect of which the corporation either filed, after 27 March 2018, an application for a qualification certificate referred to in the first paragraph of section 8.3 of Schedule E to the Act respecting the sectoral parameters of certain fiscal measures (chapter P-5.1) or obtained

a qualification certificate that was issued to it in accordance with subparagraph 4 of the first paragraph of section 8.4 of Schedule E to that Act and that came into force after that date.

CREDIT FOR THE PRODUCTION OF BIODIESEL FUEL IN QUÉBEC

2017, c. 29, s. 182.

§ 1. — *Interpretation and general rules*

2017, c. 29, s. 182.

1029.8.36.0.106.1. In this division,

"associated group" in a taxation year means all the corporations that meet the following conditions:

(a) the corporations are associated with each other in the taxation year; and

(b) each corporation is a qualified corporation for the taxation year;

"biodiesel fuel" has the meaning assigned by subparagraph *a*.2 of the first paragraph of section 1 of the Fuel Tax Act (chapter T-1);

"eligible production of biodiesel fuel" of a qualified corporation for a particular month means the total number of litres of biodiesel fuel that corresponds to all of the qualified corporation's shipments of biodiesel fuel for the particular month;

"month" means, in the case where a taxation year begins on a day in a calendar month other than the first day of that month, any period that begins on that day in a calendar month within the taxation year, other than the month in which the year ends, and that ends on the day immediately preceding that day in the calendar month that follows that month or, for the month in which the taxation year ends, on the day on which that year ends, and if there is no such immediately preceding day in the following month, on the last day of that month;

"qualified corporation" for a taxation year means a corporation that, in the year, has an establishment in Québec where it carries on a business engaged in the production of biodiesel fuel, other than a corporation

"shipment of biodiesel fuel" of a qualified corporation in respect of a particular month means a shipment consisting of a number of litres of biodiesel fuel that the qualified corporation produces in Québec after 31 March 2017 and before 1 April 2023, that is sold in Québec in that period to the holder of a collection officer's permit issued under the Fuel Tax Act (in subparagraph ii of subparagraph *a* of the second paragraph referred to as the "purchaser") who takes possession of the biodiesel fuel in the particular month and before 1 April 2023, and that is intended for Québec.

For the purposes of the definition of "shipment of biodiesel fuel" in the first paragraph, the following rules apply:

(a) a shipment of biodiesel fuel is destined for Québec only if

i. where the shipment is delivered by the qualified corporation, the shipment is delivered and possession is taken in Québec, or

ii. where subparagraph i does not apply, the manifest issued to the purchaser on taking possession of the shipment shows the shipment was delivered in Québec; and

(b) if a qualified corporation produces biodiesel fuel in Québec after 31 March 2017 and stores it in a reservoir with biodiesel fuel it produced before 1 April 2017 or acquired before that date (in this subparagraph referred to as "previous stock"), a particular shipment drawn from the reservoir is deemed to be a shipment drawn from the previous stock up to the number of litres that corresponds to the previous stock immediately before the particular shipment.

§ 2. — *Credit*

2017, c. 29, s. 182.

1029.8.36.0.106.2. A corporation that is a qualified corporation for a taxation year and that encloses the documents referred to in the third paragraph with the fiscal return the corporation is required to file under section 1000 for the taxation year is deemed, subject to the fourth paragraph, to have paid to the Minister on the corporation's balance-due day for the taxation year, on account of its tax payable for the taxation year under this Part, an amount equal to the amount by which the amount determined under section 1029.8.36.0.106.4 is exceeded by the aggregate of all amounts each of which is an amount determined, for a particular month of the taxation year, by the formula

A × $0.14

In the formula in the first paragraph, A, expressed as a number of litres, is the lesser of

(a) the qualified corporation's eligible production of biodiesel fuel for the particular month; and

(b) the qualified corporation's monthly ceiling on the production of biodiesel fuel for the particular month.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information;

(b) a copy of a report specifying, in respect of each month of the taxation year, the qualified corporation's eligible production of biodiesel fuel; and

(c) if applicable, a copy of the agreement described in section 1029.8.36.0.106.3.

For the purpose of computing the payments that a qualified corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, that corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the taxation year under this Part and of its tax payable for the taxation year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the taxation year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2017, c. 29, s. 182; 2019, c. 14, s. 344.

1029.8.36.0.106.3. For the purposes of subparagraph *b* of the second paragraph of section 1029.8.36.0.106.2, the monthly ceiling on the production of biodiesel fuel of a qualified corporation, for a particular month of a taxation year, is,

(a) if the qualified corporation is a member of an associated group in the year, the number of litres attributed for the particular month to the qualified corporation pursuant to the agreement described in the second paragraph or, in the absence of such an agreement, zero or the number of litres, determined with reference to the rules set out in the second paragraph, attributed to the qualified corporation by the Minister, if applicable, for the particular month; or

(b) if subparagraph *a* does not apply, the number of litres obtained by multiplying 821,917 by the number of days in the particular month.

The agreement to which subparagraph *a* of the first paragraph refers is the agreement under which all of the qualified corporations that are members of the associated group in the year attribute to one or more of their number, for the purposes of this section, a number of litres; for that purpose, the total number of litres so attributed for the particular month must not exceed the number of litres determined under subparagraph *b* of the first paragraph for the particular month.

For the purposes of this section, where the particular month of a taxation year includes 31 March 2023 and does not end on that date, subparagraph *b* of the first paragraph is to be read as if "that precede 1 April 2023" were inserted at the end.

2017, c. 29, s. 182; 2019, c. 14, s. 345.

1029.8.36.0.106.3.1. No corporation may be deemed to have paid an amount to the Minister under section 1029.8.36.0.106.2 on account of its tax payable for a taxation year in relation to all or part of its eligible production of biodiesel fuel for a particular month of that year where the production results from eligible activities of the corporation, within the meaning of section 737.18.17.1, in relation to a large investment project, within the meaning of that section, in respect of which the corporation either filed, after 27 March 2018, an application for a qualification certificate referred to in the first paragraph of section 8.3 of Schedule E to the Act respecting the sectoral parameters of certain fiscal measures (chapter P-5.1) or obtained a qualification certificate that was issued to it in accordance with subparagraph 4 of the first paragraph of section 8.4 of Schedule E to that Act and that came into force after that date.

2019, c. 14, s. 346.

§ 3. — *Government assistance, non-government assistance and other particulars*

2017, c. 29, s. 182.

1029.8.36.0.106.4. The amount to which the first paragraph of section 1029.8.36.0.106.2 refers is equal to the aggregate of all amounts each of which is

(a) the amount of any government assistance or non-government assistance that may reasonably be attributed to the portion, determined under the second paragraph of that section, of a qualified corporation's eligible production of biodiesel fuel for a particular month of the taxation year and that the qualified corporation has received, is entitled to receive or may reasonably expect to receive, on or before its filing-due date for the taxation year; or

(b) the amount of any benefit or advantage that may reasonably be attributed to the portion, determined under the second paragraph of that section, of a qualified corporation's eligible production of biodiesel fuel

for a particular month of the taxation year, that is not a benefit or advantage that may reasonably be attributed to the carrying on of that activity, and that is a benefit or advantage that a person or partnership has obtained, is entitled to obtain, or may reasonably expect to obtain, on or before the qualified corporation's filing-due date for the taxation year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner.

2017, c. 29, s. 182; 2019, c. 14, s. 347.

1029.8.36.0.106.5. A corporation that is deemed to have paid an amount to the Minister, under section 1029.8.36.0.106.2, on account of its tax payable for a particular taxation year under this Part in relation to its eligible production of biodiesel fuel for a particular month of that year is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for a subsequent taxation year (in this section referred to as the "year concerned") in which either of the following events occurs, to have paid to the Minister on its balance-due day for the year concerned, on account of its tax payable for that year under this Part, an amount equal to the amount determined under the second paragraph:

(a) the corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be the repayment of an amount included, because of paragraph *a* of section 1029.8.36.0.106.4, in the aggregate determined in respect of the corporation for the particular taxation year under that section; or

(b) a person or partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be the repayment of an amount included, because of paragraph *b* of section 1029.8.36.0.106.4, in the aggregate determined in respect of the corporation for the particular taxation year under that section.

The amount to which the first paragraph refers is equal to the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under this section or section 1029.8.36.0.106.2 for a taxation year preceding the year concerned in relation to its eligible production of biodiesel fuel for a particular month of the particular taxation year, is exceeded by the total of

(a) the amount that the corporation would have been deemed to have paid to the Minister for the particular taxation year under section 1029.8.36.0.106.2 if any of the events described in subparagraph *a* or *b* of the first paragraph or in subparagraph *a* or *b* of the first paragraph of section 1129.45.3.39.2, that occurred in the year concerned or a preceding taxation year in relation to its eligible production of biodiesel fuel for a particular month of the particular taxation year, had occurred in the particular taxation year; and

(b) the aggregate of all amounts each of which is an amount that the corporation is required to pay to the Minister under section 1129.45.3.39.2 for a taxation year preceding the year concerned in relation to its eligible production of biodiesel fuel for a particular month of the particular taxation year.

Section 1029.6.0.1.9 applies, with the necessary modifications, to the totality of the amount that the corporation is deemed, under this section, to have paid to the Minister on the corporation's balance-due day for the year concerned.

2017, c. 29, s. 182; 2023, c. 19, s. 107.

1029.8.36.0.106.6. For the purposes of section 1029.8.36.0.106.5, an amount is deemed to be an amount paid by a corporation, person or partnership, as the case may be, in a particular taxation year as a repayment of an amount included in the aggregate determined for a preceding taxation year in respect of the corporation under section 1029.8.36.0.106.4, pursuant to a legal obligation, if that amount

(a) has been included in that aggregate;

(b) in the case of an amount referred to in paragraph *a* of section 1029.8.36.0.106.4, has not been received by the corporation;

(c) in the case of an amount referred to in paragraph *b* of section 1029.8.36.0.106.4, has not been obtained by the person or partnership; and

(d) ceased in the particular taxation year to be an amount that the corporation, person or partnership may reasonably expect to receive or obtain.

2017, c. 29, s. 182.

DIVISION II.6.0.9.2

CREDIT FOR THE PRODUCTION OF PYROLYSIS OIL IN QUÉBEC

2019, c. 14, s. 348.

§ 1. — *Interpretation and general rules*

2019, c. 14, s. 348.

1029.8.36.0.106.7. In this division,

"associated group" in a taxation year means all the corporations that meet the following conditions:

(a) the corporations are associated with each other in the taxation year; and

(b) each corporation is a qualified corporation for the taxation year;

"eligible production of pyrolysis oil" of a qualified corporation for a particular month means the total number of litres that corresponds to all of the qualified corporation's shipments of eligible pyrolysis oil for the particular month;

"eligible pyrolysis oil" means a pyrolysis oil that is produced by a corporation in a taxation year and in respect of which a certificate has been issued to the corporation for the year, for the purposes of this division;

"month" means, in the case where a taxation year begins on a day in a calendar month other than the first day of that month, any period that begins on that day in a calendar month within the taxation year, other than the month in which the year ends, and that ends on the day immediately preceding that day in the calendar month that follows that month or, for the month in which the taxation year ends, on the day on which that year ends, and if there is no such immediately preceding day in the following month, on the last day of that month;

"pyrolysis oil production unit" of a qualified corporation means a set of properties the qualified corporation uses in producing an eligible pyrolysis oil or another type of pyrolysis oil in Québec;

"qualified corporation" for a taxation year means a corporation that, in the year, has an establishment in Québec where it carries on a business engaged in the production of pyrolysis oil, that holds a certificate issued for the purposes of this division, for that year or a preceding taxation year, in respect of a pyrolysis oil included in its eligible production of pyrolysis oil for a particular month of the year, and that is not

(a) a corporation that is exempt from tax for the year under Book VIII;

(b) a corporation that would be exempt from tax for the year under section 985, but for section 192; or

(c) a corporation that holds a qualification certificate in respect of a large investment project, within the meaning of the first paragraph of section 737.18.17.14, or a corporation that is a member of a partnership that holds such a qualification certificate, where the year is included in whole or in part in the period that begins on the date of issue of the qualification certificate and ends on the last day of the tax-free period, within the meaning of that first paragraph, in relation to the large investment project;

"shipment of eligible pyrolysis oil" of a qualified corporation in respect of a particular month means a shipment consisting of a number of litres of an eligible pyrolysis oil that the qualified corporation produces in Québec after 31 March 2018 and before 1 April 2033, that is sold in Québec in that period to a person or partnership that takes possession of the eligible pyrolysis oil in the particular month and before 1 April 2033, and that is intended for Québec.

For the purposes of the definition of "shipment of eligible pyrolysis oil" in the first paragraph, a shipment of pyrolysis oil is intended for Québec only if

(a) it is sold by the qualified corporation to a person or a partnership and it is reasonable to expect that that person or partnership, as the case may be, acquires it for its own use or consumption in Québec or for use or consumption in Québec by another person or partnership with which it is not dealing at arm's length; and

(b) it is delivered, by the qualified corporation or on its behalf, and possession is taken in Québec.

If the result obtained by applying a formula in this division has more than two decimal places, only the first two decimal digits are retained and the second is increased by one unit if the third is greater than 4.

2019, c. 14, s. 348; 2023, c. 2, s. 39; 2024, c. 11, s. 117.

1029.8.36.0.106.8. Where, after 31 March 2018, a qualified corporation produces an eligible pyrolysis oil in Québec and stores it in a reservoir with another eligible pyrolysis oil it produced, with another type of pyrolysis oil it produced or with pyrolysis oil that it acquired from a person or partnership and that constitutes another source of supply for the reservoir, each shipment of pyrolysis oil the qualified corporation draws from that reservoir for a particular month (in this section referred to as a "shipment of mixed pyrolysis oil") is deemed to consist of distinct shipments derived from each of the qualified corporation's pyrolysis oil production units or each of the other sources of supply, as the case may be, that feeds the reservoir and in respect of which the number of litres is equal to that obtained by multiplying the number of litres making up the shipment of mixed pyrolysis oil by the proportion determined, in respect of each production unit or each of the other sources of supply, by the formula

$$(A + B) / (B + C + D).$$

In the formula in the first paragraph,

(a) A is the portion of the stock of mixed pyrolysis oil in the reservoir that is attributable to the qualified corporation's pyrolysis oil production unit or the other source of supply, as the case may be, at the beginning of the particular month;

(b) B is the number of litres of pyrolysis oil derived from the qualified corporation's pyrolysis oil production unit or the other source of supply, as the case may be, that is added to the reservoir during the particular month;

(c) C is the number of litres of pyrolysis oil that is added to the reservoir during the particular month and that is not derived from the qualified corporation's pyrolysis oil production unit or the other source of supply, as the case may be; and

(d) D is the number of litres of pyrolysis oil that corresponds to the total stock of mixed pyrolysis oil in the reservoir at the beginning of the particular month.

For the purposes of subparagraph *a* of the second paragraph, the portion of the stock of mixed pyrolysis oil in the reservoir that is attributable to the qualified corporation's pyrolysis oil production unit or the other source of supply, as the case may be, at the beginning of the particular month is equal to the number of litres of pyrolysis oil obtained by multiplying the number of litres of pyrolysis oil that corresponds to the total stock of mixed pyrolysis oil in the reservoir at the beginning of the particular month by the proportion referred to in the first paragraph that applied for the month that precedes the particular month in respect of the qualified corporation's pyrolysis oil production unit or the other source of supply, as the case may be.

For the purposes of this division, the portion of a shipment of mixed pyrolysis oil for a particular month that, under the first paragraph, is deemed to be a distinct shipment derived from a pyrolysis oil production unit of a qualified corporation is deemed to be a shipment of eligible pyrolysis oil of the qualified corporation for the particular month only if the qualified corporation's facilities allow for the precise measurement of the number of litres of pyrolysis oil derived from each of the qualified corporation's pyrolysis oil production units and from each of the other sources of supply that feeds the reservoir before the pyrolysis oil is added.

For the purposes of this division, where, after 31 March 2018, a qualified corporation produces eligible pyrolysis oil in Québec and stores it in a reservoir with pyrolysis oil that it produced before 1 April 2018 or that it acquired before that date (in this paragraph referred to as the "previous stock"), the following rules apply:

(a) despite the first paragraph, a particular shipment of pyrolysis oil drawn from the reservoir is deemed to be a shipment drawn from the previous stock up to the number of litres that corresponds to the previous stock immediately before the particular shipment; and

(b) the number of litres of pyrolysis oil that corresponds to the total stock of mixed pyrolysis oil in the reservoir at the beginning of a particular month must be determined without taking the previous stock into account.

2019, c. 14, s. 348.

1029.8.36.0.106.9. A qualified corporation for a taxation year that encloses the documents described in the third paragraph with the fiscal return it is required to file under section 1000 for the year is deemed, subject to the fourth paragraph, to have paid to the Minister on the corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the amount by which the amount determined under section 1029.8.36.0.106.12 is exceeded by the aggregate of all amounts each of which is an amount determined, for a particular month of the year, in respect of an eligible pyrolysis oil, by either of the following formulas:

(a) where subparagraph *b* does not apply,

A × B; or

(b) where the particular month includes 31 March 2023 and ends after that date,

(C × $0.08) + (D × B).

In the formulas in the first paragraph,

(a) A, expressed as a number of litres, is the lesser of

i. the qualified corporation's eligible production of pyrolysis oil, in relation to the eligible pyrolysis oil, for the particular month, and

ii. the qualified corporation's monthly ceiling on the production of pyrolysis oil, in respect of the eligible pyrolysis oil, for the particular month;

(b) B is

i. where the particular month ends before 1 April 2023, $0.08, or

ii. in any other case, the amount determined in accordance with section 1029.8.36.0.106.10.1, in respect of a litre of eligible pyrolysis oil;

(c) C, expressed as a number of litres, is the lesser of

i. the qualified corporation's eligible production of pyrolysis oil, in relation to the eligible pyrolysis oil, for the part of the particular month that precedes 1 April 2023, and

ii. the qualified corporation's monthly ceiling on the production of pyrolysis oil, in respect of the eligible pyrolysis oil, for that part of the particular month; and

(d) D, expressed as a number of litres, is the lesser of

i. the qualified corporation's eligible production of pyrolysis oil, in relation to the eligible pyrolysis oil, for the part of the particular month that follows 31 March 2023, and

ii. the qualified corporation's monthly ceiling on the production of pyrolysis oil, in respect of the eligible pyrolysis oil, for that part of the particular month.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information;

(b) a copy of a report specifying, in respect of the qualified corporation's eligible production of pyrolysis oil for each month of the taxation year, the name of the person or partnership that acquired the eligible pyrolysis oil, the number of litres acquired, the date of sale and the date on which and the address where possession is taken;

(c) if applicable, a copy of the agreement described in section 1029.8.36.0.106.10; and

(d) a copy of any certificate that has been issued to the corporation for the purposes of this division, for the taxation year or a preceding taxation year, in respect of an eligible pyrolysis oil included in its eligible production of pyrolysis oil for a particular month of the year.

For the purpose of computing the payments that a qualified corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, that corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the taxation year under this Part and of its tax payable for the taxation year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the taxation year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2019, c. 14, s. 348; 2023, c. 2, s. 41.

1029.8.36.0.106.10. For the purposes of subparagraph ii of subparagraphs *a*, *c* and *d* of the second paragraph of section 1029.8.36.0.106.9 and subject to the third paragraph, a qualified corporation's monthly ceiling on the production of pyrolysis oil, in respect of an eligible pyrolysis oil, for a particular month of a taxation year or a part of a particular month of a taxation year, is

(a) where the qualified corporation is a member of an associated group in the year, the number of litres attributed for the particular month or part of a particular month, as the case may be, to the qualified corporation pursuant to the agreement described in the second paragraph or, in the absence of such an agreement, zero or the number of litres, determined with reference to the rules set out in the second paragraph, that the Minister attributes to the qualified corporation, if applicable, for the particular month or part of a particular month; or

(b) where subparagraph *a* does not apply, the product obtained by multiplying, by the number of days in the particular month or part of a particular month, as the case may be, the following number of litres:

i. 273,972, where the particular month or part of a particular month ends before 1 April 2023, or

ii. 821,917, where the particular month or part of a particular month begins after 31 March 2023.

The agreement to which subparagraph *a* of the first paragraph refers is the agreement under which all of the qualified corporations that are members of the associated group in the year attribute to one or more of their number, for the purposes of this section, a number of litres; for that purpose, the total number of litres so attributed for the particular month or part of a particular month, as the case may be, must not exceed the number of litres determined under subparagraph *b* of the first paragraph for the particular month or part of a particular month.

Where a qualified corporation has, for a particular month or a part of a particular month, an eligible production of pyrolysis oil in respect of more than one eligible pyrolysis oil and the amount determined in respect of any of those pyrolysis oils under section 1029.8.36.0.106.10.1, for the taxation year that includes that month or part of a month, is not equal to the amount so determined in respect of another of those pyrolysis oils, the following rules apply:

(a) the qualified corporation shall attribute, for the particular month or part of a particular month, a number of litres in respect of each eligible pyrolysis oil and the number of litres so attributed in respect of a pyrolysis oil is deemed to be the corporation's monthly ceiling on the production of pyrolysis oil, in respect of that pyrolysis oil, for the particular month or part of a particular month;

(b) the total number of litres attributed in accordance with subparagraph *a* must not exceed the qualified corporation's monthly ceiling on the production of pyrolysis oil, in respect of an eligible pyrolysis oil, that would be determined for the particular month or part of a particular month, under the first paragraph, if no reference were made to this paragraph; and

(c) if the total number of litres attributed in accordance with subparagraph *a* exceeds the qualified corporation's monthly ceiling on the production of pyrolysis oil, in respect of an eligible pyrolysis oil, that would be determined for the particular month or part of a particular month, under the first paragraph, if no reference were made to this paragraph, the Minister shall attribute a number of litres in respect of each eligible pyrolysis oil of the corporation and the number of litres so attributed in respect of a pyrolysis oil is deemed to be the corporation's monthly ceiling on the production of pyrolysis oil, in respect of that eligible pyrolysis oil, for the particular month or part of a particular month.

For the purposes of this section, where the particular month of a taxation year includes

(a) 1 April 2018 and does not begin on that date, subparagraph *b* of the first paragraph is to be read as if "by the number of days in the particular month or part of a particular month, as the case may be," in the portion before subparagraph i were replaced by "by the number of days that follow 31 March 2018 and that are included in the particular month,"; and

(b) 31 March 2033 and does not end on that date, subparagraph *b* of the first paragraph is to be read as if "by the number of days in the particular month or part of a particular month, as the case may be," in the portion before subparagraph i were replaced by "by the number of days that precede 1 April 2033 and that are included in the particular month,"

2019, c. 14, s. 348; 2023, c. 2, s. 42.

1029.8.36.0.106.10.1. The amount to which subparagraph ii of subparagraph *b* of the second paragraph of section 1029.8.36.0.106.9 refers in respect of a litre of eligible pyrolysis oil is the amount determined by the formula

A × B × C/1,000,000.

In the formula in the first paragraph,

(a) A is the result obtained by applying the formula

86.5 – D;

(b) B is

i. where the percentage represented by E, in respect of the eligible pyrolysis oil, is less than or equal to 45%, the amount determined by the formula

$30/0.45 × E,

ii. where the percentage represented by E, in respect of the eligible pyrolysis oil, is greater than 45% but less than or equal to 70%, the amount determined by the formula

$30 + [$30/0.25 × (E - 0.45)], or

iii. where the percentage represented by E, in respect of the eligible pyrolysis oil, is greater than 70%, the amount determined by the formula

$60 + [$65/0.30 × (E - 0.70)]; and

(c) C is the higher heating value of the eligible pyrolysis oil that is specified in the certificate issued in respect of the pyrolysis oil for the purposes of this division.

For the purposes of subparagraphs *a* and *b* of the second paragraph,

(a) D is the carbon intensity of the eligible pyrolysis oil that is specified in the certificate issued in respect of the pyrolysis oil for the purposes of this division; and

(b) E is the lesser of 100% and the result, expressed as a percentage, obtained by applying the formula

1 - (D/86.5).

2023, c. 2, s. 43.

1029.8.36.0.106.11. No corporation may be deemed to have paid an amount to the Minister under section 1029.8.36.0.106.9 on account of its tax payable for a particular taxation year in relation to all or a portion of its eligible production of pyrolysis oil for a particular month of that year where the production results from eligible activities of the corporation, within the meaning of section 737.18.17.1, in relation to a large investment project, within the meaning of that section, in respect of which the corporation filed, after 27 March 2018, an application for a qualification certificate referred to in the first paragraph of section 8.3 of Schedule E to the Act respecting the sectoral parameters of certain fiscal measures (chapter P-5.1) or obtained a qualification certificate that was issued to it in accordance with subparagraph 4 of the first paragraph of section 8.4 of Schedule E to that Act and that came into force after that date.

2019, c. 14, s. 348.

§ 3. — *Government assistance, non-government assistance and other particulars*

2019, c. 14, s. 348.

1029.8.36.0.106.12. The amount to which the first paragraph of section 1029.8.36.0.106.9 refers is equal to the aggregate of all amounts each of which is

(a) the amount of any government assistance or non-government assistance that may reasonably be attributed to the portion, determined under the second paragraph of that section, of a qualified corporation's eligible production of pyrolysis oil for a particular month of the taxation year and that the qualified corporation has received, is entitled to receive or may reasonably expect to receive, on or before its filing-due date for the taxation year; or

(b) the amount of any benefit or advantage that may reasonably be attributed to the portion, determined under the second paragraph of that section, of a qualified corporation's eligible production of pyrolysis oil for a particular month of the taxation year, that is not a benefit or advantage that may reasonably be attributed to the carrying on of that activity, and that is a benefit or advantage that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the qualified corporation's filing-due date for the taxation year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner.

2019, c. 14, s. 348.

1029.8.36.0.106.13. A corporation that is deemed to have paid an amount to the Minister, under section 1029.8.36.0.106.9, on account of its tax payable for a particular taxation year under this Part in relation to its eligible production of pyrolysis oil for a particular month of that year is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for a subsequent taxation year (in this section referred to as the "year concerned") in which either of the following events occurs, to have paid to the Minister on its balance-due day for the year concerned, on account of its tax payable for that year under this Part, an amount equal to the amount determined under the second paragraph:

(a) the corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be the repayment of an amount included, because of paragraph *a* of section 1029.8.36.0.106.12, in the aggregate determined in respect of the corporation for the particular taxation year under that section; or

(b) a person or a partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be the repayment of an amount included, because of paragraph *b* of section 1029.8.36.0.106.12, in the aggregate determined in respect of the corporation for the particular taxation year under that section.

The amount to which the first paragraph refers is equal to the amount by which the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister under this section or section 1029.8.36.0.106.9 for a taxation year preceding the year concerned in relation to its eligible production of pyrolysis oil for a particular month of the particular taxation year, is exceeded by the total of

(a) the amount that the corporation would have been deemed to have paid to the Minister for the particular taxation year under section 1029.8.36.0.106.9 if any of the events described in subparagraph *a* or *b* of the first paragraph or in subparagraph *a* or *b* of the first paragraph of section 1129.45.3.39.6, that occurred in the year concerned or a preceding taxation year in relation to its eligible production of pyrolysis oil for a particular month of the particular taxation year, had occurred in the particular taxation year; and

(b) the aggregate of all amounts each of which is an amount that the corporation is required to pay to the Minister under section 1129.45.3.39.6 for a taxation year preceding the year concerned in relation to its eligible production of pyrolysis oil for a particular month of the particular taxation year.

Section 1029.6.0.1.9 applies, with the necessary modifications, to the totality of the amount that the corporation is deemed, under this section, to have paid to the Minister on the corporation's balance-due day for the year concerned.

2019, c. 14, s. 348; 2023, c. 19, s. 108.

1029.8.36.0.106.14. For the purposes of section 1029.8.36.0.106.13, an amount is deemed to be an amount paid by a corporation, a person or a partnership, as the case may be, in a particular taxation year as a repayment of an amount included in the aggregate determined for a preceding taxation year in respect of the corporation under section 1029.8.36.0.106.12, pursuant to a legal obligation, if that amount

(a) has been included in that aggregate;

(b) in the case of an amount referred to in paragraph *a* of section 1029.8.36.0.106.12, has not been received by the corporation;

(c) in the case of an amount referred to in paragraph *b* of section 1029.8.36.0.106.12, has not been obtained by the person or partnership; and

(d) ceased in the particular taxation year to be an amount that the corporation, person or partnership may reasonably expect to receive or obtain.

DIVISION II.6.0.9.3

CREDIT FOR THE PRODUCTION OF BIOFUEL IN QUÉBEC

2023, c. 2, s. 44.

§ 1. — *Interpretation and general rules*

2023, c. 2, s. 44.

1029.8.36.0.106.15. In this division,

"associated group" in a taxation year means all the corporations that meet the following conditions:

(a) the corporations are associated with each other in the taxation year; and

(b) each corporation is a qualified corporation for the taxation year;

"biofuel production unit" of a qualified corporation means a set of properties the qualified corporation uses in producing an eligible biofuel or another type of biofuel in Québec;

"eligible biofuel" means a biofuel that is produced by a corporation in a taxation year and in respect of which a certificate has been issued to the corporation for the year, for the purposes of this division;

"eligible production of biofuel" of a qualified corporation for a particular month means the total number of litres that corresponds to all of the qualified corporation's shipments of eligible biofuel for the particular month;

"month" means, in the case where a taxation year begins on a day in a calendar month other than the first day of that month, any period that begins on that day in a calendar month within the taxation year, other than the month in which the year ends, and that ends on the day immediately preceding that day in the calendar month that follows that month or, for the month in which the taxation year ends, on the day on which that year ends, and if there is no such immediately preceding day in the following month, on the last day of that month;

"qualified corporation" for a taxation year means a corporation that, in the year, has an establishment in Québec where it carries on a business engaged in the production of biofuel, that holds a certificate issued for the purposes of this division, for that year or a preceding taxation year, in respect of a biofuel included in its eligible production of biofuel for a particular month of the year, and that is not

(a) a corporation that is exempt from tax for the year under Book VIII;

(b) a corporation that would be exempt from tax for the year under section 985, but for section 192; or

(c) a corporation that holds a qualification certificate in respect of a large investment project, within the meaning of the first paragraph of section 737.18.17.14, or a corporation that is a member of a partnership that holds such a qualification certificate, where the year is included in whole or in part in the period that begins on the date of issue of the qualification certificate and ends on the last day of the tax-free period, within the meaning of that first paragraph, in relation to the large investment project;

"shipment of eligible biofuel" of a qualified corporation in respect of a particular month means a shipment consisting of a number of litres of an eligible biofuel that the qualified corporation produces in Québec after 31 March 2023 and before 1 April 2033, that is sold in Québec in that period to the holder of a collection officer's permit issued under the Fuel Tax Act (chapter T-1) (in subparagraph ii of subparagraph *a* of the second paragraph referred to as the "purchaser"), who takes possession of the eligible biofuel in the particular month and before 1 April 2033, and that is intended for Québec.

For the purposes of the definition of "shipment of eligible biofuel" in the first paragraph, the following rules apply:

(a) a shipment of biofuel is intended for Québec only if

i. where the shipment is delivered by the qualified corporation, the shipment is delivered and possession is taken in Québec, or

ii. where subparagraph i does not apply, the manifest issued to the purchaser on taking possession of the shipment shows the shipment was delivered in Québec; and

(b) where, before 1 April 2023, a corporation has produced litres of biofuel in respect of which it could have been deemed to have paid an amount to the Minister under any of Divisions II.6.0.8 to II.6.0.9.1 if possession had been taken before that date, the litres of biofuel are deemed to be produced in Québec on 1 April 2023.

2023, c. 2, s. 44; 2024, c. 11, s. 118.

1029.8.36.0.106.16. Where, after 31 March 2023, a qualified corporation produces an eligible biofuel in Québec and stores it in a reservoir with another eligible biofuel it produced, with another type of biofuel it produced or with a biofuel that it acquired from a person or partnership and that constitutes another source of supply for the reservoir, each shipment of biofuel the qualified corporation draws from that reservoir for a particular month (in this section referred to as a "shipment of mixed biofuel") is deemed to consist of distinct shipments derived from each of the qualified corporation's biofuel production units or each of the other sources of supply, as the case may be, that feeds the reservoir and in respect of which the number of litres is equal to that obtained by multiplying the number of litres making up the shipment of mixed biofuel by the proportion determined, in respect of each production unit or each of the other sources of supply, by the formula

$$(A + B)/(B + C + D).$$

In the formula in the first paragraph,

(a) A is the portion of the stock of mixed biofuel in the reservoir that is attributable to the qualified corporation's biofuel production unit or the other source of supply, as the case may be, at the beginning of the particular month;

(b) B is the number of litres of biofuel derived from the qualified corporation's biofuel production unit or the other source of supply, as the case may be, that is added to the reservoir during the particular month;

(c) C is the number of litres of biofuel that is added to the reservoir during the particular month and that is not derived from the qualified corporation's biofuel production unit or the other source of supply, as the case may be; and

(d) D is the number of litres of biofuel that corresponds to the total stock of mixed biofuel in the reservoir at the beginning of the particular month.

For the purposes of subparagraph *a* of the second paragraph, the portion of the stock of mixed biofuel in the reservoir that is attributable to the qualified corporation's biofuel production unit or the other source of supply, as the case may be, at the beginning of the particular month is equal to the number of litres of biofuel obtained by multiplying the number of litres of biofuel that corresponds to the total stock of mixed biofuel in the reservoir at the beginning of the particular month by the proportion referred to in the first paragraph that applied for the month that precedes the particular month in respect of the qualified corporation's biofuel production unit or the other source of supply, as the case may be.

For the purposes of this division, the portion of a shipment of mixed biofuel for a particular month that, under the first paragraph, is deemed to be a distinct shipment derived from a biofuel production unit of a qualified corporation is deemed to be a shipment of eligible biofuel of the qualified corporation for the

particular month only if the qualified corporation's facilities allow for the precise measurement of the number of litres of biofuel derived from each of the qualified corporation's biofuel production units and from each of the other sources of supply that feeds the reservoir before the biofuel is added.

For the purposes of this division, where, after 31 March 2023, a qualified corporation produces eligible biofuel in Québec and stores it in a reservoir with biofuel that it produced before 1 April 2023 or that it acquired before that date (in this paragraph referred to as the "previous stock"), the following rules apply:

(a) despite the first paragraph, a particular shipment of biofuel drawn from the reservoir is deemed to be a shipment drawn from the previous stock up to the number of litres that corresponds to the previous stock immediately before the particular shipment; and

(b) the number of litres of biofuel that corresponds to the total stock of mixed biofuel in the reservoir at the beginning of a particular month must be determined without taking the previous stock into account.

§ 2. — *Credit*

2023, c. 2, s. 44.

1029.8.36.0.106.17. A qualified corporation for a taxation year that encloses the documents described in the third paragraph with the fiscal return it is required to file under section 1000 for the year is deemed, subject to the fourth paragraph, to have paid to the Minister on the corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the amount by which the amount determined under section 1029.8.36.0.106.21 is exceeded by the aggregate of all amounts each of which is an amount determined, for a particular month of the year, in respect of an eligible biofuel, by the formula

A × B.

In the formula in the first paragraph,

(a) A, expressed as a number of litres, is the lesser of

i. the qualified corporation's eligible production of biofuel, in relation to the eligible biofuel, for the particular month, and

ii. the qualified corporation's monthly ceiling on the production of biofuel, in respect of the eligible biofuel, for the particular month; and

(b) B is the amount determined in accordance with section 1029.8.36.0.106.19, in respect of a litre of the eligible biofuel.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information;

(b) a copy of any certificate that has been issued to the corporation for the purposes of this division, for the taxation year or a preceding taxation year, in respect of an eligible biofuel that it produces and that is included in its eligible production of biofuel for a particular month of the year;

(c) a copy of a report specifying, in respect of each month of the taxation year, the qualified corporation's eligible production of biofuel; and

(d) if applicable, a copy of the agreement described in section 1029.8.36.0.106.18.

For the purpose of computing the payments that a qualified corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, that corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the taxation year under this Part and of its tax payable for the taxation year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2023, c. 2, s. 44.

1029.8.36.0.106.18. For the purposes of subparagraph ii of subparagraph *a* of the second paragraph of section 1029.8.36.0.106.17 and subject to the third paragraph, a qualified corporation's monthly ceiling on the production of biofuel, in respect of an eligible biofuel, for a particular month of a taxation year, is

(a) where the qualified corporation is a member of an associated group in the year, the number of litres attributed for the particular month to the qualified corporation pursuant to the agreement described in the second paragraph or, in the absence of such an agreement, zero or the number of litres, determined with reference to the rules set out in the second paragraph, that the Minister attributes to the qualified corporation, if applicable, for the particular month; or

(b) where subparagraph *a* does not apply, the number of litres obtained by multiplying 821,917 by the number of days in the particular month.

The agreement to which subparagraph *a* of the first paragraph refers is the agreement under which all of the qualified corporations that are members of the associated group in the year attribute to one or more of their number, for the purposes of this section, a number of litres; for that purpose, the total number of litres so attributed for the particular month must not exceed the number of litres determined under subparagraph *b* of the first paragraph for the particular month.

Where a qualified corporation has, for a particular month, an eligible production of biofuel in respect of more than one eligible biofuel and the amount determined in respect of any of those biofuels under section 1029.8.36.0.106.19, for the taxation year that includes that month, is not equal to the amount so determined in respect of another of those biofuels, the following rules apply:

(a) the qualified corporation shall attribute, for the particular month, a number of litres in respect of each eligible biofuel and the number of litres so attributed in respect of a biofuel is deemed to be the corporation's monthly ceiling on the production of biofuel, in respect of the biofuel, for the particular month;

(b) the total number of litres attributed in accordance with subparagraph *a* must not exceed the qualified corporation's monthly ceiling on the production of biofuel, in respect of an eligible biofuel, that would be determined for the particular month, under the first paragraph, if no reference were made to this paragraph; and

(c) if the total number of litres attributed in accordance with subparagraph *a* exceeds the qualified corporation's monthly ceiling on the production of biofuel, in respect of an eligible biofuel, that would be determined for the particular month, under the first paragraph, if no reference were made to this paragraph, the Minister shall attribute a number of litres in respect of each eligible biofuel of the corporation and the

number of litres so attributed in respect of a biofuel is deemed to be the corporation's monthly ceiling on the production of biofuel, in respect of that eligible biofuel, for the particular month.

For the purposes of this section, where the particular month of a taxation year includes

(a) 1 April 2023 and does not begin on that date, subparagraph *b* of the first paragraph is to be read as if "that follow 31 March 2023" were inserted at the end; and

(b) 31 March 2033 and does not end on that date, subparagraph *b* of the first paragraph is to be read as if "that precede 1 April 2033" were inserted at the end.

2023, c. 2, s. 44.

1029.8.36.0.106.19. The amount to which subparagraph *b* of the second paragraph of section 1029.8.36.0.106.17 refers in respect of a litre of eligible biofuel is the amount determined by the formula

$$A \times B \times C/1{,}000{,}000.$$

In the formula in the first paragraph,

(a) A is the result obtained by applying the formula

$$D - E;$$

(b) B is

i. where the percentage represented by F, in respect of the eligible biofuel, is less than or equal to 45%, the amount determined by the formula

$$\$30/0.45 \times F,$$

ii. where the percentage represented by F, in respect of the eligible biofuel, is greater than 45% but less than or equal to 70%, the amount determined by the formula

$$\$30 + [\$30/0.25 \times (F - 0.45)], \text{ or}$$

iii. where the percentage represented by F, in respect of the eligible biofuel, is greater than 70%, the amount determined by the formula

$60 + [$65/0.30 × (F – 0.70)]; and

(c) C is the higher heating value of the eligible biofuel that is specified in the certificate issued in respect of that biofuel for the purposes of this division.

For the purposes of subparagraphs *a* and *b* of the second paragraph,

(a) D is

i. 83.1, where the certificate issued in respect of the eligible biofuel for the purposes of this division specifies that the biofuel replaces gasoline, or

ii. 92.9, where the certificate issued in respect of the eligible biofuel for the purposes of this division specifies that the biofuel replaces diesel fuel;

(b) E is the carbon intensity of the eligible biofuel that is specified in the certificate issued in respect of that biofuel for the purposes of this division; and

(c) F is the lesser of 100% and the result, expressed as a percentage, obtained by applying the formula

1 – (E/D).

If the result obtained by applying any of the formulas in this section has more than two decimal places, only the first two decimal digits are retained and the second is increased by one unit if the third is greater than 4.

2023, c. 2, s. 44.

ii. the aggregate of all amounts each of which is the lesser of the amounts determined under subparagraphs *a* and *b* of the first paragraph of section 1029.8.36.0.117.1 for the particular year or a preceding taxation year; and

For the purposes of subparagraph *b* of the second paragraph, a corporation's share of a particular amount, in relation to a qualified partnership of which the corporation is a member at the end of a fiscal period, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2013, c. 10, s. 116.

§ 2. — *Credit*

2013, c. 10, s. 116.

1029.8.36.0.109. A corporation that, in a taxation year, carries on a business in Québec and has an establishment in Québec, that is not an excluded corporation for the year and that encloses with the fiscal return it is required to file for the year under section 1000 the prescribed form containing prescribed information and a copy of the agreement described in section 1029.8.36.0.111, if applicable, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 20% of the amount by which the lesser of the following amounts exceeds the balance of the threshold of the corporation's qualified expenditures for that year:

(a) the aggregate of

i. if the corporation is a qualified corporation for the year, the qualified expenditure of the corporation for the year, to the extent that that expenditure has been paid, and

ii. if the corporation is a member of a qualified partnership at the end of a fiscal period of the partnership ending in the year and the corporation meets the conditions of paragraphs a and b of the definition of "qualified corporation" in the first paragraph of section 1029.8.36.0.107, the aggregate of all amounts each of which is the corporation's share of the lesser of

(1) the qualified expenditure of such a qualified partnership for such a fiscal period, to the extent that that expenditure has been paid, and

(2) the qualified partnership's qualified expenditure limit for that fiscal period; and

(b) the corporation's qualified expenditure limit for the year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or under any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

For the purposes of the first paragraph, the amount that is the balance of the threshold of a corporation's qualified expenditures for a taxation year is to be replaced by,

(a) if the taxation year of the corporation has fewer than 51 weeks, except in cases where subparagraph *c* applies, the proportion of that amount that the number of days in the taxation year of the corporation is of 365; or

(b) (subparagraph repealed);

(c) if the taxation year of the corporation includes 1 January 2016, the proportion of that amount that the number of days in the taxation year of the corporation that precede 1 January 2016 is of 365.

For the purposes of subparagraph ii of subparagraph *a* of the first paragraph, a corporation's share of a particular amount, in relation to a qualified partnership of which the corporation is a member at the end of a fiscal period, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2013, c. 10, s. 116; 2015, c. 21, s. 441.

1029.8.36.0.110. In this division, the qualified expenditure limit of a partnership for a fiscal period is equal to $750,000 and the qualified expenditure limit of a corporation for a taxation year is equal to

(a) if the corporation is not a member of an associated group in the year, $750,000; or

(b) if the corporation is a member of an associated group in the year, an amount attributed for the year to the corporation pursuant to the agreement described in section 1029.8.36.0.111 and enclosed with the fiscal return the corporation is required to file for the year under section 1000 or, if no amount is attributed to the corporation under the agreement or in the absence of such an agreement, zero.

For the purposes of this section and sections 1029.8.36.0.111 to 1029.8.36.0.113, an associated group in a taxation year means all the corporations that, in the year, carry on a business in Québec and have an establishment in Québec, are not excluded corporations for the year, are associated with each other in the year and each of which is a qualified corporation for the year or a corporation that is a member of a qualified partnership at the end of a fiscal period of the qualified partnership ending in the year and that meets the conditions of paragraphs *a* and *b* of the definition of "qualified corporation" in the first paragraph of section 1029.8.36.0.107.

2013, c. 10, s. 116; 2015, c. 21, s. 442.

1029.8.36.0.111. The agreement to which subparagraph *b* of the first paragraph of section 1029.8.36.0.110 refers is the agreement under which all the corporations that are members of the associated group in the year attribute for the year, in the prescribed form, to one or more of their number, for the purposes of this division, one or more amounts the total of which does not exceed $750,000.

If the aggregate of the amounts attributed, in respect of a taxation year, pursuant to an agreement described in the first paragraph and entered into by the corporations that are members of an associated group in the year exceeds $750,000, the amount determined under subparagraph *b* of the first paragraph of section 1029.8.36.0.110 in respect of each of those corporations for the taxation year is deemed, for the purposes of this division, to be equal to the proportion of $750,000 that that determined amount is of the aggregate of the amounts attributed for the year under the agreement.

2013, c. 10, s. 116.

1029.8.36.0.112. If a corporation that is a member of an associated group referred to in subparagraph *b* of the first paragraph of section 1029.8.36.0.110 fails to file with the Minister an agreement described in that subparagraph within 30 days after notice in writing by the Minister has been sent to any of the corporations that are members of that group that such an agreement is required for the purposes of any assessment of tax under this Part or for the determination of another amount, the Minister shall, for the purposes of this division, attribute an amount to one or more of those corporations for the taxation year, which amount or the aggregate of which amounts must be equal to $750,000, and in such a case, despite that subparagraph *b*, the qualified expenditure limit for the year of each of the corporations is equal to the amount so attributed to it.

2013, c. 10, s. 116.

1029.8.36.0.113. Despite sections 1029.8.36.0.110 to 1029.8.36.0.112, the following rules apply:

(a) if a corporation that is a member of an associated group (in this paragraph referred to as the "first corporation") has more than one taxation year ending in the same calendar year and is associated in two or more of those taxation years with another corporation that is a member of the group that has a taxation year ending in that calendar year, the qualified expenditure limit of the first corporation for each particular taxation

year that ends in the calendar year in which it is associated with the other corporation and that ends after the first taxation year ending in that calendar year is, subject to paragraph *b*, an amount equal to the lesser of

i. its qualified expenditure limit for the first taxation year ending in the calendar year, determined without reference to this section, and

ii. its qualified expenditure limit for the particular taxation year ending in the calendar year, determined without reference to this section;

(b) if a corporation has a taxation year of fewer than 51 weeks or if a partnership has a fiscal period of fewer than 51 weeks, except in cases where paragraph *c* or *d* applies, the qualified expenditure limit of the corporation for the year or of the partnership for the fiscal period is equal to that proportion of its qualified expenditure limit for the year or period, determined without reference to this paragraph, that the number of days in the year or period is of 365;

(c) if the taxation year of a corporation or the fiscal period of a partnership includes 20 March 2012, the qualified expenditure limit of the corporation for the year or of the partnership for the fiscal period is equal to that proportion of its qualified expenditure limit for the year or period, determined without reference to this paragraph, that the number of days in the year or period that follow 20 March 2012 is of 365; and

(d) if the taxation year of a corporation or the fiscal period of a partnership includes 1 January 2016, the qualified expenditure limit of the corporation for the year or of the partnership for the fiscal period is equal to that proportion of its qualified expenditure limit for the year or period, determined without reference to this paragraph, that the number of days in the year or period that precede 1 January 2016 is of 365.

2013, c. 10, s. 116.

1029.8.36.0.114. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause a corporation to be deemed to have paid an amount to the Minister under this division for that year or to increase an amount that a corporation is deemed to have paid to the Minister under this division for that year, those corporations are deemed, for the purposes of this division, to be associated with each other in the year.

2013, c. 10, s. 116.

§ 3. — *Government assistance, non-government assistance and other particulars*

2013, c. 10, s. 116.

1029.8.36.0.115. For the purpose of computing the amount that is deemed to have been paid to the Minister by a corporation, for a taxation year, under section 1029.8.36.0.109, the following rules apply:

(a) the amount of the corporation's qualified expenditure referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.0.109 is to be reduced, if applicable, by the amount of any government assistance or non-government assistance attributable to the expenditure that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the taxation year; and

(b) the corporation's share of a partnership's qualified expenditure referred to in subparagraph 1 of subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.36.0.109, for a fiscal period of the partnership that ends in the taxation year of the corporation, is to be reduced, if applicable,

i. by the corporation's share, for that fiscal period, of the amount of any government assistance or non-government assistance attributable to the expenditure that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of any government assistance or non-government assistance attributable to the expenditure that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the corporation's share, for the partnership's fiscal period, of the amount of any government assistance or non-government assistance that the partnership has received, is entitled to receive or may reasonably expect to receive, is equal to the agreed proportion of the amount in respect of the corporation for the partnership's fiscal period that ends in its taxation year.

2013, c. 10, s. 116.

1029.8.36.0.116. If, in respect of a qualified expenditure of a qualified corporation or a qualified partnership, a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to eligible work carried out under an eligible contract between the qualified corporation or qualified partnership and a qualified contractor, whether in the form of a repayment, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply:

(a) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year by the qualified corporation under section 1029.8.36.0.109, the amount of the corporation's qualified expenditure referred to in subparagraph i of subparagraph *a* of the first paragraph of that section is to be reduced by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the qualified corporation's filing-due date for the taxation year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister under section 1029.8.36.0.109 by a corporation that is a member of the qualified partnership for a taxation year, the corporation's share of the qualified expenditure referred to in subparagraph 1 of subparagraph ii of subparagraph *a* of the first paragraph of that section, for the partnership's fiscal period that ends in the taxation year, is to be reduced

i. by its share, for the fiscal period, of the amount of the benefit or advantage that a partnership or a person, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the qualified partnership's fiscal period in which the expenditure was incurred, and

ii. by the amount of the benefit or advantage that the corporation or a person with whom the corporation does not deal at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the qualified partnership's fiscal period in which the expenditure was incurred.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the corporation's share, for the qualified partnership's fiscal period, of the amount of the benefit or advantage that a partnership or a person has obtained, is entitled to obtain or may reasonably expect to obtain, is equal to the agreed proportion of the amount in respect of the corporation for the qualified partnership's fiscal period that ends in its taxation year.

2013, c. 10, s. 116.

1029.8.36.0.117. If a corporation is deemed to have paid to the Minister, under section 1029.8.36.0.109, an amount on account of its tax payable under Part I for a particular taxation year, in relation to a qualified expenditure of the corporation for the particular taxation year or to a qualified expenditure of a partnership of which it is a member at the end of a particular fiscal period of the partnership that ends in the particular taxation year, in respect of a qualified tourist accommodation establishment, and, before 1 January 2018 and in a taxation year (in this section referred to as the "repayment year") in which the corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government

assistance or non-government assistance that reduced, in accordance with subparagraph *a* of the first paragraph of section 1029.8.36.0.115, the corporation's qualified expenditure for the particular taxation year, or in which ends a fiscal period of the partnership (in this section referred to as "fiscal period of repayment") in which the partnership or corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, in accordance with subparagraph *b* of the first paragraph of section 1029.8.36.0.115, the corporation's share of a qualified expenditure of the partnership for the particular fiscal period, the corporation is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for the repayment year and, in the case of a repayment made in the fiscal period of repayment, if it is a member of the partnership at the end of the fiscal period of repayment, to have paid to the Minister on the corporation's balance-due day for the repayment year on account of its tax payable for the year under this Part, an amount equal to the amount by which the particular amount it would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.0.109 for the particular year, in respect of such a qualified expenditure, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.109 in relation to such a qualified expenditure for the particular taxation year, or, in the case of a repayment made in the fiscal period of repayment, would be so deemed to have been paid to the Minister if the agreed proportion, in respect of the corporation for the particular fiscal period, were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year, in respect of an amount of assistance repaid by the corporation or partnership, or, in the case of a repayment made in the fiscal period of repayment, would be so deemed to have paid to the Minister if the agreed proportion, in respect of the corporation for the particular fiscal period, were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the repayment year reduced the amount of any government assistance or non-government assistance referred to in section 1029.8.36.0.115; and

(b) in the case of a repayment made in the fiscal period of repayment, the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2013, c. 10, s. 116.

1029.8.36.0.117.1. Where an amount of government assistance or non-government assistance or a corporation's share of an amount of government assistance or non-government assistance that reduced, in accordance with subparagraph *a* or *b* of the first paragraph of section 1029.8.36.0.115, the corporation's qualified expenditure for a particular taxation year or the corporation's share of the qualified expenditure of a partnership of which the corporation is a member at the end of a particular fiscal period of the partnership that ends in the particular taxation year, as the case may be, in respect of a qualified tourist accommodation establishment, is repaid before 1 January 2018 pursuant to a legal obligation by the corporation in a taxation year (in this section referred to as the "repayment year") or by the partnership in a fiscal period (in this section referred to as the "fiscal period of repayment"), and the amount that is the lesser of the amounts determined under subparagraphs *a* and *b* of the first paragraph of section 1029.8.36.0.109 in respect of the corporation for the particular year, with reference to subparagraphs *a* and *b* of the first paragraph of section 1029.8.36.0.115, does not exceed the balance of the threshold of the corporation's qualified expenditures for the particular year, the corporation is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for the repayment year and, in the case of a repayment made by the partnership, if it is a member of the partnership at the end of the fiscal period of repayment, to have paid to the Minister on the corporation's balance-due day for the repayment year on account of its tax payable for the year under this Part, an amount equal to the product obtained by multiplying the percentage described in the second paragraph by the amount by which the lesser of the following amounts exceeds the amount that would be the balance of the threshold of the corporation's qualified expenditures for the repayment year if

section 1029.8.36.0.107.1 were read without taking into account the application of this section in respect of the repayment year:

(a) the amount by which the lesser of the aggregate of all amounts each of which is the amount of government assistance or non-government assistance relating to the corporation's qualified expenditure, or the corporation's share of the amount of government assistance or non-government assistance relating to the partnership's qualified expenditure, if applicable, and the amount determined under subparagraph *b* of the first paragraph of section 1029.8.36.0.109 in respect of the corporation for the particular year exceeds the aggregate of all amounts each of which is the amount of a repayment of the government assistance or non-government assistance by the corporation in a taxation year preceding the repayment year, or the corporation's share of the amount of the repayment of the government assistance or non-government assistance by the partnership in a fiscal period preceding the fiscal period of repayment, if applicable; and

(b) the aggregate of all amounts each of which is the amount of repayment by the corporation in the repayment year, or the corporation's share of the amount of repayment by the partnership in the fiscal period of repayment, if applicable.

The percentage to which the first paragraph refers is the percentage that would apply under section 1029.8.36.0.109 in respect of the qualified expenditure if the corporation had been deemed to have paid an amount to the Minister under that section for the particular taxation year.

For the purposes of the first paragraph, a corporation's share of a particular amount, in relation to a qualified partnership of which it is a member at the end of a fiscal period, is equal to the agreed proportion of the amount, in respect of the corporation for the fiscal period.

2015, c. 21, s. 443.

1029.8.36.0.118. For the purposes of section 1029.8.36.0.117, an amount of assistance is deemed to be repaid by a corporation or partnership at a particular time, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.0.115, a qualified expenditure or the share of a corporation that is a member of the partnership in such an expenditure, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.0.109;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership could reasonably expect to receive.

1995, c. 1, s. 157.

1029.8.36.5. A qualified corporation in respect of which the Minister of Economy and Innovation issues a certificate for a particular taxation year, in respect of a design activity, in connection with a business it carries on in Québec, carried out under a contract entered into with a qualified outside consultant and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for the particular year, is deemed, subject to the third paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 12% of

(a) if the qualified corporation is not dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the aggregate of all amounts each of which, determined in relation to a qualified designer or, as the case may be, to a qualified patternmaker, who reports for work at an establishment of the qualified outside consultant situated in Québec, is the expenditure that it incurs in the particular year, to the extent that the expenditure is paid, and that is the least of

i. the part of the cost of the contract that may reasonably be attributed to the wages paid by the qualified outside consultant to the qualified designer or qualified patternmaker in a taxation year of the qualified outside consultant or, if the qualified outside consultant is a partnership, in a fiscal period of the qualified outside consultant and before the end of the particular year, in relation to the part of the design activity, or to the part of the pattern drafting activity provided for in the contract, that is carried out in Québec in the particular year or in a preceding taxation year, or that could be so attributed if the qualified outside consultant had such employees,

ii. $60,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified designer, and

iii. $40,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified patternmaker; and

(b) if the qualified corporation is dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the expenditure that it incurs in the year and that is 65% of all or part of the cost of the contract that may reasonably be attributed to the design activity or to a pattern drafting activity provided for in the contract that the qualified outside consultant carried out in Québec in the particular year or a preceding taxation year, to the extent that the expenditure is paid.

For the purposes of the first paragraph, where an expenditure incurred in a taxation year is reasonably attributable to the carrying out of a design activity in a taxation year subsequent to the year, the expenditure is deemed to be incurred in that subsequent taxation year.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

However, the first paragraph does not apply to a qualified corporation whose gross revenue for the particular year from the carrying on of the business referred to in that paragraph is less than $150,000 or, if the taxation year of a qualified corporation has fewer than 52 weeks, less than the amount obtained by multiplying $150,000 by the proportion that the number of weeks in the taxation year is of 52.

For the purposes of subparagraphs ii and iii of subparagraph *a* of the first paragraph, the amount of $60,000 or $40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days in the taxation year or fiscal period of the qualified outside consultant during which the qualified designer or qualified patternmaker, as the case may be, reports for work at an establishment of the employer situated in Québec and during which the qualified designer or qualified patternmaker carries out the design activity or the pattern drafting activity provided for in the contract, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for the particular year to the qualified corporation by the Minister of Economy and Innovation; and

(c) a copy of the certificate of qualification issued to the qualified outside consultant by the Minister of Economy and Innovation.

1029.8.36.6. If the Minister of Economy and Innovation issues a certificate to a qualified partnership for a particular fiscal period, in respect of a design activity, in connection with a business it carries on in Québec, carried out under a contract entered into with a qualified outside consultant, each qualified corporation that is a member of the qualified partnership at the end of that fiscal period and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for its taxation year in which the particular fiscal period ends, is deemed, subject to the third paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 12% of its share of

(a) if the qualified partnership is not dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the aggregate of all amounts each of which, determined in relation to a qualified designer or, as the case may be, to a qualified patternmaker, who reports for work at an establishment of the qualified outside consultant situated in Québec, is the expenditure that it incurs in the particular fiscal period, to the extent that the expenditure is paid, and that is the least of

i. the part of the cost of the contract that may reasonably be attributed to the wages paid by the qualified outside consultant to the qualified designer or qualified patternmaker in a taxation year of the qualified outside consultant or, if the qualified outside consultant is a partnership, in a fiscal period of the qualified outside consultant and before the end of the particular fiscal period, in relation to the part of the design activity, or to the part of the pattern drafting activity provided for in the contract, that is carried out in Québec in the particular fiscal period or in a preceding fiscal period, or that could be so attributed if the qualified outside consultant had such employees,

ii. $60,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified designer, and

iii. $40,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified patternmaker; and

(b) if the qualified partnership is dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the expenditure that the qualified partnership incurs in the particular fiscal period and that is 65% of all or part of the cost of the contract that may reasonably be attributed to the design activity or to a pattern drafting activity provided for in the contract that the qualified outside consultant carried out in Québec in the particular fiscal period or a preceding fiscal period, to the extent that the expenditure is paid.

For the purposes of the first paragraph,

(a) where an expenditure incurred in a fiscal period is reasonably attributable to the carrying out of a design activity in a fiscal period subsequent to the period, the expenditure is deemed to be incurred in that subsequent fiscal period; and

(b) a qualified corporation's share of an expenditure incurred by a qualified partnership of which the qualified corporation is a member is equal to the agreed proportion of the expenditure in respect of the qualified corporation for the partnership's fiscal period that ends in its taxation year.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, for its taxation year in which the fiscal period of the qualified partnership ends, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

However, the first paragraph does not apply where the amount that would be the qualified partnership's gross revenue for the particular fiscal period from the carrying on of the business referred to in that paragraph, if, for the purposes of the definition of "gross revenue" in section 1, the qualified partnership were a corporation, is less than $150,000 or, where the qualified partnership's fiscal period has fewer than 52 weeks, less than the amount obtained by multiplying $150,000 by the proportion that the number of weeks in the fiscal period is of 52.

For the purposes of subparagraphs ii and iii of subparagraph *a* of the first paragraph, the amount of $60,000 or $40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days in the taxation year or fiscal period of the qualified outside consultant during which the qualified designer or qualified patternmaker, as the case may be, reports for work at an establishment of the employer situated in Québec and during which the qualified designer or qualified patternmaker carries out the design activity or the pattern drafting activity provided for in the contract, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for the particular fiscal period to the qualified partnership by the Minister of Economy and Innovation; and

(c) a copy of the certificate of qualification issued to the qualified outside consultant by the Minister of Economy and Innovation.

1029.8.36.7. A qualified corporation in respect of which the Minister of Economy and Innovation issues a certificate for a period of a taxation year, in respect of a design activity in connection with a business it carries on in Québec and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for the year, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 12% of the aggregate of

(a) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified corporation, as part of the design activity and in the period described in the certificate, in respect of a qualified designer who reports for work at an establishment of the qualified corporation situated in Québec, to the extent that the wages are paid and are reasonably attributable to the carrying out of the design activity in Québec in the period, and

ii. $60,000; and

(b) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified corporation, as part of a pattern drafting activity that derives from the design activity and in the period described in the certificate, in respect of a qualified patternmaker who reports for work at an establishment of the qualified corporation situated in Québec, to the extent that the wages are paid and are reasonably attributable to the carrying out of the pattern drafting activity in Québec in the period, and

ii. $40,000.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

For the purposes of the first paragraph,

(a) if wages incurred in a taxation year are reasonably attributable to the carrying out of a design activity or pattern drafting activity in a taxation year subsequent to the year, the wages are deemed to be incurred in that subsequent taxation year; and

(b) if wages incurred in a period, in respect of a qualified designer or qualified patternmaker, are attributable, in a proportion of at least 90%, to the carrying out of a design activity or pattern drafting activity,

as the case may be, the wages are deemed to be wholly attributable to that design activity or pattern drafting activity.

However, the first paragraph does not apply to a qualified corporation whose gross revenue for the year from the carrying on of the business referred to in that paragraph is less than $150,000 or, where the taxation year of a qualified corporation has fewer than 52 weeks, less than the amount obtained by multiplying $150,000 by the proportion that the number of weeks in the taxation year is of 52.

For the purposes of subparagraph ii of subparagraphs *a* and *b* of the first paragraph, the amount of $60,000 or $40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days during which the qualified designer or qualified patternmaker is an employee of the qualified corporation in the period referred to in subparagraph i of that subparagraph *a* or *b*, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for a period of the year to the qualified corporation by the Minister of Economy and Innovation; and

(c) a copy of any certificate of qualification issued by the Minister of Economy and Innovation to a qualified designer or qualified patternmaker referred to in the first paragraph.

1995, c. 1, s. 157; 1995, c. 63, s. 182; 1997, c. 3, s. 71; 1997, c. 14, s. 225; 1997, c. 31, s. 143; 1999, c. 8, s. 20; 1999, c. 83, s. 329; 2001, c. 51, s. 171; 2003, c. 9, s. 278; 2003, c. 29, s. 135; 2004, c. 21, s. 351; 2006, c. 13, s. 138; 2015, c. 21, s. 448; 2019, c. 14, s. 354 ; 2019, c. 29, s. 1.

1029.8.36.7.1. If the Minister of Economy and Innovation issues a certificate to a qualified partnership for a period of a fiscal period, in respect of a design activity in connection with a business it carries on in Québec, each qualified corporation that is a member of the qualified partnership at the end of that fiscal period and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for its taxation year in which the partnership's fiscal period ends, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 12% of its share of the aggregate of

(a) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified partnership, as part of the design activity and in the period described in the certificate, in respect of a qualified designer who reports for work at an establishment of the qualified partnership situated in Québec, to the extent that the wages are paid and are reasonably attributable to the carrying out of the design activity in Québec in the period, and

ii. $60,000; and

(b) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified partnership, as part of a pattern drafting activity that derives from the design activity and in the period described in the certificate, in respect of a qualified patternmaker who reports for work at an establishment of the qualified partnership situated in Québec, to the extent that the wages are paid and are reasonably attributable to the carrying out of the pattern drafting activity in Québec in the period, and

ii. $40,000.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175

and 1175.19 where they refer to that subparagraph *a*, for its taxation year in which the fiscal period of the qualified partnership ends, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The first paragraph applies with reference to the following rules:

(a) if wages incurred in a fiscal period are reasonably attributable to the carrying out of a design activity or pattern drafting activity in a fiscal period subsequent to the fiscal period, the wages are deemed to be incurred in that subsequent fiscal period;

(b) if wages incurred in a period, in respect of a qualified designer or qualified patternmaker, are attributable, in a proportion of at least 90%, to the carrying out of a design activity or pattern drafting activity, as the case may be, the wages are deemed to be wholly attributable to that design activity or pattern drafting activity; and

(c) a qualified corporation's share of wages incurred by a qualified partnership of which the qualified corporation is a member is equal to the agreed proportion of the wages in respect of the qualified corporation for the partnership's fiscal period that ends in its taxation year.

However, the first paragraph does not apply where the amount that would be the qualified partnership's gross revenue for the fiscal period from the carrying on of the business referred to in that paragraph, if, for the purposes of the definition of "gross revenue" in section 1, the qualified partnership were a corporation, is less than $150,000 or, where the qualified partnership's fiscal period has fewer than 52 weeks, less than the amount obtained by multiplying $150,000 by the proportion that the number of weeks in the fiscal period is of 52.

For the purposes of subparagraph ii of subparagraphs *a* and *b* of the first paragraph, the amount of $60,000 or $40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days during which the qualified designer or qualified patternmaker is an employee of the qualified partnership in the period referred to in subparagraph i of that subparagraph *a* or *b*, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for a period of the fiscal period to the qualified partnership by the Minister of Economy and Innovation; and

(c) a copy of any certificate of qualification issued by the Minister of Economy and Innovation to a qualified designer or qualified patternmaker referred to in the first paragraph.

1029.8.36.7.2. For the purposes of sections 1029.8.36.5 to 1029.8.36.7.1,

(a) if, during all or part of a taxation year or fiscal period, an employee reports for work at an establishment of the employer situated in Québec and at an establishment of the employer situated outside Québec, the employee is, for that period, deemed

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the employer situated outside Québec; and

(b) if, during all or part of a taxation year or fiscal period, an employee is not required to report for work at an establishment of the employer and the employee's salary or wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.

24% - {[(A - $50,000,000)/$25,000,000] × 12%}.

In the formula in the first paragraph, A is the greater of $50,000,000 and

(a) when determining the rate for the purposes of section 1029.8.36.5 or 1029.8.36.7, the amount of the assets of the corporation determined as provided in this subdivision; or

For the purposes of the first paragraph, all or part of an expenditure made in respect of incorporeal assets of a corporation or a partnership is deemed to be nil if all or the part of that expenditure consists

(a) in the case of a corporation or of a corporation that is a cooperative, of a share of its capital stock; or

(a) the wages referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.5 and paid to a qualified designer or qualified patternmaker by a qualified outside consultant are to be reduced, where applicable, by the amount of any contract payment, government assistance or non-government

(b) the expenditure referred to in subparagraph *b* of the first paragraph of section 1029.8.36.5 is to be reduced, where applicable, by the amount of any contract payment, government assistance, non-government assistance or apparent payment, attributable to the expenditure, that the qualified corporation or, in the case of an apparent payment, a person with whom the qualified corporation does not deal at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the qualified corporation's filing-due date for the taxation year;

(c) the share of a qualified corporation that is a member of a qualified partnership of wages referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.6 and paid to a qualified designer or qualified patternmaker by a qualified outside consultant is to be reduced, where applicable,

i. by its share of the amount of any contract payment, government assistance or non-government assistance, attributable to the wages, that the qualified outside consultant or qualified partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period of the partnership in which the wages were incurred, or

ii. by the amount of any contract payment, government assistance or non-government assistance, attributable to the wages, that the qualified corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period of the partnership in which the wages were incurred; and

DIVISION II.6.4

CREDIT IN RESPECT OF ENVIRONMENTAL TRUSTS

1996, c. 39, s. 250; 2000, c. 5, s. 263.

1029.8.36.52. In this division, "Part III.12 tax credit" of a taxpayer for a particular taxation year means the aggregate of

(a) all amounts each of which is an amount determined by the formula

A × B / C; and

(b) in respect of each partnership of which the taxpayer is a member, all amounts each of which is the amount that can reasonably be considered to be the taxpayer's share of the amount that would, if the partnership were a person and its fiscal period were its taxation year, be the Part III.12 tax credit of the partnership for its taxation year that ends in the particular year.

For the purposes of the formula in the first paragraph,

(a) A is the tax payable under Part III.12 by an environmental trust for a taxation year of the trust, in this paragraph referred to as the "trust's year", that ends in the particular year;

(b) B is the amount by which the aggregate of all amounts in respect of the trust that are included, otherwise than because of the taxpayer being a member of a partnership, because of section 692.1 in computing the taxpayer's income for the particular year exceeds the aggregate of all amounts in respect of the trust that are deducted, otherwise than because of the taxpayer being a member of a partnership, because of that section 692.1 in computing such income; and

(c) C is the trust's income for the trust's year, computed in the manner prescribed in the second paragraph of section 1129.52.

1996, c. 39, s. 250; 1997, c. 3, s. 71; 2000, c. 5, s. 264.

1029.8.36.53. A taxpayer, other than a taxpayer exempt from tax payable under this Part, is deemed, subject to the second paragraph, to have paid to the Minister for a taxation year on the taxpayer's balance-due day for that year, on account of the taxpayer's tax payable under this Part for that year, an amount equal to the amount by which the taxpayer's Part III.12 tax credit for the year exceeds the amount deducted under section 776.1.6 in computing the taxpayer's tax payable under this Part for the year.

For the purpose of computing the payments that a taxpayer referred to in the first paragraph is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

"eligibility period", in relation to qualified financing, of an eligible taxpayer or a qualified partnership means the period that begins on the particular day on which the agreement giving rise to the qualified financing is entered into, or, if it is later, on 1 January 2015, and that ends 10 years after the particular day;

"eligible expenses", in respect of qualified financing, of an eligible taxpayer for a taxation year or of a qualified partnership for a fiscal period, means the interest, in respect of the qualified financing, that is attributable to the portion of the taxpayer's or partnership's eligibility period, in relation to the qualified financing, that is included in the taxation year or fiscal period, as the case may be;

2015, c. 24, s. 141; 2021, c. 14, s. 141.

§ 2. — *Credits*

2015, c. 24, s. 141.

1029.8.36.53.20.2. An eligible taxpayer for a taxation year who encloses the prescribed form containing prescribed information with the fiscal return the taxpayer is required to file for the year under section 1000, or would be required to so file if the taxpayer had tax payable for the year under this Part, is deemed, subject to the second paragraph, to have paid to the Minister on the taxpayer's balance-due day for the year, on account of the taxpayer's tax payable for the year under this Part, an amount equal to 40% of the aggregate of all amounts each of which is the amount of the taxpayer's eligible expenses for the year in respect of qualified financing of the taxpayer, to the extent that those eligible expenses are paid.

For the purpose of computing the payments that an eligible taxpayer is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2015, c. 24, s. 141.

1029.8.36.53.20.3. A taxpayer who is a member of a qualified partnership at the end of a fiscal period of the qualified partnership and encloses the prescribed form containing prescribed information with the fiscal return the taxpayer is required to file under section 1000 for the taxpayer's taxation year in which that fiscal period ends, or would be required to so file if the taxpayer had tax payable for that year under this Part, is deemed, subject to the second paragraph, to have paid to the Minister, on the taxpayer's balance-due day for that year, on account of the taxpayer's tax payable for that year under this Part, an amount equal to 40% of the taxpayer's share of the aggregate of all amounts each of which is the amount of eligible expenses of the partnership for the fiscal period in respect of qualified financing of the partnership, to the extent that those eligible expenses are paid.

For the purpose of computing the payments that a taxpayer referred to in the first paragraph is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, for the taxpayer's taxation year in which the partnership's fiscal period ends, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but

otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2015, c. 24, s. 141.

§ 3. — *Government assistance, non-government assistance and other particulars*

2015, c. 24, s. 141.

1029.8.36.53.20.4. For the purpose of computing the amount that is deemed to have been paid to the Minister by a taxpayer, for a taxation year, under section 1029.8.36.53.20.2 or 1029.8.36.53.20.3, the following rules apply:

(a) the amount of the eligible expenses referred to in the first paragraph of section 1029.8.36.53.20.2 is to be reduced, where applicable, by the amount of any government assistance or non-government assistance attributable to the expenses that the taxpayer has received, is entitled to receive or may reasonably expect to receive, on or before the taxpayer's filing-due date for the year; and

(b) the taxpayer's share of the aggregate of the eligible expenses of a partnership, which are referred to in the first paragraph of section 1029.8.36.53.20.3, for a fiscal period of the partnership that ends in the taxation year is to be reduced, where applicable,

i. by the taxpayer's share, for the fiscal period, of any amount of government assistance or non-government assistance attributable to the expenses that the partnership has received, is entitled to receive or may reasonably expect to receive, on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of any government assistance or non-government assistance attributable to the expenses that the taxpayer has received, is entitled to receive or may reasonably expect to receive, on or before the taxpayer's filing-due date for the year.

2015, c. 24, s. 141.

1029.8.36.53.20.5. If, in respect of eligible expenses of an eligible taxpayer or of a qualified partnership (in this section referred to as the "particular partnership"), a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the qualified financing to which the eligible expenses are attributable, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply:

(a) for the purpose of computing the amount that the taxpayer is deemed to have paid to the Minister for a taxation year under section 1029.8.36.53.20.2, the amount of the eligible expenses referred to in the first paragraph of that section is to be reduced by the amount of the benefit or advantage relating to the eligible expenses that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the taxpayer's filing-due date for the taxation year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.53.20.3 by a taxpayer who is a member of the particular partnership, at the end of a fiscal period of the particular partnership that ends in the taxation year, the taxpayer's share, referred to in the first paragraph of that section, of the aggregate of the eligible expenses of the particular partnership for the fiscal period is to be reduced

i. by the taxpayer's share, for the fiscal period, of the amount of the benefit or advantage relating to the eligible expenses that the person or partnership, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of the benefit or advantage relating to the eligible expenses that the taxpayer or a person with whom the taxpayer is not dealing at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period.

2015, c. 24, s. 141.

1029.8.36.53.20.6. If, before 1 January 2037, a taxpayer pays, in a taxation year (in this section referred to as the "repayment year"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of paragraph *a* of section 1029.8.36.53.20.4, the taxpayer's eligible expenses for a particular taxation year for the purpose of computing the amount that the taxpayer is deemed to have paid to the Minister for the particular taxation year under section 1029.8.36.53.20.2, the taxpayer is deemed, if the taxpayer encloses the prescribed form containing prescribed information with the fiscal return the taxpayer is required to file for the repayment year under section 1000, or would be required to so file if the taxpayer had tax payable for the repayment year under this Part, to have paid to the Minister on the taxpayer's balance-due day for the repayment year, on account of the taxpayer's tax payable for that year under this Part, an amount equal to the amount by which the amount that the taxpayer would be deemed to have paid to the Minister under section 1029.8.36.53.20.2 for the particular year, in respect of the eligible expenses, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in paragraph *a* of section 1029.8.36.53.20.4, exceeds the aggregate of

(a) the amount that the taxpayer is deemed to have paid to the Minister under section 1029.8.36.53.20.2 for the particular year in respect of the eligible expenses; and

(b) any amount that the taxpayer is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance.

2015, c. 24, s. 141; 2021, c. 14, s. 142.

1029.8.36.53.20.7. If, before 1 January 2037, a partnership pays, in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of paragraph *b* of section 1029.8.36.53.20.4, a taxpayer's share of the aggregate of the eligible expenses of the partnership for a particular fiscal period, for the purpose of computing the amount that the taxpayer is deemed to have paid to the Minister under section 1029.8.36.53.20.3, in respect of the share, for the taxpayer's taxation year in which the particular fiscal period ended, the taxpayer is deemed to have paid to the Minister on the taxpayer's balance-due day for the taxpayer's taxation year in which the fiscal period of repayment ends, on account of the taxpayer's tax payable for that year under this Part, if the taxpayer is a member of the partnership at the end of the fiscal period of repayment and if the taxpayer encloses the prescribed form containing prescribed information with the fiscal return the taxpayer is required to file for that year under section 1000, or would be required to so file if the taxpayer had tax payable for that year under this Part, an amount equal to the amount by which the particular amount that the taxpayer would be deemed, subject to the second paragraph, to have paid to the Minister under section 1029.8.36.53.20.3 for the taxpayer's taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the taxpayer would be deemed to have paid to the Minister under section 1029.8.36.53.20.3, for the taxpayer's taxation year in which the particular fiscal period ends, in respect of the eligible expenses of the partnership, if the agreed proportion in respect of the taxpayer for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the taxpayer would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the agreed proportion in respect of the taxpayer for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph i of paragraph *b* of section 1029.8.36.53.20.4; and

(b) the agreed proportion in respect of the taxpayer for the particular fiscal period were the same as that for the fiscal period of repayment.

2015, c. 24, s. 141; 2021, c. 14, s. 143.

1029.8.36.53.20.8. If a taxpayer is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") and pays, before 1 January 2037 and in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of paragraph *b* of section 1029.8.36.53.20.4, the taxpayer's share of the aggregate of the eligible expenses of the partnership for a particular fiscal period, for the purpose of computing the amount that the taxpayer is deemed to have paid to the Minister under section 1029.8.36.53.20.3, in respect of the share, for the taxpayer's taxation year in which the particular fiscal period ended, the taxpayer is deemed to have paid to the Minister on the taxpayer's balance-due day for the taxpayer's taxation year in which the fiscal period of repayment ends, on account of the taxpayer's tax payable for that year under this Part, if the taxpayer encloses the prescribed form containing prescribed information with the fiscal return the taxpayer is required to file for that year under section 1000, or would be required to so file if the taxpayer had tax payable for that year under this Part, an amount equal to the amount by which the particular amount that the taxpayer would be deemed, subject to the second paragraph, to have paid to the Minister under section 1029.8.36.53.20.3 for the taxpayer's taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the taxpayer would be deemed to have paid to the Minister under section 1029.8.36.53.20.3 for the taxpayer's taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the taxpayer for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the taxpayer would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the taxpayer, if the agreed proportion in respect of the taxpayer for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of paragraph *b* of section 1029.8.36.53.20.4; and

(b) was not received by the taxpayer or partnership; and

(c) ceased at the particular time to be an amount that the taxpayer or partnership could reasonably expect to receive.

For the purposes of subparagraph *b* of the first paragraph, the cost of conversion, at the end of a taxation year, of an eligible vessel of a qualified corporation is equal to the aggregate of

(a) the amount by which the portion of the cost to the qualified corporation of conversion of the eligible vessel incurred at the end of the year exceeds the aggregate of all amounts each of which is

i. government assistance or non-government assistance attributable to the cost of conversion that the qualified corporation or a person or partnership with whom or with which the qualified corporation is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the qualified corporation's filing-due date for that year, or

ii. an apparent payment, attributable to the cost of conversion, that the qualified corporation or a person with whom it is not dealing at arm's length has received, is entitled to receive or may reasonably expect to receive on or before the qualified corporation's filing-due date for that year; and

(b) any repayment made by the qualified corporation, the person or the partnership in the year or a preceding taxation year, pursuant to a legal obligation, of assistance described in subparagraph *a* in respect of the eligible vessel.

For the purposes of subparagraph *a* of the second paragraph, "apparent payment" means an amount paid or payable by a person who, for the conversion of an eligible vessel of a qualified corporation, carries out work or prepares plans and specifications for the qualified corporation, where the amount is paid or payable for the use of premises, facilities or equipment, or for the provision of services, and that may reasonably be considered to be included in the cost of conversion of the eligible vessel.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

(a) (paragraph repealed);

(b) no amount may be deemed to have been paid to the Minister by the qualified corporation under section 1029.8.36.55 in respect of an expenditure that would, but for this subparagraph, be a construction expenditure included in a qualified construction expenditure of the qualified corporation in respect of an eligible vessel of the corporation in respect of which a qualification certificate was issued by the Minister of Economy and Innovation if,

i. where the expenditure is referred to in any of paragraphs *b* to *d* of the definition of "construction expenditure" in the first paragraph of section 1029.8.36.54, the expenditure was incurred before the date indicated to that effect on the qualification certificate,

ii. where the expenditure was incurred after the date of issue of the qualification certificate and is referred to in subparagraph i or ii of paragraph *a* of the definition of "construction expenditure" in the first paragraph of section 1029.8.36.54 or in paragraph *b* or *c* of that definition, the qualification certificate was not valid at the time the salaries or wages were incurred, or

iii. where the expenditure was incurred after the date of issue of the qualification certificate and is referred to in subparagraph iii of paragraph *a* of the definition of "construction expenditure" in the first paragraph of section 1029.8.36.54 or in paragraph *d* of that definition, the qualification certificate was not valid at the time the work was carried out;

(c) no amount may be deemed to have been paid to the Minister by the qualified corporation under section 1029.8.36.55.1 in respect of an expenditure that would, but for this subparagraph, be a conversion expenditure included in a qualified conversion expenditure of the qualified corporation in respect of an eligible vessel of the corporation in respect of which a qualification certificate was issued by the Minister of Economy and Innovation if,

i. where the expenditure is referred to in any of paragraphs *b* to *d* of the definition of "conversion expenditure" in the first paragraph of section 1029.8.36.54, the expenditure was incurred before the date indicated to that effect on the qualification certificate,

ii. where the expenditure was incurred after the date of issue of the qualification certificate and is referred to in subparagraph i or ii of paragraph *a* of the definition of "conversion expenditure" in the first paragraph of section 1029.8.36.54 or in paragraph *b* or *c* of that definition, the qualification certificate was not valid at the time the salaries or wages were incurred, or

iii. where the expenditure was incurred after the date of issue of the qualification certificate and is referred to in subparagraph iii of paragraph *a* of the definition of "conversion expenditure" in the first paragraph of section 1029.8.36.54 or in paragraph *d* of that definition, the qualification certificate was not valid at the time the work was carried out.

If, in respect of the construction or conversion of an eligible vessel, a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the preparation of the plans and specifications relating to the vessel or to construction work or conversion work in respect of the vessel, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the amount of the salaries or wages incurred, of a portion of a consideration paid or of a portion of the cost of a contract incurred, as the case may be, in respect of the construction expenditure or of the conversion expenditure of a qualified corporation for a taxation year, in respect of the eligible vessel, and the cost of construction or cost of

conversion, as the case may be, to the corporation of that eligible vessel for that year, are, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for that year under section 1029.8.36.55 or 1029.8.36.55.1, to be reduced by the amount of the benefit or advantage attributable to the salaries or wages, to the portion of a consideration or to the portion of the cost of a contract, as the case may be, and to the cost of construction or cost of conversion, as the case may be, that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for that year.

2022, c. 23, s. 103.

1029.8.36.59.49.3. For the purposes of sections 1029.8.36.59.49.1 and 1029.8.36.59.49.2, an associated group, in a taxation year, means all the corporations that are associated with each other at any time in the year.

For the purposes of the first paragraph, the following rules apply:

(b) a partnership is deemed to be a corporation all the voting shares in the capital stock of which are owned at that time by each member of the partnership in a proportion equal to the agreed proportion in respect of the member for the partnership's fiscal period that includes that time; and

(c) a trust is deemed to be a corporation all the voting shares in the capital stock of which

i. in the case of a testamentary trust under which one or more beneficiaries are entitled to receive all of the income of the trust that arose before the date of death of one or the last surviving of those beneficiaries (in this subparagraph *c* referred to as the "distribution date") and under which no other person can, before the distribution date, receive or otherwise obtain the enjoyment of any of the income or capital of the trust,

(1) where such a beneficiary's share of the income or capital of the trust depends on the exercise by any person of, or the failure by any person to exercise, a power to appoint, and where that time occurs before the distribution date, are owned at that time by the beneficiary, or

(2) where subparagraph 1 does not apply and where that time occurs before the distribution date, are owned at that time by such a beneficiary in a proportion equal to the proportion that the fair market value of the beneficial interest in the trust of the beneficiary is of the fair market value of the beneficial interests in the trust of all the beneficiaries,

ii. where a beneficiary's share of the accumulating income or capital of the trust depends on the exercise by any person of, or the failure by any person to exercise, a power to appoint, are owned at that time by the beneficiary, except where subparagraph i applies and that time occurs before the distribution date,

2020, c. 16, s. 147.

1029.8.36.59.50. A qualified corporation for a taxation year that encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the fifth paragraph, to have paid to the Minister on the corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to the aggregate of

(a) the product obtained by multiplying the aggregate of all amounts each of which is the amount of its qualified expenditure for the year, in relation to an eligible employee of the corporation for the year, by the corporation's eligible rate for the year;

(b) the product obtained by multiplying the aggregate of all amounts each of which is the amount of its specified expenditure for the year, in relation to a specified employee of the corporation for the year, by the corporation's specified rate for the year; and

(c) where the qualified corporation is a member of a qualified partnership at the end of a fiscal period of the partnership that ends in the taxation year, the aggregate of

i. the product obtained by multiplying the aggregate of all amounts each of which is its share, for the fiscal period, of the qualified partnership's qualified expenditure for the fiscal period, in relation to an eligible employee of the partnership for the fiscal period, by the partnership's eligible rate for the fiscal period, and

ii. the product obtained by multiplying the aggregate of all amounts each of which is its share, for the fiscal period, of the qualified partnership's specified expenditure for the fiscal period, in relation to a specified employee of the partnership for the fiscal period, by the partnership's specified rate for the fiscal period.

The eligible rate of a corporation or partnership to which subparagraph *a* of the first paragraph and subparagraph i of subparagraph *c* of that paragraph refer, for a taxation year of the corporation or a fiscal period of the partnership, as the case may be, is determined by the formula

$$75\% - (75\% \times A/B).$$

The specified rate of a corporation or partnership to which subparagraph *b* of the first paragraph and subparagraph ii of subparagraph *c* of that paragraph refer, for a taxation year of the corporation or a fiscal period of the partnership, as the case may be, is determined by the formula

$$50\% - (50\% \times A/B).$$

In the formulas in the second and third paragraphs,

(a) A is the amount by which $1,000,000 is exceeded by the lesser of the total payroll of the qualified corporation for the calendar year that ended in the taxation year or of the qualified partnership for the calendar year that ended in the fiscal period, as the case may be, and the total payroll threshold of the qualified corporation or the qualified partnership for that calendar year; and

(b) B is the amount by which $1,000,000 is exceeded by the total payroll threshold of the qualified corporation for the calendar year that ended in the taxation year or of the qualified partnership for the calendar year that ended in the fiscal period, as the case may be.

For the purpose of computing the payments that a qualified corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of the corporation's tax payable for the year under this Part and of the corporation's tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

For the purposes of this section, the share of a member of a partnership of an amount for a fiscal period is equal to the agreed proportion of the amount in respect of the member for the fiscal period.

2020, c. 16, s. 147.

1029.8.36.59.51. For the purposes of this division and subject to the second and third paragraphs, the following rules apply:

(a) the qualified expenditure of a qualified corporation or of a qualified partnership for a taxation year of the corporation or a fiscal period of the partnership, in relation to an eligible employee and in respect of a calendar year, may not exceed the quotient obtained by dividing $1,875 by the eligible rate of the corporation for the taxation year or of the partnership for the fiscal period, as the case may be; and

(b) the specified expenditure of a qualified corporation or of a qualified partnership for a taxation year of the corporation or a fiscal period of the partnership, in relation to a specified employee and in respect of a calendar year, may not exceed the quotient obtained by dividing $1,250 by the specified rate of the corporation for the taxation year or of the partnership for the fiscal period, as the case may be.

For the purpose of determining the qualified expenditure or the specified expenditure of a qualified corporation for a taxation year or of a qualified partnership for a fiscal period, where, at the end of a calendar year that ends in the taxation year or fiscal period, as the case may be, the qualified corporation or qualified partnership is a member of an associated group and more than one member of the group (each of whom being referred to in this section as a "particular member") paid, in a calendar year, an amount on account of a salary, wages or other remuneration to the same employee who is, for each of the particular members, an eligible employee or a specified employee for the taxation year or fiscal period, as the case may be, of the particular member in which the calendar year ended, the qualified expenditure or the specified expenditure of the qualified corporation for the year or of the qualified partnership for the fiscal period, in relation to the employee, is, subject to the third paragraph, equal to zero.

Despite the second paragraph, where the particular members have filed with the Minister, in the prescribed form, an agreement whereby, for the purposes of this division, they allocate an amount to one or more of them as a qualified expenditure or specified expenditure for the taxation year or fiscal period, as the case may be, in relation to the same eligible employee or specified employee, the following rules apply:

(a) the amount of the qualified expenditure of the qualified corporation for the taxation year or of the qualified partnership for the fiscal period, as the case may be, in relation to that eligible employee, is deemed

to be equal, where the product obtained by multiplying the aggregate of all amounts each of which is the amount so allocated to a particular member, in relation to the eligible employee, by the eligible rate of the qualified corporation for the taxation year or of the qualified partnership for the fiscal period, as the case may be, does not exceed $1,875, to the amount so allocated to the corporation for the year or to the partnership for the fiscal period; and

(b) the amount of the specified expenditure of the qualified corporation for the taxation year or of the qualified partnership for the fiscal period, as the case may be, in relation to the specified employee, is deemed to be equal, where the product obtained by multiplying the aggregate of all amounts each of which is the amount so allocated to a particular member, in relation to the specified employee, by the specified rate of the qualified corporation for the taxation year or of the qualified partnership for the fiscal period, as the case may be, does not exceed $1,250, to the amount so allocated to the corporation for the year or to the partnership for the fiscal period.

For the purposes of subparagraphs *a* and *b* of the third paragraph, the eligible rate and the specified rate of a corporation or of a partnership for a taxation year or fiscal period, as the case may be, are those determined for the year or fiscal period in accordance with the second and third paragraphs of section 1029.8.36.59.50.

For the purposes of this section, an associated group, at the end of a calendar year, means all the qualified corporations and qualified partnerships that are associated with each other at that time.

2020, c. 16, s. 147.

§ 3. — *Government assistance, non-government assistance and other particulars*

2020, c. 16, s. 147.

1029.8.36.59.52. For the purpose of computing the amount that is deemed to have been paid to the Minister by a corporation, for a taxation year, under section 1029.8.36.59.50, the following rules apply:

(a) the amount of the corporation's qualified expenditure or specified expenditure referred to in subparagraph *a* or *b* of the first paragraph of section 1029.8.36.59.50 is to be reduced, if applicable, by the amount of any government assistance or non-government assistance, attributable to the expenditure, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the taxation year; and

(b) the corporation's share of the qualified expenditure or specified expenditure referred to in subparagraph i or ii of subparagraph *c* of the first paragraph of section 1029.8.36.59.50 of a partnership of which the corporation is a member, for a fiscal period of the partnership that ends in the corporation's taxation year, is to be reduced, if applicable,

i. by the corporation's share of the amount of any government assistance or non-government assistance, attributable to that expenditure, that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of any government assistance or non-government assistance, attributable to that expenditure, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the share of a corporation, for a fiscal period of a partnership, of the amount of any government assistance or non-government assistance that the partnership has received, is entitled to receive or may reasonably expect to receive, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2020, c. 16, s. 147.

1029.8.36.59.53. Where, in respect of a qualified expenditure or specified expenditure of a qualified corporation for a taxation year or of a qualified partnership of which the qualified corporation is a member, for a fiscal period of that partnership that ends in the corporation's taxation year, a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that arises from the payment of an eligible contribution, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply for the purpose of computing the amount that is deemed to have been paid to the Minister, for the taxation year, by the qualified corporation under section 1029.8.36.59.50:

(a) the amount of the corporation's qualified expenditure or specified expenditure referred to in subparagraph *a* or *b* of the first paragraph of section 1029.8.36.59.50 is to be reduced, if applicable, by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the taxation year; and

(b) the corporation's share of the partnership's qualified expenditure or specified expenditure referred to in subparagraph i or ii of subparagraph *c* of the first paragraph of section 1029.8.36.59.50 is to be reduced, if applicable,

i. by the corporation's share of the amount of the benefit or advantage that a partnership or a person, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of the benefit or advantage that the corporation or a person with whom it does not deal at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the share of a corporation, for a fiscal period of a partnership, of the amount of the benefit or advantage that a partnership or a person has obtained, is entitled to obtain or may reasonably expect to obtain, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2020, c. 16, s. 147.

1029.8.36.59.54. Where, in a taxation year (in this section referred to as the "repayment year"), a corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph *a* of the first paragraph of section 1029.8.36.59.52, the corporation's qualified expenditure or specified expenditure for a particular taxation year for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.59.50, the corporation is deemed, if the corporation encloses the prescribed form containing prescribed information with the fiscal return the corporation is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that the corporation would be deemed to have paid to the Minister for the particular year under section 1029.8.36.59.50, in respect of the qualified expenditure or the specified expenditure, as the case may be, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in subparagraph *a* of the first paragraph of section 1029.8.36.59.52, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.50 for the particular year in respect of the qualified expenditure or the specified expenditure, as the case may be; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance.

2020, c. 16, s. 147.

1029.8.36.59.55. Where, in a fiscal period (in this section referred to as the "fiscal period of repayment"), a partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.59.52, a corporation's share of the partnership's qualified expenditure or specified expenditure for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.50, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.59.50 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.59.50, for its taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.59.52; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2020, c. 16, s. 147.

1029.8.36.59.56. Where a corporation is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") and pays, in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.59.52, its share of the partnership's qualified expenditure or specified expenditure for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.50, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.59.50 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.59.50 for its taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.59.52; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2020, c. 16, s. 147.

1029.8.36.59.57. For the purposes of sections 1029.8.36.59.54 to 1029.8.36.59.56, an amount of assistance is deemed to be repaid by a corporation or a partnership, as the case may be, at a particular time, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.59.52, a qualified expenditure or specified expenditure or the share of a corporation that is a member of the partnership of a qualified expenditure or specified expenditure, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.59.50;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership could reasonably expect to receive.

2021, c. 14, s. 146.

1029.8.36.59.61. Where, in respect of a qualified expenditure of a qualified corporation for a taxation year or of a qualified partnership of which the qualified corporation is a member, for a fiscal period of that partnership that ends in the corporation's taxation year, a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that arises from the payment of an eligible contribution, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply for the purpose of computing the amount that is deemed to have been paid to the Minister, for the taxation year, by the qualified corporation under section 1029.8.36.59.59:

(a) the amount of the corporation's qualified expenditure referred to in subparagraph *a* of the first paragraph of section 1029.8.36.59.59 is to be reduced, if applicable, by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the corporation's filing-due date for the taxation year; and

(b) the corporation's share of the partnership's qualified expenditure referred to in subparagraph *b* of the first paragraph of section 1029.8.36.59.59 is to be reduced, if applicable,

i. by the corporation's share of the amount of the benefit or advantage that a partnership or a person, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of the benefit or advantage that the corporation or a person with whom it does not deal at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the share of a corporation, for a fiscal period of a partnership, of the amount of the benefit or advantage that a partnership or a person has obtained, is entitled to obtain or may reasonably expect to obtain, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2021, c. 14, s. 146.

1029.8.36.59.62. Where, in a taxation year (in this section referred to as the "repayment year"), a corporation pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph *a* of the first paragraph of section 1029.8.36.59.60, the corporation's qualified expenditure for a particular taxation year for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.59.59, the corporation is deemed, if it encloses the prescribed form containing prescribed information with the fiscal return the corporation is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that the corporation would be deemed to have paid to the Minister for the particular year under section 1029.8.36.59.59, in respect of the qualified expenditure if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in subparagraph *a* of the first paragraph of section 1029.8.36.59.60, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.59 for the particular year in respect of the qualified expenditure; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year in respect of an amount of repayment of that assistance.

2021, c. 14, s. 146.

1029.8.36.59.63. Where, in a fiscal period (in this section referred to as the "fiscal period of repayment"), a partnership pays, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.59.60, a corporation's share of the partnership's qualified expenditure for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.59, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.59.59 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.59.59, for its taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.59.60; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2021, c. 14, s. 146.

1029.8.36.59.64. Where a corporation is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") and pays, in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.59.60, its share of the partnership's qualified expenditure for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.59, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister under section 1029.8.36.59.59 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.59.59 for its taxation year in which the particular fiscal period ends, in respect of the share, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.59.60; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2021, c. 14, s. 146.

1029.8.36.59.65. For the purposes of sections 1029.8.36.59.62 to 1029.8.36.59.64, an amount of assistance is deemed to be repaid by a corporation or a partnership, as the case may be, at a particular time, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.59.60, a qualified expenditure or the share of a corporation that is a member of the partnership of a qualified expenditure, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.59.59;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership could reasonably expect to receive.

Where a corporation that carries on a recognized business for the purposes of this division has had Investissement Québec revoke a qualification certificate it was issued in relation to the calendar year 2000 or 2001, in respect of another recognized business the corporation was carrying on for the purposes of any of Divisions II.6.6.2, II.6.6.4 and II.6.6.6, as they read before being repealed, in this paragraph referred to as the "initial qualification certificate", the corporation may elect, for the purpose of determining the amount it is deemed to have paid to the Minister for the purposes of this division for the taxation year in which ends a calendar year in respect of which it is issued a new qualification certificate by Investissement Québec, in relation to that other recognized business, to have its base period be the base period that would have been determined if the initial qualification certificate had not been so revoked.

For the purposes of this division, a reference to a calendar year ending in a taxation year includes a reference to a calendar year ending coincidentally with that taxation year.

For the purposes of this division and in determining the amount that a qualified corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.72.82.2 or 1029.8.36.72.82.3, the salary or wages paid to an employee in respect of a pay period, for which the employee is an eligible employee, that may reasonably be attributed to activities of a business that are described in paragraph *a*.1 of the definition of "eligible region" in the first paragraph, enacted by subparagraph i of subparagraph *b*.1 of the seventh paragraph, and that are carried on in the region to which that paragraph *a*.1 refers, is deemed not to have been so paid to the eligible employee if, in the opinion of Investissement Québec, the activities are not recognized activities in respect of a resource region.

(a) (subparagraph repealed);

(b) (subparagraph repealed);

(b.1*)* the definition of "eligible region" in the first paragraph is to be read,

i. if the taxation year is subsequent to the taxation year in which the calendar year 2007 ends, as if the following paragraph was inserted after paragraph *a*:

"(*a*.1) in respect of a recognized business whose activities described in a qualification certificate issued for the purposes of this division are manufacturing or processing activities, other than those referred to in any of paragraphs *a*, *b*, *c* and *d*, included in the group described under code 31, 32 or 33 of the North American Industry Classification System (NAICS) Canada, as amended from time to time and published by Statistics Canada, or activities related to such manufacturing or processing activities, the administrative region referred to in subparagraph iii of paragraph *b* and described in the Décret concernant la révision des limites des régions administratives du Québec;", and

ii. if the taxation year is subsequent to the taxation year in which the calendar year 2009 ends, as if the following paragraph was added after paragraph *d*, unless the corporation has made the election provided for in section 1029.8.36.72.82.3.1.1 for a preceding taxation year:

"(*e*) in respect of a recognized business whose activities described in a qualification certificate issued for the purposes of this division are the manufacturing or processing of finished or semi-finished products made from peat or slate, or activities related to such manufacturing or processing activities, one of the administrative regions referred to in subparagraphs i and ii of paragraph *b* and described in the Décret concernant la révision des limites des régions administratives du Québec;";

(c) the definition of "designated region" in the first paragraph is to be read as follows:

""designated region" of a corporation means the Saguenay–Lac-Saint-Jean region or the eligible region where it carries on a recognized business in a particular taxation year, if

(a) the particular taxation year precedes the taxation year in which the calendar year 2010 ends; or

(b) the corporation has made the election provided for in section 1029.8.36.72.82.3.1.1;" and

(d) if the taxation year is subsequent to the taxation year in which the calendar year 2012 ends, the definition of "resource region" in the first paragraph is to be read as if subparagraphs i to iii of paragraph *a* were replaced by the following subparagraphs:

"i. the eastern part of the administrative region 01 Bas-Saint-Laurent, included in the territory of the Municipalité régionale de comté de La Matapédia, the Municipalité régionale de comté de La Matanie and the Municipalité régionale de comté de La Mitis,

"ii. the part of the administrative region 02 Saguenay–Lac-Saint-Jean, included in the territory of the Municipalité régionale de comté de Maria-Chapdelaine, the Municipalité régionale de comté Le Fjord-du-Saguenay and the Municipalité régionale de comté Le Domaine-du-Roy,

"iii. the part of the administrative region 04 Mauricie, included in the territory of the urban agglomeration of La Tuque, the Municipalité régionale de comté de Mékinac and the city of Shawinigan,".

1029.8.36.72.82.1.1. A corporation's tax assistance limit for a taxation year is the aggregate of

(a) the corporation's base amount for the year; and

(b) the amount determined by the formula

5% × A × B/C.

In the formula in subparagraph *b* of the first paragraph,

(a) A is the corporation's gross revenue for the year;

(b) B is the aggregate of all amounts each of which is a salary or wages paid by the corporation in the taxation year to an employee who reports for work, in the year, at an establishment of the corporation situated in a resource region or in the administrative region 11 Gaspésie–Îles-de-la-Madeleine described in the Décret concernant la révision des limites des régions administratives du Québec (chapter D-11, r. 1); and

(c) C is the aggregate of all amounts each of which is a salary or wages paid to an employee by the corporation in the taxation year.

For the purposes of the second paragraph, if the amount represented by B, otherwise determined in respect of a corporation for a taxation year, is equal to or greater than 90% of the amount represented by C, determined in respect of the corporation for the year, the corporation is deemed to have paid salaries or wages in the year only to employees who reported for work, in the year, at an establishment of the corporation situated in a region referred to in subparagraph *b* of the second paragraph.

2010, c. 25, s. 141.

1029.8.36.72.82.1.2. For the purposes of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.1.1 and subject to sections 1029.8.36.72.82.1.3 and 1029.8.36.72.82.1.4, a corporation's base amount for a taxation year is equal to

(a) if the corporation is not a member of an associated group in the year, $50,000; and

(b) if the corporation is a member of an associated group in the year, an amount attributed for the year to the corporation pursuant to the agreement described in the second paragraph and filed with the Minister in the prescribed form or, if no amount is attributed to the corporation under the agreement or in the absence of such an agreement, zero.

The agreement to which subparagraph *b* of the first paragraph refers is the agreement under which all the corporations that are members of the associated group in the year attribute for the year to one or more of their number, for the purposes of this section, one or more amounts the total of which does not exceed $50,000.

If the aggregate of the amounts attributed, in respect of a taxation year, pursuant to an agreement described in the second paragraph and entered into with the corporations that are members of an associated group in the year exceeds $50,000, the amount determined under subparagraph *b* of the first paragraph in respect of each of those corporations for the taxation year is deemed, for the purposes of this section, to be equal to the proportion of $50,000 that that amount is of the aggregate of the amounts attributed for the year under the agreement.

For the purposes of this section and sections 1029.8.36.72.82.1.3 and 1029.8.36.72.82.1.4, an associated group in a taxation year means all the corporations that, in the year, are associated with each other and are qualified corporations for the purposes of Title VII.2.4 of Book IV or corporations that carry on a recognized business.

2010, c. 25, s. 141.

1029.8.36.72.82.1.3. If a corporation that is a member of an associated group referred to in subparagraph *b* of the first paragraph of section 1029.8.36.72.82.1.2 fails to file with the Minister an agreement referred to in that subparagraph within 30 days after notice in writing by the Minister has been sent to any of the corporations that are members of that group that such an agreement is required for the purposes of any assessment of tax under this Part or for the determination of another amount, the Minister shall, for the purposes of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.1.1, attribute an amount to one or more of those corporations for the taxation year, which amount or the aggregate of which amounts must be equal to $50,000, and in such a case, despite that subparagraph *b*, the base amount for the year of each of the corporations is equal to the amount so attributed to it.

2010, c. 25, s. 141.

1029.8.36.72.82.1.4. Despite sections 1029.8.36.72.82.1.2 and 1029.8.36.72.82.1.3, the following rules apply:

(a) if a corporation that is a member of an associated group (in this paragraph referred to as the "first corporation") has more than one taxation year ending in the same calendar year and is associated in two or

more of those taxation years with another corporation that is a member of the group that has a taxation year ending in that calendar year, the base amount of the first corporation for each particular taxation year that ends in the calendar year in which it is associated with the other corporation and that ends after the first taxation year ending in that calendar year is, subject to paragraph *b*, an amount equal to the lesser of

i. its base amount for the first taxation year ending in the calendar year, determined in accordance with subparagraph *b* of the first paragraph of section 1029.8.36.72.82.1.2 or section 1029.8.36.72.82.1.3, and

ii. its base amount for the particular taxation year ending in the calendar year, determined in accordance with subparagraph *b* of the first paragraph of section 1029.8.36.72.82.1.2 or section 1029.8.36.72.82.1.3; and

(b) if a corporation has a taxation year of fewer than 51 weeks, its base amount for the year is that proportion of its base amount for the year, determined without reference to this paragraph, that the number of days in the year is of 365.

(a) a corporation that is exempt from tax under Book VIII for the taxation year in which the calendar year ends; or

(b) a corporation that would be exempt from tax for the taxation year in which the calendar year ends under section 985 but for section 192;

"recognized business" of a corporation means a business carried on in a calendar year by the corporation in an eligible region and in respect of which a qualification certificate is issued for the year by Investissement Québec for the purposes of this division;

"salary or wages" means the income computed under Chapters I and II of Title II of Book III, but does not include,

(a) for an employee whose activities relate to the commercialization of activities or products of a recognized business, directors' fees, premiums, compensation for hours worked in addition to normal working hours or benefits referred to in Division II of Chapter II of Title II of Book III;

(b) for all other employees, directors' fees, premiums, incentive bonuses, compensation for hours worked in addition to normal working hours, commissions or benefits referred to in Division II of Chapter II of Title II of Book III; or

(c) for the purposes of subparagraph i of subparagraphs *a* and *a*.1 of the first paragraph of sections 1029.8.36.72.82.14 and 1029.8.36.72.82.15 and paragraph *a* of sections 1029.8.36.72.82.16 and 1029.8.36.72.82.16.1, wages in respect of which no contribution is payable to the Minister by a corporation in accordance with subparagraph *d*.1 of the sixth paragraph of section 34 of the Act respecting the Régie de l'assurance maladie du Québec (chapter R-5) and section 34.1.0.3 of that Act.

For the purposes of this division,

(a) if, during a pay period that ended in a calendar year, an employee reports for work at an establishment of a qualified corporation situated in Québec and at an establishment of the qualified corporation situated outside Québec, the employee is, for that period, deemed,

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the qualified corporation situated outside Québec;

(a.1*)* if, during a pay period that ended in a calendar year, an employee reports for work at an establishment of a qualified corporation situated in an eligible region and at an establishment of the qualified corporation situated outside the eligible region, the employee is, for that period, deemed,

i. unless subparagraph ii applies, to report for work only at the establishment situated in the eligible region, or

ii. to report for work only at the establishment situated outside the eligible region if, during that period, the employee reports for work mainly at an establishment of the qualified corporation situated outside the eligible region;

If Investissement Québec cancels a qualification certificate issued, for the purposes of this division, to a corporation, in relation to a recognized business the corporation carries on in an eligible region, because of a major unforeseen event affecting the recognized business, the qualification certificate is deemed not to have been so cancelled, for the purpose of determining the eligibility period of the corporation, if the corporation

has resumed carrying on the recognized business in a municipality more than 40 km away from the municipality in which the recognized business was carried on before the major unforeseen event occurred.

Where a corporation that carries on a recognized business for the purposes of this division has had Investissement Québec revoke a qualification certificate it was issued in relation to the calendar year 2000 or 2001, in respect of another recognized business the corporation was carrying on for the purposes of Division II.6.6.4, as it read before being repealed, in this paragraph referred to as the "initial qualification certificate", the corporation may elect, for the purpose of determining the amount it is deemed to have paid to the Minister for the purposes of this division for the taxation year in which ends a calendar year in respect of which it is issued a new qualification certificate by Investissement Québec, in relation to that other recognized business, to have its base period be the base period that would have been determined if the initial qualification certificate had not been so revoked.

For the purposes of this division, a reference to a calendar year ending in a taxation year includes a reference to a calendar year ending coincidentally with that taxation year.

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under this division, to have been paid to the Minister on that date, for the purpose of computing that payment.

(a) if the qualified corporation is not a member of an associated group in the particular year, to the amount by which $75,000,000 exceeds the aggregate of all amounts each of which would be the amount of

the portion of the qualified corporation's eligible expenses, in respect of a qualified property, for any preceding taxation year that ends in a 24-month period preceding the beginning of the particular year, or its share of the portion of a partnership's eligible expenses, in respect of a qualified property, for a fiscal period of the partnership that ends in such a preceding taxation year, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 or 1029.8.36.166.44 and in respect of which an amount would be deemed to have been paid to the Minister by the corporation for that preceding year under section 1029.8.36.166.43 or 1029.8.36.166.44, as the case may be, but for the third paragraph of that section, if the excluded expense amount relating to the qualified property were equal to zero; or

(b) if the qualified corporation is a member of an associated group in the particular year, to the amount attributed for the particular year to the qualified corporation pursuant to the agreement described in the second paragraph and filed with the Minister in the prescribed form or, if no amount is attributed to the qualified corporation pursuant to that agreement or in the absence of such an agreement, to zero or to the amount attributed to it by the Minister, if applicable, for the particular year in accordance with this division.

The agreement to which subparagraph *b* of the first paragraph refers, in respect of a particular taxation year of the qualified corporation, is the agreement under which all the corporations that are members of the associated group in the particular taxation year attribute, for the purposes of this section, to one or more of the corporations that are members of the associated group, for the particular taxation year, one or more amounts the total of which is not greater than the amount by which $75,000,000 exceeds the aggregate of all amounts each of which would be

(a) the amount of the portion of the eligible expenses of a corporation that is a member of the associated group in the particular year, in respect of a qualified property, for a taxation year that ends in a 24-month period preceding the beginning of the particular year, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 and in respect of which an amount would be deemed to have been paid to the Minister by the corporation under section 1029.8.36.166.43 but for its third paragraph, if the excluded expense amount relating to the qualified property were equal to zero; or

(b) the amount of the share of a corporation that is a member of the associated group in the year of the portion of the eligible expenses of a partnership, in respect of a qualified property, for a fiscal period of the partnership that ended in a taxation year of the corporation that ends in a 24-month period preceding the beginning of the particular year, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.44 and in respect of which an amount would be deemed to have been paid to the Minister by the corporation under section 1029.8.36.166.44 but for its third paragraph, if the excluded expense amount relating to the qualified property were equal to zero.

If the aggregate of the amounts attributed, in respect of a taxation year, in an agreement described in the second paragraph and entered into with the corporations that are members of an associated group in the year is greater than the excess amount determined under that paragraph, the amount determined under subparagraph *b* of the first paragraph in respect of each of those corporations for that taxation year is deemed, for the purposes of this section, to be equal to the proportion of that excess amount that that amount is of the aggregate of the amounts attributed for that year in the agreement.

For the purposes of this section and section 1029.8.36.166.40.2, an associated group in a taxation year means all the corporations that are associated with each other in the year.

For the purposes of subparagraph *a* of the first paragraph and subparagraph *b* of the second paragraph, a corporation's share of the portion of the eligible expenses, in respect of a qualified property, of a partnership for a fiscal period is equal to the agreed proportion of that portion of the expenses in respect of the corporation for the fiscal period.

2010, c. 25, s. 172.

1029.8.36.166.40.3. For the purposes of this division, the balance of a qualified partnership's cumulative eligible expense limit for a particular fiscal period is equal to the amount by which $75,000,000 exceeds the aggregate of all amounts each of which would be the amount of its eligible expenses, in respect of qualified property, for a fiscal period that ends in the 24-month period preceding the beginning of the particular fiscal period and in respect of which an amount would be deemed to have been paid to the Minister under section 1029.8.36.166.44 but for its third paragraph, if the excluded expense amount relating to the qualified property were equal to zero.

ii. if its taxation year ends on 31 December of a calendar year, to its share, determined in accordance with the fourth paragraph, of the balance of the joint venture's cumulative eligible expense limit for the fiscal period of the joint venture whose end coincides with the end of the fiscal period of the partnership.

For the purposes of the third paragraph, a corporation's or a partnership's share of the balance of a joint venture's cumulative eligible expense limit for a fiscal period of the joint venture is equal to the proportion of that amount that the eligible expenses incurred by the corporation or the partnership in that fiscal period as a party to the joint venture is of the aggregate of the eligible expenses incurred in the fiscal period of the joint venture.

1029.8.36.166.42. The amount to which the definition of "maximum tax credit amount" in the first paragraph of section 1029.8.36.166.40 refers, in relation to a corporation for a taxation year, is equal to the product obtained by multiplying, by the proportion determined by the formula in the third paragraph, the amount by which the total amount that the corporation would be deemed to have paid to the Minister for the taxation year under sections 1029.8.36.166.43 and 1029.8.36.166.44 if no reference were made to the third paragraph of those sections and if the corporation considered, in its eligible expenses or its share of the eligible expenses of a partnership, only the portion of such expenses that are referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 or 1029.8.36.166.44, exceeds the amount by which the amount by which the corporation's total taxes for the year exceeds the amount the corporation is deemed to have paid to the Minister for the year under section 1029.8.36.166.46, exceeds the aggregate of the amounts determined in its respect for the year under subparagraph *b* of the first paragraph of section 1029.8.36.166.43 or 1029.8.36.166.44.

The amount to which the definition of "limit relating to an unused portion" in the first paragraph of section 1029.8.36.166.40 refers, in relation to a corporation for a taxation year, is equal to the product obtained by multiplying, by the proportion determined by the formula in the third paragraph, the amount by which the corporation's total taxes for the year are exceeded by the aggregate of all amounts each of which is an excess amount referred to in subparagraph *a* of the first paragraph of section 1029.8.36.166.46 that would be determined in respect of an original year, within the meaning of that subparagraph, in relation to the taxation year, if the definition of "unused portion of the tax credit" in the first paragraph of section 1029.8.36.166.40 were read as follows:

""unused portion of the tax credit" of a corporation for a taxation year, if the paid-up capital that is attributed to the corporation for the year, determined in accordance with section 1029.8.36.59.49.1, is less than $500,000,000, means the amount by which the maximum tax credit amount of the corporation for the year is exceeded by the total amount that the corporation would be deemed to have paid to the Minister for that year under sections 1029.8.36.166.43 and 1029.8.36.166.44 if no reference were made to the third paragraph of those sections and if the corporation considered, in its eligible expenses or its share of the eligible expenses of a partnership, only the portion of such expenses that does not exceed, as the case may be,

(a) the balance of the corporation's cumulative eligible expense limit for the year;

(b) the corporation's share of the balance of a qualified partnership's cumulative eligible expense limit for a particular fiscal period of the partnership that ends in the taxation year of the corporation;

(c) the portion of the eligible expenses of the corporation incurred in the year as a party to a joint venture that exceeds the corporation's share for the taxation year of the balance of the joint venture's cumulative eligible expense limit; or

(d) the portion of the eligible expenses of the partnership incurred, in a particular fiscal period of the partnership that ends in the taxation year, as a party to a joint venture, that exceeds the partnership's share for the particular fiscal period of the balance of the joint venture's cumulative eligible expense limit."

The formula to which the first and second paragraphs refer is the following:

1 - [(A - $250,000,000)/$250,000,000].

In the formula in the third paragraph, A is the greater of

(a) $250,000,000; and

(b) the lesser of $500,000,000 and the paid-up capital attributed to the corporation for the year, determined in accordance with section 1029.8.36.59.49.1.

2009, c. 15, s. 303; 2010, c. 25, s. 173; 2015, c. 21, s. 461; 2022, c. 23, s. 108.

1029.8.36.166.42.1. If it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division for that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division for that year, those corporations are deemed, for the purposes of this division, to be associated with each other in the year.

2009, c. 15, s. 303.

1029.8.36.166.43. A qualified corporation for a taxation year that encloses the documents referred to in the fifth paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the fourth paragraph, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is, in relation to a qualified property,

(a) if the paid-up capital attributed to the qualified corporation for the year, determined in accordance with section 1029.8.36.59.49.1, is less than $500,000,000, the total of

i. the aggregate of all amounts each of which is the product obtained by multiplying a portion of its eligible expenses for the year, in respect of the property, such portion being referred to in section 1029.8.36.166.45, by the rate determined for the year, under that section, in relation to that portion of expenses, to the extent that the aggregate of those portions of expenses (in subparagraphs ii and iii referred to as the "particular eligible expenses") is established subject to the second paragraph and does not include the portion, determined by the corporation, of the eligible expenses incurred by the corporation in the year as a party to a joint venture that exceeds the corporation's share for the year of the balance of the joint venture's cumulative eligible expense limit,

ii. the product obtained by multiplying the portion of the particular eligible expenses for the year, in respect of the property, that are expenses eligible for an additional increase of the corporation for the year, by the rate determined for the year, under section 1029.8.36.166.45.1, in relation to that portion of the particular eligible expenses, and

iii. the product obtained by multiplying the portion of the particular eligible expenses for the year, in respect of the property, that are expenses eligible for a temporary additional increase of the corporation for the year, by the rate determined for the year, under section 1029.8.36.166.45.2, in relation to that portion of the particular eligible expenses; or

(b) the total of

i. the product obtained by multiplying by 5% the amount by which the portion of its eligible expenses for the year, in respect of the property, that are expenses referred to in subparagraph *a* or *b* of the third paragraph of section 1029.8.36.166.45 (such portion being in this subparagraph *b* referred to as the "specified eligible expenses"), exceeds the portion of those specified eligible expenses that is referred to in subparagraph i of subparagraph *a*, and

ii. the product obtained by multiplying by 4% the amount by which the portion of its eligible expenses for the year, in respect of the property, that are not specified eligible expenses (such portion being in this subparagraph ii referred to as the "other eligible expenses"), exceeds the portion of those other eligible expenses that is referred to in subparagraph i of subparagraph *a*.

The total of the eligible expenses that are referred to in subparagraph i of subparagraph *a* of the first paragraph in respect of a corporation for a taxation year may not exceed the amount that is the amount by which the balance of its cumulative eligible expense limit for the year exceeds the aggregate of all amounts each of which is its share of eligible expenses that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.44 for the year and in respect of which the corporation would be deemed to have paid an amount to the Minister for the year under section 1029.8.36.166.44 if it were read without reference to its third paragraph and if the definition of "eligible expenses" in the first paragraph of section 1029.8.36.166.40 were read without reference to "the amount by which the excluded expense amount relating to the qualified property in respect of the partnership for the particular fiscal period is exceeded by" in the portion of its paragraph *b* before subparagraph i.

The total amount that the corporation is deemed to have paid to the Minister for the year under the first paragraph and, if applicable, under the first paragraph of section 1029.8.36.166.44 must not exceed the corporation's maximum tax credit amount for the year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of the agreement described in section 1029.8.36.166.40.1, if applicable.

2009, c. 15, s. 303; 2010, c. 25, s. 175; 2012, c. 8, s. 230; 2015, c. 21, s. 462; 2015, c. 24, s. 146; 2020, c. 16, s. 149; 2022, c. 23, s. 109 .

1029.8.36.166.44. A qualified corporation for a taxation year that is a member of a qualified partnership at the end of a particular fiscal period of the partnership that ends in the year and that encloses the documents referred to in the seventh paragraph with the fiscal return it is required to file for the year under section 1000, is deemed, subject to the fourth paragraph, to have paid to the Minister on the qualified corporation's balance-

due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is, in relation to a qualified property,

(a) if the paid-up capital attributed to the qualified partnership for the particular fiscal period, determined in accordance with section 1029.8.36.59.49.1 as if the partnership were a corporation whose taxation year corresponds to its fiscal period, is less than $500,000,000, the total of

i. the aggregate of all amounts each of which is the product obtained by multiplying the corporation's share of a portion of the partnership's eligible expenses for the particular fiscal period, in respect of the property, such portion being referred to in section 1029.8.36.166.45, by the rate determined for the year, under that section, in relation to the corporation's share of that portion of expenses, to the extent that the aggregate of those portions of expenses (in subparagraphs ii and iii referred to as the "particular eligible expenses") is established subject to the second paragraph and does not include the portion, determined by the qualified corporation, of the qualified partnership's eligible expenses for the particular fiscal period that exceeds the balance of the partnership's cumulative eligible expense limit for the particular fiscal period, or the portion, determined by the qualified corporation, of such expenses incurred by the partnership in the particular fiscal period as a party to a joint venture that exceeds the partnership's share for the particular fiscal period of the balance of the joint venture's cumulative eligible expense limit,

ii. the product obtained by multiplying the corporation's share of the portion of the particular eligible expenses for the particular fiscal period, in respect of the property, that are expenses eligible for an additional increase of the partnership for that period, by the rate determined for the year, under section 1029.8.36.166.45.1, in relation to the corporation's share of that portion of the particular eligible expenses, and

iii. the product obtained by multiplying the corporation's share of the portion of the particular eligible expenses for the particular fiscal period, in respect of the property, that are expenses eligible for a temporary additional increase of the partnership for that period, by the rate determined for the year, under section 1029.8.36.166.45.2, in relation to the corporation's share of that portion of the particular eligible expenses; or

(b) the total of

i. the product obtained by multiplying by 5% the corporation's share of the amount by which the portion of the partnership's eligible expenses for the particular fiscal period, in respect of the property, that are expenses referred to in subparagraph *a* or *b* of the third paragraph of section 1029.8.36.166.45 (such portion being in this subparagraph *b* referred to as the "specified eligible expenses"), exceeds the portion of those specified eligible expenses that is referred to in subparagraph i of subparagraph *a*, and

ii. the product obtained by multiplying by 4% the corporation's share of the amount by which the portion of the partnership's eligible expenses for the particular fiscal period, in respect of the property, that are not specified eligible expenses (such portion being in this subparagraph ii referred to as the "other eligible expenses"), exceeds the portion of those other eligible expenses that is referred to in subparagraph i of subparagraph *a*.

The total of all amounts each of which is a corporation's share of eligible expenses that is referred to in subparagraph i of subparagraph *a* of the first paragraph for a taxation year may not exceed the amount that is the amount by which the balance of its cumulative eligible expense limit for the year exceeds the total of the eligible expenses that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 for the year and in respect of which the corporation would be deemed to have paid an amount to the Minister for the year under section 1029.8.36.166.43 if it were read without reference to its third paragraph and if the definition of "eligible expenses" in the first paragraph of section 1029.8.36.166.40 were read without reference to "the amount by which the excluded expense amount relating to the qualified property in respect of the corporation for the particular year is exceeded by" in the portion of its paragraph *a* before subparagraph i.

The total amount that the corporation is deemed to have paid to the Minister for the year under the first paragraph and, if applicable, under the first paragraph of section 1029.8.36.166.43 must not exceed the corporation's maximum tax credit amount for the year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

For the purposes of the first paragraph, a qualified corporation's share of a particular amount, in relation to a qualified partnership of which it is a member in a fiscal period is equal to the agreed proportion of that amount in respect of the qualified corporation for the fiscal period.

Despite the definition of "eligible expenses" in the first paragraph of section 1029.8.36.166.40 and for the purpose of applying this section to a corporation referred to in the first paragraph, the eligible expenses for a particular fiscal period, in respect of a qualified property, of a partnership of which the corporation is a member, or the portion of such eligible expenses referred to in subparagraph *a* of the first paragraph, do not include

(a) the expenses that would otherwise be such eligible expenses because of subparagraph ii of paragraph *b* of the definition of "eligible expenses" in the first paragraph of section 1029.8.36.166.40 and that are incurred in a fiscal period of the partnership that precedes the particular fiscal period and ends in a taxation year for which the corporation was not a qualified corporation; or

(b) the expenses that would otherwise be such eligible expenses because of subparagraph iii of paragraph *b* of the definition of "eligible expenses" in the first paragraph of section 1029.8.36.166.40 and that are incurred in a fiscal period of the partnership that ends in a taxation year for which the corporation was not a qualified corporation.

The documents to which the first paragraph refers are the following:

(a) the amount by which the unused portion of the tax credit of the corporation for a taxation year (in subparagraph *b* referred to as the "original year") that is any of the 20 taxation years that precede the particular year, exceeds the aggregate of all amounts each of which is an amount deemed to have been paid to

the Minister by the corporation under this section or section 1029.8.36.166.47, in respect of the unused portion of the tax credit, on account of its tax payable for a taxation year preceding the particular year; and

(b) the amount by which the corporation's limit relating to an unused portion for the particular year exceeds the aggregate of all amounts each of which is equal to the amount deemed to be paid by the corporation under this section, for the particular year, in respect of the unused portion of the tax credit of the corporation for a taxation year preceding the original year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1145, 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2009, c. 15, s. 303.

1029.8.36.166.47. Subject to section 1029.8.36.166.50, a corporation is deemed, for a particular taxation year ending after 13 March 2008, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for a taxation year (in this section referred to as the "subsequent year") that is any of the three taxation years that follow the particular year, to have paid to the Minister, in relation to the unused portion of the tax credit of the corporation for the subsequent year, on the day on which the form is filed with the Minister, an amount equal to the lesser of

(a) the amount by which the unused portion of the tax credit of the corporation for the subsequent year exceeds the aggregate of all amounts each of which is an amount deemed to have been paid to the Minister by the corporation under this section, in respect of the unused portion, for a taxation year preceding the particular year; and

(b) the amount by which its total taxes for the particular year exceed the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister for the particular year under any of sections 1029.8.36.166.43, 1029.8.36.166.44 and 1029.8.36.166.46, or under this section in respect of the unused portion of the tax credit of the corporation for a taxation year preceding the subsequent year.

2009, c. 15, s. 303.

1029.8.36.166.48. No amount may be deemed to have been paid to the Minister by a qualified corporation for a taxation year under section 1029.8.36.166.43 or 1029.8.36.166.44, in relation to its eligible expenses or its share of a partnership's eligible expenses, as the case may be, in respect of a qualified property, if, at any time before the day after the day that is the end of the period of 730 days following the beginning of the use of the property by the first purchaser of the property or by a subsequent purchaser of the property that acquired it in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act (chapter I-3, r. 1) applies, or, if it precedes the day that is the end of that period, the corporation's filing-due date for that taxation year, the property ceases, otherwise than by reason of its loss, of its involuntary destruction by fire, theft or water, or of a major breakdown of the property, to be used solely in Québec to earn income from a business carried on

(a) by the first purchaser of the property and if that time is also in the portion of that period in which the first purchaser owns the property; or

(b) by a subsequent purchaser of the property that acquired it in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act applies, and if that time is also in the portion of that period in which the subsequent purchaser owns the property.

2009, c. 15, s. 303.

1029.8.36.166.49. If, at any time, control of a corporation is acquired by a person or group of persons, no amount may, for a taxation year ending after that time, be deemed, under section 1029.8.36.166.46, to have been paid to the Minister by the corporation in respect of the unused portion of the tax credit of the corporation for a taxation year ending before that time.

However, subject to section 1029.8.36.166.48, the corporation may be deemed to have paid an amount to the Minister, for a particular taxation year ending after that time, in respect of the portion of an unused portion of the tax credit for a taxation year ending before that time that may reasonably be considered to be attributable to the carrying on of a business, if the corporation carried on the business throughout the particular year for profit or with a reasonable expectation of profit.

The amount that the corporation may be deemed to have paid to the Minister for the particular year under section 1029.8.36.166.46 in respect of the portion referred to in the second paragraph must be determined as if the total taxes used in establishing, for the particular year, the corporation's limit relating to an unused portion referred to in subparagraph *b* of the first paragraph of that section were the portion of such total taxes of the corporation for the particular year that may reasonably be attributed to the carrying on of that business and — if the corporation sold, leased, rented or developed properties or rendered services in the course of carrying on that business before that time — of any other business all or substantially all of the income of which is derived from the sale, leasing, rental or development, as the case may be, of similar properties, or the rendering of similar services.

2009, c. 15, s. 303; 2023, c. 2, s. 49.

1029.8.36.166.50. If, at any time, control of a corporation is acquired by a person or group of persons, no amount may, for a taxation year ending before that time, be deemed, under section 1029.8.36.166.47, to have been paid to the Minister by the corporation in respect of the unused portion of the tax credit of the corporation for a taxation year ending after that time.

However, the corporation may be deemed to have paid an amount to the Minister, for a particular taxation year ending before that time, in respect of the portion of an unused portion of the tax credit for a taxation year ending after that time that may reasonably be considered to be attributable to the carrying on of a business, if the corporation carried on the business throughout the taxation year and in the particular year for profit or with a reasonable expectation of profit.

The amount that the corporation may be deemed to have paid to the Minister for the particular year under section 1029.8.36.166.47 in respect of the portion referred to in the second paragraph must be determined as if the reference to the total taxes in that section were a reference to the portion of the total taxes of the corporation for the particular year that may reasonably be attributed to the carrying on of that business and — if the corporation sold, leased, rented or developed properties or rendered services in the course of carrying on that business before that time — of any other business all or substantially all of the income of which is derived from the sale, leasing, rental or development, as the case may be, of similar properties, or the rendering of similar services.

2009, c. 15, s. 303; 2023, c. 2, s. 50.

1029.8.36.166.51. For the purposes of this division, a corporation or partnership deemed to have acquired a property at a particular time under paragraph *b* of section 125.1 is deemed to have acquired the property at that time at a cost of acquisition, incurred and paid at that time, equal to the fair market value of

the property at that time, and to own the property from that time to the time at which it is deemed to dispose of the property under paragraph *f* of section 125.1.

2009, c. 15, s. 303.

§ 3. — *Government assistance, non-government assistance and other particulars*

2009, c. 15, s. 303.

1029.8.36.166.52. For the purpose of computing the amount that is deemed to have been paid to the Minister by a corporation, for a taxation year, under section 1029.8.36.166.43 or 1029.8.36.166.44, the following rules apply:

(a) the amount of the eligible expenses referred to in the first paragraph of section 1029.8.36.166.43 is to be reduced, if applicable, by the amount of any government assistance or non-government assistance attributable to the expenses that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the taxation year;

(b) the corporation's share of the eligible expenses of a partnership, referred to in the first paragraph of section 1029.8.36.166.44, for a fiscal period of the partnership that ends in the corporation's taxation year, is to be reduced, if applicable,

i. by the corporation's share of the amount of any government assistance or non-government assistance attributable to the expenses that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of any government assistance or non-government assistance attributable to the expenses that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the corporation's share, for the partnership's fiscal period, of the amount of any government assistance or non-government assistance that the partnership has received, is entitled to receive or may reasonably expect to receive, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2009, c. 15, s. 303.

1029.8.36.166.53. For the purpose of computing the amount that a corporation is deemed to have paid to the Minister under section 1029.8.36.166.46 for a particular taxation year in respect of the unused portion of the tax credit of the corporation for a particular preceding taxation year, in relation to eligible expenses of the corporation or of a partnership of which it is a member at the end of the fiscal period of the partnership ending in the particular preceding year, the unused portion of the tax credit of the corporation, otherwise determined, is to be reduced by the amount determined under the second paragraph if

(a) in the particular year or a preceding taxation year, an amount relating to the eligible expenses of the corporation, other than an amount reducing those expenses in accordance with section 1029.8.36.166.52 or 1029.8.36.166.60, is, directly or indirectly, refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation; or

(b) in a fiscal period of the partnership ending in the particular year or in a preceding taxation year and at the end of which the corporation is a member of the partnership, an amount relating to the eligible expenses of the partnership, other than an amount reducing those expenses in accordance with section 1029.8.36.166.52 or 1029.8.36.166.60, is, directly or indirectly, refunded or otherwise paid to the partnership or corporation or allocated to a payment to be made by the partnership or corporation.

The amount to which the first paragraph refers is equal to the amount by which the unused portion of the tax credit of the corporation for the particular preceding year, otherwise determined, exceeds the amount that would be the amount of the unused portion of the tax credit of the corporation if

(a) any amount referred to in subparagraph *a* or *b* of the first paragraph that is, directly or indirectly, refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation were directly or indirectly, refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation in the particular preceding year; and

(b) any amount referred to in subparagraph *b* of the first paragraph that is, directly or indirectly, refunded or otherwise paid to the partnership or allocated to a payment to be made by the partnership were directly or indirectly, refunded or otherwise paid to the partnership or allocated to a payment to be made by the partnership in the fiscal period of the partnership ending in the particular preceding year.

If, in respect of the eligible expenses referred to in the first paragraph, a person other than the corporation, or a partnership other than the partnership of which the corporation is a member, has obtained, at a particular time, a benefit or advantage that would have reduced those expenses in accordance with section 1029.8.36.166.60 if the person or partnership had obtained it, had been entitled to obtain it or could reasonably have expected to obtain it on or before the corporation's filing-due date for the particular preceding taxation year, or on or before the day that is six months after the end of the fiscal period of the partnership of which the corporation is a member that ended in the particular preceding taxation year, the benefit or advantage is, for the purposes of the first and second paragraphs,

(a) if those expenses were incurred by the corporation, deemed to be an amount that is paid to the corporation at that time; or

(b) if those expenses were incurred by the partnership of which the corporation is a member, deemed to be

i. an amount that is paid to that partnership at that time, when that benefit or advantage has been obtained by another partnership or by a person other than the person referred to in subparagraph ii, or

ii. an amount that is paid to the corporation at that time, when that benefit or advantage has been obtained by a person with whom the corporation does not deal at arm's length.

2009, c. 15, s. 303.

1029.8.36.166.54. For the purpose of applying section 1029.8.36.166.53 to a corporation for a particular taxation year, the eligible expenses, in respect of a qualified property, of the corporation for a preceding taxation year or of a partnership for a fiscal period of the partnership that ends in that preceding year and at the end of which the corporation was a member of the partnership are deemed to be repaid to the corporation or partnership, as the case may be, at a particular time of the period described in the second paragraph, where the property ceases at that time, otherwise than by reason of its loss, of its involuntary destruction by fire, theft or water, or of a major breakdown of the property, to be used solely in Québec to earn income from a business carried on

(a) by the first purchaser of the property, where the first purchaser owns it at the particular time; or

(b) by a subsequent purchaser of the property that acquired it in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act (chapter I-3, r. 1) applies, where the subsequent purchaser owns it at the particular time.

The period to which the first paragraph refers is the period that begins on the particular day on which the property begins to be used by its first purchaser or by a subsequent purchaser that acquired the property in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act applies and ends on the earlier of

(a) the 730th day following the particular day; and

(b) the last day of the particular taxation year or of the partnership's fiscal period that ends in that year, as the case may be.

This section does not apply to a corporation for a taxation year, in relation to eligible expenses in respect of a qualified property of the corporation for a particular preceding taxation year or of a partnership of which the corporation is a member for a fiscal period that ends in the particular preceding taxation year, if section 1029.8.36.166.48 applied, in relation to the eligible expenses, for the particular preceding taxation year.

2009, c. 15, s. 303; 2023, c. 2, s. 51.

1029.8.36.166.55. If a corporation pays, in a taxation year (in this section referred to as the "repayment year"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph *a* of the first paragraph of section 1029.8.36.166.52, the eligible expenses of the corporation in respect of a qualified property, for the purpose of computing the amount that it is deemed to have paid to the Minister under section 1029.8.36.166.43 in respect of the expenses, for a particular taxation year, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the repayment year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is an amount that it would be deemed to have paid to the Minister, in respect of the expenses, under section 1029.8.36.166.43 for the particular year, or under section 1029.8.36.166.46 or 1029.8.36.166.47 for another taxation year that precedes the repayment year, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in subparagraph *a* of the first paragraph of section 1029.8.36.166.52, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister, in respect of the expenses, under section 1029.8.36.166.43 for the particular year, or under section 1029.8.36.166.46 or 1029.8.36.166.47 for another taxation year that precedes the repayment year; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this section in respect of an amount of repayment of that assistance.

2009, c. 15, s. 303.

1029.8.36.166.56. If a partnership pays, in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.166.52, a corporation's share of the eligible expenses of the partnership in respect of a qualified property for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.44, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of the share, under section 1029.8.36.166.44 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.46 or 1029.8.36.166.47 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of the eligible expenses of the partnership in respect of the property,

under section 1029.8.36.166.44 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.46 or 1029.8.36.166.47 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.166.52; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2009, c. 15, s. 303.

1029.8.36.166.57. If a corporation is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") and pays, in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.166.52, its share of the eligible expenses of the partnership in respect of a qualified property for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.44, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of the share, under section 1029.8.36.166.44 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.46 or 1029.8.36.166.47 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of the share, under section 1029.8.36.166.44 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.46 or 1029.8.36.166.47 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment, and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.166.52; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2009, c. 15, s. 303.

1029.8.36.166.58. For the purposes of sections 1029.8.36.166.55 to 1029.8.36.166.57, an amount of assistance is deemed to be repaid, at a particular time, by a corporation or partnership pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.166.52, eligible expenses or the share of such expenses of a corporation that is a member of the partnership, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.166.43 or 1029.8.36.166.44;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership may reasonably expect to receive.

2009, c. 15, s. 303.

1029.8.36.166.59. For the purpose of computing the amount that a corporation is deemed to have paid to the Minister under section 1029.8.36.166.46 for a particular taxation year in respect of the unused portion of the tax credit of the corporation for a particular preceding taxation year, the unused portion of the tax credit of the corporation, otherwise determined, must, if the conditions set out in the second paragraph are met for the particular year or for a preceding taxation year (each of which is referred to in this section as a "year of increase"), be increased by the aggregate of all amounts each of which is the excess amount referred to in subparagraph *b* of the second paragraph for a year of increase.

For the purposes of the first paragraph, the conditions that must be met for a year of increase are as follows:

(a) any of sections 1029.8.36.166.55 to 1029.8.36.166.58 applies for the year of increase to the corporation in relation to a particular amount that may reasonably be considered to be a repayment, made in the year of increase or in the fiscal period of a partnership ending in the year of increase, of government assistance or non-government assistance that reduced, because of section 1029.8.36.166.52, the eligible expenses of the corporation, in respect of a qualified property, for the particular preceding year or the corporation's share of the eligible expenses of the partnership, in respect of a qualified property, for a fiscal period of the partnership ending in the particular preceding year; and

(b) the amount determined under the third paragraph exceeds the amount determined under the fourth paragraph.

The first amount to which subparagraph *b* of the second paragraph refers is the total amount that the corporation would be deemed to have paid to the Minister for the particular preceding year under sections 1029.8.36.166.43 and 1029.8.36.166.44 if

(a) no reference were made to the third paragraph of sections 1029.8.36.166.43 and 1029.8.36.166.44;

(b) where section 1029.8.36.166.56 or 1029.8.36.166.57 applies for the year of increase to the corporation, the agreed proportion in respect of the corporation for the fiscal period of the partnership ending in the particular preceding year were the same as that for the year of increase; and

(c) any particular amount referred to in subparagraph *a* of the second paragraph that may reasonably be considered to be a repayment of government assistance or non-government assistance referred to in that subparagraph *a* reduced the amount of government assistance or non-government assistance.

The second amount to which subparagraph *b* of the second paragraph refers is the aggregate of

(a) the amount that would be determined under the third paragraph if no reference were made to subparagraph *c* of that paragraph; and

(b) the total amount that the corporation is deemed to have paid to the Minister for the year of increase under sections 1029.8.36.166.55 to 1029.8.36.166.57.

2009, c. 15, s. 303; 2010, c. 25, s. 178.

1029.8.36.166.60. If, in respect of eligible expenses of a qualified corporation or of a qualified partnership, in respect of a qualified property, a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the acquisition of the qualified property, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply:

(a) for the purpose of computing the amount that the qualified corporation is deemed to have paid to the Minister for a taxation year under section 1029.8.36.166.43, the amount of the eligible expenses is to be reduced by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the qualified corporation's filing-due date for the taxation year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.166.44 by a qualified corporation that is a member of the qualified partnership, the corporation's share, for a fiscal period of the partnership that ends in the taxation year, of the amount of the eligible expenses, is to be reduced

i. by the corporation's share, for the fiscal period, of the amount of the benefit or advantage that the person or partnership, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of the benefit or advantage that the qualified corporation or a person with whom it does not deal at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the share, for a fiscal period of a qualified partnership, of a qualified corporation that is a member of the qualified partnership of the amount of the benefit or advantage that the partnership, or a person referred to in that subparagraph i, has obtained, is entitled to obtain or may reasonably expect to obtain, is equal to the agreed proportion of the amount in respect of the qualified corporation for the fiscal period.

For the purposes of the definition of "expenditure of a capital nature" in the first paragraph, an expenditure that is included, at the end of a taxation year or fiscal period, in the capital cost of a building does not include an expenditure so included under section 180 or 182.

1029.8.36.166.60.2. For the purposes of this division, the balance of a qualified corporation's cumulative limit for a particular taxation year is equal,

(a) if the qualified corporation is not associated with another corporation in the particular year, to the amount by which $150,000 exceeds the amount by which the aggregate of all amounts each of which is the qualified corporation's qualified expenditure, in respect of a qualified building, for a taxation year preceding the particular year, or its share of a partnership's qualified expenditure, in respect of a qualified building, for a fiscal period of the partnership that ends in such a preceding taxation year, in respect of which an amount is deemed to have been paid to the Minister by the corporation for the preceding year under section 1029.8.36.166.60.8 or 1029.8.36.166.60.9, as the case may be, exceeds the amount determined in accordance with the fifth paragraph; or

(b) if the qualified corporation is associated with one or more other corporations in the particular year, to the amount attributed for the particular year to the qualified corporation pursuant to the agreement described in the second paragraph and filed with the Minister in the prescribed form or, if no amount is attributed to the qualified corporation pursuant to that agreement or in the absence of such an agreement, to zero or to the amount attributed to it by the Minister, if applicable, for the particular year in accordance with this division.

The agreement to which subparagraph *b* of the first paragraph refers, in respect of a particular taxation year of the qualified corporation, is the agreement under which all the corporations that are associated with each other in the particular taxation year attribute, for the purposes of this section, to one or more of their number one or more amounts the total of which is not greater than the amount by which $150,000 exceeds the amount by which the aggregate of the following amounts exceeds the amount determined in accordance with the sixth paragraph, where each of those amounts is

(a) the qualified expenditure of a corporation that is a member of the group of corporations associated with each other in the particular year, in respect of a qualified building, for a taxation year that ends before the

beginning of the particular year, in relation to which an amount is deemed to have been paid to the Minister by the corporation under section 1029.8.36.166.60.8; or

(b) the share of a corporation that is a member of the group of corporations associated with each other in the particular year of the qualified expenditure of a partnership, in respect of a qualified building, for a fiscal period of the partnership that ends in a taxation year of the corporation that ends before the beginning of the particular year, in relation to which an amount is deemed to have been paid to the Minister by the corporation under section 1029.8.36.166.60.9.

If the aggregate of the amounts attributed, in respect of a taxation year, in an agreement described in the second paragraph and entered into with the corporations that are associated with each other in the particular year is greater than the first excess amount referred to in that paragraph, the amount determined under subparagraph *b* of the first paragraph in respect of each of those corporations for that taxation year is deemed, for the purposes of this section, to be equal to the proportion of that excess amount that that amount is of the aggregate of the amounts attributed for that year in the agreement.

For the purposes of subparagraph *a* of the first paragraph and subparagraph *b* of the second paragraph, a corporation's share of the qualified expenditure, in respect of a qualified building, of a partnership for a fiscal period is equal to the agreed proportion of that expenditure in respect of the corporation for the fiscal period.

The amount to which subparagraph *a* of the first paragraph refers is equal to the aggregate of all amounts each of which is the product obtained by multiplying a tax that the corporation is required to pay for the particular taxation year or a preceding taxation year under Part III.10.9.2.1 in respect of a qualified expenditure of the corporation or the corporation's share of a qualified expenditure of a partnership of which it is a member, in relation to which the corporation is deemed to have paid an amount to the Minister under this division for a taxation year preceding the particular year, by the reciprocal of the rate determined in respect of the corporation under section 1029.8.36.166.60.10 for that preceding taxation year in relation to the corporation's qualified expenditure or the corporation's share of the qualified expenditure of the partnership, as the case may be.

The amount to which the second paragraph refers is equal to the aggregate of all amounts each of which is the product obtained by multiplying a tax that a corporation that is a member of the group of associated corporations referred to in the second paragraph is required to pay for the particular taxation year or a preceding taxation year under Part III.10.9.2.1 in respect of a qualified expenditure of the corporation or the corporation's share of a qualified expenditure of a partnership of which it is a member, in relation to which the corporation is deemed to have paid an amount to the Minister under this division for a preceding taxation year, by the reciprocal of the rate determined in respect of the corporation under section 1029.8.36.166.60.10 for that preceding taxation year in relation to the corporation's qualified expenditure or the corporation's share of the qualified expenditure of the partnership, as the case may be.

2015, c. 21, s. 466.

1029.8.36.166.60.3. If a corporation associated with one or more other corporations in a taxation year fails to file with the Minister an agreement for the purposes of this division within 30 days after notice in writing by the Minister has been sent to any of the corporations so associated with each other that such an agreement is required for the purposes of any assessment of tax under this Part, the Minister shall, for the purposes of this division, attribute for the taxation year an amount to one or more of the corporations so associated, which amount or the aggregate of which amounts must be equal to the first excess amount referred to in the second paragraph of section 1029.8.36.166.60.2 and determined for the year; in any such case, the balance of the cumulative limit of each of those corporations for the year is equal to the amount so attributed to it.

2015, c. 21, s. 466.

1029.8.36.166.60.4. For the purposes of this division, the balance of a qualified partnership's cumulative limit for a fiscal period is equal to the amount by which $150,000 exceeds the aggregate of all amounts each of which is the amount by which the qualified partnership's qualified expenditure, in respect of

a qualified building, for a preceding fiscal period exceeds the amount of any government assistance, non-government assistance, benefit or advantage attributable to that expenditure, that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period.

2015, c. 21, s. 466.

1029.8.36.166.60.5. The paid-up capital of a corporation for a particular taxation year is equal,

(a) where the corporation is not a member of an associated group in the particular year, to its paid-up capital, determined in accordance with the second paragraph, for the taxation year preceding the particular year; and

(b) where the corporation is a member of an associated group in the particular year, to the aggregate of all amounts each of which is its paid-up capital, determined in accordance with the second paragraph, for the taxation year preceding the particular year, and the paid-up capital of each other member of the group, determined in accordance with the second paragraph, for its last taxation year that ended before the beginning of the particular year.

For the purposes of this section,

(a) the paid-up capital of a corporation for a taxation year is

i. in respect of a corporation, except a corporation that is an insurer within the meaning assigned by the Insurers Act (chapter A-32.1), its paid-up capital that would be determined for that year in accordance with Book III of Part IV if no reference were made to section 1138.2.6, and

ii. in respect of a corporation that is an insurer within the meaning assigned by the Insurers Act, its paid-up capital that would be determined for that year in accordance with Title II of Book III of Part IV if it were a bank and paragraph *a* of section 1140 were replaced by paragraph *a* of subsection 1 of section 1136;

(b) a business carried on by an individual who is a member of an associated group in a taxation year is deemed to be carried on by a corporation referred to in subparagraph i of subparagraph *a* and a partnership or a trust which is a member of an associated group in a taxation year is deemed to be a corporation referred to in subparagraph i of subparagraph *a*, the paid-up capital of which is determined in accordance with Title I of Book III of Part IV but without reference to paragraph *b*.1.2 of section 1137 and any participating interest of which in the nature of capital stock or surplus is deemed to be referred to in paragraph *a* or *b* of subsection 1 of section 1136; and

(c) the interest of a member of an associated group in a taxation year in another member of that group is deemed to be an investment in shares and bonds of another corporation.

For the purposes of subparagraph *a* of the first paragraph, where the particular year is the first fiscal period of the corporation, its paid-up capital is determined, in accordance with the second paragraph, on the basis of its financial statements prepared at the beginning of that fiscal period in accordance with generally accepted accounting principles or, where such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, on the basis of such financial statements that would be prepared in accordance with generally accepted accounting principles.

For the purposes of subparagraph *b* of the first paragraph, where a member of the associated group, other than the corporation, has no taxation year ending before the beginning of the particular year, its paid-up capital is determined, in accordance with the second paragraph, on the basis of its financial statements prepared at the beginning of its first fiscal period in accordance with generally accepted accounting principles or, where such financial statements have not been prepared, or have not been prepared in accordance with

generally accepted accounting principles, on the basis of such financial statements that would be prepared in accordance with generally accepted accounting principles.

2015, c. 21, s. 466; 2018, c. 23, s. 811.

For the purposes of the first paragraph, a business carried on by an individual, other than a trust, is deemed to be carried on by a corporation all the voting shares in the capital stock of which are owned at that time by the individual.

2015, c. 21, s. 466; 2015, c. 36, s. 123.

1029.8.36.166.60.7. If it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division for that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division for that year, those corporations are deemed, for the purposes of this division, to be associated with each other in the year.

2015, c. 21, s. 466.

§ 2. — *Credits*

2015, c. 21, s. 466.

1029.8.36.166.60.8. A qualified corporation for a taxation year that encloses the documents referred to in the fourth paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the third paragraph and section 1029.8.36.166.60.11, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is equal to the product obtained by multiplying the corporation's qualified expenditure for the year, in respect of a qualified building, by the rate determined in relation to that qualified expenditure under section 1029.8.36.166.60.10.

The aggregate of all amounts each of which is a corporation's qualified expenditure for a taxation year, in respect of a qualified building, may not exceed the amount that is the amount by which the balance of its cumulative limit for the year exceeds the aggregate of all amounts each of which is the corporation's share of the qualified expenditure of a qualified partnership, in respect of a qualified building, for a fiscal period that ends in the taxation year, in respect of which the corporation is deemed to have paid an amount to the Minister for the year under section 1029.8.36.166.60.9.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1159.7, 1175 and 1175.19 where those sections refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of the agreement described in section 1029.8.36.166.60.2, if applicable.

2015, c. 21, s. 466.

1029.8.36.166.60.9. A qualified corporation for a taxation year that is a member of a qualified partnership at the end of a particular fiscal period of the qualified partnership that ends in the year and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file for the year under section 1000, is deemed, subject to the fourth paragraph and section 1029.8.36.166.60.11, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is equal to the product obtained by multiplying the corporation's share of the qualified expenditure of such a qualified partnership, in respect of a qualified building, for such a particular fiscal period by the rate determined in relation to its share of the qualified expenditure under section 1029.8.36.166.60.10.

For the purposes of the first paragraph, the aggregate of all amounts each of which is the amount of a qualified partnership's qualified expenditure, in respect of a qualified building, for a fiscal period may not exceed the balance of the partnership's cumulative limit for that fiscal period.

The aggregate of all amounts each of which is a corporation's share of a qualified partnership's qualified expenditure, in respect of a qualified building, for a fiscal period of the partnership that ends in a taxation year of the corporation may not exceed the amount that is the amount by which the balance of the corporation's cumulative limit for the taxation year exceeds the aggregate of all amounts each of which is the corporation's qualified expenditure, in respect of a qualified building, for the year in respect of which the corporation is deemed to have paid an amount to the Minister for the year under section 1029.8.36.166.60.8.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1159.7, 1175 and 1175.19 where those sections refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

Despite the definition of "qualified expenditure" in the first paragraph of section 1029.8.36.166.60.1 and for the purpose of applying this section to a qualified corporation referred to in the first paragraph, the qualified expenditure for a particular fiscal period, in respect of a qualified building, of a qualified partnership of which the corporation is a member does not include

(a) the expenditure of a capital nature that would otherwise be included in the qualified expenditure because of subparagraph ii of paragraph *b* of the definition of "expenditure of a capital nature" in the first paragraph of section 1029.8.36.166.60.1 and that is incurred in a fiscal period of the partnership preceding the particular fiscal period and ends in a taxation year for which the corporation was not a qualified corporation; or

(b) the expenditure of a capital nature that would otherwise be included in the qualified expenditure because of subparagraph iii of paragraph *b* of the definition of "expenditure of a capital nature" in the first

paragraph of section 1029.8.36.166.60.1 and that is incurred in a fiscal period of the partnership that ends in a taxation year for which the corporation was not a qualified corporation.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of the agreement described in section 1029.8.36.166.60.2, if applicable.

For the purposes of this section, the share of a member of a partnership of an amount for a fiscal period is equal to the agreed proportion of the amount in respect of the member for that fiscal period.

2015, c. 21, s. 466.

1029.8.36.166.60.11. No amount may be deemed to have been paid to the Minister by a qualified corporation for a taxation year under section 1029.8.36.166.60.8 or 1029.8.36.166.60.9 in respect of a qualified building where, otherwise than by reason of its involuntary destruction by fire, theft or water,

Where a qualified corporation or a qualified partnership has begun to use a qualified building in a manner consistent with paragraph *b* of the definition of "qualified building" in the first paragraph of section 1029.8.36.166.60.1 within a 48-month period following the last day of the taxation year or fiscal period, as the case may be, where, for the first time, it incurred an expenditure of a capital nature in respect of the

qualified building and, otherwise than by reason of its involuntary destruction by fire, theft or water, it disposes of the qualified building or ceases to use it in a manner consistent with that paragraph *b*, at any given time in the 48-month period that begins on the day on which that use began, the amount deemed to have been paid to the Minister for a taxation year under section 1029.8.36.166.60.8 or 1029.8.36.166.60.9 in respect of the qualified building is deemed, for the purposes of that section, to be equal to the proportion of the amount otherwise determined that the number of months in the period that begins on the day on which the use began and that ends at the given time is of 48.

2015, c. 21, s. 466.

§ 3. — *Government assistance, non-government assistance and other particulars*

2015, c. 21, s. 466.

1029.8.36.166.60.13. For the purpose of computing the amount that is deemed to have been paid to the Minister by a corporation, for a taxation year, under section 1029.8.36.166.60.8 or 1029.8.36.166.60.9, the following rules apply:

(a) the corporation's qualified expenditure referred to in the first paragraph of section 1029.8.36.166.60.8 is to be reduced by the amount of any government assistance or non-government assistance attributable to the expenditure that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the taxation year; and

(b) the corporation's share of the qualified expenditure of a partnership referred to in the first paragraph of section 1029.8.36.166.60.9, for a fiscal period of the partnership that ends in the corporation's taxation year, is to be reduced

i. by the corporation's share of the amount of any government assistance or non-government assistance attributable to the expenditure that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of any government assistance or non-government assistance attributable to the expenditure that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the corporation's share, for the partnership's fiscal period, of the amount of any government assistance or non-government assistance that the partnership has received, is entitled to receive or may reasonably expect to receive, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2015, c. 21, s. 466.

1029.8.36.166.60.14. If, before 1 January 2020, a corporation pays in a taxation year (in this section referred to as the "repayment year"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph *a* of the first paragraph of section 1029.8.36.166.60.13, the corporation's qualified expenditure in respect of a qualified building for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.8 in respect of the expenditure, for a particular taxation year, the corporation is deemed to have paid to the Minister on its balance-due day for the repayment year, on account of its tax payable for that year under this Part, if the corporation encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000, for the repayment year, an amount equal to the amount by which the amount that the corporation would be deemed to have paid to the Minister, in respect of the qualified expenditure, under section 1029.8.36.166.60.8 for the particular year, if the particular amount that is the lesser of the aggregate of all amounts each of which is an amount of assistance so repaid at or before the end of the repayment year and the balance of the corporation's cumulative limit for the repayment year, had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in subparagraph *a* of the first paragraph of section 1029.8.36.166.60.13, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister in respect of the qualified expenditure under section 1029.8.36.166.60.8 for the particular year; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year, in respect of an amount of repayment of that assistance.

The particular amount to which the first paragraph refers is deemed, for the purpose of determining, other than for the purposes of this section, the balance of the corporation's cumulative limit for the repayment year and a subsequent taxation year, to be a qualified expenditure of the corporation in respect of the qualified building for a taxation year preceding the repayment year.

2015, c. 21, s. 466.

1029.8.36.166.60.15. If, before 1 January 2020, a partnership pays, in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.166.60.13, a corporation's share of the qualified expenditure of the partnership in respect of a qualified building for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.9, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's

balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of the share, under section 1029.8.36.166.60.9 for its taxation year in which the particular fiscal period ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of the qualified expenditure of the partnership in respect of the qualified building, under section 1029.8.36.166.60.9 for its taxation year in which the particular fiscal period ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) the lesser of the corporation's share of any amount of assistance repaid at or before the end of the fiscal period of repayment and the balance of the corporation's cumulative limit for its taxation year in which the fiscal period of repayment ended reduced, for the particular fiscal period, the corporation's share of the amount of any government assistance or non-government assistance referred to in subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.166.60.13; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The amount determined in accordance with subparagraph *a* of the second paragraph is deemed, for the purpose of determining, other than for the purposes of this section, the balance of the corporation's cumulative limit for the taxation year in which the fiscal period of repayment ends and a subsequent taxation year, to be the corporation's share of a qualified expenditure of the partnership in respect of a qualified building, for a fiscal period of the partnership that ends in a taxation year of the corporation preceding the taxation year in which the fiscal period of repayment ends.

For the purposes of subparagraph *a* of the second paragraph, the corporation's share for the partnership's fiscal period of any amount of assistance repaid is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2015, c. 21, s. 466.

1029.8.36.166.60.16. If, before 1 January 2020, a corporation is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") and pays, in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.166.60.13, its share of the qualified expenditure of the partnership in respect of a qualified building for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.9, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second

paragraph were taken into account, to have paid to the Minister, in respect of the share, under section 1029.8.36.166.60.9 for its taxation year in which the particular fiscal period ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of the share, under section 1029.8.36.166.60.9 for its taxation year in which the particular fiscal period ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) the lesser of any amount of assistance repaid at or before the end of the fiscal period of repayment and the balance of the corporation's cumulative limit for its taxation year in which the fiscal period of repayment ended reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.166.60.13; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The amount determined in accordance with subparagraph *a* of the second paragraph is deemed, for the purpose of determining, other than for the purposes of this section, the balance of the corporation's cumulative limit for the taxation year in which the fiscal period of repayment ends and a subsequent taxation year, to be the corporation's share of a qualified expenditure of the partnership in respect of a qualified building, for a fiscal period of the partnership that ends in a taxation year of the corporation preceding the taxation year in which the fiscal period of repayment ends.

2015, c. 21, s. 466.

1029.8.36.166.60.17. For the purposes of sections 1029.8.36.166.60.14 to 1029.8.36.166.60.16, an amount of assistance is deemed to be repaid by a corporation or a partnership at a particular time, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.166.60.13, the qualified expenditure or the share of a corporation that is a member of the partnership in such an expenditure, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.166.60.8 or 1029.8.36.166.60.9;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership may reasonably expect to receive.

2015, c. 21, s. 466.

1029.8.36.166.60.18. If, in respect of a qualified expenditure of a qualified corporation or of a qualified partnership, in respect of a qualified building, a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to the acquisition of the qualified building, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner, the following rules apply:

(a) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.166.60.8 by the qualified corporation, the amount of the qualified expenditure is to be reduced by the amount of the benefit or advantage that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the qualified corporation's filing-due date for the taxation year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.166.60.9 by a qualified corporation that is a member of the qualified partnership, the corporation's share, for a fiscal period of the partnership that ends in the taxation year, of the amount of the qualified expenditure, is to be reduced

i. by the corporation's share, for the fiscal period, of the amount of the benefit or advantage that the person or partnership, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of the benefit or advantage that the qualified corporation or a person with whom it does not deal at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period.

For the purposes of subparagraph i of subparagraph *b* of the first paragraph, the share, for a fiscal period of a qualified partnership, of a qualified corporation that is a member of the qualified partnership of the amount of the benefit or advantage that the partnership, or a person referred to in that subparagraph i, has obtained, is entitled to obtain or may reasonably expect to obtain, is equal to the agreed proportion of the amount in respect of the qualified corporation for the fiscal period.

(c) the interest of a member of an associated group in a taxation year in another member of that group is deemed to be an investment in shares and bonds of another corporation.

For the purposes of subparagraph *a* of the first paragraph, where the particular year is the first fiscal period of the corporation, its paid-up capital is determined, in accordance with the second paragraph, on the basis of its financial statements prepared at the beginning of that fiscal period in accordance with generally accepted accounting principles or, where such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, on the basis of such financial statements that would be prepared in accordance with generally accepted accounting principles.

For the purposes of subparagraph *b* of the first paragraph, where a member of the associated group, other than the corporation, has no taxation year ending before the beginning of the particular year, its paid-up capital is determined, in accordance with the second paragraph, on the basis of its financial statements prepared at the beginning of its first fiscal period in accordance with generally accepted accounting principles or, where such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, on the basis of such financial statements that would be prepared in accordance with generally accepted accounting principles.

1029.8.36.166.60.25. If it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division for that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division for that year, those corporations are deemed, for the purposes of this division, to be associated with each other in the year.

2015, c. 21, s. 466.

1029.8.36.166.60.26. For the purposes of this division, a corporation's share of an amount, in relation to a partnership of which it is a member at the end of a fiscal period, is equal to the agreed proportion of that amount in respect of the corporation for the fiscal period.

If, before 1 January 2023, a partnership pays, in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of paragraph *b* of section 1029.8.36.166.60.30, a corporation's share of a partnership's eligible expenses, in relation to an eligible information technology integration contract, for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.28 in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of the share, under section 1029.8.36.166.60.28 for its taxation year in which the particular fiscal period ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister in respect of the partnership's eligible expenses, in relation to an eligible information technology integration contract, under section 1029.8.36.166.60.28 for its taxation year in which the particular fiscal period ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) the lesser of the corporation's share of any amount of assistance repaid at or before the end of the fiscal period of repayment and the balance of the corporation's cumulative limit for its taxation year in which the fiscal period of repayment ended, reduced, for the particular fiscal period, the corporation's share of the amount of any government assistance or non-government assistance referred to in subparagraph i of paragraph *b* of section 1029.8.36.166.60.30; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The amount determined in accordance with subparagraph *a* of the second paragraph is deemed, for the purpose of determining, other than for the purposes of this section, the balance of the corporation's cumulative limit for the taxation year in which the fiscal period of repayment ends and a subsequent taxation year, to be the corporation's share of the partnership's eligible expenses, in relation to an eligible information technology integration contract, for a fiscal period of the partnership that ends in a taxation year of the corporation preceding the taxation year in which the fiscal period of repayment ends.

the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of the share, under section 1029.8.36.166.60.28 for its taxation year in which the particular fiscal period ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of the share, under section 1029.8.36.166.60.28 for its taxation year in which the particular fiscal period ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) the lesser of any amount of assistance repaid at or before the end of the fiscal period of repayment and the balance of the corporation's cumulative limit for its taxation year in which the fiscal period of repayment ended, reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of paragraph *b* of section 1029.8.36.166.60.30; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The amount determined in accordance with subparagraph *a* of the second paragraph is deemed, for the purpose of determining, other than for the purposes of this section, the balance of the corporation's cumulative limit for the taxation year in which the fiscal period of repayment ends and a subsequent taxation year, to be the corporation's share of the partnership's eligible expenses, in relation to an eligible information technology integration contract, for a fiscal period of the partnership that ends in a taxation year of the corporation preceding the taxation year in which the fiscal period of repayment ends.

2015, c. 21, s. 466; 2015, c. 36, s. 127; 2021, c. 14, s. 150.

iii. the aggregate of all amounts each of which is the portion of the corporation's eligible expenses in respect of a qualified property, for the particular year or a preceding year concerned, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 and in respect of which an amount would be deemed to have been paid to the Minister by the corporation for that year under that section if no reference were made to its third paragraph and the excluded expense amount relating to the qualified property were equal to zero, and

iv. the aggregate of all amounts each of which is the corporation's share of the portion of a partnership's eligible expenses in respect of a qualified property, for a fiscal period of the partnership that ends in the particular year or a preceding year concerned, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.44 and in respect of which an amount would be deemed to have been paid to the Minister by the corporation for that year under that section if no reference were made to its third paragraph and the excluded expense amount relating to the qualified property were equal to zero; or

(b) where the qualified corporation is a member of an associated group in the particular year,

i. the amount attributed for the particular year to the corporation pursuant to the agreement described in the second paragraph and filed with the Minister in the prescribed form, or

ii. if no amount is attributed to the corporation pursuant to the agreement to which subparagraph i refers or in the absence of such an agreement but subject to section 1029.8.36.166.60.39, zero.

The agreement to which subparagraph i of subparagraph *b* of the first paragraph refers, in respect of a particular taxation year of the qualified corporation, is the agreement under which all the corporations that are members of the associated group in the particular taxation year attribute, for the purposes of this section, to one or more of the corporations that are members of the associated group, for the particular taxation year, one or more amounts the total of which is not greater than the amount by which $100,000,000 exceeds the total of

(a) the aggregate of all amounts each of which is the specified expenses of a corporation that is a member of the associated group in the particular year in respect of a specified property, for a taxation year (in this paragraph referred to as a "preceding year concerned") that ends in a 48-month period preceding the beginning of the particular year, in respect of which an amount would be deemed to have been paid to the Minister by the corporation for the preceding year concerned under section 1029.8.36.166.60.48 if no reference were made to its third paragraph and the excluded expense amount relating to the specified property were equal to zero;

(b) the aggregate of all amounts each of which is the share of a corporation that is a member of the associated group in the particular year of a partnership's specified expenses in respect of a specified property, for a fiscal period of the partnership that ends in a preceding year concerned of the corporation, in respect of which an amount would be deemed to have been paid to the Minister by the corporation for the preceding year concerned under section 1029.8.36.166.60.49 if no reference were made to its third paragraph and the excluded expense amount relating to the specified property were equal to zero;

(c) the aggregate of all amounts each of which is the portion of the eligible expenses of a corporation that is a member of the associated group in the particular year in respect of a qualified property, for a taxation year (in this paragraph referred to as a "specified year") that ends in the particular year or is a preceding year concerned, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 and in respect of which an amount would be deemed to have been paid to the Minister by that corporation for the specified year under that section if no reference were made to its third paragraph and the excluded expense amount relating to the qualified property were equal to zero; and

(d) the aggregate of all amounts each of which is the share of a corporation that is a member of the associated group in the particular year of the portion of a partnership's eligible expenses in respect of a

qualified property, for a fiscal period of the partnership that ends in a specified year of the corporation, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.44 and in respect of which an amount would be deemed to have been paid to the Minister by that corporation for the specified year under that section if no reference were made to its third paragraph and the excluded expense amount relating to the qualified property were equal to zero.

Where the aggregate of the amounts attributed, in respect of a taxation year, pursuant to an agreement described in the second paragraph and entered into with the corporations that are members of an associated group in the year is greater than the excess amount determined under that paragraph, the amount determined under subparagraph i of subparagraph *b* of the first paragraph in respect of each of those corporations for the taxation year is deemed, for the purposes of this section, to be equal to the amount obtained by multiplying that excess amount by the proportion that the amount that was attributed to the corporation in the agreement, in respect of the year, is of the aggregate of the amounts that were so attributed.

2021, c. 14, s. 151.

1029.8.36.166.60.39. Where corporations are part, in a taxation year, of an associated group and where a corporation that is a member of that group fails to file with the Minister the agreement to which subparagraph i of subparagraph *b* of the first paragraph of section 1029.8.36.166.60.38 refers within 30 days after notice in writing by the Minister has been sent to such a corporation that such an agreement is required for the purposes of any assessment of tax under this Part or for the determination of another amount, the Minister shall, for the purposes of this division, attribute an amount to one or more of the corporations that are members of that group for the taxation year, which amount or the aggregate of which amounts, as the case may be, must be equal to the excess amount determined for the year under the second paragraph of section 1029.8.36.166.60.38, and, in such a case, the balance of the cumulative specified expense limit of each of those corporations, for the year, is equal to the amount so attributed to it.

2021, c. 14, s. 151.

1029.8.36.166.60.40. For the purposes of this division, the balance of a qualified partnership's cumulative specified expense limit for a particular fiscal period is equal to the amount by which $100,000,000 exceeds the total of

(a) the aggregate of all amounts each of which is its specified expenses, in respect of a specified property, for a fiscal period (in this section referred to as the "preceding fiscal period concerned") that ends in the 48-month period preceding the beginning of the particular fiscal period, in respect of which an amount would be deemed to have been paid to the Minister under section 1029.8.36.166.60.49 if no reference were made to its third paragraph and the excluded expense amount relating to the specified property were equal to zero; and

(b) the aggregate of all amounts each of which is the portion of its eligible expenses, in respect of a qualified property, for the particular fiscal period or a preceding fiscal period concerned, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.44 and in respect of which an amount would be deemed to have been paid to the Minister under section 1029.8.36.166.44 if no reference were made to its third paragraph and the excluded expense amount relating to the qualified property were equal to zero.

2021, c. 14, s. 151.

1029.8.36.166.60.41. For the purposes of this division, the balance of a joint venture's cumulative specified expense limit for a particular fiscal period of the joint venture is equal to the amount by which $100,000,000 exceeds the total of

(a) the aggregate of all amounts each of which is the specified expenses incurred by a corporation or a partnership in respect of a specified property as a party to the joint venture, in a fiscal period of the joint venture (in this paragraph referred to as the "preceding fiscal period concerned") that ends in the 48-month period preceding the beginning of the particular fiscal period, in respect of which an amount would be deemed to have been paid to the Minister under section 1029.8.36.166.60.48 or 1029.8.36.166.60.49, as the

case may be, if no reference were made to its third paragraph and the excluded expense amount relating to the specified property were equal to zero; and

(b) the aggregate of all amounts each of which is the portion of the eligible expenses incurred by a corporation or a partnership in respect of a qualified property as a party to the joint venture, in the particular fiscal period or a preceding fiscal period concerned of the joint venture, that would be referred to in subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.166.43 or 1029.8.36.166.44, as the case may be, and in respect of which an amount would be deemed to have been paid to the Minister under section 1029.8.36.166.43 or 1029.8.36.166.44 if no reference were made to its third paragraph and the excluded expense amount relating to the qualified property were equal to zero.

For the purposes of this section, a joint venture is deemed to be a partnership whose fiscal period ends on 31 December of a calendar year.

For the purposes of this division, the share of a corporation for a taxation year, or of a partnership for a fiscal period, of the balance of a joint venture's cumulative specified expense limit is equal,

(a) in the case of a corporation,

i. where its taxation year does not end on 31 December of a calendar year, to the aggregate of all amounts each of which is the proportion of its share, determined in accordance with the fourth paragraph, of the balance of the joint venture's cumulative specified expense limit for a fiscal period of the joint venture, a part of which is included in the taxation year, that the specified expenses incurred by the corporation as a party to the joint venture in that part of the fiscal period is of the aggregate of the specified expenses incurred by the corporation as a party to the joint venture in that fiscal period, or

ii. where its taxation year ends on 31 December of a calendar year, to its share, determined in accordance with the fourth paragraph, of the balance of the joint venture's cumulative specified expense limit for the joint venture's fiscal period whose end coincides with the end of the corporation's taxation year; and

(b) in the case of a partnership,

i. where its fiscal period does not end on 31 December of a calendar year, to the aggregate of all amounts each of which is the proportion of its share, determined in accordance with the fourth paragraph, of the balance of the joint venture's cumulative specified expense limit for the joint venture's fiscal period, a part of which is included in the partnership's fiscal period, that the specified expenses incurred by the partnership as a party to the joint venture in that part of the joint venture's fiscal period is of the aggregate of the specified expenses incurred by the partnership as a party to the joint venture in that fiscal period of the joint venture, or

ii. where its fiscal period ends on 31 December of a calendar year, to its share, determined in accordance with the fourth paragraph, of the balance of the joint venture's cumulative specified expense limit for the joint venture's fiscal period whose end coincides with the end of the partnership's fiscal period.

The share of a corporation or a partnership of the balance of a joint venture's cumulative specified expense limit for a fiscal period of the joint venture is equal to the proportion of that amount that the specified expenses incurred by the corporation or partnership, as the case may be, in that fiscal period as a party to the joint venture is of the aggregate of the specified expenses incurred in the joint venture's fiscal period.

2021, c. 14, s. 151; 2023, c. 2, s. 53.

1029.8.36.166.60.42. For the purposes of this division, the assets that apply to a corporation for a taxation year are those that are shown in its financial statements submitted to the shareholders or, where such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown if such financial statements had been so prepared, for its preceding taxation year or, where the corporation is in its first fiscal period, at the beginning of that fiscal period.

However, where the corporation is a cooperative, the first paragraph is to be read as if "submitted to the shareholders" were replaced by "submitted to the members".

In computing the assets of a corporation, the amount of the surplus reassessment of its property and the amount of its incorporeal assets must be subtracted, to the extent that the amount shown exceeds the expenditure made in their respect.

Where all or part of an expenditure made in respect of incorporeal assets consists of shares of the corporation's or cooperative's capital stock, all or the part of the expenditure, as the case may be, is deemed to be nil.

Where, in a taxation year, a corporation is a member of an associated group, the assets that apply to the corporation for the year are equal to the amount by which the aggregate of the assets of the corporation and of those of each other corporation that is a member of the group, determined in accordance with this section, exceeds the aggregate of the amount of investments the corporations own in each other and the balance of accounts between the corporations.

2021, c. 14, s. 151.

1029.8.36.166.60.43. Where, in relation to a taxation year, a qualified corporation or, where it is a member of an associated group in the year, another corporation that is a member of that group reduces its assets by any transaction and that reduction increases the amount that the qualified corporation would, but for this section, be deemed to have paid to the Minister under this division for that year, the assets are deemed not to have been so reduced unless the Minister decides otherwise.

2021, c. 14, s. 151.

1029.8.36.166.60.44. For the purposes of this division, the gross revenue that applies to a corporation for a taxation year is its gross revenue for the preceding taxation year.

Where a corporation is a member of an associated group in a taxation year, the gross revenue that applies to it for the year is the amount that would be the associated group's gross revenue for its preceding taxation year if it were computed on the basis of the consolidated income statement of the members of the associated group for the preceding year and each member of the group had an establishment in Québec.

For the purpose of preparing the consolidated income statement of the members of an associated group for a particular taxation year of a corporation, the income statements taken into account are that of the corporation for the particular year and those of the other corporations that are members of the group for their taxation year that ends in the particular year.

2021, c. 14, s. 151; 2023, c. 2, s. 54.

1029.8.36.166.60.45. The amount to which the definition of "maximum tax credit amount" in the first paragraph of section 1029.8.36.166.60.36 refers, in relation to a corporation for a taxation year, is equal to the product obtained by multiplying, by the proportion determined by the formula in the third paragraph, the amount by which the total amount that the corporation would be deemed to have paid to the Minister for the taxation year under sections 1029.8.36.166.60.48 and 1029.8.36.166.60.49 if no reference were made to their third paragraph exceeds the amount by which its total taxes for the year exceed the amount it is deemed to have paid to the Minister for the year under section 1029.8.36.166.60.51.

The amount to which the definition of "limit relating to an unused portion" in the first paragraph of section 1029.8.36.166.60.36 refers, in relation to a corporation for a taxation year, is equal to the product obtained by multiplying, by the proportion determined by the formula in the third paragraph, the amount by which the aggregate of all amounts each of which is an excess amount described in subparagraph *a* of the first paragraph of section 1029.8.36.166.60.51 exceeds the corporation's total taxes for the year.

The formula to which the first and second paragraphs refer is

1 – [(A – $50,000,000)/$50,000,000].

In the formula in the third paragraph, A is the greater of

(a) $50,000,000; and

(b) the greater of the assets and the gross revenue that applies to the corporation for the taxation year, without exceeding $100,000,000.

2021, c. 14, s. 151.

1029.8.36.166.60.46. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division for that year or to increase an amount that such a corporation is deemed to have paid to the Minister under this division for that year, those corporations are deemed, for the purposes of this division, to be associated with each other in the year.

2021, c. 14, s. 151.

1029.8.36.166.60.47. For the purposes of this division, a corporation's share of a particular amount, in relation to a partnership of which the corporation is a member at the end of a fiscal period, is equal to the agreed proportion of the amount in respect of the corporation for the fiscal period.

2021, c. 14, s. 151.

§ 2. — *Credits*

2021, c. 14, s. 151.

1029.8.36.166.60.48. A qualified corporation for a taxation year that encloses the documents described in the fifth paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the fourth paragraph, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is the product obtained by multiplying a portion of its specified expenses for the year in respect of a specified property, such portion being referred to in section 1029.8.36.166.60.50, by the rate determined for the year, under that section, in relation to that portion of expenses, to the extent that that portion is paid and that the aggregate of those portions of expenses is established subject to the second paragraph and does not include the portion, determined by the qualified corporation, of its specified expenses incurred in the year as a party to a joint venture that exceeds its share for the year of the balance of the joint venture's cumulative specified expense limit.

The total of the specified expenses referred to in the first paragraph in respect of a corporation for a taxation year may not exceed the amount that is the amount by which the balance of its cumulative specified expense limit for the year exceeds the aggregate of all amounts each of which is its share of the specified expenses that would be referred to in the first paragraph of section 1029.8.36.166.60.49 for the year and in respect of which the corporation would be deemed to have paid an amount to the Minister for the year under section 1029.8.36.166.60.49 if no reference were made to its third paragraph and if the definition of "specified expenses" in the first paragraph of section 1029.8.36.166.60.36 were read without reference to "the amount by which the excluded expense amount relating to the partnership's specified property for the particular fiscal period is exceeded by" in the portion of its paragraph *b* before subparagraph i.

The total amount that the corporation is deemed to have paid to the Minister for the year under the first paragraph and, if applicable, under the first paragraph of section 1029.8.36.166.60.49 may not exceed the corporation's maximum tax credit amount for the year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of the agreement described in section 1029.8.36.166.60.38, if applicable.

2021, c. 14, s. 151; 2021, c. 36, s. 123.

1029.8.36.166.60.49. A qualified corporation for a taxation year that is a member of a qualified partnership at the end of a particular fiscal period of the partnership that ends in the year and that encloses the documents described in the sixth paragraph with the fiscal return it is required to file for the year under section 1000 is deemed, subject to the fourth paragraph, to have paid to the Minister on the qualified corporation's balance-due day for the year, on account of its tax payable for the year under this Part, an amount equal to the aggregate of all amounts each of which is the product obtained by multiplying its share of a portion of the partnership's specified expenses for the particular fiscal period in respect of a specified property, such portion being referred to in section 1029.8.36.166.60.50, by the rate determined for the year, under that section, in relation to that portion of expenses, to the extent that that portion is paid and that its share of the aggregate of those portions of expenses is established subject to the second paragraph and includes neither its share of the portion, determined by the qualified corporation, of the qualified partnership's specified expenses for the particular fiscal period that exceeds the balance of the partnership's cumulative specified expense limit for the particular fiscal period, nor its share of the portion, determined by the qualified corporation, of such expenses incurred by the partnership in the particular fiscal period as a party to a joint venture that exceeds the partnership's share for the particular fiscal period of the balance of the joint venture's cumulative specified expense limit.

The total of all amounts each of which is a corporation's share of the specified expenses that are referred to in the first paragraph for a taxation year may not exceed the amount that is the amount by which the balance of its cumulative specified expense limit for the year exceeds the total of the specified expenses that would be referred to in the first paragraph of section 1029.8.36.166.60.48 for the year and in respect of which the corporation would be deemed to have paid an amount to the Minister for the year under section 1029.8.36.166.60.48 if no reference were made to its third paragraph and if the definition of "specified expenses" in the first paragraph of section 1029.8.36.166.60.36 were read without reference to "the amount by which the excluded expense amount relating to the corporation's specified property for the particular year is exceeded by" in the portion of its paragraph *a* before subparagraph i.

The total amount that the corporation is deemed to have paid to the Minister for the year under the first paragraph and, if applicable, under the first paragraph of section 1029.8.36.166.60.48 may not exceed the corporation's maximum tax credit amount for the year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

Despite the definition of "specified expenses" in the first paragraph of section 1029.8.36.166.60.36 and for the purpose of applying this section to a corporation referred to in the first paragraph, the specified expenses of a partnership of which the corporation is a member for a particular fiscal period, in respect of a specified property, do not include the expenses that would otherwise be such specified expenses because of subparagraph ii of paragraph *b* of that definition and that are incurred in a fiscal period of the partnership that ends in a taxation year for which the corporation was not a qualified corporation.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing prescribed information; and

(b) a copy of the agreement described in section 1029.8.36.166.60.38, if applicable.

2021, c. 14, s. 151; 2021, c. 36, s. 124.

1029.8.36.166.60.50. The rate to which the first paragraph of sections 1029.8.36.166.60.48 and 1029.8.36.166.60.49 refers, in relation to a portion of the specified expenses of a corporation or a partnership, in respect of a specified property, for a particular taxation year of the corporation or a corporation that is a member of the partnership is

(a) where the specified property is acquired to be used mainly in a territory with low economic vitality,

i. if the portion of the specified expenses represents expenses that are described in the fourth paragraph, 40%, or

ii. in any other case, 20%;

(b) where the specified property is acquired to be used mainly in a territory with intermediate economic vitality,

i. if the portion of the specified expenses represents expenses that are described in the fourth paragraph, 30%, or

ii. in any other case, 15%; or

(c) where the specified property is acquired to be used mainly in a territory with high economic vitality,

i. if the portion of the specified expenses represents expenses that are described in the fourth paragraph, 20%, or

ii. in any other case, 10%.

Where a specified property that is referred to in subparagraph v of paragraph *b* of the definition of that expression in the first paragraph of section 1029.8.36.166.60.36 is acquired by a qualified corporation or a qualified partnership to be used in several establishments of the corporation or partnership without it being possible to determine in which territory referred to in the first paragraph the property is to be mainly used, the property is, for the purposes of the first paragraph, deemed to be acquired to be so used

(a) in a territory with low economic vitality if, in the first taxation year or the first fiscal period, as the case may be, in which specified expenses were incurred for the acquisition of the property, the proportion that the aggregate of the salaries or wages paid by the corporation or partnership to its employees who report for work at one of its establishments situated in a territory with low economic vitality is of the aggregate of the salaries or wages it paid to its employees who report for work at one of its establishments situated in Québec exceeds 50%;

(b) in a territory with intermediate economic vitality if subparagraph *a* does not apply and if, in the first taxation year or the first fiscal period, as the case may be, in which specified expenses were incurred for the acquisition of the property, the proportion that the aggregate of the salaries or wages paid by the corporation or partnership to its employees who report for work at one of its establishments situated in a territory with intermediate economic vitality or in a territory with low economic vitality is of the aggregate of the salaries or wages it paid to its employees who report for work at one of its establishments situated in Québec exceeds 50%; or

(c) in any other case, in a territory with high economic vitality.

For the purposes of the second paragraph, the following rules are taken into account:

(a) where, in a taxation year or a fiscal period, an employee reports for work at an establishment of a corporation or partnership situated in Québec and at an establishment of the corporation or partnership situated outside Québec, the employee is deemed, for that period,

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the corporation or partnership situated outside Québec;

(b) where, in a taxation year or a fiscal period, an employee reports for work at several establishments of a corporation or partnership and those establishments are situated in territories referred to in the first paragraph that do not have the same level of economic vitality, the employee is deemed, for that period,

i. to report for work only at an establishment situated in a territory with low economic vitality if the employee reports for work mainly, during that period, at one or more establishments of the corporation or partnership situated in such a territory,

ii. to report for work only at an establishment situated in a territory with intermediate economic vitality if subparagraph i does not apply and the employee reports for work mainly, during that period, at one or more establishments of the corporation or partnership situated in such a territory or in a territory with low economic vitality, or

iii. in any other case, to report for work only at an establishment situated in a territory with high economic vitality; and

(c) where, in a taxation year or a fiscal period, an employee is not required to report for work at an establishment of a corporation or partnership and the employee's wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.

The expenses referred to in subparagraph i of each of subparagraphs *a* to *c* of the first paragraph are those that are incurred in the particular period that begins on 26 March 2021 and ends on 31 December 2023, where

(a) the property is acquired in the particular period otherwise than pursuant to an obligation in writing entered into on or before 25 March 2021 and is not a property the construction of which, by or on behalf of the purchaser, had begun by that date; or

(b) the property is acquired after 31 December 2023 and before 1 April 2024 and either the acquisition is made pursuant to an obligation in writing entered into in the particular period, or the construction of the property, by or on behalf of the purchaser, began in that period.

2021, c. 14, s. 151; 2021, c. 36, s. 125; 2023, c. 2, s. 55.

1029.8.36.166.60.51. Subject to section 1029.8.36.166.60.54, a corporation that encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for a particular taxation year is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for the particular year, on account of its tax payable for that year under this Part, an amount equal to the aggregate of all amounts each of which is the lesser of

(a) the amount by which the unused portion of the tax credit of the corporation for a taxation year (in subparagraph *b* referred to as the "original year") that is any of the 20 taxation years that precede the particular year exceeds the aggregate of all amounts each of which is an amount deemed to have been paid to the Minister by the corporation under this section or section 1029.8.36.166.60.52, in respect of the unused portion of the tax credit, on account of its tax payable for a taxation year preceding the particular year; and

(b) the amount by which the corporation's limit relating to an unused portion for the particular year exceeds the aggregate of all amounts each of which is equal to the amount deemed to be paid by the corporation under this section, for the particular year, in respect of the unused portion of the tax credit of the corporation for a taxation year preceding the original year.

For the purpose of computing the payments that a corporation is required to make under subparagraph *a* of the first paragraph of section 1027 or any of sections 1159.7, 1175 and 1175.19 if they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

2021, c. 14, s. 151.

1029.8.36.166.60.52. Subject to section 1029.8.36.166.60.55, a corporation is deemed, for a particular taxation year ending after 10 March 2020, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file under section 1000 for a taxation year (in this section referred to as the "subsequent year") that is any of the three taxation years that follow the particular year, to have paid to the

Minister, in relation to the unused portion of the tax credit of the corporation for the subsequent year, on the day on which the form is filed with the Minister, an amount equal to the lesser of

(a) the amount by which the unused portion of the tax credit of the corporation for the subsequent year exceeds the aggregate of all amounts each of which is an amount deemed to have been paid to the Minister by the corporation under this section, in respect of the unused portion, for a taxation year preceding the particular year; and

(b) the amount by which its total taxes for the particular year exceed the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister for the particular year under any of sections 1029.8.36.166.60.48, 1029.8.36.166.60.49 and 1029.8.36.166.60.51, or under this section in respect of the unused portion of the tax credit of the corporation for a taxation year preceding the subsequent year.

2021, c. 14, s. 151.

1029.8.36.166.60.53. No amount may be deemed to have been paid to the Minister by a qualified corporation for a particular taxation year under section 1029.8.36.166.60.48 or 1029.8.36.166.60.49, in relation to its specified expenses or its share of a qualified partnership's specified expenses, as the case may be, in respect of a specified property, where, at any time during the period described in the second paragraph, the property ceases, otherwise than by reason of its loss, of its involuntary destruction by fire, theft or water, or of a major breakdown of the property, to be used, where the property is referred to in subparagraph v of paragraph *b* of the definition of "specified property" in the first paragraph of section 1029.8.36.166.60.36, mainly in Québec or, in any other case, solely in Québec, to earn income from a business carried on

(a) by the first purchaser of the property, where the first purchaser owns it at the time referred to in the portion before this subparagraph; or

(b) by a subsequent purchaser of the property that acquired it in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act (chapter I-3, r. 1) applies, where the subsequent purchaser owns it at the time referred to in the portion before subparagraph *a*.

The period to which the first paragraph refers is the period that begins on the particular day on which the property begins to be used by its first purchaser or by a subsequent purchaser that acquired the property in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act applies and ends on the earlier of

(a) the 730th day following the particular day; and

(b) the qualified corporation's filing-due date for the particular taxation year or the last day of the six-month period following the end of the qualified partnership's fiscal period that ends in the particular year, as the case may be.

2021, c. 14, s. 151.

1029.8.36.166.60.54. Where, at any time, control of a corporation is acquired by a person or a group of persons, no amount may, for a particular taxation year ending after that time, be deemed, under section 1029.8.36.166.60.51, to have been paid to the Minister by the corporation in respect of its unused portion of the tax credit for a taxation year ending before that time.

However, subject to section 1029.8.36.166.60.53, the corporation may be deemed to have paid an amount to the Minister, for such a particular taxation year, in respect of the portion of the unused portion of the tax credit for a taxation year ending before that time that may reasonably be considered to be attributable to the carrying on of a business, if the corporation carried on the business throughout the particular year for profit or with a reasonable expectation of profit.

The amount that the corporation may be deemed to have paid to the Minister for the particular year under section 1029.8.36.166.60.51 in respect of the portion referred to in the second paragraph must be determined as if the total taxes used in establishing, for the particular year, the corporation's limit relating to an unused portion referred to in subparagraph *b* of the first paragraph of that section were the portion of such total taxes of the corporation for the particular year that may reasonably be attributed to the carrying on of that business and—if the corporation sold, leased, rented or developed properties or rendered services in the course of carrying on that business before that time—of any other business all or substantially all of the income of which is derived from the sale, leasing, rental or development, as the case may be, of similar properties, or the rendering of similar services.

2021, c. 14, s. 151; 2023, c. 2, s. 56.

1029.8.36.166.60.55. Where, at any time, control of a corporation is acquired by a person or a group of persons, no amount may, for a particular taxation year ending before that time, be deemed, under section 1029.8.36.166.60.52, to have been paid to the Minister by the corporation in respect of its unused portion of the tax credit for a taxation year ending after that time.

However, the corporation may be deemed to have paid an amount to the Minister, for such a particular taxation year, in respect of the portion of the unused portion of the tax credit for a taxation year ending after that time that may reasonably be considered to be attributable to the carrying on of a business, if the corporation carried on the business throughout that taxation year and in the particular year for profit or with a reasonable expectation of profit.

The amount that the corporation may be deemed to have paid to the Minister for the particular year under section 1029.8.36.166.60.52 in respect of the portion referred to in the second paragraph must be determined as if the reference to the total taxes in that section were a reference to the portion of the corporation's total taxes for the particular year that may reasonably be attributed to the carrying on of that business and — if the corporation sold, leased, rented or developed properties or rendered services in the course of carrying on that business before that time — of any other business all or substantially all of the income of which is derived from the sale, leasing, rental or development, as the case may be, of similar properties, or the rendering of similar services.

2021, c. 14, s. 151; 2023, c. 2, s. 57.

1029.8.36.166.60.56. For the purposes of this division, a corporation or partnership deemed to have acquired a property at a particular time under paragraph *b* of section 125.1 is deemed to have acquired the property at that time in consideration for expenses, incurred and paid at that time, that correspond to the fair market value of the property at that time, and to own the property from that time until the corporation or partnership is deemed to dispose of the property under paragraph *f* of section 125.1.

2021, c. 14, s. 151.

§ 3. — *Government assistance, non-government assistance and other particulars*

2021, c. 14, s. 151.

1029.8.36.166.60.57. For the purpose of computing the amount that is deemed to have been paid to the Minister by a corporation, for a taxation year, under section 1029.8.36.166.60.48 or 1029.8.36.166.60.49, the following rules apply:

(a) the amount of the specified expenses referred to in the first paragraph of section 1029.8.36.166.60.48 is to be reduced, if applicable, by the amount of any government assistance or non-government assistance, attributable to those expenses, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the corporation's filing-due date for the taxation year; and

(b) the corporation's share of a partnership's specified expenses, referred to in the first paragraph of section 1029.8.36.166.60.49, for the partnership's fiscal period that ends in the taxation year is to be reduced, if applicable,

i. by the corporation's share of the amount of any government assistance or non-government assistance, attributable to those expenses, that the partnership has received, is entitled to receive or may reasonably expect to receive on or before the last day of the six-month period following the end of the fiscal period, and

ii. by the amount of any government assistance or non-government assistance, attributable to those expenses, that the corporation has received, is entitled to receive or may reasonably expect to receive on or before the last day of the six-month period following the end of the fiscal period.

2021, c. 14, s. 151.

1029.8.36.166.60.58. For the purpose of computing the amount that a corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.51 for a particular taxation year in respect of its unused portion of the tax credit for a particular preceding taxation year, in relation to specified expenses of the corporation or of a partnership of which it was a member at the end of the partnership's fiscal period ending in the particular preceding year, the unused portion of the tax credit of the corporation, otherwise determined, is to be reduced by the amount determined under the second paragraph if

(a) in the particular year or a preceding taxation year, an amount relating to the corporation's specified expenses, other than an amount reducing those expenses in accordance with section 1029.8.36.166.60.57 or 1029.8.36.166.60.65, is, directly or indirectly, refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation; or

(b) in a fiscal period of the partnership ending in the particular year or in a preceding taxation year and at the end of which the corporation is a member of the partnership, an amount relating to the partnership's specified expenses, other than an amount reducing those expenses in accordance with section 1029.8.36.166.60.57 or 1029.8.36.166.60.65, is, directly or indirectly, refunded or otherwise paid to the partnership or corporation or allocated to a payment to be made by the partnership or corporation.

The amount to which the first paragraph refers is equal to the amount by which the unused portion of the tax credit of the corporation for the particular preceding year, otherwise determined, exceeds the amount that would be the amount of the unused portion of the tax credit of the corporation if

(a) any amount referred to in subparagraph *a* of the first paragraph that is, directly or indirectly, refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation were directly or indirectly, refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation in the particular preceding year; and

(b) any amount referred to in subparagraph *b* of the first paragraph that is, directly or indirectly, refunded or otherwise paid to the corporation or partnership or allocated to a payment to be made by the corporation or partnership were directly or indirectly, refunded or otherwise paid to the corporation or partnership or allocated to a payment to be made by the corporation or partnership in the partnership's fiscal period ending in the particular preceding year.

Where, in respect of the specified expenses referred to in the first paragraph, a person other than the corporation, or a partnership other than the partnership of which the corporation is a member, has obtained, at a particular time, a benefit or advantage that would have reduced those expenses in accordance with section 1029.8.36.166.60.65 if the person or partnership had obtained it, had been entitled to obtain it or could reasonably have expected to obtain it on or before the corporation's filing-due date for the particular preceding taxation year, or on or before the last day of the six-month period following the end of the fiscal period of the partnership of which the corporation is a member that ended in the particular preceding taxation year, the benefit or advantage is, for the purposes of the first and second paragraphs,

(a) if those expenses were incurred by the corporation, deemed to be an amount that is paid to the corporation at that time; or

(b) if those expenses were incurred by the partnership of which the corporation is a member, deemed to be

i. an amount that is paid to that partnership at that time, where that benefit or advantage has been obtained by another partnership or by a person other than the person referred to in subparagraph ii, or

ii. an amount that is paid to the corporation at that time, where that benefit or advantage has been obtained by a person with whom the corporation does not deal at arm's length.

2021, c. 14, s. 151.

1029.8.36.166.60.59. For the purpose of applying section 1029.8.36.166.60.58 to a corporation for a particular taxation year, the specified expenses, in respect of a specified property, of the corporation for a preceding taxation year or of a partnership for a fiscal period of the partnership that ends in that preceding year and at the end of which the corporation was a member of the partnership are deemed to be repaid to the corporation or partnership, as the case may be, at a particular time of the period described in the second paragraph, where the property ceases at that time, otherwise than by reason of its loss, of its involuntary destruction by fire, theft or water, or of a major breakdown of the property, to be used, where the property is referred to in subparagraph v of paragraph *b* of the definition of "specified property" in the first paragraph of section 1029.8.36.166.60.36, mainly in Québec or, in any other case, solely in Québec, to earn income from a business carried on

(a) by the first purchaser of the property, where the first purchaser owns it at the particular time; or

(b) by a subsequent purchaser of the property that acquired it in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act (chapter I-3, r. 1) applies, where the subsequent purchaser owns it at the particular time.

The period to which the first paragraph refers is the period that begins on the particular day on which the property begins to be used by its first purchaser or by a subsequent purchaser that acquired the property in any of the circumstances in which section 130R149 of the Regulation respecting the Taxation Act applies, and that ends on the earlier of

(a) the 730th day following the particular day; and

(b) the last day of the particular taxation year or of the partnership's fiscal period that ends in that year, as the case may be.

The first paragraph does not apply to a corporation for a taxation year, in relation to specified expenses, in respect of a specified property, of the corporation for a particular preceding taxation year or of a partnership of which the corporation is a member for a fiscal period that ends in the particular preceding taxation year, if section 1029.8.36.166.60.53 applied, in relation to the specified expenses, for the particular preceding taxation year.

2021, c. 14, s. 151; 2023, c. 2, s. 58.

1029.8.36.166.60.60. Where a corporation pays, in a taxation year (in this section referred to as the "repayment year"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of paragraph *a* of section 1029.8.36.166.60.57, the corporation's specified expenses in respect of a specified property for a particular taxation year, for the purpose of computing the amount that it is deemed to have paid to the Minister under section 1029.8.36.166.60.48 for that particular year, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for the repayment year, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal

return it is required to file for the repayment year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is an amount that it would be deemed to have paid to the Minister, in respect of its specified expenses for the particular year, under section 1029.8.36.166.60.48 for the particular year, or under section 1029.8.36.166.60.51 or 1029.8.36.166.60.52 for another taxation year that precedes the repayment year, if any amount of such assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount of any government assistance or non-government assistance referred to in paragraph *a* of section 1029.8.36.166.60.57, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation is deemed to have paid to the Minister, in respect of those expenses, under section 1029.8.36.166.60.48 for the particular year, or under section 1029.8.36.166.60.51 or 1029.8.36.166.60.52 for another taxation year that precedes the repayment year; and

(b) any amount that the corporation is deemed to have paid to the Minister under this section for a taxation year preceding the repayment year, in respect of an amount of repayment of such assistance.

2021, c. 14, s. 151.

1029.8.36.166.60.61. Where a partnership pays, in a fiscal period (in this section referred to as the "fiscal period of repayment"), pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph i of paragraph *b* of section 1029.8.36.166.60.57, a corporation's share of the partnership's specified expenses in respect of a specified property for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.49 for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of its share of the partnership's specified expenses for the particular fiscal period, under section 1029.8.36.166.60.49 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.60.51 or 1029.8.36.166.60.52 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of that share, under section 1029.8.36.166.60.49 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.60.51 or 1029.8.36.166.60.52 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of such assistance repaid by the partnership, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph i of paragraph *b* of section 1029.8.36.166.60.57; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2021, c. 14, s. 151.

1029.8.36.166.60.62. Where a corporation is a member of a partnership at the end of a fiscal period of the partnership (in this section referred to as the "fiscal period of repayment") and pays, in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of paragraph *b* of section 1029.8.36.166.60.57, its share of the partnership's specified expenses in respect of a specified property for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.49 for its taxation year in which the particular fiscal period ended, the corporation is deemed to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the aggregate of all amounts each of which is a particular amount that the corporation would be deemed, if the assumptions set out in the second paragraph were taken into account, to have paid to the Minister, in respect of its share of the partnership's specified expenses for the particular fiscal period, under section 1029.8.36.166.60.49 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.60.51 or 1029.8.36.166.60.52 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, exceeds the aggregate of

(a) the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister, in respect of that share, under section 1029.8.36.166.60.49 for its taxation year in which the particular fiscal period ends, or under section 1029.8.36.166.60.51 or 1029.8.36.166.60.52 for another taxation year that precedes the taxation year in which the fiscal period of repayment ends, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of such assistance repaid by the corporation, if the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

The particular amount to which the first paragraph refers is to be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of paragraph *b* of section 1029.8.36.166.60.57; and

(b) the agreed proportion in respect of the corporation for the particular fiscal period were the same as that for the fiscal period of repayment.

2021, c. 14, s. 151.

1029.8.36.166.60.63. For the purposes of sections 1029.8.36.166.60.60 to 1029.8.36.166.60.62, an amount of assistance is deemed to be repaid, at a particular time, by a corporation or a partnership, as the case may be, pursuant to a legal obligation, if that amount

(a) reduced, because of section 1029.8.36.166.60.57, specified expenses or the share of such expenses of a corporation that is a member of the partnership, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.166.60.48 or 1029.8.36.166.60.49;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership may reasonably expect to receive.

2021, c. 14, s. 151.

1029.8.36.166.60.64. For the purpose of computing the amount that a corporation is deemed to have paid to the Minister under section 1029.8.36.166.60.51 for a particular taxation year in respect of its unused portion of the tax credit for a particular preceding taxation year, the unused portion of the tax credit of the corporation, otherwise determined, must, if the conditions set out in the second paragraph are met for the particular year or for a preceding taxation year (each of which is referred to in this section as a "year of increase"), be increased by the aggregate of all amounts each of which is the excess amount referred to in subparagraph *b* of the second paragraph for a year of increase.

For the purposes of the first paragraph, the conditions that must be met for a year of increase are as follows:

(a) any of sections 1029.8.36.166.60.60 to 1029.8.36.166.60.63 applies to the corporation for the year of increase in relation to a particular amount that may reasonably be considered to be a repayment, made in the year of increase or in a partnership's fiscal period ending in the year of increase, of government assistance or non-government assistance that reduced, because of section 1029.8.36.166.60.57, the corporation's specified expenses, in respect of a specified property, for the particular preceding year or the corporation's share of the partnership's specified expenses, in respect of a specified property, for a fiscal period of the partnership ending in the particular preceding year; and

(b) the total amount that the corporation would be deemed to have paid to the Minister for the particular preceding year under sections 1029.8.36.166.60.48 and 1029.8.36.166.60.49 if the assumptions set out in the third paragraph were taken into account exceeds the particular amount determined under the fourth paragraph.

The total amount to which subparagraph *b* of the second paragraph refers is to be computed as if
